AUTHORITY TO LEASE.

The committee on sites and buildings reported, recommending that the clerk of the board be authorized to execute a lease with Mr. Davis for his building over the river opposite the Twenty-second ward (the same as occupied last year), from July 1st, 1892, to June 30th, 1893, for the sum of \$100, payable monthly on and after September 1st, 1892, at \$10 per month; also to execute a lease with Mr. Roberts for the Robert's building in Cone's addition (the same as occupied last year), from July 1st, 1892, to June 30th, 1893, for the sum of \$100, payable monthly on and after September 1st, 1892, at \$10 per month, and also to execute a lease with Mr. Rowe for a building at Folsom's addition (the same as occupied last year), from July 1st, 1892, to June 30th, 1893, for \$100, payable monthly on and after September 1st, at \$10 per month, it being understood that neither of these parties will charge anything from July 1st to August 31st, 1892.

The same committee reported recommending that the president and clerk of the board be authorized to execute a lease with the Eight Ward Ecclesiastical Association from July 1, 1892, to June 30, 1893, for the sum of \$250; payable monthly on and after September 1, 1892, at \$25 a month, it being understood that no rent will be paid for the rooms for July and August; also, that a lease be executed with said association for right of way to and from the back part of the property owned by the board, adjoining, from July 1, 1892, to June 30, 1893, for the sum of \$5, and that said association be paid \$5 for the right of way to said property during the last year on the execution of a properly verified voucher of \$10. Adopted.

FINANCIAL STATEMENT.

The finance committee reported as follows:

To the President and Members of the Board of Education:
 Gentlemen—Your finance committee herewith submits its annual report as required by law.

The receipts from all sources except the sale of bonds, were as follows, for the year ending June 30, 1892:

From Territorial apportionment, balance for 1890.....	\$ 4,000 12
From Territorial apportionment, half of sum apportioned, 1890.....	23,500 00

From city school tax on account.....	24,518 79

The expenditures for the same period, on all accounts except those which the law contemplates should be charged to the proceeds from the sale of bonds, were as follows:

Paid overdrafts as shown on clerk's report for year ending June 30, 1891.....	\$ 28,390 06
General expense account.....	11,461 81
Interest account.....	1,987 06
Teachers' salaries.....	96,534 85
Janitors' salaries.....	19,371 63
Janitors' supplies.....	1,465 40
Fuel.....	3,954 57

Libraries.....	173 75

Total disbursements on this acc't., \$165,210 08

For the detailed expenditures of this amount we refer you to the report of the clerk, filed.

This shows an apparent overdraft of \$58,565.25.

The school expense account had advanced to the building account proper the previous year and this year, the sum of \$63,664.09. This overdraft has been made good since the bonds were sold, and there is still due to the current school fund the sum of \$5098.83. We recommend that these accounts be adjusted on this base, that this sum be transferred accordingly and that the clerk be instructed to make the proper entries on the books to show this result, and that hereafter the two funds and the accounts for the same be kept separate.

For the coming year the following estimate is submitted:

ESTIMATED REVENUE.	
Territorial apportionment, one-half of apportionment for 1891 unpaid.....	\$ 25,500 00
Territorial apportionment for 1892.....	50,000 00

From city school tax.....	100,000 00

Half year's interest on \$450,000 bonds at 5 per cent.....	11,250 00

Sinking fund, 5 per cent on \$450,000, twenty year bonds.....	22,500 00
Sinking fund, 10 per cent on \$150,000, ten year bonds.....	15,000 00
Total for sinking fund and interest.....	\$78,750 00

Note—The estimate of interest in for three coupons, August 1, 1892, and February and August, 1893, as no further revenue will be received until after the last-named date.

ESTIMATED EXPENDITURES FOR SCHOOLS.	
General expenses.....	\$ 12,500 00

Janitors' salaries.....	12,000 00
Janitors' supplies.....	1,750 00
Fuel and lights.....	4,000 00
Maintenance school property.....	5,000 00
Rents.....	5,000 00

Total estimated disbursements.....	\$239,000 00
------------------------------------	--------------

Leaving a balance on hand at close of the year of.....\$ 6,598 84

From this statement the need of keeping within the estimates made is seen to be imperative. These estimates are increased over last year's actual cost under each head (except for rents) to an extent that will, as we compute it, be ample for all necessary expenditure. We therefore recommend that each committee be explicitly directed by the board to keep the expenses which it has in charge within the basis estimated.

Filed.

The following appropriations were made:
