

## U. S. MILITARY TOURNAMENT

President Invited to Attend and Desires to But Could Make No Promise.

NO MILITIA TO TAKE PART

He is Still Seeking All Information Possible About Hunting in Africa.

Oyster Bay, Aug. 14.—An invitation to President Roosevelt to visit the United States military tournament at St. Joseph, Mo., Sept. 21 to 25, was given today by John Donovan, on behalf of the military tournament association of St. Joseph, and on behalf of the people of the city of St. Joseph. Mr. Donovan is president of the association. The president expressed a desire to attend, but said he could make no promise because he probably would be unable to make the trip on account of other business.

With Dr. Andrew J. Barchfeld of Pittsburgh, member of the house of representatives from the thirty-second Pennsylvania district, the president spent some time in discussing conditions in Central America and Panama and the coming meeting in Berlin of the International Inter-Parliamentary union, at which Dr. Barchfeld will be a delegate.

Prior to the arrival of his guests, the president played tennis. In the afternoon the president remained quietly at home reading. He is still seeking all information obtainable on African hunting.

The tournament of St. Joseph is to be exclusively one of United States troops and no militiamen will take part. The soldiers will come from the department of the Missouri and will represent every branch of the service, even the balloon corps. The aeronautic exhibit, it is expected, will be one of the most interesting features of the show.

The association has provided \$7,000 in cash to be distributed in prizes for the best feats performed by the soldiers. The money will be apportioned as prizes by a board of United States army officers appointed for that purpose.

President Roosevelt became very enthusiastic about the plans and assured his visitors that there was no question of the value of the show to the army, and he believed in encouraging athletics among the soldiers.

Dr. Barchfeld talked with the president principally on the subject of the needs of Costa Rica, Central America, and Panama. He returned last Tuesday. He attended sessions of the Central American court of arbitration, which was the outgrowth of the Central American peace conference held in Washington last winter. The court was in session at Cartago, Costa Rica, when he made his visit. He said that the people of Costa Rica were in a state of the disturbed republics whose territory adjoining their country would not abide by the decisions made by the court and would be forced to seek aid from the United States. He said that the court rendered decisions adverse to the adjoining countries. The Costa Ricans feared, he said, that they might thus be involved in war with their neighbors. Dr. Barchfeld told them that Costa Rica had nothing to fear, because the United States and Mexico, which are bound by treaty to maintain peace in Central America, would protect that republic.

Regarding Panama, Dr. Barchfeld told the president that work on the Panama canal was progressing satisfactorily. He said that the work under the present administration had been so thoroughly systematized that it is now only a matter of mathematics.

The meeting in Panama, said Dr. Barchfeld, was a triumph for clean and decent politics. Senator Obaldia, the newly elected president, was the choice of 60 per cent of the voters, he said. It is Senator Obaldia's intention to make a tour of the entire republic before he takes office, the congressman learned. This will take a month and he will visit every one of the seven states of the republic. His object is to obtain an idea of the wants of the people of the various states so that when he assumes office he can meet their wishes.

The coming meeting of the International Inter-Parliamentary union at Berlin, which was also discussed by the doctor and the president, will take place Sept. 18, 19 and 20. Dr. Barchfeld, who is one of the delegates, will be the house of representatives to attend the meeting will leave this country on Sept. 1. He said that this year all the Latin-American republics of South America would be present for the first time be represented at the conference.

### END OF A ROMANCE.

Prof. Fitzgerald and Edith Ludwig United in Marriage.

Sacramento, Cal., Aug. 14.—When the devoted limited came to standstill in the Sacramento depot at 6 o'clock this evening, a pump and pretty girl, dressed in blue and wearing a large red hat trimmed with red ostrich plumes, alighted. She was at once greeted by a young man, the latter being Prof. Fitzgerald of Stanford university. The girl, Edith Ludwig, was a daughter of the professor and had just been married. The professor at once walked to the county clerk's office and took out a marriage license. They positive refused to be interviewed by the horde of reporters on hand. The wedding ceremony was performed by Rev. Richard Godd.

UNION MEN AND WOULD-BE BOLDERS IN BIG ROW

Chicago, Aug. 14.—In the presence of Matthew Comerford of Minneapolis, general president of the Stationary Engineers' union, a dozen men were hurt, two of them severely, at a meeting of the union here last night. A dozen attempted to bolt the meeting, because three of their number had

been expelled, and started a separate order of the engineers. Emil Massow, who led the bolting, struck Michael Walsh, sergeant-at-arms, over the head with a chair for closing the door at the order of the president, George W. Gooding. Walsh turned to Massow and struck him several times, cutting a deep gash over Massow's nose and almost breaking that organ. Then the fight became general. Charles Grant, another of the bolters, sent in a riot call for the police. When the latter appeared, no one seemed to wish to press charges and the wagon left without prisoners. President Comerford tried to get order. He had come to Chicago to attend the meeting.

"This is an insult to the national officers," said Prest. Comerford. No attention was paid to him and the bolt went on.

Members of both factions threaten to cause arrests.

### MEX. SOUTHEASTERN.

Final Report of Receiver Approved And He is Discharged.

Santa Fe, N. M., Aug. 14.—In the matter of the Mexican Southern Railroad company receivership, pending in court here for more than 10 years, Judge John R. McFie today approved the final report of the receiver and canceled his bond.

The Mexican Southeastern Railroad company was organized in 1896 in New Mexico, with a capital of \$10,000,000, to build a road in Mexico from San Antonio to Guadalupe. The proposed intercontinental railroad system. The Spanish-American war came on, the company could not sell its bonds and its concessions for the route were forfeited, but a large amount of construction had involved the company in over a million dollars of net liabilities.

Samuel W. Chapman, well known capitalist of Chicago, was treasurer of the company and a large shareholder. Various test suits were brought against Alorton and practically all the litigation was the result of an organization of the Spanish-American war.

Alorton's lawyer, who has conducted the defense in all this litigation, stated here today that the discharge of the receiver ended the whole matter.

### SHOT HIS WIFE DEAD.

George Harper Mistook Her for a Burglar and Fired.

Wichita, Kan., Aug. 14.—Mistaking his wife, who had got up to close a window, for a burglar, George Harper, of Wichita, Kan., shot her dead last night. The bullet severed the jugular vein.

### THAW'S IN A FIX.

New York, Aug. 14.—That no federal judge would issue an order directing the state authorities of New York to permit Harry K. Thaw to be taken to Pittsburgh as a witness in the bankruptcy proceedings there was declared today by Daniel O'Reilly, in commenting on the report that the proceeding was a plan to gain freedom for Thaw. The report stated it was the intention of Thaw's counsel to appeal to the federal court in Pittsburgh to have Thaw taken there, and that once out of the jurisdiction of the New York courts he would be free and could never be brought back.

Poughkeepsie, N. Y., Aug. 14.—Harry K. Thaw was taken for the third time to Fishkill Landing today to testify in Dr. John P. Wilson's action against the republic. His object is to obtain an idea of the wants of the people of the various states so that when he assumes office he can meet their wishes.

The coming meeting of the International Inter-Parliamentary union at Berlin, which was also discussed by the doctor and the president, will take place Sept. 18, 19 and 20. Dr. Barchfeld, who is one of the delegates, will be the house of representatives to attend the meeting will leave this country on Sept. 1. ## REPUBLICAN HEADQUARTERS

Western Ones of National Committee Will be Formally Opened In Chicago Today.

MR. HITCHCOCK LIKES THEM

Sunday He Goes to Utica, N. Y., to be Present at Notification of Mr. Sherman.

Chicago, Aug. 14.—The western headquarters of the Republican national committee will be furnished completely and made ready for the formal opening at noon tomorrow, although considerable work remains to be done during the night and early morning. Chairman Frank H. Hitchcock, who arrived here today from Hot Springs, Va., where he conferred with Mr. Taft, visited the rooms in the Harvester building and expressed himself as highly pleased with the quarters. They are light, airy and spacious and there are private rooms for the chairman, secretary, assistant treasurer and each of the western members of the executive committee, as well as ample accommodations for the literary and speakers' bureaus and clerical staff.

The general conference between Mr. Hitchcock and heads of the various branches of the campaign work will be held in the new rooms. At this meeting the chairman will talk with George R. Sheldon of New York, treasurer; Fred C. Upham, Illinois assistant treasurer; Senator W. E. Borah, Idaho; Victor Rosewater, Nebraska; Charles N. Gunderman, Illinois; and the four western members of the executive committee: Richard V. Oulahan, director of the literary bureau; Gen. C. T. Dupont, Delaware; William Hayward, Nebraska, the secretary of the national committee. The heads of the speakers' bureau and literary bureaus for the west have not been named, but Mr. Hitchcock expects to announce these appointments before he leaves for the east.

Most of Mr. Hitchcock's time today was occupied in a conference with Messrs. Sheldon and Rosewater. Senator Borah and Judge Nagle did not arrive until tonight. Secy. Hayward, who will be in charge of the Chicago headquarters during the absence of the chairman, spent a great deal of time with Mr. Hitchcock and they arranged a division of responsibility so far as could be done at this early stage of the organization. Mr. Hayward, who will resign the Nebraska state chairmanship, has just completed a tour of that state, visiting 80 counties and talking with local chairmen. He reports that the counties are better organized by the Republican officials than ever before, and asserts that the state will be carried for Taft.

Chairman Hitchcock will be in Chicago until Sunday night or Monday, and then will go to Utica, N. Y., to be present when Mr. Sherman is notified of his nomination for the vice presidency. The conference of New England and public leaders, which has been called to meet in Boston, Aug. 20, will claim his attention. He will spend a few days at the New York headquarters before returning to Chicago to look after the west again.

### SHE LIKES GOOD THINGS.

Mrs. Chas. E. Smith, of West Franklin, Maine, says: "I like good things and have adopted Dr. King's New Discovery for my family. It is the best thing I know of. It is the proper thing for all families. Sold under guarantee at Z. C. M. I. drug store, 25c."

UPRISING AT NIKARIA.

Sixty Naturalized American Citizens Were Implicated.

Washington, Aug. 15.—Consul Gen. Ernest L. Harris, of Smyrna, has communicated with the state department concerning the settlement of an uprising at Nikaria in which 60 naturalized American citizens were implicated. The trouble arose over a tax levied by the government upon tobacco plantations, the owners of which claim that these plantations had been exonerated from taxation by an imperial order. During the uprising nearly all of the naturalized American citizens obtained Turkish passports, which nullified their American citizenship. Z. Harris was the only one among the natives, whose American naturalization was not nullified, and he finally renounced his citizenship and later claimed that he did so under compulsion. America's interest in the affair ceased after the last of the natives had ceased to be Americans, and the incident is regarded as closed.

MONTANA'S OLDEST RESIDENT.

Butte, Mont., Aug. 14.—A Miner dispatch from Virginia City, Mont., states that James Bonner, aged 101, believed to be the oldest resident of Montana, is dead of asthma.

GOV. GUILD OPERATED ON.

Boston, Aug. 14.—Gov. Curtis Guild was operated upon for appendicitis at Charles Gate hospital this evening. The governor stood the strain of the operation remarkably well.

MURDERER HAWKINS EXECUTED.

Tucson, Ariz., Aug. 14.—Edwin Hawkins was hanged this afternoon for the murder of Albert C. Leonhardt. The condemned man walked to the scaffold at 1:35, and the trap was sprung at 2:05.

ONLY A HOAX.

Chicago, Aug. 15.—The police last night announced that they are convinced that the letter which Miss Edna Stillel received Tuesday, warning that her cousin, John L. Pitman, had been injured in an automobile accident, was a hoax written by a woman in an effort to get the attention of the police. The police assert that the friendship between Miss Stillel and Pitman had been an antagonism between them and his wife, who is Miss Stillel's cousin.

The authorities announce that they are about to drop investigation of the case.

FUNSTON ASSUMES COMMAND.

Leavenworth, Kan., Aug. 14.—Gen. Frederick Funston arrived here today from San Francisco to assume the position of commandant of the army service school at Fort Leavenworth, Kan. Gen. Funston and his aides entered the reservation a salute of 11 guns was fired. Later he was given a reception.

He new commandant and his aides arrived at Leavenworth. They had reached Lawrence, Kan., 46 miles distant, on the Overland limited on the Union Pacific and disembarked there to make a brief visit. The only train available to get him to Leavenworth on time was a mixed freight and Gen. Funston and his party boarded it.

WOMAN KILLS A BEAR.

Missoula, Aug. 14.—Mrs. David Miller, wife of a miner in the Frog Pond district, killed a bear today shot a muskrat bear that was attempting to break into her cabin. With her husband's rifle the woman fired two shots at the bear, both taking effect. The second bullet found the animal's heart. The bear was one of the largest killed in this part of the country in years.

## ORGANIZATION OF DEMOCRATIC CLUBS

National Committee Issues a Call For Their Formation in Every Voting Precinct.

BRYAN IN FAVOR OF MOVE

Hoped Will be in Working Order by Sept. 15—No Special Form Is Necessary.

Chicago, Aug. 14.—A call for the organization of Democratic clubs in every voting precinct in the United States to aid in Mr. Bryan's campaign was issued today by the national Democratic committee. Mr. Bryan, it is understood, informed Chairman Mack and other members of the committee that he believed that the Democratic cause would derive its greatest impetus from the formation of these clubs throughout the country. The appeal for club organization was signed by Chairman Mack and John W. Tomlinson, head of the committee on club organization.

Asserting that the Republican party intends to rely on favor-seeking interests, the call for club organization says: "All patriotic citizens, irrespective of party, who stand for the rule of the people and are against the corrupt or undue influence of money in elections, and to that end favor public reforms, and to that end favor public reforms, are urged to organize themselves immediately into campaign clubs for the presidential election of 1912. The call for club organization is expected to assist in this work. The chairman of the Democratic committee in each state is requested to issue a circular to that purpose, all existing organizations should meet at once and appoint campaign committees."

The names and addresses of all campaign organizations, their officers and committeemen should be sent to John W. Tomlinson, chairman of the committee on club organizations, national Democratic headquarters, Chicago, so that certificates or enrollment literature, etc., may be sent. No special form of organization or by-laws is necessary.

Former National Chairman Thomas Taggart called at Democratic headquarters today and conferred with Chairman Mack and other members of the committee regarding campaign plans. Speaking of the situation in Ohio and Indiana, Mr. Taggart said: "The situation in Indiana, so far as the Democrats are concerned, is better than it has been for 20 years, and there is absolute harmony in the Democratic column without a doubt. The reports that I receive from Ohio are also encouraging, and I shall not be surprised to see that the Democrats in that state elect their candidate for governor and give a majority for the Democratic national ticket."

FOR SORE FEET.

"I have found Bucklen's Arnica Salve to be the proper thing to use for sore feet, as well as for healing burns, sores, cuts, and all manner of abrasions. I have used it for many years, and it is the best thing I know of. It is the proper thing for all families. Sold under guarantee at Z. C. M. I. drug store, 25c."

EXCELLENT HEALTH ADVICE.

Mrs. M. M. Davidson, of No. 379 Gifford Ave., San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy, for headache, biliousness and torpor of the liver and bowels is so pronounced that I am prompted to say a word in its favor for the benefit of those seeking relief from such afflictions. There is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of. Sold under guarantee at Z. C. M. I. drug store, 50c."

EIGHTEEN YEAR OLD BOY HAS GREAT RECORD

Hugh Bedient, an 18-year-old boy of New York holds the world's strike-out record. While pitching for the Falcone, N. Y., team against the semi-professional Corry, Pa., nine, he struck 43 batters in 22 innings. In the 23rd inning he fanned three men, thus clinching the 3-1 score his side had just netted. Bedient is big and muscular and in 1906 he averaged 16 strike-outs a game for 20 games. Last year he pitched equally great ball for various semi-professional teams. As would be judged he has speed, control and uses his head a lot.

OSKALOOSA MAY COME WEST IF IT WINS PENNANT

Should the Oskaloosa (Iowa) club capture the Central association pennant, Jack Lawler will organize an all-star team of players for the association and tour the west with the bunch. He has arranged for dates in Omaha and other cities. Will the aggregation visit Salt Lake? The White Wings will play with any traveling team as long as they are organized. As Lawler intends going to the coast his nine may be seen here, should it pass through here while the White Wing are still together.

FOOTBALL TALK.

Gilmore Dobie will be coach for the University of Washington football team this year. Dobie is an old Minnesota star and turned out two winners for the North Dakota Agricultural college last season. Will Coyle, an old Salt Lake high school player, is expected to enter the U. of W. this year, and will play quarterback while he does so.

Rudolph and "Peck" Scott, two Spokane football heroes, are going to open a mining and assay office in Latrobe, Mont., in a week or so.

Tudor Tiedemann, a whirlwind full-back, will be with the Stanford 11 again this year.

## BALDWIN BALLOON AND SIGNAL CORPS

If Handed Over to Latter it Will Be Used Chiefly for Training of Officers.

WILL BE TAKEN TO OMAHA

There a Great Steel Housing Structure, First Building in This Country, Is Being Constructed.

Washington, Aug. 14.—With everything indicating the acceptance of the Baldwin military dirigible balloon by the government, interest centers in the uses to which the airship will be put if it becomes the property of the signal corps. It now is evident that it will be used principally for training the officers and men of the aeronautical divisions in the handling of a dirigible balloon, as the airship is too small to be of much practical value in actual warfare. When the big balloon plant now being erected at Fort Omaha is completed the dirigible will be taken there.

In the meantime, after the Wright brothers and A. M. Herring have completed the tests of their aeroplanes before the army board, Capt. Baldwin will train two officers of the signal corps in the handling of the aerial craft. Lieut. Frank P. Lahm, already well known for balloon work, and Lieut. Thomas E. Selfridge, the aeronaut, both of the signal corps, probably will be selected by Gen. Allen, chief signal officer, to handle the airship.

These two officers have already distinguished themselves in aeronautics.

BALLOON HOUSE AT OMAHA.

Omaha, Aug. 14.—The balloon house at Fort Omaha, the first steel structure of the kind ever built in this country, will be completed the latter part of September. A hydrogen gas plant of large capacity is being installed near by.

Capt. Hephurn, commanding officer at Fort Omaha, expects two aeroplanes, two dirigible balloons and several captive balloons to arrive at the fort during September.

The first tests at Aerostatic park, the name designated by the government for the balloon park, will be held early in October.

ANGEL'S TOURNAMENT.

Chicago, Aug. 14.—The international tournament of clubs devoted to salt and fly casting began at Washington park in this city today under the auspices of the National Association of Scientific Angling clubs. Prizes will be given for distance but most of the contests are to test the accuracy of the cast.

A feature of the program today was a try for accuracy in casting a dry fly. No previous competition of the kind has ever been held in a regular tournament. The tournament will conclude tomorrow.
