

BAD ACCIDENT AT OGDEN DEPOT.

John Pinfield Run Over by Switch
Engine and Terribly
Hurt.

WILL BE CRIPPLED FOR LIFE.

His Right Leg and Left Foot So
Crushed that Amputation Was Nec-
essary—How It Happened.

(Special to the "News.")
Ogden, Feb. 24.—A frightful accident
occurred here this morning, the
victim being John Pinfield, who
has been employed in the freight
office of the Oregon Short Line.
If Pinfield recovers, and it is by
no means certain that he will, he will be
a cripple for life. As a result of the
accident, his right leg and left foot
were amputated. He now lies at the
Ogden general hospital in a serious con-
dition.

Pinfield crossed the Union depot yard
this morning and entered the freight
office to see if there was any work for
him. On his way back he came on the
"Y," and was watching Rio Grande
Western passenger No. 6. A great
amount of steam was escaping from
the engine, and Pinfield did not observe
the oncoming switch engine, and neither
did the crew see him standing on the
"Y."

Before he could get out of the way,
the engine was upon him. The wheels
passed over the unfortunate man's legs,
crushing the bones in a terrible manner.
As soon as the accident was discovered,
the injured man was taken to the hospi-
tal and Dr. Joyce performed the opera-
tion noted above.

Pinfield is 45 years of age. He is a
widower, but has five children residing
at Grand Junction, Colo.

Last night at Russell's hall about 250
members of the Young family met in a

corated in the national colors, flags and

refreshments were served, the time being
spent in dancing and social pastime. A
delightful program of dances was given
by the Hansen orchestra, and the affair

TROUBLE OVER JUROR.

Although Sworn to Try the Case, He
Was Excused.

(Special to the "News.")
Ogden, Feb. 24.—In the proceedings
against Coulthart this morning, Judge
Howell's court this morning, Judge Ma-
ginnis, counsel for the accused, raised
an objection to Juror John Wether-
spoon. Counsel declared that he had
received information to the effect that
the juror, who had been sworn in to
try the case, at one time had trouble
with members of the council, and
therefore he was not qualified to serve.

Judge Howell questioned Mr. Wether-
spoon, and the latter admitted Judge
Maginnis' statement to be correct. He
stated, however, that he did not have
trouble with Mr. Craig. The court de-
cided that the juror was not qualified,
and he was excused. Amos Sebring
was accepted to fill the vacancy.

books had been properly kept, that
there had been no misappropriation of
funds, and that nothing criminal had
been done on the part of Mr. Tyree.
Counsel further stated that no public
offense had been set forth in the com-
plaint. The defendant was charged
with offering and filing a false report.
The report as filed by Mr. Tyree, and
which had been identified and offered
in evidence, was not a false report. It
was a genuine report and as such re-
cognized by the prosecution and its wit-
nesses. Judge Powers read several au-
thorities to sustain this line of argu-
ment, and the noon hour having ar-
rived, the court took an adjournment
until Monday.

There were few developments in the
case yesterday afternoon after the
"News" report closed, except that the
case against Cameron C. Wylie, who
was being tried jointly with Mr. Tyree,
was dismissed at the request of Asst.
County Atty. Job Lyon.

Ex-Mayor Morris Returning to Salt
Lake—Fisher Harris Going East.

For the next few days the See Amer-
ica offices in Salt Lake will be without
their usual busy appearance. Chief
of Publicity Metcalf today received a
telegram from Mrs. Metcalf stating
that she was ready to start for Salt
Lake, and Mr. Metcalf left at once for
Pueblo, Colorado, to meet her. Mr.
and Mrs. Metcalf will probably ar-
rive Monday, when Mr. Metcalf will
again assume charge of the league of-
fices.

A telegram from Fisher Harris ar-
rived this morning stating that every-
thing was progressing in fine shape,
and that he would speak at Spokane
Monday evening, before leaving for
Minnesota. Ex-Mayor Morris, who has
been with Mr. Harris during his stay
on the coast, will not go on east, how-
ever, as he is compelled to return to
Salt Lake on account of business mat-
ters which demand his attention. He
is on the way and returning via Butte.
He is expected to arrive either this
evening or tomorrow morning.

FUNERAL SERVICES.

The funeral services over the re-
mains of the late Wilena M. Taylor,
will be held Monday at 11 a. m. from
the family residence Pine street, near
Twelfth South. Friends are respectfully
invited to attend. Interment in city
cemetery.

WILL INVESTIGATE ARMORY MATTER.

Judge Advocate Asked For Opin-
ion on Its Legal
Control.

BATTERY DANCE ON MONDAY.

Artillerymen Have Made Elaborate
Preparations, and Gov. Cutler Has
Promised to Attend With Staff.

As a result of the dinner tendered to
the officers of the National Guard of
Utah by Gov. Cutler, an investigation
has been ordered of the legal question
involved in the control of the Salt Lake
armory. The officers maintained to the
governor that the "armory board," of
which he and Secretary of State Tin-
ney are members, was organized to
control the building and maintenance
of armories throughout the state, while
in each city the local armory board,
composed of officers of the guard, has
direct control of that building. In Salt
Lake the local armory board was not
consulted in the granting of the ar-
mory, and it is held that they, and not
the state board, should have granted or
denied the request.

Gov. Cutler has suggested that the
matter go to the judge advocate gen-
eral for a legal ruling on the case, and
in case it favors the local board, the
question of granting the armory to out-
side organizations will be permanently
settled. Whether or not the intended
resignations have been stopped or
merely delayed, is not yet settled, as
the officers are waiting for further de-
velopments. Gov. Cutler has promised
them that he will appoint an adjutant-
general a man of their own selection
and there is considerable discussion
as to who will be agreed upon. Ray
C. Naylor is prominently mentioned
among available material, and he has
a strong backing among the Utah bat-
terymen, some of whom allege that he
could be induced to accept if assured
that his management of the guard
would not be interfered with by out-
side parties. The officers themselves
are united in wishing to retain Col.
Geoghegan if this in any way becomes
possible, as they consider that the go-
vernor has practically admitted that he
acted under a misapprehension of con-
ditions in the guard, and had no in-
tention of overturning the wishes of
the guardsmen.

The first battery which postponed its
dance on account of the Republican
dinner, will give it Monday evening.
Gov. Cutler has promised to be present
with other members of his staff, in uni-
form, and the sale of tickets has been
very heavy among those who were
present at the banquet. The profit
from the dance will go into a bat-
tery fund to help the organization
build itself up to a solid basis.

and Mr. Sam Lamberon, the former
a brilliant and charming violinist, and
the latter a player of note.

HOME INDUSTRY BRINGS RESULTS.

Support of Salt Lake Merchants
Makes Logan Glove Fac-
tory a Success.

MANAGER PLACE TO GO SOUTH.

Will Precede "Get Acquainted" Ex-
cursion and Make All Arrange-
ments for the Trip.

From Logan a visitor at the Manu-
facturers and Merchants' association
headquarters this morning brought an
interesting testimonial of the way the
home industry movement has caught
up one little industry, and made it "go."
The visitor was Geo. A. Bell of the
Logan Glove and Tanning company.
When the Salt Lakeers went north on
the "Get Acquainted" excursion, the
glove company was struggling for exis-
tence, and a representative displayed
samples on the train.

NOW DOING BIG BUSINESS.

The consequence, according to Mr.
Bell, is that the factory is now 20 days
behind on its orders, and on some lines
no more orders for immediate delivery
can be booked. The tanning branch of
the company hasn't been able to put out
stock enough, and the purpose of Mr.
Bell's visit to Salt Lake is to arrange
for the shipment to Logan of calf and
horse hides if he can procure them here.
The gloves turned out are carefully
kept up to quality, and include all kinds
of working gloves, from those required
by switchmen and truckmen to special
shapes for telegraph linemen.

Mr. Bell brought with him an exhibit
for the Salt Lake headquarters of the
association, where the output of about
20 hours factory is now on display.

MR. PLACE GOES SOUTH.

The "Get Acquainted" excursion to Ne-
vada and intermediate points by the
Manufacturers and Merchants' associa-
tion, is to be preceded by a junket into
the south by Manager Gordon Place.
He will go down to Sandy and Murray
Monday, and arrange with the business
men there to join the excursion, and on
Tuesday will leave for each of the
towns at which it is planned to have
the excursion stop. He will probably
be gone for five or six days, and will
make all arrangements for the enter-
tainment of the excursionists.

MEETING AT SANDY.

A special low rate has been granted
by the Salt Lake route, ranging from
\$2.25 for the round trip from Salt Lake
to smaller amounts, for each town in
proportion to the distance.

This afternoon at 2:30 o'clock William
Kraack of East Crescent, and a num-
ber of committeemen from each south
valley town met at Sandy to perfect
arrangements for the big demonstration
it is planned to hold there in the near
future in favor of home industry.

C. & N. W. COMING WEST.

Fifty Three Miles of New Track From
Casper Opened Up.

General Agent C. A. Walker of the
Chicago & Northwestern announces
that "the big road" is coming west in
good shape and to clinch this assertion
wholes the 53 miles of new track has
just been thrown open to traffic in Wy-
oming. It is now possible to purchase
tickets and continue on from Casper
to Montana. The new route west of
Casper are Cadotte, Seminoe, Natrona,
Powder River and Mokoma.

IN NEW QUARTERS.

Salt Lake Route Traffic Departments
Are Moving Today.

This afternoon the freight and pas-
senger departments of the Salt Lake
Route are moving into the new hand-
some quarters on East Temple street,
and by Monday it will be known that
they will know no more.

The new ticket offices of the Clark
road are distinctly a credit to the cor-
poration and Salt Lake City. Through-
out the furnishings are in old mission
oak, and in order that everything will
harmonize the office furniture will all
be gone over so that it will match. The
prevailing color scheme is olive green
with artistically frescoed ceilings and
borders. The floor throughout is
lighted hardwood. The big offices are
lighted by nine chandeliers.

The freight and passenger depart-
ments are separate with plenty of coun-
ter room for each. At the rear are
several commodious private offices for
District Freight and Passenger Agent
Moore and his staff. Throughout the
office furnishings are supported on mar-
ble bases, and taken all together the
Salt Lake Route now has quarters sec-
ond to none in this city.

tendent of the Wyoming division of the
Union Pacific, will resign March 1 and
H. L. Anderson, his assistant, will suc-
ceed him. H. E. Peterson of the
bridge and building department will in
turn be promoted to assistant super-
intendent. Mr. Whitney, who has been
sick for months proposes to go to New
Mexico for his health.

ACTIVE PREPARATIONS FOR EMERGENCIES IN CHINA.

Manila, Feb. 24.—Active prepara-
tions continue here for a possible
emergency in China. Maj.-Gen. Leon-
ard Wood has postponed his contem-
plated trip to Mindanao.

A list has been circulated among
the packers and teamsters of this city
requesting the names of those who
are willing to enlist for service in Chi-
na. The necessary outfits will be in-
sued to them.

DAZZLING WEALTH FOR D. & R. G. MEN.

Syndicate of Salt Lake Traffic
Hustlers Receive Consignment
of Gold From Nevada.

GRUB-STAKED A PROSPECTOR.

They Will Continue to Hold on to
Their Jobs, However, Until
Bonanza Is Proven.

The official roster of the Rio Grande
here is in serious danger of being shot
all to pieces, while the spring crop of
millionaires promises to be a heavy
one.

Lake a bolt from the clear sky, to use
an overworked phrase that hardly does
credit to the situation, the news was
flashed around Railroad row this
morning that sudden, scintillating
wealth had turned the nozzle of her
cornucopia on the Dooley block and di-
vers officials connected with the Gould
road had money in every pocket, and
if they had more pockets they would
have more money. From last reports
agents of tailoring establishments, au-
tomobile firms and real estate men
were flocking in droves to get in on
the ground floor when the first divi-
dends were cut up.

The news spread like wild fire and
eventually something tangible was
forthcoming. It appears that 13 days
ago (no significance is to be attached to
that fatal numerical) a syndicate of
Rio Grande men got together upon
receiving checks for their expense ac-
counts and started out a prospector to
a point some 70 miles south of Austin,
Nev. The morning the prospector re-
ported and accompanying the letter was
a bottle of coarse gold. The gold was
taken from 12 pans of dirt, which
rested on bedrock on a slate formation,
which made pretty good effluvia, and
probably accounts for its being so rich
to the pan, to quote the letter. The
gold was examined by a bunch of tariff
experts, including General Agent War-
ren of the Santa Fe, who, not being a
member of the syndicate, was skeptical
and asserted that the prospector un-
doubtedly had struck a graveyard and
had exhumed some gold fillings. Warren
eventually gave up the matter, and the
road men have struck a good thing,
as they have a half interest in the find.
The other half interest is owned by
T. K. Stevens and a doctor residing at
Berlin, Nev., and the prospector whose
name is Gray. Already there is a
stampede in the direction of the find,
and things have taken upon themselves
a rosy hue.

The Salt Lake people interested in
the other half are: J. H. Dewey, Jr.,
traveling freight agent and original
promoter; General Agent Kenworthy,
General Western Live Stock Agent Ben
Sevner; Traveling Passenger Agents
Frank Groesbeck and H. M. Cushing,
Chief Clerk Huntsberger, City Passenger
Agent W. Howe, A. A. Moulton
and Miss Bell. Dewey, who is the kind
of man who will stick to their desks
and do not think they will resign until
they have cleaned up a hundred thou-
sand or so apiece.

DR. MAXWELL IN COURT.

Man Said to be Wanted in Ohio An-
swers to Charge.

Dr. David P. Maxwell, who was ar-
rested a day or two ago under the name
of E. C. Thompson, faced Judge C. B.
Dien this morning to answer a charge
of being a fugitive from justice. The
complaint accused Maxwell of having fled
from Cleveland, O., on the 10th day
of January, 1905, while he was ready to
answer to the charge of performing a
criminal operation. The defendant was
asked if he would be ready to have a
hearing on Friday next, and he answered
that he would, providing the officers
of the kind of grand jury issued by
the governor of Ohio, and it is expected
that an officer will arrive in this city
shortly to take Maxwell back to the
scene of his alleged wrongdoing.

MOYER, HAYWOOD, PETTIBONE AND ST. JOHN IN CALDWELL.

Caldwell, Idaho, Feb. 24.—Charles
E. Moyer, William D. Haywood, G. A.
Pettibone and Vincent St. John were
brought here from the penitentiary at
Boise today to be present at the im-
panelling of the grand jury called to
investigate the assassination of former
Gov. Frank Steunenberg. Steve Adams,
a member of the Western Federation of
Miners, remained at the peniten-
tiary. It was stated in the meantime
for the federation who represent Moyer,
Haywood, Pettibone and St. John,
did not represent Adams. Harry Or-
chard also remained at the peniten-
tiary at Boise. Orchard has a high
fever, is threatened with pneumonia,
and could not be brought out. Dr.
Collister, the prison physician, stated
that Orchard's temperature last night
was 104. Orchard's condition, how-
ever, is not critical.

A grand jury was impaneled this af-
ternoon. The jury was charged at
length with the duty to compare the
evidence and witnesses and evidence in cases
of felony. The witnesses in the Steun-
enberg case will begin giving testi-
mony Monday. The grand jury in-
cludes eight farmers, two sheepmen,
one cattleman, two carpenters, one
banker, one capitalist and one brick-
layer.

Atty. E. F. Richardson, on behalf of
the four members of the Western Fed-
eration of Miners, challenged the jury,
alleging that its members had not been
drawn in accordance with law. Each
of 10 objections raised and supported
by argument was overruled by the court,
who stated that all of the points made
had been passed on by the supreme
court of Idaho.
