More Railroad Enterprise.

CHICAGO, 6.—W. H. Cilley, of
Lima, a partner of the late Henry
Meigs, the great Peruvian rail-
road builder, is in this city. He
has in hand the gigantic enterprises
undertaken by Meigs, and is here
to purchase railroad material and
mining machinery. He is full
of projects for the development of
Peru. He has one road that he is
pushing across the Andes from Cal-
leo and Lima to the great wheat
producing country on the east side
of the mountains. At present,
only enough grain and other prod-
ucts are grown in this rich country
for domestic use, owing to the
difficulty of taking it to market,
it having to be transported across the
mountains in mules and
litters. When the road has
been built, the mountains will be
sure that a new granary for the
world will be opened. Great num-
bers of machines are already being
taken to Chile. The railroad will
be completed in a year. He, like
Mr. Meigs, has large sums of money
in the silver mines in connection with
his railroad enterprise, which he
says will cast the bonanzas of Ne-
vada in the shade. There are copper
mines of vast wealth, also, which he is opening up.
He is positive that great chances are
open to North American mer-
chants, if they will only take the
trouble to send their agents to Peru
and introduce their products. As
it is, the English almost exclusi-
vely control the trade.

A Brutal Fight.

NEW YORK, 6.—The Sun, de-
scribing the fight between Mc-
Clellan, a boxing teacher of this city,
and Donovan, of Chicago, has the
following of the last round. As they
faced for the final round, Mc-
Clellan was a badly beaten man. His
left eye was swollen terribly, stand-
ing out on his face as large as a
turnip. One ear was bleeding, and
his nose was four times its natural
size. His cheeks were swollen and
his body was livid and black and
blue. Donovan showed not a
scratch. It was a foregone conclu-
sion that Donovan had the fight.

THE RUSSIAN MOVEMENT.

LONDON, 6.—The Pall Mall Ga-
zette says: The movement with
the object of preventing the liberal
party from supporting the govern-
ment's foreign policy, has received
the support of the liberal members
of Parliament, of whom nearly
half were prepared to vote with the
government if the leaders proposed
any amendment to the address to
the Queen in answer to the procla-
mation calling out the reserves.
About 70 members will probably
vote for Mr. Milford Lawson's mo-
tion declaring the measure unwarranted
and imprudent.

AUSTRIA.

VIENNA, 6.—The Political Cor-
respondent says it seems from a
good source, at Bucharest, that
Prince Charles will reply to Prince
Gortchakoff's threat of the re-
occupation of Roumania and the dis-
armament of the Roumanian army
with Russia; through Roumania,
right and counter hit knockers
against the article of the
Treaty of Bucharest, and the
disarmament of the Roumanian army
will be utterly crushed, but so long as
I live it shall not be disarmed.

TURKEY.

CONSTANTINOPLE, 6.—The Rus-
sian authorities have renewed their
demand for permission to embark
homeward bound at Bujukdere, re-
presenting that their embarkation
at St. Stefano is impossible, and
all idea of dispatching them thence
has been abandoned.

RUSSIA.

ST. PETERSBURG, 6.—The Agency
says the Moscow and St.
Petersburg newspapers assail the
moderate language and that of the
Journal de St. Petersburg, declaring
that the British government, by
involving Russia's dignity in the
matter, has made it impossible
for her to yield to England's de-
mands.

THE NIGHT'S DISPATCHES.

EASTERN.

BATH, N. Y.—One of the
buildings of the Steuben County
poorhouse, near this place, was
burned last night and fifteen in-
mates perished. The fire was set
by an insane prisoner. The building
was brick, with ironed win-
dows and doors, and the inmates
were unable to escape. There were
between 60 and 70 in all. Of these
burned seven were killed.

RAHWIDE, Wyo. 7.—Mrs. Mc-
Mullen, who was keeping the
Hawkeye ranch, six miles
west of here, was killed on the night
of the 5th. She was found, to-day,
in her house, with a rifle bullet
through her head. The fire was set
by an insane prisoner. The building
was brick, with ironed win-
dows and doors, and the inmates
were unable to escape. There were
between 60 and 70 in all. Of these
burned seven were killed.

HELENA, Montana, 7.—The large
gold mine, to-day, from the
product of the Helena mine, 19
ounces 18 inches long, 6 broad
and 4 deep, and weighs 3,200
ozs. Its value is \$100,000.

Accounts from the Texas border
show that recently there have been
but few if any incursions from
Mexico into the United States.
The Mexicans have been in the
market for the past week for
cotton combing wheels, but there
was no sale of consequence.
The cotton combing wheels were
at 42 to 45 for combing and salina.
Quotations are for most part nominal.

tinue quite small, embracing of all

Dead.

SAN FRANCISCO, 6.—John W.
Ames, recently appointed United
States surveyor general for Califor-
nia, died at San Rafael this morn-
ing of apoplexy of the liver.

Arrived.

Dies from the new dollars arrived
from Philadelphia to-day. It is
expected that coinage will be com-
menced next week. There is about
600,000 ounces of fine silver at the
mint, and a good supply outside,
but mostly in the hands of the Ne-
vada Bank.

that government has not yet done

what is required by our own as per-

most serious causes of complaint is

Mexico are, it is said, not subject
to such illegal transactions.

Arrived.

NEW YORK, 7.—Ex-Gov. Frank-
lin J. Moses, Jr., of South Carolina
was arrested, on Broadway, to-
night, by Deputy Sheriff Connor,
of Charleston, and locked up in the
police headquarters. He is charged
with having forged the name of J.
Woodruff for \$315, and passing the
note upon one James Allen. Con-
nor is armed with a regulation and
Moses will be taken to Charleston
in a few days. It is understood the
object in arresting him is to get
him back to South Carolina, and
to have him tried for crimes alleged
to have been committed while
holding high official positions.

Eastern War Notes.

LONDON, 7.—A correspondent at
St. Petersburg telegraphing on
Sunday says, to-day, the hopeful
rumors which, without apparent
cause, were current on Saturday,
have taken a more definite form.
It is said an important letter has
been received from Berlin suggest-
ing that the concessions should be
made to avoid a European war.
Whether this is true or not, it is
pretty certain that Germany is
abandoning her purely passive atti-
tude. Russia has not requested
Germany's good offices, but there is
reason to believe she will gladly
accept them.

HOPE FOR A CONGRESS ARE REVIV-
ING AND IGNATIEFF HAS EVEN POSTPONED
his departure for Constantinople, so
as to be able to accompany Prince
Gortchakoff to Berlin as second
plenipotentiary if congress meets.

It is emphatically declared here
that Prince Gortchakoff, Roumanian
agent, must have misunderstood
Prince Gortchakoff, as the latter
never refused to admit discussion
on the Roumanian question.

The Russian cabinet does not
deny that the Roumanian question
involves European interests, al-
though it has not yet expressly
admitted it.

A correspondent at Bucharest
telegraphs that the Roumanian troops
in Bulgaria, Roumania and south-
western Russia are taking up strategic
positions of which Plevna, in
Roumania, commanding the de-
fence of the Carpathian pass-
es is most salient.

Contracts have been made for
delivering supplies to the army.
The Roumanian army is now
as yet appear simply as advance
guards to prepare for the reception
of large forces should the progress
of events require their presence.

A dispatch from Belgrade says:
Austria has prohibited all Serbian
imports because of the prevalence
of rinderpest and typhus.

It is rumored at Athens that
England will occupy the island of
Crete.

A Paris correspondent at Plevna
has had an interview with M. Tisza,
Premier of the Hungarian min-
istry, who said that Austria and
Hungary would go to war, if nec-
essary, to prevent the establishment
of a slav state on her southern
frontier.

At Constantinople at Pera under-
stands that Austria has assured the
Porte that she will oppose any ef-
fort to enforce the San Stefano
treaty.

The Roumanians are desperately
urging the Sultan to surrender his
frontiers and positions on the
Bosphorus.

A Constantinople special says:
"The report comes from a good
source that the Khedive has an-
nounced he will declare his inde-
pendence should Turkey form any
alliance against England."

A dispatch from Cairo says: The
rumor is current in St. Petersburg,
that Prince Gortchakoff may re-
sign in favor of Count Schouvaloff,
with a view to restoring confidence
between Russia and Europe.

The trouble at Cape Town.

A dispatch from Cape Town con-
firms the report of severe fighting.
The British troops, in one action,
by an insidious surprise, have
overwhelmed the Boers. Successive
followers have killed some Eu-
ropeans. Assistance is required.
