OGDEN, UTAH, - AUG. 20, 1904.

DASTARDLY EFFORT TO MURDER WIFE.

Thomas R. Edwards Cuts His Wife's Throat in a Fit of Despondency.

SHOCKING ACCIDENT TO CHILD.

Four Cut Off by Hay Mower—Homer Brown Dead—Weber County Fair—Exhibition Drill.

A most horrible and distressing accident occurred near Huntsville last Thursday wherein the 4-year-old son of Mr. and Mrs. Peter Rols had his left leg completely severed just above the knee.

Alex. Rols, a lad of about 13 years of age, was mowing lucern, and did not know that his little brother was in the field. The little fellow had been cutting butterflies, and was standing in the tall alfalfa when the machine ran on to him. Before the driver could stop the team the knife caught his leg and cut his foot off just above the knee. His screams soon brought his parents to his aid, and the unfortunate little had given all possible care. A physician was summoned and succeeded in stopping the flow of blood. The shock was so great to his system that he was thrown into convulsions, and it was feared he could not survive. He was brought to this city and taken to the home of George Putman, where he is receiving every care and attention.

HOMER BROWN DEAD.
Homer Brown, the son of Moroni Brown, of the First ward, died at the mental hospital in Provo yesterday morning. He was just taken to the hospital last Tuesday morning. This is the second time he had been in the institution of the asylum within the last few years. He was about 37 years old, and resided at 2911 Washington avenue.

ATTEMPTED MURDER.
Thomas R. Edwards while in a fit of despondency attempted to kill his wife yesterday afternoon about 2:30 by cutting her throat with a razor. He was arrested by the police and taken to the hospital.

The only reason Edwards gave for his violent assault upon his wife, was that he could not get any work and might as well end his wife's existence and then kill himself. He also said his wife was away from him while they were in Salt Lake City. The couple have been married three months.

WEBER COUNTY FAIR.
The directors of the Weber County Fair association met yesterday afternoon and transacted considerable business pertaining to the interests of the fair. The time for opening the fair was fixed for Sept. 28, and will be held open four days—Sept. 28, 29, 30, and Oct. 1.

At the suggestion of Judge Dee it was decided to employ a manager who should have complete control of the affairs connected with the exhibit, and who should be held responsible for the success of the enterprise.

GOOD PRICES FOR LANDS.
Messrs. Joseph S. and Louis Peery returned yesterday from a trip to Chicago with sheep. They found the market for sheep, realizing \$3.79 per head for their lambs.

SKIN DISEASES

The Outcropping of Bad Blood. While not always painful these are aggravating beyond expression. With few exceptions they are worse in spring and summer, when the system begins to thaw out and the skin is reacting and making extra efforts to throw off the poisons that have accumulated during the winter months. Then boils and pimples, rashes and eruptions of every conceivable kind make their appearance.

Let the two twins of skin diseases—Nettle Rash, Poison Oak and Ivy, and such other skin troubles as usually remain quiet during the cold weather, break out afresh to torment and distract by their fearful burning, itching and stinging. A course of S. S. S. now will purify and enrich the blood, reinforce and tone up the general system, and carry off the bodily impurities through the proper channels. The skin, with good blood to nourish it, remains smooth and free of all disfiguring eruptions. Send for our book on diseases of the skin, and write us if you desire medical advice or any special information. This will cost you nothing.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

A NUMBER OF FINE PIANOS LEFT

They Will Be Closed Out At Alteration Sale Prices by Wednesday of Next Week

AT THE CLAYTON MUSIC CO. STORE.

The Extensive Store Alterations Begin Thursday, and Until That Time the Opportunity is Open to Purchasers

TO SECURE A FINE PIANO AT COST AND LESS

We Extend to All That Desire It, Our Easy Payment Plan of Purchase at These Cost-And-Less-Prices—All Can Buy—No One Should Hesitate.

OPEN EVENINGS, 109 SOUTH MAIN STREET.

WING to the fact that our extensive store alterations do not begin until Thursday and the further fact that many requests from country towns to continue the sale prices have come to us, as they had "just noticed the advertisement" or that "we can not be here until Monday" and many other like expressions, we have decided to continue the sale prices on a limited number of fine pianos, organs and piano-players until Wednesday.

This sale has been a great boon to a very large number of piano and organ buyers. Were we to tell you the exact number of people who have supplied their homes and families with instruments since this sale was inaugurated, and give you the gross saving made by all these buyers, we fear it would appear as a fit subject for unbelief.

Suffice to say that figures tell no untrue story; the price tags taken from delivered instruments plainly indicates the number sold, also the great discounts given each purchaser which approximate fully 33 1/3 per cent off the regular low selling value.

So much for the past ten days sale, selling, buying, and saving, now for three days or until 8:30 Wednesday evening, we will offer the same discounts on good pianos and organs that we have been offering during the sale. In fact we have re-marked a limited number of fine instruments at a much lower figure than the previously cut prices, and we offer them on extremely easy terms if desired.

Your favorite instrument must be here for the stock comprises the highest class and most reliable pianos and organs, such as Steinway, Kimball, Steck, Knabe, Chickering, Estey, Mason & Hamlin, Heller, Whitney, Fischer and other pianos, Estey, Kimball and Mason & Hamlin organs, all marked in plain figures showing actual discounts of one fourth to one half off, the lowest obtainable prices.

To realize the money-saving importance of this sale in connection with the best musical quality, a call of inspection is quite necessary, but as an example to show how many of the instruments are plainly marked, we quote the following:

USED \$300 TO \$800 UPRIGHT AND GRAND PIANOS, \$85 to \$250.

Terms cash or payments \$6 to \$10 monthly up.

A FEW NEW \$275 TO \$325 UPRIGHT PIANOS \$140 TO \$198

Terms cash or \$75 to \$10 monthly up.

SOME HANDSOME \$400, \$450 AND \$550 PIANOS, \$265 TO \$387.

Terms cash or payments \$10 monthly up.

A FEW \$250 PIANO PLAYERS, \$125, \$150 AND \$175.

Cash or payments to suit.

SOME NEW \$100, \$125 AND \$135 ORGANS, \$60 to \$87.

Terms cash or payments \$5 monthly.

An early call Monday is advisable to secure choice of these great bargains that are left.

Clayton Music Co.,

Established 1860. 109 South Main St. J. J. DAYNES, Jr., Manager.

son, 17, both of Springfield.

V. L. Oakley, 25, and Claudia Ewell, 17, both of Provo.

GARDEN CITY NOTES.

Mr. and Mrs. Wm. J. Lewis are down from the Bear River country to attend the funeral of Mrs. Lewis' father, Samuel Harding.

George R. Reese, of Robinson, a native of Great Britain, was admitted to citizenship yesterday by Judge Booth.

Joseph Boren, a young man about 25 years of age, is at the Provo General hospital suffering from a fractured leg. The limb was broken by a fall.

Joseph, the seven-year-old son of County Recorder Payne, broke his left arm yesterday while playing in the barn. The patient is doing nicely.

EUREKA.

FUNERAL OF W. J. WRIGHT.

New Citizens Arrive—Nels Nygaard Hurt in Grand Central Mine.

Special Correspondence.
Eureka, Aug. 19.—Funeral services over the remains of the late Wm. J. Wright, who was killed in a runaway accident Wednesday evening, were held at the L. D. S. church this afternoon. At the close of the service the remains were shipped to Salt Lake City by Undertaker Wallace for burial.

B. A. M. Froelich, the well known mining engineer, is in Eureka gathering mineral specimens for the Salt Lake Real Estate association.

Preparations are being made for a grand celebration of Labor day by the miners of Tintie district.

NEW CITIZENS ARRIVE.
Mr. and Mrs. Paul Froester were

Wm. Fotheringham of Panguitch and Hugh Wright of American Fork have formed a corporation with a capital of \$25,000 to go into the cattle business. They also will own butcher shops in American Fork, Mercur, and Bingham. They own two large ranches, one near Orton and the other near Panguitch in Grand County. They will feed cattle on these ranches during the summer and will bring them to Lehi and fatten them on beet pulp in the winter ready for the market and their butcher shops as pupils. They will feed cattle known when fed with hay.

SINGLE GERM BEET SEED.

On August 11, Prof. Townsend and Rithle of the U. S. department of agriculture returned to Washington after gathering the single germ seed which had been grown by them on the Sargents Springs farm. They were highly gratified with the results shown and will continue their experimental work here another year on a larger scale. In planting their mother beets in the spring, they took special care of 50 of the most promising plants from which a multitude of germ seeds were cut as fast as they developed to determine their specie. They estimate that about 30 per cent of the seeds harvested are single germ. They also planted here some single germ seeds, the beets from which will be used next year to produce seed and it is the plan of the department to continue raising and sorting out the single germ seeds until the pure single germ seeds are produced from the mother beets without variation.

Messrs. Townsend and Rithle will return in about two months and harvest the beets from the single germ seeds planted and will experiment here and at Garland in keeping the mother beets without loss. While the Utah Sugar company has raised some very excellent mother beets, from 30 to 50 per cent of them have been lost during the winter from not being able to keep them properly. Mr. Townsend kept mother beets at Washington during the winter with but 2 per cent loss and those were destroyed by rats and he is in hopes of meeting with as good success here.

The sugar beet crop is looking fine here. It is expected that sampling will commence the latter part of this month and that the factory will commence operations about the same time as last year—the middle of September. The Idaho beets are showing up very well, as they now sample 12.3 per cent sugar in juice with 82.3 per cent. The large beet sheds at the factory, being repaired and everything is about in readiness for the cutting up of the immense crop which will be harvested. The conference of the Sugar Beet Growers of the United States, which was held Sunday evening, the officers were sustained and much good and timely instruction was given by Elders S. L. Chipman, James T. Clark and A. J. Evans of the State presidency, and Bishop James T. Gardner.

Tuesday a baby boy was born to the wife of Mr. Parley Austin.

Saturday evening the Republicans will hold their primary election at the city hall to elect delegates to the state convention, and also to the judicial convention.

Francis Kirkham is down from Raymond, Canada. He reports that they have had a severe drought there will harvest 20 bushels of grain to the acre and that the beet crop is looking fine. Mr. Kirkham will leave next week for Anson, British Columbia. He will take a four years' course in pedagogy.

Sunday a new building committee was chosen for the new tabernacle consisting of the following: Ed Bushman, of the First ward; Geo. Webb, of the Second, W. W. Dickerson, of the Third, Arthur Bradder, of the Fourth; E. M. Jones, at large. A new finance committee will also be chosen in a few days and an extra effort will be made to push the house to completion. The different associations and quorums of the different wards are asking for contributions from the members for the finishing of this house.

The M. I. A. officers are busy fixing up quarters in the bank building where they will have their library rooms for meetings and social gatherings.

COALVILLE.

STRUCK BY LIGHTNING.

Wm. Ball Meets Sudden Death—Octogenarian Drops Dead.

Coalville, Summit Co., Aug. 18.—The Herald correspondent says that William Ball, 80 years of age, was instantly killed by lightning last evening while sitting upon a mower cutting hay. Mr. Ball was 50 years old and leaves three children. His wife died a few years ago. The funeral service will be held tomorrow at Coalville. The sad affair occurred at Wasatch in Echo canyon.

OCTOGENARIAN DROPS DEAD.

Lucy Stevenson, familiarly known as "Aunt Lucy," dropped dead this afternoon about 5 o'clock. She had been in poor health for several months and had reached the advanced age of 86 years. Mrs. Stevenson was born in Nova Scotia and came to Echo, this country, in 1860. She has resided there ever since, being one of the first settlers of that place and Summit county. This good old lady was known far and wide and esteemed for the fine qualities that she had and for the hardworking that she had in pioneer days. The obsequies will take place on Sunday afternoon at Echo.

George Papageas, a Greek laborer, was killed yesterday by a passenger train a few miles up Echo canyon. He had been sent out to flag trains, and it is thought that he fell asleep while sitting on the track. The train struck him on the head, inflicting terrible injuries, which resulted in instant death. One of his legs was broken.

Lightning has wrought destruction with life and property in Summit county during the storm this week. A number of cows and horses have been killed and several persons badly injured. Thomas Wilde was struck by the lightning while riding in a wagon and thrown to the ground.

Cloudbursts and heavy rain storms have wrought havoc with the roads and the new mown hay in the fields. A cloudburst in Echo canyon yesterday did considerable damage to the railroad grade and the wagon road.

LOGAN.

The agent of the Deseret News in Logan, R. C. China, 1904, will call on all who have accounts of \$5.00 or more. Daily News is 5 cents per copy. Complaints, changes of address, orders for advertisements and church works will be given prompt attention.

WEDDING BELLS.

Miss Gladys Spencer and Frank West Married and Going to California. Special Correspondence.

Logan, Cache Co., Aug. 18.—Joe Almsworth, the man sentenced to serve one year for burglary, was taken to the state prison by Sheriff Rigby yesterday.

Miss Gladys Spencer, granddaughter of Mrs. Geo. W. Thatcher, left for Salt Lake yesterday, where she will be married to Mr. Frank West, son of Jos. A. West of Ogden. The ceremony will be performed in the Salt Lake temple today and the young people will leave for California. After visiting various places of interest on the coast they will make their residence at Stanford, where Mr. West will take up a course of study.

A post office was issued yesterday to John Andrews, 29, and Alice Naylor 17. The ceremony was performed by Justice Smith.

PAROWAN.

ARID FARMING A SUCCESS.

State Experiments Demonstrate Possibility of Good Returns from Dry Farms. Special Correspondence.

Parowan, Iron Co., Aug. 16.—The old folks' reunion, given under the auspices of the Relief society on the 1st inst. was very successful affair. All over 65 years of age were invited and about 70 responded. Among the more aged present were Aunt Mary Bayless, 84; Nelle Mortensen, 83; Alice Meek, 81; and Sarah Morris and Anna Mickelsen, each in their eightieth year.

Mr. Nelson of the Utah Agricultural college and Foreman of the Iron county experiment arid farm, have just completed the threshing of the grain crop, and report the yield per acre as being very satisfactory considering the conditions. Some of the wheat yielded 16 bushels per acre, and the barley and rye a like yield. From present indications the problem of how to furnish our boys employment is about to be solved.

The finishing touches on the new, handsome residence of Mayor Marvin are being applied by Mr. O. M. Lyman and the house warming may be looked for in the near future.

The two year old daughter of Mr. and Mrs. G. J. Yardley died today of pneumonia, complicated with other complaints.

The county auditor has completed the tax roll for this year, which shows a total valuation in the county, exclusive of property assessed by the state board of equalization, of \$1,046,253, upon which the total tax is \$25,517. The valuation of the state board assessment is \$390,855, the total tax being \$7,532.96.

Politics is very quiet but is beginning to warm up a little. The Republican party held their convention and elected delegates to the state and district conventions. The Democrats set their convention for the 22nd inst. to send delegates to the state convention.

Excellent program, popular concert, Saltair, Sunday.

PROVO CANYON AND RETURN, \$1.25.

Via D. & R. G., Sunday, Aug. 21st.

Special train leaves Salt Lake 9:30 a. m. Returning leaves Provo 7:00 p. m. Trout and chicken dinner at Upper Falls Resort. We land you right at the dinner table. Prettiest mountain scenery in Utah. Returning arrive at Salt Lake 6:00 p. m., 9:00 p. m. and 11:45 p. m.

A special feature of Christensen's Day at Saltair Aug. 25th will be the excellent program by the Brigham City Military band during lunch hour.

Excellent program, popular concert, Saltair, Sunday.

Murray Department.

The News is delivered in Murray and vicinity from the branch office every night. J. B. Barlow, Branch Manager. Orders for Church Works and advertisements received.

MURRAY NOTES.

A horse attached to a buggy which contained a man, woman and child fell exhausted upon the ground in front of Dr. Olson's residence last Wednesday. The woman and child were thrown to the ground and severely shaken up but luckily escaped with a few slight bruises.

Friday morning about 12 o'clock the residents in the neighborhood of Christensen's photo gallery were awakened by the noise of falling glass. Upon investigation it was found that the large front window of the photograph gallery had been smashed to pieces by some hoodlum. When the noise was first heard some of the neighbors looked from their windows and saw some man running from the place. Thus far the marshal has been unable to locate the guilty party.

SERIOUS ACCIDENT.

Mr. George Walton of Mill Creek met with a serious accident on Tuesday last by which he came near losing three fingers on his left hand. He was riding the chain of his bicycle and had his younger brother turning the bicycle gaiter so as to cause the chain to revolve while he held the graphite. In some way which he could not account for, his hand slipped into the sprocket wheel crushing his fingers between the sprocket and chain. Dr. Olson was summoned and upon examination it was found that one finger had been cut completely off and two others badly mangled. The Dr. fears that he will have to have one of the injured fingers taken off.

Jimmie Lowder, who was operated on for abscess in the stomach is not getting along as well as was expected he had to undergo the second operation last Wednesday.

Headquarters for the county Republican club has been established in two rooms of the Waverley block which

TEA

There is a deal of comfort and refreshment cheer and positive joy in a timely cup.

OBITUARY.

WILLIAM GUY WALKER

died June 30, 1904, at the Hospital Pocatello, after an operation. The cause of death was appendicitis. He was buried July 3 in the Fairview cemetery. Brother Walker was born at Farmington, Utah, March 18, 1853, and was married to Miss Edith Wood, April 12, 1888. He was an active and devoted worker in religious circles and at the time of his death was superintendent of the Sunday school and president of the Y. M. C. A. in Rockland, Idaho, and was zealous in all good works, teaching both by precept and example. He spent two years in the missionary field, in his death this ward loses one of its most estimable young men. He was of a kind and genial disposition, and even in the hours of pain that preceded his demise, he was ever patient and thoughtful of others, and spent his last days in blessing his wife and children, and leaving his family in the hands of God in full hopes of a glorious resurrection.
