

LOCAL AND OTHER MATTERS.

THEATRICAL.—There was a pretty good house last night on the occasion of the benefit of Miss Hineckley and Mr. Thompson. The Rappaport or the Treaty of Laramie is a fine sensational drama but being its first presentation here, the effects were somewhat marred by a little hitching in the mechanism of the stage. The acting of the beneficiaries, and of Messrs. McKenize, Thorne, Adams and other members of the company was very good.

The success of the "Happy Man" passed off creditably. "The Rival Dutch" also constituted the bill for this evening.

REASON OF FAVORITISM.—We are informed that Mr. Hugh White is about to transfer the Southern Stage Line to Messrs. Adams, Salisbury & Co., and that that company is now sketching the road with a view to improved pattern.

REUNION.—There was a reunion party in the twentieth Ward school-house last night. Among the guests we noticed President D. H. Wells, Elders Orson Pratt, John T. Cairne, J. R. Winder and other leading citizens. It was a very pleasant affair, all present seemed to realize that there were there for the purpose of enjoying themselves. The party was dismissed at a seasonable hour. We are informed that there was also a party held in the eighth Ward school-house on Monday evening, which was to raise funds for the benefit of the Female Relief Society. A splendid time was enjoyed by all who attended.

MEETING.—There will be a meeting of the Association for the introduction and improvement of pure breeds of stock, held in the City Hall, on Monday evening, at seven o'clock. All interested are invited to attend.

RETURNED.—We had a call this morning from Brother Anson Call, of Bountiful, who reached this city yesterday from a tour in the East. He left on the 5th of October last, and has travelled and visited, and lectured in public and private, in Illinois, Ohio, Vermont and Massachusetts. He was accompanied by his wife, and her sister, the wife of Judge Holbrook. They have had a good time, and Bro. Call states, that his travels have had a general good effect towards the people of Utah. Bro. Call says that while at Niagara he obtained one of the earliest reports of the Church, containing the ordinances of the first elders, and other matters. The report was in the possession of the daughter of one Mr. Morton, who, she said, died a member of the Church. At his death she found it among his books. The record was in the handwriting of Dr. Williams, formerly one of the Councilors of Joseph. Bro. Call left it in the care of Mr. Newman Carter, formerly a Mormon, now living at Kirtland, who will forward it to Utah in a few days.

It is to be regretted, we think, that Bro. Call left the record behind. He states, however, that it was a very large book, and it would have been inconvenient for him to carry about; but he feels confident that it will be forwarded all right.

WINE GROWERS' CONVENTION.—We have received, from J. W. Oakley, Esq., the following minutes of the Wine Growers' Convention, recently held at St. George:

"Agreeable to previous notice, the Wine Growers of Southern Utah met at the Garden Club Hall, St. George, Dec. 29th, 1870. The audience was large, respectable and intelligent.

On motion, J. E. Johnson was called to the chair and J. W. Oakley elected Secretary. H. W. Miller opened with prayer.

On motion it was resolved that a committee of six be appointed to examine, test, and report, upon the quality of the wines exhibited. Whereupon the Chair appointed Hon. G. A. Smith, Col. A. A. Jackson, L. S. Hemmaway, R. F. Johnson, H. W. Miller and Jacob states said committee.

The number of specimens of wine on exhibition was large and the quality unusually good, which, after a careful examination by the committee, was referred for further discussion and test to the audience present. The deliberations of the committee resulted in the opinion that the specimens tested ranged in quality as follows, viz:

Best (Isabella, old and new, W. H. Dodge; second, Chas. Terry; Best Hamburg, W. E. Dodge; Best Old Mission, L. S. Hemmaway; second, A. Sullivan; Best Catawba, L. S. Hemmaway; second, A. Sullivan.

The committee expressed the opinion that this was the largest collection and the best wines ever exhibited in Southern Utah. The tables were embellished with many samples and specimens of fruit, fresh and preserved, including apples, peaches, grapes, pears, prunes, nuts, and fruit in cans and jars.

Mrs. Col. Jackson exhibited some jars of wine, including preserved fruits and jellies and one case of fresh cranberries. J. W. Oakley exhibited pears, apples, nuts, raisins and the White Malaga, Bowood Muscat and other grapes, which were exceedingly large, well cured and of excellent quality, and delicious flavor.

President H. Young, Geo. A. Smith and R. Young, Jr., and others from the north were present.

EXTRACT.—The following dispatch was received by Deseret Telegraph line, this morning:

"ST. GEORGE, Jan. 7th.
Deseret News.—On Thursday evening the continued lecture of Chas. Smith, on the history of England, was the subject of interest to the lecture. On Friday, visited the Fourth Ward school, taught by R. S. Home, Esq., and witnessed the closing exercises of the week—it is a large and first-class school, and the exercises were highly creditable to teacher and scholars. The last two arrivals of the mail brought Salt Lake weather through in three and a half days. Weather very fine, and a half day.

SECOND ADVENTIST.—Elder Miles Grant, the Second Adventist, is creating a great sensation in San Francisco, that the *Adventist* states that he will be compelled to procure a larger meeting place to accommodate his audiences. During a recent lecture on the interpretation of Nebuchadnezzar's dream Elder Grant stated that over three thousand ministers in England, of the established and dissenting churches, have expressed their belief in the Second Advent view which he represents.

A DOUBLE BABE.—A double headed, triple limbed and quadruple armed babe has been born in Ohio, is getting on finely and promises to live. The editor of the Mount Gilead Register says:

"Learned physicians and surgeons who have visited this wonderful freak of nature claim that it will eventually walk, and that its prospects for living are as favorable as those of any child of the same age. We had the pleasure of seeing this child, (or these children), on Tuesday of last week. The features of one are more than ordinarily handsome, the other ordinarily good-looking, and both are very intelligent. When we entered the house one end of it (the child) was crying lustily, and the limb belonging to it was kicking around quite lively, while the other end was sleeping soundly. In a short time both ends were sleeping, and in a few minutes later both ends were awake."
