PRICE OF GOLD.

Corrected Daily by BANK OF DESERET.
SALT LAKE CITY, January 26, 1872.
Buying at $1.07; selling at $1.09.

THEATRE.—Last night the drama of "Black Sheep" was very well played, Miss Evans appearing to good advantage as "Harriet Routh."

This evening she will appear as "Lady Isabel" and "Madame Vine" in "East Lynne," Mr. Blumenthal as "Sir Francis Levison," Miss Adams as "Barbara Hare," and Mr. Graham as "Jiffin." The performance will conclude with the farce of "Love in all Corners." This is the last night but one of the appearance of the popular actress, Miss Evans.

AN IRRIGATION SCHEME.—Senator Nye has introduced a bill containing some noticeable features "to provide for the irrigation of Bear River Valley, in Utah Territory." It proposes to incorporate Schuyler R. Ingham, Warren Hussey, and John Tiernan, of Utah; Jas. C. McGregor, of Iowa; D. C. West, of New York, and others, with a capital of one million dollars, to construct a canal ten feet wide, four feet deep, and "with a current of at least two miles per hour," from the head of the lower falls of Bear River to the top of the plateau on the west side of the stream, and thence southerly to the head of Salt Lake, with the right to construct such branches, laterals and distributing branches as may be necessary to conduct the water to lands within the current and flow of the water from said canal;" giving the right of way to the extent of 200 feet on each side of the canal and its indefinite number of laterals and branches, and also three sections of public lands on each side per mile. The liberality of the terms of this proposed grant certainly seems remarkable, although it may be that the lands are of little value. —*Wash. Cor. S. F. Bulletin.*

INFORMATION WANTED.—Teofet Kubera, of Moskovvita, Liberta, Russia, is anxious to find his brother named Stanislaw (or Gus.) Kubera. He has been here over six years. Any one knowing his whereabouts or anything that will lead to him, will please leave information at this office.

THE BAKER AFFAIR.—Yesterday we published an affidavit of Charles W. Baker, in which he stated that the testimony given by him on the part of the prosecution in the Robinson murder case, was false, in every particular, and that he was hired to give the same by parties mentioned in the affidavit. We also stated that application had been made on an affidavit of one Leverett Bean, for the arrest of Baker on a charge of perjury, to Judge McKean. Rumor says that said application was made on Saturday evening, and that the Judge then took the affidavit of Leverett Bean. No writ having been issued, however, for Baker's arrest, Judge McKean was again applied to, on Tuesday last, when he stated that he would not issue the writ. On being asked his reasons for such refusal, he stated that they would appear in print. If however they have appeared in print, we are not aware of it.

A report has reached us that Judge McKean has intimated, in some way, as his reason for not issuing the writ for Baker, that he had been officially informed that the bill had been brought before the grand jury, and that the latter had ignored it.

How does this chime in with another very strong report, to the effect that that august body refused to send for and investigate witnesses in the matter, when it was brought before them?

Taking all the circumstances connected with this little affair of Baker's into consideration, is it anything to be surprised at, that all classes of the public are freely expressing the opinion that there is a rotten spot somewhere "in Denmark," and everybody is waiting to see what the next "shoot" will be?.

Per Deseret Telegraph.

Fire at Cedar City.

CEDAR CITY, 25.—At one o'clock this afternoon, a fire broke out in a new house, belonging to Joseph Hunter, containing nine rooms. Most of the material for finishing and completing the building, and the carpenter's tools, were destroyed, being inside. The citizens gathered in haste to stay the fury of the flames, but the fire had too long a start to give way to their efforts. Still the granary, ten feet from the building, and his present dwelling house were saved by their united efforts.

The fire is supposed to have originated among some shavings, whilst the carpenters were away to dinner. The loss is estimated at two thousand dollars.

Weather.

Paris, 28.—The snow is two feet deep.

St. George, 26.—Thermometer 24. Wednesday was the coldest day ever known here.

MINING NEWS—BUSINESS PROSPECTS.

Bullionville, Jan. 26.—Bullionville has 100 wet and dry stamps, with a capacity of 200 tons in 24 hours running, and one Stedefeit furnace in blast, with a capacity of 40 tons per day. Two more mills, with 20 stamps, are going up. Dry Valley Well Mill, owned by the Meadow Valley Company, some ten miles from here, has 30 stamps. These mills and furnaces consume about sixty-eight cords of wood per day. The wood is green and dry cedar, delivered here at a cost of $5.50 per cord. Superintendent Bowie, of Meadow Valley Company, states that they have some 400 men employed in mines, mills, &c., at an average rate of $4 coin per day. Mr. Emanuel told me that one of their twelve mule teams hauled, on two wagons, one attached to the other, 46,760 pounds of ore from Meadow Valley mine to the mill, some ten miles, over a road rolling in places.

I am satisfied that Lincoln County will soon establish business relations with Salt Lake, of an encouraging character. Freights for 200 mines, 50 stores and saloons, 8 stamp mills and furnaces, would materially assist in the construction of the Utah Southern Railroad.

A fruit and toy merchant, at Pioche, told me that he had goods some 60 days *en route* from San Francisco.

The freight route from Toano is about as long as from Salt Lake to Pioche. The later has settlements, water and grain at convenient distances, and is not so mountainous as the former. Most of the Nevada roads are toll roads. Utah has no toll roads on this line. Toana freighters ask six and seven cents, coin, for freight.

The thermometer was at zero yesterday a. m., the coldest weather of the season. The roads are dry and dusty.

A. M. M,

THE BLOCKADE.—The following is a W. U. T. dispatch:

Corinne, 25.—The U. P. is still blockaded east of Rawlings. No trains have been able to get through. The weather has been extremely cold, ranging from twenty to thirty below zero. It is said the company intend shedding a large portion of the road, as soon as the weather permits. The men employed make very little headway in clearing the road, owing to the snow drifting in as fast as it can be shoveled out. This evening the weather at Bridger has moderated, and it has commenced snowing.

A GOOD IDEA.—The New York *Times* thinks that if people will indulge in saltatory exercise as a social relaxation, it is better that they should dance early than late, and is glad therefore that "afternoon" parties, beginning at 5 p.m. and lasting until ten, a custom imported from Washington, are becoming popular. This is an idea that sensible people always were in favor of, and five hours dancing is plenty at any one time.

THE TRAINS.—The following was bulletined this morning, at the Deseret Telegraph Office.

OGDEN, 26th.—No U. P. train is expected in to-day, and there is none going out. The C. P. train arrived on time.

CONVALESCENT.—The friends of Brother George R. Bourne will be pleased to learn that he is now able to take his old position again in Z. C. M. I. grocery department, having nearly recovered from a wound which he received, a short time since, in his right leg, by coming accidentally in contact with an axe.

While laid up with the wound he received numerous kind attentions from his fellow clerks. He was attended by Dr. M. L. Davis.

Brother William Hopwood, of the same department, has also returned to his post. The wound in his hand, by an accidental shot from a pistol, is healing up nicely.

THE NURSERY contains Grandmother's Puzzle, Christmas Eve, My Mouse, Kitty and her Bottle, The Unbending Doll, The Cat and the Milk, The Sleepy Boy, A Letter from Papa, If I Were You, Stories About Apes, and thirteen other articles, with numerous illustrations.

A LIGHT covering of snow this morning, but a beautiful day. The ten to twenty below zero of Wednesday it is hoped will not return this winter.

DIED.

At 6 o'clock this morning (Friday, the 26th of January,) of lung fever, aged 1 month and 19 days, PRESTON CARTER, infant son of H. S. and Beulah A. Beatie.

Funeral will take place at 11 o'clock to-morrow, at the residence of Elder W. Woodruff, 14th Ward. Friends invited to attend.

Of small-pox, at Sugar House Ward, January 9th, 1872, WILLIAM HENRY, son of Mary and Henry H. Harris, aged two years.

A GREAT MEDICAL DISCOVERY!

MILLIONS BEAR TESTIMONY TO THE WONDERFUL CURATIVE EFFECTS OF

Which are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFEGIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.
