Long-Standing

Blood Diseases are cured by the persevering use of Ayer's Sarsaparilla.

This medicine is an Alterative, and causes a radical change in the system. The process, in some cases, may not be quite so rapid as in others; but, with persistence, the result is certain. Read these testimonials:—

"For two years I suffered from a severe pain in my right side, and had other troubles caused by a torpid liver and dyspepsia. After giving several medicines a fair trial without a cure, I began to take Ayer's Sarsaparilla. I was greatly benefited by the first bottle, and after taking five bottles I was completely cured."—John W. Benson, 70 Lawrence st., Lowell, Mass.

Last May a large carbuncle broke out on my arm. The usual remedies had no effect and I was confined to my bed for eight weeks. A friend induced me to try Ayer's Sarsaparilla. Less than three bottles healed the sore. In all my experience with medicine, I never saw more

Wonderful Results.

Another marked effect of the use of this medicine was the strengthening of my sight."—Mrs. Carrie Adams, Holly Springs, Texas.

"I had a dry scaly humor for years, and suffered terribly; and, as my brother and sister were similarly afflicted, I presume the malady is hereditary. Last winter, Dr. Tyron, (of Fernandina, Fla.,) recommended me to take Ayer's Sarsaparilla, and continue it for a year. For five months I took it daily. I have not had a blemish upon my body for the last three months."—T. E. Wiley, 149 Chambers st., New York City.

"Last fall and winter I was troubled with a dull, heavy pain in my side. I did not notice it much at first, but it gradually grew worse until it became almost unbearable. During the latter part of this time, disorders of the stomach and liver increased my troubles. I began taking Ayer's Sarsaparilla, and, after faithfully continuing the use of this medicine for some months, the pain disappeared and I was completely cured."—Mrs. Augusta A. Furbush, Haverhill, Mass.

THE PATENT

Wire Gauze Oven Door

IS THE LATEST IMPROVEMENT ON THE

It Produces Practical Results in Baking and Roasting never before attained in any Cooking Apparatus, and will

Revolutionize the Present Methods of Cooking

ITS THEORY

Is that all Food Baked or Cooked, should be cooked in fresh air freely admitted to the oven. This is done by discarding the close oven door heretofore used, and substituting for it a door containing a sheet of Wire Gauze nearly as large as the door itself.

Through this Gauze Door the air freely circulates, facilitating the process of cooking, and producing food that is unequalled in flavor and nutrition, and actually cooked with less consumption of fuel than in an oven with a closed door.

It makes an enormous saving in the weight of meat.

It also produces larger Loaves of Bread, requires less attention from the cook, and promotes the health of the family by the SUPERIOR QUALITY OF THE FOOD COOKED IN IT.

OPINION OF AN EXPERT.

MRS. MARY B. WELCH, Teacher Domestic Economy, Iowa State University, says: "My deliberate judgment is that the ovens of the Range, as compared with others, is not only more equally heated in every part—front and rear—but as a result of its superior ventilation the food placed therein is better cooked, while retaining a sweeter flavor, and a larger proportion of its best juices. I find, also the consumption of fuel in this Range is much less than any other or same work.

EVENING NEWS.

Friday, November 9 1888.

TELEGRAPHIC NEWS.

Continued from First Page.]

Stage Held Up.

DOWNIE, Cal., Nov. 8.—The down stage was held up today by a masked highway-man. The express box, containing bullion and coin amounting to $2500, was rifled of its contents. The mail bags were not found.

Righteously Shot.

GLENN'S FALLS, N. Y., Nov. 8.—John Glenn, a once famous base ball player, was arrested yesterday afternoon for raping a little girl at Sandy Hill. A mob gathered and the officer drew his pistol to force a passage. The crowd forced his hand up and the pistol was discharged, the ball taking effect in Glenn's neck, inflicting probably fatal wounds. He had been arrested for a similar offense before.

Anger and Wonder.

BRISBANE, Nov. 8.—The premier sent a cable dispatch to Queensland's agent in England, saying that the appointment of Governor Blake of Newfoundland to the governorship of Queensland has excited general anger and wonder in the colony. Ex-Premier Griffiths agrees with the premier in condemning the appointment. Last month, the governor there urged the English government privately, to submit the name of the proposed new governor before the appointment was made. Lord Knutsford replied that it was impossible to allow the ministers to share in the responsibility for the nomination.

Death on the Rail.

BOSTON, Nov. 8.—A private dispatch says Edward C. Carrigan, member of the Massachusetts State Board of Education, and a well-known lawyer of Boston, died of apoplexy yesterday afternoon on the Denver & Rio Grande passenger train. He was on his way from Salt Lake City to Colorado Springs with Mrs. Mary Irene Hoyt, for whom, with General Butler, he was counsel. Carrigan's body is now being embalmed at Salida, Col. Mrs. Hoyt telegraphed the above intelligence this morning. Mr. Carrigan's half brother, H. S. Knight, is the manager of the Methodist Book Concern in New York. Mr. Carrigan's body will be brought home at once.

The Rawsons.

CHICAGO, Nov. 8.—Judge Shepherd today granted Mrs. Meckie L. Rawson a decree of divorce by default, her husband, the banker, Stephen W. Rawson, failing to appear. This seems to have followed as the result of an agreement between the litigants by which it is said Mrs. Rawson is to receive $40,000. The case has attracted much attention owing to the prominence of the persons interested. Extraordinary salacious allegations were made on both sides. The shooting by Mrs. Rawson's son of the banker Rawson at the door of a church one Sunday morning, and also the shooting by Mrs. Rawson of her husband's attorney in the court room, will be remembered.

Securing a Colony.

OTTAWA, Nov. 8.—Messrs. Smith, Lyman and Taylor, three members of the Mormon Church, are here. They represent the Mormon colony at Lees Creek in the Northwest Territory, and come to Ottawa on business with the Interior Department. The three are desirous of securing a townsite at Lees Creek. The colony consists of 125 souls. Other religions are not excluded from it. The business of the colony is combined ranching and farming, but not on a large scale. The delegates say their settlement in the Northwest is not the inception of a movement to transfer the entire Mormon Church to the protection of the British flag.

Washington's Inauguration.

NEW YORK, Nov. 8.—The sub-committee on plans for the celebration of the centennial of Washington's inauguration in this city on April 30, 1889, recommended at a meeting today that services of praise and thanksgiving be held in the different churches as they were 100 years ago. The report recommends religious services at St. Paul's Church, which Washington attended, and literary exercises on the steps of the sub-treasury, where the Federal Hall stood when Washington was inaugurated. Other governments will be asked to take part in the naval display.

The following naval programme will be carried out: The President of the United States is expected to arrive from Washington, following the precedent of General Washington's arrival. He will be met by a deputation at Elizabethport and taken thence by the government boat to the foot of Wall street, passing en route the United States and foreign war ships. At Wall Street he will be welcomed by the mayor and other distinguished officers.

Press Discussions.

NEW YORK, Nov. 8.—Under the heading "Tariff Reform Deferred," the "TIMES" (FREE TRADE) SAYS:

"Harrison and Morton have been elected President and Vice-President of the United States. The majority for the republican candidates in the electoral college will be one vote less than that cast in 1884 for Cleveland and Hendricks. Harrison has carried New York, Indiana, California, Michigan and Colorado, all of which have been regarded as debatable states. The majority in this state for Harrison will not be far from 13,000. In Indiana it will be very small, but Minnesota, Iowa and Michigan, where the interest manifested in the tariff question was relied upon to effect a considerable change in the vote, republicans developed their full strength and obtained pluralities for the national ticket much larger than those cast for Blaine in 1884."

The *Times* says further that "Connecticut gives a small majority for Cleveland and shows marked democratic gains in the manufacturing towns where the question of tariff taxation was constantly and thoroughly discussed during the long campaign.

New Jersey, a state greatly interested in manufacturing, not only more than doubled its democratic majority of 1884, but chose a legislature that will return a democratic senator to succeed McPherson.

The congressional elections were hotly contested and the outcome of the battles in many districts is surprising. By the latest reports, it appears that the Fifty-first Congress will be controlled by the democrats by an extremely small majority which may be wiped out altogether by corrected returns from Virginia, Arkansas, North Carolina and Michigan, in all of which states there are disputed results."

BRIEF TELEGRAMS.

Indianapolis, Nov. 8.—The paper and rag mills of the Indianapolis Company, South Bend, burned this afternoon. Loss, $20,000.

Los Angeles, Cal., Nov. 8.—The large hotel at Long Beach, on the coast about twenty miles from this city, with all its costly furniture, was totally destroyed by fire last night. Loss, $52,000; insurance, $45,000.

City of Mexico, Nov. 8.—A train on the Mexican Railway carrying 93 prisoners was derailed. Twenty-three cars went down an embankment. Several persons were injured, and a fight between the guards and prisoners ensued.

New York, Nov. 8.—Jack Farrel and Harry Bartlett, of Birmingham, England, fought a prize fight last night. The Englishman proved himself too much for the noted American light weight, knocking him all to pieces in three rounds with four clean knockdowns.

Newburg, N. Y., Nov. 8.—A freight train on the Hudson River Railroad ran into a passenger train at Fishkill landing, opposite this city, this morning. It is reported several passengers were injured or killed. One Canadian woman was killed. Nobody else was hurt.

BRIGHT'S DISEASE.

The following statement from Mrs. Emeline F. Misner of Burg Hill, Ohio, will be of great interest to those who suffer from Bright's Disease or Gravel.—I have long resolved that I would apprise you of the deep sense of obligation which I feel. There is nothing which I now enjoy that I do not owe to the happy chance of having used Dr. David Kennedy's Favorite Remedy at a time when I was suffering all that a human being could endure. My troubles began in my Kidneys over nine years ago and from which

I Never Expected to Recover.

I was compelled to use a cane when I walked, and I finally got so weak that I could not stand alone. In a few months my physician said I had Bright's disease, which was indeed alarming information. To add to my affliction after I had been ill about two years, I had an attack of Gravel. Six years ago, last June, how well I remember the day, I saw Dr. David Kennedy's Favorite Remedy of Rondout, N. Y., advertised in our paper. After using one bottle I threw away my cane and went to New York on a visit, and three bottle cured me, this was six years ago. I have never had a return of gravel, nor of the pains or weakness in the back, and though I am over sixty years of age

I am Now Vigorous and Strong

as I was in my prime. I do all my own work, and rarely know what it is to be tired. I keep the medicine in the house and give it to my grandchildren, and recommend it whenever I can. What physicians and all of the many remedies I had taken could not do, Dr. Kennedy's Favorite Remedy did; it stayed the disease and made me a strong, vigorous woman.

IDEAL BROILING.

Broiling can be done in the oven of the Charter Oak Range or Stove with the Wire Gauze Oven Door, more perfectly than over the live coals.

Lay the steak, chops, ham or fish on a wire broiler or meat rack, placing it in an ordinary bake pan to catch the drippings.

Allow it to remain in the oven with the door closed 15 or 20 minutes. No turning is required. At the end of this time it will be found nicely cooked ready to serve.

THIS IS THE IDEAL WAY TO BROIL MEATS

There is no taint of coal-gas or smoke, and the meats are more tender and better in flavor than those broiled over the coals.
