IMPORTANT MEDICAL CORRESPONDENCE.—If all who are now suffering from Coughs and Colds and other throat and lung diseases, could read the letters continually received from all the country, giving the details of cases similar to their own that have been cured by Hale's Honey of Horehound and Tar, the demand for that life-saving specific, vast as it is, would be doubled. It never fails. No cough can resist its tranquilizing influence. It strengthens weak lungs and prevents the possibility of tubercular consumption.

ONLY TWO TEASPOONFULS of Dooley's Yeast Powder to a quart of flour are necessary to produce extra biscuits, rolls, &c., while those of ordinary manufacture require nearly double that quantity. This is owing to its perfect purity and extra strength. Aside from this fact, each package contains the full amount that is represented. Hence, Dooley's is the cheapest, best, and most reliable in market, and takes the precedent of all others. Grocers keep it everywhere. Dooley & Brothers, Manufacturers, 69 New Street, New York.

STRICTLY PURE.—It is a fact that while Dr. Price's Cream Baking Powder and True Flavoring Extracts, Lemon, Vanilla, etc., have been made for many years without reducing their standard of perfect purity, not another Baking Powder or Flavoring Extract in the market is free from adulteration. There are no coloring, poisonous oils or acids in Dr. Price's Flavors, nor chalk, alum, or other injurious substances in his Cream Baking Powder. We know the manufacturers take pride in having their articles strictly pure.

THE EVENING NEWS.

Thursday, . . Nov. 5, 1874.

LOCAL AND OTHER MATTERS.

THERMOMETER 55 degrees F. in the shade, at 1 p.m. to-day. Cloudy, dull, breezy.

President Young and Party.—We learn that the health of President Young is steadily improving. Himself and party were to leave Richfield for Cove Creek this morning.

Emigrants Arrived.—The company of emigrants whose names appeared in yesterday's NEWS, in charge of Elder William N. Fife, arrived in this City yesterday evening. They had a prosperous journey throughout.

Guy Faux.—This 5th day of November is the anniversary of "Gunpowder plot," when Guy Faux's conspiracy to blow up the English Parliament was discovered, which fact we had forgotten until we heard an English boy of about sixty summers chanting the popular rhyme about that event.

Firemen Attention.—The members of the Wasatch Fire Company will please remember that their monthly meeting will be held on Friday evening, at seven o'clock, a full attendance is requested.

A. R. WRIGHT, Foreman.

W. D. STARTUP, Sec.

Postponed. — Williamson, Phillips, Carroll and Barton, charged with being concerned in the murder and robbery of Mr. Simpson, were brought before Justice Pyper at seven o'clock last evening, but, owing to some of the leading witnesses being at a distance, the examination was continued till Saturday, November 14.

Baling Machines.—The Territory is becoming well supplied with improved hay-baling machines. "W. R.," of Centerville, informs us that he lately witnessed the performances of one on the hay farm of Mr. N. T. Porter. The neatness and efficiency with which it did its work was, he says, really surprising.

Fraternal.—This morning we had a pleasant fraternal visit from Frank L. Thayer, Esq., correspondent of the St. Louis *Globe*. This gentleman wields a facile pen. He took a run from Denver to this city, and purposes leaving for home next week. He was here two years ago and is agreeably surprised to see the advancement in material improvements that has been made hereabout since then.

Returned Missionary. — To-day we met Elder Arthur Bruce Taylor, son of Elder John Taylor, who returned last night from a mission to England. Soon after reaching that country he was appointed to labor in the Nottingham Conference, subsequently in the Leeds Conference and latterly in the Bedford Conference. He left this city in May, 1873, and has consequently been absent a year and six months.

Gamblers Fined. — Lewis and Wyatt, proprietor and "capper" of the First South street plundering den, were fined $100 each, which they paid.

The community does not owe any favors to such vultures of society, and a little imprisonment would not have a hurtful effect, should they be brought up again for plying their unlawful vocation.

It is supposed that Lewis is but the acting representative of a gang who are interested in the duping institution, which should be broken up.

Peterson's Journal of Popular Literature.—This is a new candidate for popular favor, published monthly by H. Peterson & Co., Philadelphia, and devoted to popular literature, chiefly stories, each article complete in one number, consequently there are no continued stories. The first number contains eighty octavo pages. Among the contents are "Sans Merci," "Bryant's Thanatopsis," "A Dangerous Marriage," "Petrarch's Laura," "Camp Life at the Delaware Watergap," "Pleasure Grounds and Drives of Washington," "An Adventure in Mexico."

Theatre.—Risley's Panorama of the River Thames and the City of London will be on exhibition again to-night. This panorama is universally praised. It consists of three sections, with additional views of the Isle of Wight, harbor of Cowes, and the great Regatta with the clipper yacht *America* winning the cup. The first section takes the river from its source in the Cotswold Hills to Windsor Castle, the second from Eton College to Chelsea Hospital and Battersea, the third along the river through London.

The views are very beautiful and interesting.

Who Wants to Learn French?—There is an excellent opportunity now in Salt Lake City for persons who desire to make a thorough study of book-keeping or of the French language. Mr. White, whose advertisement appears in another part of the paper, is said to be a master of book-keeping, and of the French Language, and it is his intention to open classes in those branches in the different wards if he can obtain pupils. He brings excellent testimonials from prominent citizens in Oregon, who have tested his powers, as to his ability as a teacher, and as to his character as a gentleman. We understand that Mr. White's terms will be sufficiently moderate to enable all who may wish to avail themselves of his services to do so; and as French is one of the most beautiful of living languages, and book keeping one of the most useful of all arts, there should be little difficulty in procuring good classes among the young men and women in several of the wards of this city.

Our Country Contemporaries.

Utah County *Times*, Nov. 3—

We received from George Halliday, Esq., of Pleasant Grove, a fine lot of winter apples, raised in his own orchard, which cannot be beat in any country. Some of them measured sixteen inches in circumference, and weighed from sixteen to eighteen ounces, all of them being sound in every particular.

We received a call yesterday from Mr. Gus Weiman, who informed us of a successful operation that had been performed upon him by Dr. John Riggs of this city, in removing a large cancer from the jugular vein. Mr. Weiman showed us the cancer and made the following statement:

"About six years ago I was struck with a piece of tin on the left side of the neck, at the jugular vein, and a cancer grew out of it. I had it operated upon three times, by some of the most eminent surgeons of California, but it always grew worse; at last, having heard of Dr. John Riggs of Provo, I came and consulted him, and on yesterday (Nov. 1st) had the pleasure of seeing the cancer rot out. The operation time was seven weeks. In California the cancer was pronounced incurable. The size of the cancer was about three by two inches."

Yesterday Mr. Joseph Loveless was brought into the First Judicial District Court to answer to an indictment for "assault with intent to kill," to which he pleaded not guilty. The case was laid over until the next regular term of the the court.

Court adjourned until 2 p. m.

2 P. M.

Court resumed its session.

The grand jury came into court, roll called, all present but T. Allman, who was excused. The foreman presented two indictments which were filed in open court. The jury then retired to their room for further deliberations.

Keno Johnson, an Indian belonging to Mr. Johnson, of Spring Lake Villa, came into court, to answer to an indictment for "assault with intent to kill," to which he pleaded "not guilty." By giving bonds he was released to appear at the next term of court.

Ogden *Junction*, Nov. 4—

Yesterday morning the mutilated body of a man was discovered on the C. P. track, near Roselle, a little distance west of Promontory. It is supposed that he was run over by the train on the previous night. The corpse was brought to Ogden, and an inquest held to-day by Coroner Williams and a jury. The unfortunate man, though frightfully mutilated, was recognized by a man in Ogden to whom he had sold a horse.

Indisputable Evidence.

ST. ELMO, Ill., July 8, 1874.

R. V. PIERCE, M.D., Buffalo, N. Y.—I wish to add my testimony to the wonderful curative properties of your Alt. Ext., or Golden Medical Discovery. I have taken great interest in this medicine since I first used it. I was badly afflicted with dyspepsia, liver deranged, and an almost perfect prostration of the nervous system. So rapid and complete did the Discovery effect a perfect cure that it seemed more like magic, and a perfect wonder to myself, and since that time we have never been without a bottle of the Discovery and Purgative Pellets in the House. They are a solid, sound family physician in the house, and ready at all times to fly to the relief of sickness—without charge. We have never had a doctor in the house since we first began the use of your Pellets and Discovery. I have recommended the use of these medicines in several severe and complicated cases, arising from, as I thought, an impure state of the blood, and in no one case have they failed to more than accomplish all they are claimed to do. I will only mention one as remarkable (though I could give you dozens). Henry Koster, furniture dealer, of this place, who was one of the most pitiful objects ever seen, his face swollen out of shape, scales and eruptions without end, extending to his body, which was completely covered with blotches and scales. Nothing that he took seemed to affect it a particle. I finally induced him to try a few bottles of the Golden Medical Discovery, with daily use of the Pellets, assuring him it would surely cure him. He commenced its use some six weeks since, taking two Pellets each night for a week, then one each night, and the Discovery as directed. The result is, to-day his skin is perfectly smooth, and the scaly eruptions are gone. He has taken some seven or eight bottles in all, and considers himself cured. This case had baffled the skill of our best physicians. Messrs. Dunsford & Co, druggists, of this place, are selling largely of your medicines, and the demand steadily increases, and they give perfect satisfaction in every case.

Respectfully,

W. H. CHANPLIN,
