Portland Cement company met with representatives of Eastern manufac-turers last evening and awarded two contracts, one to the F. D. Plummer & Sons' company, of Cleveland, for a coal drier to cost about \$10,000, and another to F. L. Schmidt & Company, of New York, for two machines to be used in granulating and pulverizing. The cost of the latter will be in the neighborhood of \$100,000. These con-tracts cover about one-fourth of the machinery to be acquired. representatives of Eastern manufac-

RAPID TRANSIT TO CANYON.

Survey Now Under Way-Road to be Completed in 90 Days.

Ogden, March 23 .- The survey for the Ogden Rapid Transit company's proposed line to the mouth of Ogden canyon will be made under the supervision of Joseph A. West, who with a gang of men commenced driving stakes today. The route will lead from the Washington avenue line to the sanitarium, and will be completed, it is ex-pected, in less than 90 days, thus enpected, in less than 90 days, thus en-abling the people to get to Ogden can-yon in a few minutes from the city. By the building of the electric car line to the mouth of the canyon it is be-lieved many tourists who now sit around the depot between train times will take a ride to the mountains, which they will greatly enjoy, and in that way they will great a much better that way they will get a much better idea of Ogden with her beauties and resources. It is believed that the Ogden Canyon line will be used as much or more than any other line, especially during the summer months.

ASSISTANT P. M. RESIGNS.

Assistant Postmaster Rufus Garner has tendered his resignation to Postmaster Thomas Davis, to take effect on April 1, when he will accept a position with the George A, Lowe implement house as bookkeeper, filling a vacancy caused by the resignation of

J. F. Grant, Jr., who has accepted a similar position with W. H. Wright & Sons' company, Mr. Garner went into the postoffice Mr. Garner went into the postoffice as assistant under Mr. Davis when he was appointed over four years ago, and has performed his duties with great ability. Postmaster Davis stated last evening that he regrets to loose Mr. Garner from the department, as he has been a most efficient and courteous offi-cial, and has kept the books of the office in avaellant condition but as he office in excellent condition, but as he desires to retire entirely from politics

A REASON

The United Drug

Company, manufac-turers of the Rexall Remedies, for whose

preparations we are

agents in this city, make 200 remedies, one for each ill. Each

one is especially pre-pared to cure one dis-

ease, and that only. This is an age of spe-cialists. You don't

contract with a plumb-

er to build your whole house, do you? Why should you contract

with one proprietary medicine to cure all your troubles. Oftentimes you run across a building con-tractor who has a sepa-rate plumbing depart-ment, his own plastering department, and so on, all of which dovetail to-gether and build the house. This is just what The United Drug Com-pany is doing for you in the medicine line. They have cut down profits: they manufacture Rex-all remedies for over 2,000 retail druggists. These druggists are the only intermediate profit that stand between The United Drug Company and the patient. Could The United Drug Company, of which we are a member, afford to make one poor medicine in this line? Does not common sense tell you that one poor medicine would ruin the sale of the other 199 preparations? If you bought a Rexall prepara-tion and it didn't do for you what we claim it will, would you buy another one of our articles? We believe not. Therefore each preparation must be good—it is good. We who are in the drug bus-iness know the formulas of these Rexall prepara-tions. We be lieve in them so implicitly that we stand back of them, with our guarantee to re-fund you your money if they do not benefit you.

DISPUTE OVER SCHOOL LAND. The case of the board of education against Stephens Brothers to quiet title to a piece of land extending along the south side of the Washington avenue school, was not completed yes-terday before Judge Howell, and the hearing will be continued today. The land has been used for school grounds and has been used for school grounds for a quarter of a century, as was testified to by a number of witnesses yesterday, the plaintiff claiming that the title to the property was given them by the "Mormon" Church. The controversy over the property arose in April, 1993, when the Stephenses placed a when forcements in the stephenses placed

The divorce suit of Clarence S. Crain against Flora, A. Crain was heard by the court and a divorce granted by de-fault. The plaintiff testified that it was impossible for him to longer live with his wife because of her uncontrol-able temper and cruel treatment to-wards him.

If the Symptoms Fit Your Case, Remember "A Disease Once Known is Half Cured."

Prof. John M. Scudder, M. D., of Cin-cinnati, says of Golden Seal: "It stimu-lates the digestive processes and increases the assimilation of food. By these means the blood is enriched. " " " In rela-tion to its general effects on the sys-tem, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states." Feel feverish? Have headache? Back-ache? In fact, "ache all over?" Have occasional chilly sensations? Appetite gone? Tongue furred? Bad taste, espe-cially in morning? Bad, foul breath? Perhaps nausea, or "sickness at stom-ach" occasionally? Feel weak, tired, blue and discouraged?

Perhaps nausea, or "sickness at stom-ach" occasionally? Feel weak, tired, blue and discouraged? The above are symptoms common to stomach and liver derangements and often precede attacks of fever and mal-arious affections, grip, bronchitis, and "lung fever," or pneumonia. Whichever aliment they point to, you may be sure that it is best to get rid of them as soon as possible by putting your system to rights, regulating, toning up and thylgorating stomach, liver and bowels, and thus purifying your blood and system and enabling it to throw off the attack. the attack.

The attack. For the above purpose, medical science has as yet produced no better agent than Dr. Pierce's Golden Medical Discovery. It is not a secret, or patent medicine, all us ingredients being printed on the bottle wrapper. It is the prescription of a well-known and experienced physician. It contains no alcohol or other harmful, habit-forming agents -- chemically pure, triple-refined glycerine being used both as a solvent and preservative of the med-icinal extracts of which it is composed. It is made from the following native. American medicinal roots: Golden Seal root. Gueen's root, Stone root, Bloedroot, Mandrake root and Black Cherrybark. From "Organic Medicines," by Grover Coe. M. D., of New York, we extract the following: "Hydrastis (Golden Seal) ex-ercises an especial influence over nucous surfaces. Upon the liver it acts with equals. In affections of the spleen, and abdominal viscera generally, it is an efficient and reliable remedy. Also in serofula, glandular diseases generally, cutaneous eraptions, indigestion, debility, diarrhœa and dysentery, constipation, plies and all morbid and critical dis-charges."

It seems to exercise an especial influence over the hepatic (liver) structure generally, resolving (dis-structions, promoting secretions, and solving) officiary deposits, removing ob-structions, promoting screttions, and 21 one-cent stamps to pay the cost of giving tone to the various functions. It is eminently cholagogue (liver accelera-tor), and may be relied upon for the relief of hepatic (liver) torpor."
