

LOCAL AND OTHER MATTERS.

Election.—Professor Hamill's election class will meet this evening in the Social Hall.

Funeral.—The funeral services of Mrs. Phoebe Isabel Doran, wife of Hugh Doran, will be held at the 13th Ward Assembly Rooms, Thursday, the 18th inst., at 11 o'clock a.m. Friends are invited to attend.

"Scandinavia."—This evening the ladies and gentlemen of the Scandinavian Dramatic Association will make their first appearance before the public, in a couple of pieces written in their native language, to see them.

High Council.—The members of the High Council will meet in the Council House at 1 and 6 o'clock to-morrow (Wednesday) afternoon and evening.

Home Once More.—We were pleased to meet and welcome home Elder W. C. Staines, Church Emigration Agent, who reached this city last night from New York. He is home for the winter, in moderate health, and in his usual genial spirits. Those having business with him will find him ready at any time to transact it.

English Tourists.—Yesterday we received a pleasant call from Messrs. H. R. Glyn and F. S. Cowan, a couple of English gentlemen who are making a tour of the West for pleasure and observation. They were introduced by Mr. Anthony Godde, of this city. The tourists will go from here to San Francisco, thence around to Tucson, Arizona, and through the Southern Territories back to the east. Pleasant trip, gentlemen.

Mutual Improvement.—Last evening an organization of the M. I. A. of the Fourth ward was effected. A good spirit prevailed and the meetings this winter will be as good as ever. Following are the names of the officers: President, Martin Christensen; First Counselor, Frank Stanley; Second Counselor, Wm. Braxley; Secretary, Henry J. Wallace; Assistant Secretary, Wilford Smith. The first meeting will be held Wednesday evening, Nov. 17, at 7:30.

Dissolving Views.—On Thursday, the 18th inst., C. W. Carter, Esq., photographer and exhibitor of Utah scenery, will give one of his interesting entertainments in the Twelfth Ward Assembly Rooms, when in addition to his ordinary list of attractions, he will present The Pioneer Celebration, President Hayes at Fort Douglas, The Joseph Standing Monument, The Salt Lake Assembly Hall, Bathing in Salt Lake, and other fine views. About 300 pictures will be shown, each of which will be 15 feet square. Admission 25 cents, reserves 50 cents, children 15 cents. Exhibition to commence at 7:30. It is the intention of Mr. Carter, after going through the Territory with his show, to take it through the United States and to Europe.

Sixth Ward Co-operation.—A movement has been commenced in the Sixth Ward, to more closely unite the interests of its members in temporal matters. The Sixth Ward Co-operative Association was inaugurated last Friday evening. Its members are the people of the ward, any of whom may contribute to the fund in any sum, either cents or dollars, and obtain receipt therefor, and credit upon the books of the organization. A mass meeting was held last night in their meeting house, when it was unanimously decided that the Association lend its assistance to the building of the Utah Eastern Railroad, by subscribing for capital stock in that enterprise. The Association takes the shares and credits its members pro rata for the contributions to the Co-operative fund. When one person has paid enough for a share of railroad stock, the certificate therefor will be made out and issued to him, in his own name. The movement shows commendable energy and good feeling, and is also a wise and worthy example for other wards to follow. Mr. S. L. Evans, of the firm of Morris & Evans, is president of the association.

The Minstrels.—The first performance by the Quintuplex Minstrels, last evening, drew out a very fair house, and the entertainment though by no means first class seemed to be highly appreciated by the upper galleries. In the lower part of the house the enthusiasm was more subdued. The curtain rose late. The first part was not excellent. Some of the songs were good and some of the jokes quite funny, but there was an air of vacancy pervading the scene which was felt by all. The orchestra, instead of being upon the stage, as is usual in the opening of a minstrel concert, occupied the enclosure beneath the footlights, and this, putting the tambos and bones, which were none of the best, in the position of solo instruments, exhibited their defects more openly and placed the whole thing at a great disadvantage. The same fault was observable throughout the singing in the first part. Another fault was the lack of spirit manifested in the interchange of quips and conundrums between the end men and the interlocutor. Such things are nothing if not brilliant and lively. The finale of the man in the stage box disturbing the performance, and his subsequent mutilation at the hands of the infuriated end men, was new to our stage and very comical indeed. It took well. The after features were generally of average merit. Mr. Stewart's dancing being exceptionally good. To-night the Minstrels will perform again.

Careless Orchestra Concerts.—Last evening we had the pleasure of attending a rehearsal of the Careless Orchestra, at the music store of Mr. George Careless, the able conductor of that efficient organization. It is evident to all who hear it, that the orchestra, though excellent before, is steadily improving on its former condition. Mr. Careless labors ardently to perfect his combination, and is meeting with proportionate success. All the pieces practiced last evening gave evidence of much care and culture. It is the design of the Orchestra to inaugurate another series of concerts, such as carried the tone last winter. The instrumental music will consist of pieces never before played by the Orchestra to an audience, and some of them entirely new to the public ear. One of the latter is a comic polka composed by Mr. Careless. A brilliant cornet solo entitled, "The Silver Stream," is to be performed by Mr. Croxall, with orchestral accompaniment, and a number of other fine selections from the leading operas will be rendered by the entire company. These pieces will be interspersed, as usual, by instrumental solos, as well as by vocal selections from various talented singers. It is needless to say that the coming concerts will be well patronized. The first will probably take place on the 29th inst., or thereabouts.

Libby Prison Specimen.—The following note, which, through courtesy of Professor Barfoot, were permitted to copy, is from a former resident of this city:

RICHMOND, Va., Nov. 8, 1880.
 Prof. J. L. Barfoot:
 In my ramblings to-day I visited the old Libby Prison, made famous during the war of the rebellion. Thinking the enclosed might, in a small way, add to your valuable collection, I forward it to you. It comes from that portion of the building where the historical and wonderful tunnel escape was made.

With respect,
 W. T. HARRIS.
 The "enclosed" refers to a specimen of the brick of which the famous Libby prison is chiefly composed. It is dark red in color, very hard and firm in texture, and closely resembles rock. It is an interesting curiosity to the student of American history, especially of the sad and gloomy subject of which it is a suggestive reminder.

Found Dead.—From Sheriff Dan Hopkins, of Central City, Nebraska, we have received the following with a request for publication:

FOUND DEAD.
 About two miles west of Chapman, Merriam County, Neb., the body of a stranger, about 35 years of age, 5 feet 10 inches high, weighed about 175 pounds, light complexion, brown hair, blue eyes, heavy mustache-colored black, high cheek bones, broad face and prominent forehead; had on a navy blue woolen shirt, with wide collar; light blue silk necktie; light blue woolen undershirt; light cambray pants, with dark stripe; dark red socks, with black toe and heel; blue cord along right side of foot. No. 7 leather long toe boots, new, Napoleon brand, matted with round headed nails, partly worn; large gold ring, with garnet or amethyst seal, indented with the initials "H. B." worn on little finger of right hand; upper front tooth on left side gone, and one adjoining it much decayed. Information concerning his identity should be conveyed to DAN HOPKINS, Sheriff, Central City, Merriam Co., Neb. November 10th, 1880.

Alarming Experience.—The Logan Leader says:
 On Tuesday last, as Wm. Hendricks and wife, of Richmond, were traveling to Logan, they met with a very unfortunate adventure. They were riding in a light spring wagon, and had reached a point a short distance south of Hyde Park, when a singletree fell. This frightened the horses and they leaped forward and started to run, causing the tongue to drop from the peck yoke. The end of it caught in the ground and it broke in two. The end of the remaining portion then caught in the ground, halting the wagon suddenly and throwing its occupants with great violence to a considerable distance. Mr. H. was badly stunned as to be speechless for a few minutes. No bones were broken, but both heads bruised. The horses detached from the wagon, kept on their mad career, and ran against a barbed wire fence, which cut open the side of one of them in a terrible manner, but did not kill it. Mr. and Mrs. Hendricks were conveyed to Logan, that afternoon, and called on Dr. Ormsby. Bruises and contusions were the extent of their injuries.

Toole Returns.—We have received an abstract of the late election returns for Toole County, from County Clerk F. M. Lyman. The total of votes polled was 694; 614 of which were for Cannon and 80 for Campbell. In Deep Creek Precinct, out of 15 votes cast, Cannon received 11. This is the "Liberal Republic" a thing of the past.

BRIEF TELEGRAMS.

The election of members of the new great council of Geneva has resulted in a victory for the anti-Catholic and radicals.
 Many colonists have already moved into Indian Territory, and not less than 2,000 whites are scattered along the public lands.
 The New York Press Club gave a brilliant reception last evening to Thurlow Weed on the occasion of his 83rd birthday.
 The idea of the expedition of Lough Mask to Lord Ernehouse was started by the parish priest, who is organizing the movement.
 Texas returns are very slow in coming in, but the re-election of Jones, independent, for Congress from the fifth Texas district is conceded.
 Reports on the French beet crop class it as among the worst, as regards quality. Advances from Germany and part of Austria are better.
 The report of the committee which has been learning the accounts of the defaulting cashier of Boston places his total delinquency at \$90,324.
 If the petition to Lord Ernehouse were successful, the tenants intend to hold a meeting in the northern counties and appeal to northern tenants.
 Full official returns of California show that Henry Egerton, republican elector, receives 507 votes more than Judge Terry, the lowest on the democratic ticket, and is elected. The other democratic electors have majorities ranging from 97 to 143.

Organization of the Utah County Bible Society.

Provo, Nov. 15, 1880.

Dr. H. Fisher, Superintendent of the American Bible Society for Utah, Idaho and Montana, has been spending a few days in Provo. On Sunday, November 14th, he held five services as follows: At 10:30 a.m. he addressed a large congregation in the "Mormon" church. In the afternoon he visited and addressed two Sunday Schools. At 3:30 p.m. he addressed a large union meeting in the Methodist Church and organized County Bible Society. In the evening he gave a lecture on the Bible in the same church to a large congregation. The officers elected were as follows: President—R. C. Kirkwood, superintendent of Z. C. M. I.; Vice-President, Karl G. Maeser, principal of Brigham Young Academy; Corresponding Secretary, George E. Jayne, pastor of the Methodist Episcopal Church; Treasurer, J. E. Booth, Justice of the Peace. Executive Committee—Rev. Geo. E. Jayne (secretary), J. E. Booth, H. Maiben, E. G. Standing, C. D. Glazier.

The society proposes at once to order Bibles to the value of \$100. Quite an interest was awakened in the Bible work yesterday and the vigorous push of the energetic superintendent, has resulted in the admiration of all lovers of the Bible and truth.

Uniformly successful and certain in its remedial effects, it cures Eruptions, Boils, Humors, Pimples, Eruptions, Skin Diseases, and all disorders arising from impurity of the blood. By its use the system is restored to health, and imparts vigor and energy. For forty years it has been in constant use, and is today the most available medicine for a suffering skin, anywhere.

RESCUED FROM DEATH.
 The following statement of Wm. J. Coughlin, of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our readers. He says: "In the fall of 1878 I was taken with a violent BLEEDING OF THE LUNGS followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at the time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there I had a hole in my left lung as big as a half dollar. I expended over a hundred dollars in doctors and medicines. I was so far gone at one time a report was issued that I was dead. I gave up hope, but a friend told me of DR. WM. HALL'S BALSAM FOR THE LUNGS. I laughed at my friends, thinking that my case was incurable, but I got a bottle to satisfy them, when to my surprise and gratification, I commenced to feel better. My hope, once dead, began to revive, and today I feel in better spirits than I have for the past three years."

I write this hoping you will publish it, so that every one afflicted with the above named disease, may be induced to take DR. WM. HALL'S BALSAM FOR THE LUNGS, and be convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that I feel a good deal better than I have for years. I shall soon be able to go to work. Sold by all druggists.
