## Local and Other Matters.

FROM WEDNESDAY'S DAILY, FEB. 6.

**Tenth Ward.**—Prof. Theo. B. Lewis will deliver a lecture in the 10th Ward school-house to-morrow evening.

### Declination.

My name having been placed on the "Conservative Ticket," (so designated), as a candidate for election, I hereby state that it was used against my wishes. I decline the honor (?) with thanks.  
CHARLES SMITH.

**Good Numbers.**—Harper's Weekly, Harper's Bazar and Frank Leslie's Illustrated Newspaper are always received early by Dwyer. The present issues are fine numbers, and with all the popular periodicals can always be had on time at that enterprising bookseller's.

**Personal.**—We received a pleasant call to-day from Mr. C. Rasmussen, general agent for *Den Danske Pioneer*, published at Omaha, Nebraska, and some Chidani papers. He will make a tour of the Territory to enlist his countrymen as subscribers to these journals.

**The Lecture.**—The Twelfth Ward Assembly rooms were crowded last evening, on the occasion of the lecture by Hon. Moses Thatcher. The gentleman spoke with great freedom and fluency, and was listened to with the most marked attention by the large and delighted audience. The lecture will appear in the NEWS, in full, next Saturday.

**From St. George.**—In a letter from Elder W. Woodruff to an acquaintance in this city, dated St. George, January 31. Bro W. says he was enjoying good health, with the exception of having a painful sore eye, which, however, was getting better. Very pleasant weather prevailed at St. George, and there were busy times in the Temple.

**Concert at Farmington.**—There was a concert at Farmington on Monday night, conducted in the Meeting-house. The audience was large and the performances, we are informed, were excellent. The singing of Mrs. Brown, W. H. Evans and Miss Cottrell are especially well spoken of. Mi s Bowen presided at the organ. The affair was under the management of Mr. S. Cottrell.

**Bear Lake.**—It has been believed that corn, beans and some other ordinary kinds of vegetation could not be successfully raised in the Bear Lake country. To-day Brother Charles Allen, of South Eden showed us very fair specimens of corn, three different kinds of beans, and some very plump wheat, raised by him at that place. Industry and the blessings of Divine Providence soon convert the barren wastes into fruitful fields.

### Excommunicated.

This is to certify that Joseph Collins and Henry Sagers were cut off the Church of Jesus Christ of Latter day Saints for apostasy.

H. H. PECK,  
Councillors.  
W. W. STRETT, Clerk.  
Mound Valley Ward,  
Oneida County, Idaho Territory,  
January 27th, 1878.

**Accident.**—At Ogden, on Monday, Mr. John Stanger, of Marriott settlement, was thrown from the top of a load of hay. He escaped with a bruised hand and sprained ankle. The *Junction* says so.

**St. John.**—There is a settlement in Malad Valley, called St. John. It is situated a few miles west of Malad City. There had been a few families located on the place for six or seven years, but until recently there was no regular meeting house or school house. Lately, under the direction of President L. J. Lewis, the people put up a public building, 20 by 30 feet. To do this, taxation was not resorted to, the means being supplied by freewill offering.

On Sunday, January 27th, the structure was dedicated, Bishop George Dunford, of Malad City, offering up the dedicatory prayer, by whom also and several others appropriate remarks were made. We learn the foregoing by letter from Brother W. D. Williams.

**Levnetslob.**—The next number of "Levnetslob" (No. 8) contains the 10 last pages of the 10th, and the six first pages of the 11th chapter, the contents of which are as follows—

The mob in Clay County. Mo—Agree on resolutions against the Saints, who soon after leave the country and settle in the neighborhood of Shoal Creek.—The city of Far West is founded.—Willard Richards is baptized.—The Kirtland "Safety Society" is organized.—A spirit of speculation prevalent throughout the whole nation, also seizes individuals in the Church.—The first foreign mission.—Heber C. Kimball, Orson Hyde, Willard Richards and others start for Great Britain.—Their arrival at Liverpool.—Truth will prevail.—The door of the gospel is opened to the inhabitants of England.—The power of the adversary is manifested.—The first baptism in England.—Mathews, the priest, baptizes himself in the river Ouse.—The first conference in England.—Elders Kimball and Hyde return to America.

**Working Bullion.**—Last evening James Goodman and George Wort, employes of the Ontario Mining and Smelting Company, were brought in from Park City, by Constable Moore, on a charge of stealing silver bullion from the company named.

We are informed that, some weeks since, Goodman brought to the City, from the Park, a box, measuring 33 inches long by 16 wide and 18 deep, and weighing 235 pounds. It remained a couple of days at the hotel where he was stopping, and from there was taken to the express office. Goodman named the value of the box and contents as \$75, and paid the expressage upon it accordingly, and it was shipped to a party in Michigan, with whom arrangements had been made to purchase.

Mr. R. C. Chambers got some information in regard to the matter and telegraphed east to have the box seized. He also gave a bond of \$10,000 to have it opened, when it was found to contain silver bullion. He also telegraphed to have it shipped back again to this city.

It is supposed that the value of the bullion in the box, alleged to have been stolen by Goodman and Wort is from \$3,000 to \$4,000.

We understand that, on Wort's house, at Park City, being searched, some bullion was found there.

It is believed that the conspiracy to rob the company is more extensive than now appears, and that more are connected with it than the two worthies now in jail.

**City Council.**—The Council met last evening, Mayor Little presiding.

Richard Brimley and 61 others represented, by petition, that certain streets in the 5th and 6th Wards were in very bad condition, and desired that they be placed under repair; referred to the committee on streets and alleys.

Petition of Stanley Taylor and 34 other hack and express drivers, asking for a reduction of their license fees; referred to committee on license.

Councilor Sperry, in behalf of the

3d, 4th, 5th and 6th Bishops' wards, petitioned verbally for an appropriation of \$100 to each of said wards from the municipal taxes, to be expended in repairing the streets, the inhabitants to have the privilege of paying their taxes to the extent of the appropriations in performing the necessary labor on the streets; referred to the committee on streets and alleys, with instructions to take into consideration the condition of the streets of the city, and to report immediately.

The committee on finance reported that in accordance with instructions of the Council, they had burned and destroyed unredeemed auditor's warrants to the amount of \$186,078.09; also redeemed city currency amounting to \$274.75. The report was accepted and approved.

The committee on municipal laws, to whom was referred the petition of the Salt Lake Street Railroad Company, and who were instructed to draft and present a resolution suspending the per capita tax on passengers carried, presented a preamble and resolution to that effect; adopted.

Alderman Pyper presented his police court report for January, which made the following showing: Number of cases tried, 72; cash fines, \$274; labor fines, \$230.

The following bills for January were presented and allowed: City Marshal's expenses, \$289.67; fire department, \$205.72; board of city prisoners—1770 meals at 15 cents, \$265.50; gas for street lamps, \$1,110; gas for public buildings, \$74.40; care and keeping of three insane patients, \$79.05; police pay, \$992; janitor at City Hall, \$30; guarding water tanks and lighting oil street lamps, \$30; work on Union square, \$39; collecting dog tax, two months, \$72.

Bill of Salt Lake City Gas Company, for sundry repairs to lamps and posts, \$133.03, was referred to the committee on claims.

The sum of \$10,050 was appropriated to take up a corporation note.

The following judges and clerks of election were appointed:

- 1st Municipal Ward—Judge, Malin Weller; clerk, James Woods.
  - 2nd Ward—Judges, George Crismon and Thomas Taylor; clerks, William L. Binder and E. W. East.
  - 3rd Ward—Judge, Wm. Asper; clerk, George E. Wallace.
  - 4th Ward—Judge, Wm. L. N. Allen; clerk, Henry C. Fowler.
  - 5th Ward—Judges, E. D. Woolley and James P. Freeze; clerks, Robt. Campbell and Orson Woolley.
- Council adjourned till next Tuesday evening, at half past six o'clock.
