Read the following certificates: Ferguson Station, Logan Co., Ky., June 6th, 1872.

Dr. J. Ball & Co., Occulists: Gentlemen .- Your Patent Eye Cups are, in my judgment, the most! splendid triumph which optical science has ever achieved, but, like all great and important
truths, in this or in any other branch of
science and philosophy, have much to contend with from the ignorance and prejudice
of altoo sceptical public; but truth is mighty
and will prevail, and it is only a question of
time as regards their general accentance time as regards their general acceptance and endorsement by all. I have in my hands certificates of persons testifying in unequivocal terms to their merits. The most prominent physicians of my county recommend your Eye Cups.

I am, respectfully, J. A. L. BOYER. WILLIAM BEATLEY, M. D., Salvisa. Ky., writes: "Thanks to you for the greatest of all inventions. My sight is fully restored by the use of your Patent Eye Cups, after being almost entirely blind for twenty-six years."

ALEX. R. WYBTH, M. D., Atchison, Pawrites: "After total blindness of my left eye for four years, by paralysis of the optic nerve, to my utter actonishment your Patent Eye Cups restored my eyesight permanently in three minutes

Rev. S. B. Falkinsburg, Minister of M. B. Church, writes: "Your Ratent Eye Cups have restored my sight, for which I am most thankful to the Father of Mercies. By your advertisement I saw at a glance that your invaluable Eye Cups performed their work perfectly in accordance with physiological law; that they literally fed the eyes that were starving for nutrition. May God greatly bless you, and may your name be enshrined in the affectionate memories of multiplied thousands as one of the benefactors of your kind "

Horace B. Durant, M. D., says: "I sold and effected future sales liberally. The Patent Eye Cups, they will make money, and make it fast, too; no small catch penny attair, but a superb, number one, tip-top business, promises, as far as I can see, to be life-long."

Mayor E. C. Ellis wrote us. November 16, 1869: "I have tested the Patent Ivory Eye Cups, and I am satisfied they are good. I am pleased with them. They are certainly the greatest invention of the age."

Hon. Horace Greeley, late Editor of the New York Tribune, wrote: "Dr. J. Ball. of our city, is a conscientious and responsible man, who is incapable of intentional deception or imposition."

Prof. W. Merrick writes: "Truly, I am grateful to your noble invention. My sight is restored by your Patent Eye Cups. May Heaven bless and preserve you. I have been using spectacles twenty years. I am seventy-one years old. I do all my writing without glasses, and I bless the inventor of the Patent Eye Cups every time I take up my old steel peo."

Adolph Bornberg, M. D., physician to Emperor Napoleon, wrote, after having his sight restored by our Patent Lye Cups: "With Gratitude to God, and thankfulness to the inventors, Dr. J.
