THE GREAT COUNTRY PAPER OF THE WEST

Is issued Mondays and Thursdays and contains all the cream of the Daily and Saturday News

## LOCAL BRIEFS.

The High School Alumni association will meet next Friday evening, for the annual election of officers.

Karl Eilers of New York, formerly a resident of Pueblo, and well known in smelting and mining circles, is a guest at the Knutsford.

On next Friday, March 10, Judge Armstrong will make a series of circuit court cases to be tried in his division of the district court.

Miss Alice Hilbert has returned to Santaquin, to resume her school duties, the local quarantine having been declared off.

William Martinelli, formerly of Austria, now a resident of Mercur has been admitted to citizenship by Judge Armstrong of the district court.

The Utah Light & Railway company is re-aligning the line on the north side of east South Temple street, preparatory to the completion of the re-aligning of that thoroughfare.

The Commercial club committee of conference was unable to finish the details of the agreement with Mr. Marsh yesterday, relative to the Goldfield, Nev., freighting proposition; but will do so today.

The appointment of L. John Larson as a deputy sheriff in Sugar precinct No. 1 has been confirmed by the county commissioners. The appointment was made upon petition of the residents of the precinct.

The Guntion chapel of Westminster college will be dedicated on the afternoon of Sunday, March 13, and occupied by the Third Presbyterian church. The final furnishings are now being put in, and a program is being prepared.

The family tree of L. Frank Branting, former member of the board of education, has two more twigs upon it now, twins having made their appearance in the household. The newcomers are both boys and apparently strong and vigorous.

Local livery stable men say that the St. Louis fair was the means of reducing business with twice in reducing the number of tourists stopping over in this city at the time; but now business is beginning to look up, and the prospect is improving.

Should the present dry spell continue, Street Supervisor Selden will have a number of street sprinklers out for service. They would have been out several days ago in the business districts had it not been for the fact that they are in the hands of the painter and they will soon appear freshly painted and ready for the season's work.

State Senator Macbeth of Idaho, is in the city. It was largely through his efforts that the road commission bill was passed by the Idaho legislature, by which \$50,000 will be expended in the three counties of Cache, Idaho, and Lemhi for the roads there, and which will be the means of opening up a large and rich mining section.

Mr. and Mrs. Lewis S. Hills arrived home from California late yesterday afternoon to attend the funeral of their son Herbert Thayer Hills, who was killed by a bolt of electricity at Robinson on Saturday, as chronicled in the "News" of that date. The funeral services were held this afternoon from the family residence, 126 south First West street. Interment is to be at the city cemetery.

Tomorrow at 2 p. m. the funeral of Mrs. Anna Thornberg will be held from the family residence, 375 east Fifth South street. This estimable lady, who was the wife of R. F. Thornberg, was 62 years of age and a native of Sweden. She came to Utah in 1853 and has resided here ever since. She was devoted to her family and had many friends who will join with the bereaved ones in their sorrow. A husband, one son and five daughters survive her.

The Veterans Association of Firemen held their annual election last evening, at the Canyon road hall, where the following officers were elected: President, George M. Ottlinger; vice-president, James Peacock; treasurer, W. A. Cardwell; corresponding secretary, F. B. Everett; board of trustees, one Banks; steward and sergeant-at-arms, P. B. Everett; board of trustees, one John W. Scott and William Bywater; two years, R. J. Knight and H. Tauber; three years, R. S. Skidmore.

Judge Armstrong has overruled the demurrer of defendant in the injunction suit of W. P. Noble against Salt Lake City and defendant will accordingly have to answer to the complaint. The action was brought to enjoin the city from removing plaintiff's sidewalk in front of his residence on east South Temple street and lowering the same in accordance with the sidewalk grade recently established. The decision in the case has been won by Mr. Noble by the court overruling the demurrer to his complaint.

The judges at the preliminary debate to be held at the state university next Friday, will be Rev. Elmer L. Olson, Judge T. D. Lewis, Principal George A. Euton, Professor Levi E. Young and Professor Nathan T. Porter. From this preliminary will be chosen the men who will debate the University of Denver in this city about April 20. The students who have entered are Oscar Carlson, Henry Souls, Claude T. Barnes, Jesse Porter, Nicholas Morgan, William Hoeselberg, Benjamin Howard, George Burgess and William Reese. Three men are to be chosen.

The funeral of Frank J. Puzey was held from the Twentieth ward meeting house yesterday, beginning at 2 o'clock. The services were conducted by Bishop George Romney, and the speakers of the occasion were Elders C. R. Savage, John H. Bennett, A. R. Wright, Jos. C. Sharp, George Reynolds, J. F. Simmons, Levi W. Richards and Bishop George Romney. The ward choir furnished selections and a solo was rendered by Mrs. Lennie Savage Ritter. The opening and closing prayers were offered by O. D. Romney and Robert F. Nielsen, respectively.

Another effort is being made by Mrs. Landers, wife of the "divine healer" who died under peculiar circumstances at his home in Nevada City, California, after a stay of some weeks in Salt Lake, to ferret out the person or persons responsible for her husband's death. She has placed such facts as she is in possession of in the hands of Sheriff Emery, and she believes that she has sufficient evidence to bring the guilty to justice. Prof. Landers died from blood poisoning, that resulted from a wound inflicted in his groin. A roommate of the deceased named Julius Fred Holm is suspected by the widow of committing the crime.

Dr. Jenner, the metallurgical expert, remarked this morning, that on the occasion of a recent visit to Denver, he noticed the fact of an automobile accident interview with himself in one of the local papers. He had not seen a reporter at all; but on inquiry, found that while he was in the theater, a reporter had been sent to the hotel to find him, and not being successful, the young fellow evolved an interview from his own inner consciousness. Dr. Jenner said that the "interview" but such nonsense into his mouth, that he knew no one acquainted with the matters referred to would know he never had seen the reporter.

Mr. H. G. Whitney of the "News," accompanied by Mrs. Whitney, Miss Hattie Whitney and Miss L. Peyer, turned from the east on Monday morning. Mr. Whitney attended the three days' session of the American Newspaper Publishers' association and reports that it was unusually interesting and instructive. The party encountered some of the coldest weather the country has known and experienced the novelty of seeing their Pullman cars lighted up by candles, the cold being so extreme as to freeze up the gas in the cars. They did not visit the inauguration at Washington, owing to a lack of time.

Capt. John C. Oakes of the corps of engineers of the army is a guest at the Knutsford. He has been detailed to inspect the school system, and is today inspecting the school for officers and enlisted men at Fort Douglas. The captain will also inspect the school maintained at Fort Duchesne and other western schools. He has found the army school system in very fair condition, with a commendable desire on the part of enlisted men, especially to the officers, to receive the opportunity this offered. Capt. Oakes graduated from the College of the City of New York, class of 1891, then from the Columbia School of Mines in 1893, and secured a commission in the army, and graduated there also four years later.

Save your money and when you get a dollar, deposit it with Zion's Savings Bank and Trust Co., Salt Lake City, Utah. Jos. F. Smith, President; George M. Cannon, Cashier.

**DEATH OF COL. SANGSTER.**  
Commander of 47th New York Volunteers Passed Away in this City.

Col. George Sangster, commanding the Fourth-seventh New York volunteers during the Civil war, and who for the last few years has been a resident of Logan, Utah, and Denver, Colo., died in this city last Sunday evening, at his residence, No. 5 Fairmount avenue, of a complication of diseases, aged 77. He leaves a wife and son resident in this city. His funeral will be held in the Ninth ward meetinghouse tomorrow at 11 a. m., with interment in the city cemetery. New York City and Denver papers please copy. The deceased was a native of Aberdeen, Scotland. He came to this country at the age of 23, and was converted and joined the "Mormon" Church in Denver, Colo., in 1864.

Hollister's Rocky Mountain Tea never fails to tone the stomach, regulate the kidneys, stimulate the liver and cleanse the blood. A great tonic and muscle producing remedy. 35 cents. Tea or Tablets. Ask your druggist.

**WOMAN'S NARROW ESCAPE**  
Mrs. Ethel Harris Almost Suffocated in Burning Residence.

Mrs. Ethel Harris, residing at 973 south East Temple street, had a narrow escape from serious burning about 2 o'clock this morning, when she suddenly awoke and discovered to her horror that the house was on fire. Although nearly suffocated by smoke, she managed to wrap herself in a blanket and run to the home of L. C. Watts next door.

The fire department was notified and quickly got to the scene and extinguished the flames, but not before the place had been damaged to the extent of about \$700.

The blaze had gained considerable headway when the roof was partly destroyed. The cause of the fire is not known but it is believed to be the result of a defective flue. The house is a one-story brick and was built in the summer by J. C. Walsh, who owns it.

Why suffer with headache, constipation, stomach, kidney and liver troubles, when Hollister's Rocky Mountain Tea will cure you? No money wanted when you are cured. 25 cents. Tea or Tablets. Ask your druggist.

## NATIONAL GUARD TO HAVE ARMORY.

House Passes Bill Appropriating The Sum of \$10,000 for This Purpose.

### FAIR MEASURE GOES THROUGH.

Irrigation Committee Seeks to Revise The Present Law—Pure Food Memorial.

The house spent some time yesterday afternoon discussing S. B. 80 by the committee on military affairs, appropriating the sum of \$10,000 for a state armory. McCrea made the principal speech of the afternoon, contending that the state was sadly in need of such a building, as at present thousands of dollars' worth of property was at the mercy of the elements owing to its being stored in a place totally unfit for the uses to which it had been put. Tolton suggested the use of the state fair buildings for this purpose, while Joseph thought the matter could be reached through the governor's contingent fund. An effort to delay action on the measure failed, whereupon the roll was called and the bill passed on the following vote:

Ayes—Allen, Anderson, A. V., Anderson, J. A., Austin, Carroll, Christensen, Cottam, Dean, Deane, Edwards, Fishburn, Gundry, Hone, Hopes, Johnson, Jones, Kinney, Luther, Lyman, Maughan, Marks, McCrea, Merrill, Miller, Pace, Panter, Peterson, Richards, Roberts, Simons, Stacey, Stookey, Thompson, Wilson, Wootton, Mr. Speaker—36.

Nays—Cromar, Hopes, Joseph, Panacke, Stewart, Stringham, Tolton—7. S. B. 42, appropriating the sum of \$20,000 for an exhibit of Utah's resources at the Lewis & Clark exposition, came up for reconsideration. Merrill spoke in favor of the measure and argued that the state could not afford to miss the opportunity this presented. Joseph offered an amendment relieving the state from all responsibility in the matter of deficits. This was adopted.

Joseph favored the bill, while Edward deLamond strongly against it, arguing that the state could not afford to appropriate money for such a purpose, and calling attention to the insult of Utah at Portland and San Francisco. Stookey moved an amendment making the bill effective provided the citizens of the state would subscribe the sum of \$10,000, but this was viewed as a matter to be decided by the voters and promptly voted down and counted out. Joseph defined his position and explained why he had changed his attitude on this question. The bill passed on the following vote:

Aye—Allen, Anderson, J. A., Austin, Carroll, Christensen, Cottam, Dean, Fishburn, Gundry, Hone, Hopes, Johnson, Jones, Kinney, Kuchler, Luther, Lyman, Maughan, McCrea, Merrill, Pace, Panacke, Panter, Peterson, Richards, Roberts, Spencer, Stewart, Stookey, Tolton, Wilson, Wootton, Mr. Speaker—36.

Nay—Anderson, A. V., Cromar, Edward, Hawley, Marks, Miller, Simons, Stringham, Thompson—9.

S. B. 91, by Rasband, relating to the right of dead found, failed on a vote of 15 ayes and 25 nays. S. B. 130, by the joint committee on bounty frauds, was made the special order for Wednesday at 3 p. m., while H. B. 207, relating to the sale of storage eggs, was called up and recommended.

S. J. M. No. 3, asking Congress to enact pure food laws, was passed.

**NEW HOUSE BILLS.**  
Three new bills were introduced during the session, these being as follows:

H. B. No. 231, Hawley, making it a misdemeanor for any one who shall kill a cow, horse or cattle upon the range, or take the hide to the nearest poundkeeper, who shall record the marks and brands on the hide, the name of the person killing the animal and the place where it was killed. Live stock.

H. B. No. 232, irrigation committee, substitute for H. B. Nos. 193, 195, 197, revising the irrigation law of the state.

H. B. No. 233, J. A. Anderson, providing for the examination by the state bank examiner of all banks in which public funds are deposited. Public funds.

The committee on education and art recommended the passage of S. B. 32, by Walton, relating to the erection of schoolhouses by contract or day labor. Adopted.

**Chamberlain's Colic, Cholera and Diarrhoea Remedy.**  
The great success of this preparation in the relief and cure of bowel complaints has been proved in every case. It never fails, and when reduced with water and sweetened is pleasant to take. It is equally valuable for children and adults. For sale by all druggists.

### LADIES ARE AROUSED.

Club Members Propose to Wage War Against City Fifth and Weeds.

The "Home and Education section" of the Ladies' Literary club met yesterday afternoon and discussed a number of measures that have heretofore been suggested and some of which have been enacted into ordinances, but which have not been carried out. The filthy condition of the city streets in front of the club members' homes, and the great share of the blame for this, was stated that weeds were allowed to grow on the sidewalks and that the sand coverings on new pavements were permitted to remain indefinitely. The fact that the patrol wagon is still carrying arrested people in the full gaze of bystanders, notwithstanding that a promise had been given to have the wagon covered, was also a matter that was discussed by the club members present at the meeting. These matters will be brought up before the regular meeting of the club next Friday. The ladies may see fit to take the initiative in the way of enforcement of the ordinances, by causing the arrest of persons who fail to observe them.

**Cured Hemorrhages of the Lungs.**  
"Several years since my lungs were badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians but without benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs and prevents serious results from a cold. Beware of substitutes. Sold by F. J. Hill Drug Co.

## DESERET NEWS WAS CENSORED.

Turkish Officials Opened Mail And Tore Pages Out of Christmas Edition.

### THEN THEY DELIVERED PACKAGE

Interesting Communication From J. W. Booth, at Aintab, Syria, Turkey on the Subject.

The present is rather a late date in which to receive expressions of praise concerning the last Christmas issue of the Deseret News. But the one printed herewith has come from afar, which accounts for the lateness of its appearance. It is sent from Aintab, Syria, Turkey, under date of Feb. 4, and reads:

"Before this reaches your office you will without doubt have been 'snowed under' with winter compliments from recipients of the Christmas edition of the 'News.' Kindly permit another dike to fall upon your covered dome."

"That peerless paper with 100 pages has just reached us with the last mail. We are proud to claim that our headquarters have been honored with the finest specimen of artistic journalism that has ever passed the fanatical eye of a Syrian censor. The magnificent edition will be studied through the crossing warps of the world's literature, weaving its threads of intellectual, moral and spiritual progress as plainly visible in the fabric as streaks of gold running through navy blue."

"We are proud to claim that our headquarters have been honored with the finest specimen of artistic journalism that has ever passed the fanatical eye of a Syrian censor. The magnificent edition will be studied through the crossing warps of the world's literature, weaving its threads of intellectual, moral and spiritual progress as plainly visible in the fabric as streaks of gold running through navy blue."

"Pages 47, 48, 74 and 78 were torn out by the censor. What was in them?"

It is interesting to know what the pages referred to above contain. Page 47 has a necrological record for the year 1904, a report of Salt Lake City's health condition and death rate by Dr. Wilcox, a picture of the new Latter-day Saints' hospital and a number of advertisements. On page 48 is the new edition of the world's literature, weaving its threads of intellectual, moral and spiritual progress as plainly visible in the fabric as streaks of gold running through navy blue."

"The elimination of page 74 carried with it the accounts of Utah's educational institutions, and 78 dealt with the Church and missionary news of the latter-day Saints, including a lengthy article from the pen of Elder J. Wilford Booth, president of the Turkish mission. It is not difficult to understand why that fell under the ban. The article in question was written from Constantinople, Turkey, under date of Nov. 1, and first appeared in the Millennial Star, from which it was copied into the Christmas News."

**Champion Liniment for Rheumatism.**  
Chas. Drake, mail carrier at Chas. Drake, Conn. says: "Chamberlain's Pain Balm is the champion of all liniments. After trying several cures the storekeeper completely cured me. There is no use of anyone suffering from that painful ailment when this liniment can be obtained at a small sum. It gives prompt relief and its continued use for a short time will produce a permanent cure. For sale by all druggists."

## This Day in History.

MARCH 7th.

162—Antonius Pius, Roman emperor, died; born 95.

1220—William Longworth, first earl of Salisbury, died.

1774—British parliament closed the port of Boston. The "Boston tea party" of Dec. 16, 1773, led to retaliatory measures as soon as news of the affair reached parliament. That body immediately passed the "Boston port bill," which closed the port to all commerce and transferred the board of customs to Massachusetts and the seat of the colonial government to Salem.

1874—Millard Fillmore, thirteenth president, died in Buffalo; born 1796.

1886—John G. Clark, famous English linguist and scientist, died in London; born 1818.

1902—The British general Methuen captured in a sharp fight with General Buller's Boer command near Klerksdorp.
