"BIG TIM" JORDAN, BROOKLYN'S FIRST SACKER, WHO IS PLAYING BEST GAME OF HIS CAREER

One of the surprises of the present National league season is the improvement in the playing of "Big Tim" Jordan at first base for the Brooklyn Nationals. In 1907 Jordan was one of the best hitters in the older organization and a fair fielder, but last year his game was below par. "Big Tim's" principal weakness was his inability to hanale grounders successfully. Judging by his present playing, he has overcome this fault, as he has been picking them up a la Hal Chase. Jordan made his professional debut with the Senecas of New York in 1899. In 1901 he was a substitute on the Washington Americans. During the season of 1902 he played with the Newark team of the Eastern league and in 1903 with the Nashua club of the New England circuit. In 1904 he became a member of the Baltimore team. He did fine work that year and in 1905 attracted the attention of the Brooklyn club. In 1905 he made 12 home runs, leading the league.

T H. Fitzgerald, a Salt Lake Man. **Purchases Platoon and Others** And Will Race.

Nine high class equine runners owned and brought here by J. B. Dunne were sold last night to a Salt Lake business man and sportsman, Thomas H. Fitzgerald, who declined to give out the purchase price. The stable recently ran in the Ogden meet and brought good returns to the owner and Mr. Fitzger-

all stated to the owner and Mr. Fitzger-all stated to the "News" this morning that he would use some of the horses in the big meet of the Utah Jockey club. The horses purchased are: Platoon, Belreed, Billy Bowlegs, Edurado, Charlie Doherty, East End, Patriotic, Ferben and Belle of Portello. Immediately following the purchase of the horses a discussion as to the merits of Platoon and Balreed ensued. Mr. of Platoon and Balreed ensued. Mr. Flizgerald particularly fancies Platoon and has so much confidence in that animal he offered last night down at the Cullen hotel, to bet J. H. Bran-non, owner of Booger Red, \$1,000 that Platoon could beat the winner of the Cullen handicap. Neither sportsman was to be bluffed and each posted a forfeit of \$500, with the understanding that the race should be run this morn-ing, provided the horses arrived from Ogden in time. They did not arrive but are expected here some time today or perhaps tomorrow, morning. The money was posted with Fresident Con-dron of the Utah Jockey club and it was understood that, if the horses did not get here in time the race was to be run at a future date, the weights and other conditions to heremed.

This morning Manager Harry Heagren, of the Salt Palace bicycle track receiv-ed a letter from Walter Bardgett, who is now in Los Angeres, to she effect that a bunch of pedal pushers are on their way to Salt Lake City to race here during the summer. This after-noon Walker, Krebs, Lawson, Palmer and Stenhouse came in from Los An-geles, and Billy Samuelson is expected tomorrow noon. Bardgett and others will follow later. All the riders see a good thing in the game here under Hea-gren's management, and there will cer-tainly be a big field of riders and the compatition will be keener than ever before. E. L. Wille, the genius loci of the Louvre, was seized with an attack of icute "gasolinitis" some days ago, hied himself to Studebaker's on State street and purchased an "F-M-F." It took him but a short time to master the intria-cies of the gasobuggy-so he thought and right merrily did he speed up and down the principal highways, the envy

down the principal high ways, the envy of all his friends but closely watched by nervous pedestrians. All went lovely until about 2 o'clock this morning when Wille proposed to es-tablish, a new early morning South Temple street record, carrying six per-sons in the machine. The story of his accomplishments and how Wille came to grief is told by one of the luckless pas-sengers who declares he shall never for-set the ride as long as he lives. It seems that close to last midnight W. P. Cooper, Mr. Finkerton and two of-ficers from the post were in the cafe. When it came time for the last car to leave and the party showed signs of breaking up, Wille insisted that they re-main longer. ENTER THE AUTOMOBILE

how to run it; know all about it, it's easy." The party consented to take a chance —"but never again." Mrs. Wille insist-ed on accompanying her husband. Per-haps she knew more about his ability as a chauffeur than did the others. Wille cranked the machine, threw open the throttle and the way iney went up Main street at a rate of speed which threat-ened to burn the asphalt and awaken all the policemen on the street. BENCH SHOW OPENS ON THURSDAY, FOUR POINT

he annual bench show of the Utah the annual bench show of the Utah Kennel club opens on Thursday next at 8-47 west First South street, and it will undoubtedly be the biggest and best in the history of canine exhibitions in this state. It will be a four-point affair. The entries have closed and show listed more than 300 valuable canines.

than 300 valuable canines. Workmein are busy getting things in shape. Three floors of the building will be used and a big attendance during the three days is looked for. Dr. George W. Clayton, judge of the show, has arrived in the city and ex-presses himself as more than pleased with the showing already made by the club. Dogs are arriving daily from out-side points and there is the keenest ri-valry in all classes. The dachunds, those creatures which are a dog and a half long and only a quarter of a dog high, are attracting particular interest.

AMATEUR BOXING BOUTS.

Interesting Card Given at Auditorium By St. Regis Club Last Night.

By St. Regis Club Last Night. The amateur boxing bouts at the Au-ditorium last night under the auspices of the St. Regis club were interesting and drew a splendid house. The last bout between Chick Colburn and Abe Labell, was perhaps the best of the evening, and caused considerable enthu-siasm. The bout was declared a draw. Peanut Sinclair gave his usual clever exhibition and handed it out to Joe Cain, although the latter gave a good ac-count of himself. The U. Midget and Splder Kelly went to a draw but it was a good mix-up. Hogan got the decision

KNABENSHUE AIRSHIP WILL NAVIGATE TONIGHT.

Tonight for the first time in the history of Salt Lake an airship will circle some of the tall buildings up town, at least that is the promise of Nat Reiss whoset carnival company opened a week's engagement at the Salt Palace last night. Owing to the fact that it takes 24 hours to inflate the airship it was impossible for Roy Knabenshue to make the ascension last evening.

Despite the cool weather and the dampness under foot there was a large crowd in evidence at the Salt Palace last evening to witness the opening of the summer amusement season. Thousands of electric lights twinkled over the confett) battle which was instituted on the Midway while the barkers of the humerous side shows barked, the spellers of the headline attractions spieled and the band broke into popular airs with abandon. The show continues throughout the week.

The Salt Lake baseball team in the L. M. league opens with Butte today in a series of five games. Bert Allen, a ball pitcher of consid-erable ability, who was with the Three-eye league, is in the city. He quit base-ball some time ago on account of his health, but it is all right again and ho will get back in the game.

The Salt Lake High school track team which won the big meet on Saturday at Cummings field, has not disbanded and the young athletes are still in training, preparing for the Olympic. Young At-kins is after the Fred C. Richmond, Jr., medal.

On E. and Tenth avenue this evening, the Sait Lake and Ensign socker foot-ball teams meet in a practise game which promises to be a hummer. Both aggregations are in good shape and from the two a team will be chosen to play for the cup.

G. L. Becker, Maroni Skeen and W. H Anderson have returned to Ogden and can tell you why they call Walla Walla Walla Walla. They were in the town whose name sounds like a gurggle, shoot-ing in a trap shooters' tournament and gave a mighty good account of them-selves.

Philadelphia, May 24.-Jack O'Brien and Stanley Ketchel were matched to fight six rounds before the National Athletic club in this city June 9. The men agreed to weigh in at 180 pounds at noon on the day of the fight. Each deposited a forfeit of \$1,000.

Lovers of the wrestling game may see almost any day one or more good matches by visiting the gymnasium at the fire department headquarters. There is a bunch of the boys there capable of putting up a hot contest and the keenest rivalry exists between Williams and Keith. These are the gripmen who gave a good exhibition at the Salt Pal-ace on the occasion of Gotch's appear-ance. ance.

McINTOSH TO JEFFRIES.

Chicago, May 2.-James J. Jeffries has received a letter from Hugh McIntosh, the Australian fight promoter, who is in England, asking him to refrain from closing a match with Johnson for the world's heavyweight title without first the fight.

Riving him an opportunity to bid for the fight. Jeffries expressed the opinion that Mc-Intosh wanted them to fight in Austra-lia or England. When Jeffries signs ar-ticles to fight the negro he figures he can make just as much money battling in America as he can in a foreign clime and asserts the battle must take place in this country. Jeffries continues his strenuous train-ing every morning. Today he will or-ganize a team composed of Comiskey's utility men and play against a nine or-ganized by James J. Corbett. Jeffries will play first base and Corbett will pitch and play the outfield.

JACK JOHNSON STAYS.

New York, May 25.-Jack Johnson was to sail for England today, but as he had indicated his willingness to fight Al Kanfman in a few weeks he decided ear-ly today to cancel his trip abroad. The champion will new train for his bout with Kaufman and arrange for other fights. It is not unlikely Johnson will seek to have his bout with Ketchel set back so that he can have plenty of time to get in fine physical condition.

GOTCH WINS.

Omaha, May 24.-Frank Gotch, world's champion wrestler, tonight defeated Charles Olsen of St. Louis in straight falls. The first fall went 21:40 and the second 15 minutes flat. Gotch has cancelled his match with Hackenschmidt in Melbourne, Australia, for next January, and will quit the wrestling game after June II, at least temporarily. Gotch said tonight he would undergo an operation on the nose in June to remove a growth resulting from an injury received many years ago while playing ball. He said he would not make any new matches for a year or more.

SAM LANGFORD WINS.

London. May 24-Sam Langford, the colored heavyweight, of Boston, knock-ed out Ian Hague, the heavyweight championof England, in the fourth round, at the National Sporting club here to-night. The fight, which was for a purse of \$3,000 and the championship, was scheduled to go 30 rounds. The ring generalship he had picked up in many battles enabled Langford to score a comparatively easy victory over Hague and the fourth round had been barely commenced when the burly York-shireman was floored by a well directed blow and counted out.

SOUTH TEMPLE RECORD. Turning South Temple and Main on a couple of wheels the restaurant man pro-ceeded to do a Barney Oldfield along that thoroughfare. He showed remark-able skill in going over cobblestones by not hitting more than six out of a doz-en, and several times derity caucht Cooper, who was thrown high into the alr while going over bumps. While in-sisted he could do the high hurdles in record time if necessary but his friends explained it was not necessary, especial-ly at 2 o'clock in the morning. While ne time was kept between the monument and Fourteenth East all agreed that the record had been demolished and Wille predicted he would take first prize in the next hull climbing contest. He took great delight in explaining to his friends the mechanism of the machine and a few other mystories and told how easy it was to operate. Soon he dashed through the big gates and onto the reservation. At this point he explained they were on a "very bad grade" and he would put on the "slow." Seizing a lever he gave it a jerk and a shove and the next instant there was a whirting, harsh grating sound, a spas-modic shiver and the engine stopped. Wille took the hood off the engine and Cooper demanded that a fire alarm be turned in, but this was impossible as there was no fire box or telephone near. "IN JUST A MINUTE." "IN JUST A MINUTE."

"IN JUST A MINUTE." "Oh, she go all right in a minute." explained Wille, and then he began to show his mechanical ability. Sclecting la or 16 different tools he started to work, promising, betweey gasps and romarks that were entirely irrelevant to the sit-uation, that "shell go in a minute." One, two, three, four, 20, 60 minutes and then some passed, but the machine refused to move unless by man-power. The men pushed and hauled in various directions but nary a chug would the auto make. By this time it was getting colder and colder. The purty shivered and freited while Wille made a few more remarks and crawled under the machine for the fortheth time. When he emerged he had a lovely gasoline shampoo and Cooper said it was all he could do to refrain from striking a match to see the effect. The air became colder. Wile lost his nat and demanded that some one telephone. BY MULE POWER.

BY MULE POWER.

BY MULE POWER. Finally, one of the officers mumbled something about amateurs and dashed away in the direction of the post. After a while he returned with four mules hitched to a big army wason. Mrs. Wille and the rest of the party were invited to take seats while Wille was advised to remain guard over his auto lest the gophers steal it. Each of the party was taken home by mule-power and the faithful Wille re-mained guard over his property until the dawn of day. At last accounts Wille was frantically engaged trying to get the gasolne out of his beautiful har, and also inventing new names for various parts of an automobile.
