Armed Men Spard Engine at Mal-
ta and Uncouple Express
And Baggage Cars.

GOT ABOUT SIXTY DOLLARS.

Passengers Were Not Molested—Poss-
essed by Sheriff in Pur-
suit of Bandits.

Leadville, Colo., Oct. 16.—Two armed men boarded the engine of Denver & Rio Grande passenger train No. 5 at Malta and at the point of re-
turn compelled the engineer and fire-
man to uncouple the express and bag-
gage cars. They then forced the en-
gineer to pull the cars several miles up
the road. When the train stopped the
robbers went to the express car, and
handed the messenger with their
weapons, attempted to blow open the
safes. They only succeeded in securing
about \$60.

The second section of No. 5 was three
hours late leaving Salida. It was in
charge of Conductor Conway and En-
gineer Campbell. When the local agent
near Canonville, Utah, saw the train
coming over the tender and, covering
the engine with revolvers, ordered
the men to stop the train. They were
one of the bandits marched the
one of the express car, which he or-
dered to be uncoupled. This was done so
quickly that the rest of the train crew
were not aware of what had happened.
The fireman and the bandit then leaped
from the car and pulled up the track.
When passing Kildare siding, the con-
ductor of a waiting freight train noticed
the flying train and, suspecting some-
thing wrong, notified the local agent.
The agent, who was on duty, ordered
the engine and express car
up the track for about two miles.
It was halted and the robbers, forcing
the engine to walk in front of them,
ordered the express messenger to open
the door, threatening him with death.
The safe, but the job was a bung-
ling one and it is stated that all the
money secured was about \$60 in loose
change.

A group of 11 men headed by Sheriff
O'Malley in pursuit of the bandits,
who were in the express car, were
seen to blow open a safe at White
Springs in Summit county a few
miles ago.

CHINESE WAR VESSEL.

The Wang Ho, First to Visit American
Port, Enters San Pedro Harbor.

Los Angeles, Cal., Oct. 17.—The Chi-
nese war junk Wang Ho, purchased
from the Chinese government a year
ago by the United States for exhibi-
tion purposes, entered San Pedro har-
bor today after a tempestuous voyage
in which, soon after leaving Kagoshi-
ma, Japan, the fire and after many
days of carrying. About the same
time the captain of the vessel, Hans
Rog, died, and was buried at sea. The
Wang Ho is the first Chinese war ves-
sel to be brought to an American port.

\$61,200 MISSING.

From the U. S. Sub-Treasury at St.
Louis.

St. Louis, Oct. 17.—The Republic to-
day prints the following:
Three expert accountants from the
young department at Washington,
acting under a departmental order
issued, counting more than \$20,000,000
in vaults of the United States sub-
treasury, have discovered a shortage of
\$61,200.

John E. Wilkie, chief of the United
States secret service, is in the city, but
declines that his mission has no con-
nection with the examination. He says
he is here merely to attend the bank-
ers' convention.

The United States Sub-Treasurer Thomas
A. Atkins admitted that the experts are
in St. Louis, but said that no definite
statement would be made by him until
the representatives from Washington
had finished their investigation.

"A man's reputation," said Mr. At-
kins, "is worth more to him than the
loss of \$61,200 is to the govern-
ment. If an error were made in check-
ing money from the vaults to one of
the clerks, a receipt of all the money
on hand would reveal the error, and
also the presence of the full amount
of the money which should be in the
vaults."

The present investigation will de-
termine whether the accounts bal-
ance. Until then nothing can be said,
he would be unjust to connect
the name of any employee with the dis-
crepancy at this time.

Big Birmingham Concern of Which
Jos. Chamberlain is the Head.

London, Oct. 17.—The commercial
community in Great Britain is greatly
interested in the decision announced
yesterday by Kynoch, limited, ammu-
nition manufacturers of Birmingham, to
adopt the metric system both in weight
and measures and monetary dealings.
In England the metric system is per-
mitted legally, but it is not com-
pulsory. Fruitless efforts have been made
to get parliament to make it com-
pulsory. Mr. Chamberlain, chairman of
Kynoch, limited, in an interview on
this matter, said:

"The directors, tired of waiting for
parliament to act decided to make the
experiment for themselves. The exist-
ing system is a great hindrance to
trade abroad, yet parliament refuses
to take this simple step for the benefit
of our commerce, and yet I doubt our
example will be followed."

AN OAKLAND HOLD-UP.

Armed Highwayman Enters Residence
And Robs a Woman.

Oakland, Cal., Oct. 16.—Shortly before
6 o'clock this evening Mrs. William
Betts was held up in her own home at
6510 Wheeler street by an armed high-
wayman, who robbed her of \$100. Mrs.
Betts was seated at a desk in a front
room counting her money and awaiting
the arrival of her husband. When she
saw the robber enter the door she man-
aged to slip \$30 into her bodice. After
the robber got the remainder of the
money, he demanded that Mrs. Betts
leave the room. She went to her room
and locked the door. The robber then
left. The ring was a wedding
ring, and the woman wore it from her
finger and threw it through an open
window.

"You—I'll kill you," said the desper-
ado, as he raised the gun to strike.
A pet dog attacked the robber and Mrs.
Betts fainted. A few minutes later her
husband arrived and found her on the
floor.

signments of money, amounting to more
than \$6,000, were lost in the wreck of the

HERMANN OELRICHS' WILL.

Efforts Being Made to Prevent a Con-
test Over It.

New York, Oct. 17.—Efforts are still be-
ing made to prevent contest over the
probate of the will of Hermann Oelrichs,
which disinherited his widow, Vera
Oelrichs, and left only his personal
effects to his 15-year-old boy. His brother,
Charles M. Oelrichs, is the executor of the
will. Citation for the probate of the
will was postponed until yesterday, but
by agreement of counsel an further
journey was taken until tomorrow

NATIONAL SPIRITUALIST ASSOCIATION MEETING.

Chicago, Oct. 17.—The National Spiritu-
alist association began its annual
session here yesterday, with delegates
present representing more than 700
spiritualist bodies.

Thomas Grimshaw of St. Louis spoke
on "The Future of Spiritualism," while
the speaker claimed to be under the
influence of a spirit.

In his annual report President Har-
rison D. Barrett recommended that
the convention take a decided stand
against sectarian teachings in the pub-
lic schools, for uniform taxation of all
church property, against employment of
salaried clergymen by legislatures and
in the army and navy, against special
privileges for preachers, for international
arbitration, for the right of suffrage
qualification for voters, and for equal
suffrage for the sexes.

In reference to the definition of the
terms, medium, clairvoyant, prophet,
used by spiritualists, President Barrett
said:

"Let us have the courage of our con-
victions and state them in plain, sim-
ple language, for all the world to see.
If we hold to the idea that spiritualism
is a religion, and that its mediums are
its mouthpieces, therefore religious
teachers and helpers, let us say so. If
we hold the discovery of gold mines,
the finding of hidden treasure, the giv-
ing of tips on the markets and other
equally questionable assumptions com-
stitute the religion of spiritualism, let
us say so and tell all self-respecting
people that their presence with us is
no longer desired."

FINE YEAR FOR WORLD'S RECORDS

Johnson's Roseben Creates New
Mark for Seven Furlongs
At Belmont.

CROWD CHEERS THE WINNER.

His Owner is Reported to Have Won
Over \$25,000 on the
Victory.

New York, Oct. 16.—D. C. Johnson's
Roseben, carrying 125 pounds, created a
new world's record for seven furlongs
when he won the fifth race at Belmont
park today. He stepped the distance in
the fastest time ever made on an Ameri-
can race course, 1:22. When he finished
and the phenomenal time was hung out
by the official timer the big crowd arose
and gave the great sprinter a rousing
cheer which continued for several min-
utes in spite of the fact that he was
quoted at 1 to 50 in the betting and they
were unable to get on him. Johnson and
Frank Farrell are reported to have won
over \$25,000 on his victory, as they bet
him on the race. Roseben is a four-year-
old bay colt, bred by J. B. Roseben, who
would run faster than 1:20. Fourteen
horses were entered to go in this event,
but they were all scratched except Beau-
claire and it was after the withdrawal
that it was decided to send him against
time. Roseben broke very quickly in 12
batteries and ran the first furlong in 12
seconds. He kept up a fast clip and
passed the quarter pole in 23-4-5, going
solidly. Shaw kept the horse close to the
rail all the way and Roseben ran the
three-eighths of a mile in 33-1-5. Around
the long upper turn the favorite contin-
ued in brilliant style and flashed by the
half-mile pole in 44-4-5. When he turned
into the stretch the high wind was behind
him and he came to the three-quarter
mark in 1:10-3-5. Shaw took no chances
but rode Roseben out, coming under the
time a winner in 1:22. The best previous
time was 1:24-5-5, held by Hailfax, 3-year-
old, and the straight-away was held by
Delia B. 1:23-5-5, made in 1904 at Mon-
mouth. Roseben probably will be sent
Friday against the mile record, which is
held by Salvo, of 1:35-4-5, over the
straight-away course at Monmouth in 1891.

First race, one mile—Savoy won, 1:30-5-5.
Second race, three-quarters, straight—
Zamboni won, 1:22-5-5. Glenham
third. Time—1:22-5-5.
Third race, six furlongs, straight—Zam-
boni won, 1:22-5-5. Glenham
third. Time—1:22-5-5.
Fourth race, the Rancho del Paso
stakes, six furlongs, straight—Tourette
won, 1:22-5-5. Glenham
third. Time—1:22-5-5.
Fifth race, seven furlongs, main course
—Roseben won, Beau Claire second, Time
—1:22. Only two starters.
Sixth race, one mile and a quarter—

LAFAYETTES THE WINNERS.

Start Season With Some Brilliant Form
That Prevailed Last Year.

The winning streak in the Lafayette
football team which ran through last
season, is showing again this year. In
a game with the Lowell school yesterday
afternoon the latter was defeated by a
decisive score of 22 to 0. The game was
played at Cummings field, and the win-
ners attracted much applause by their
good team work, and the hard playing
of their backs and ends. The winners lined
up as follows:

C. Young, q. b.; Smith, f. b.; Spencer,
r. h. b.; Taylor, l. h. b.; Treseder, r. e.;
Anderson, r. e.; James, r. g. l. Taylor,

Roseben Now Out After the Mile
World's Record.

New York, Oct. 17.—The gelding Rose-
ben, which has made a record for seven
furlongs at Belmont park race track
yesterday, is to try to break Sal-
vator's record of 1:35-4-5 on Friday.
The racing association will offer a
purse of \$5,000 and a gold cup as an in-
centive for the effort. Roseben is a four-
year-old bay colt, bred by J. B. Roseben,
who would run faster than 1:20. Fourteen

Philadelphia Jack O'Brien Again Gets
Some Press Notice.

Los Angeles, Oct. 16.—Jack O'Brien of
Philadelphia knocked out two men be-
fore the Pacific Athletic club here to-
night. He put out Fred Kookey, his for-
mer sparring partner, in three rounds,
wholly outclassing him and knocking him
down in every round. Kookey landed
scarcely a blow. Jim Tremble, a local
boxer, he succeeded in putting out after
nine rounds of fighting. In the terms of
the match O'Brien had agreed to put out
each man inside of 10 rounds.

Tremble complained of the decision of
the referee and the decision of the referee
was hised. The crowd also booed and hised
O'Brien on two or three occasions when
