

N. H. Clark Writes Letter Making Some Valuable Suggestions.
The cry about higher prices has reached the automobiliaus of Salt Lake. W. Clark, an entausiastic autoist, Las a same to remedy the evil compidened of the bas addressed a letter to all the automobiliaus of the clip, in which he says.
"In view of the innucquate facilities afforded us by the garages and the experiment of the purpose of evil the real the real the real the says.
The view of the innucquate facilities afforded us by the garages and the experiment of the purpose of evil the real the real the real the says.
The view of the innucquate facilities afforded us by the garages and the experiment of the purpose of evil the real real the real real the real real the real of the says.
To the said shops a first class means to the exceed the actual cost of pice, repairs, washing and housing for the purpose of exiablishing such use and machine shops an assessment when the best of said association, the real first of the same will be levied on members of said association, the existent to be self-sustaining after in running order. It is estimated that the sement to be self-sustaining after in first of \$100 each will be amply with the sais estimated that the ment so levied will be real of the sais and equip will be real that the ment so levied will be real that the ment so levied will be real that the ment so levied will be real that the mot a year in the reduced charges pupiles, repairs and nonsing, to say in the treatment and attention, being the real of the sail association of knowyour machine is receiving the siment and attention, being in use when needed, and know-are getting what you pay for, at that you have your own gar-not interfare in the above plan, casen that only those who keep differe in the general may the the garage will pay the

suits should fit well, which also means scientific cutting. There is science in dress-cutting and ladies' tailoring, as much so as in any art. A queen is none too good to cut her daughter's dresses, and if the gar-ments fit well, and appear becoming, she may feel as proud of her accom-plishment as of her station. There is a large and growing demand for first chass cutters, and the compen-

flest class cutters, and the c

Four Diseases That Wreck Men Cured "That Good Coal" We have arranged a system of payment that will allow every man to take advantage of our services. You deposit your money either in small payments or in a lump sum, and it is not ours until after you receive a cure. We do not accept incurable cases, our prices are reasonable, our results are speedy and are lasting. No other specialist offers you what we do, for we have the only certain cure known for all curable cases. BAMBERCER,

the above plan meets with your wal, kindly address the undersigned, approval, kinats

NEW RULES SUGGESTED.

National Body Composed of Manufacturers of Automobiles.

Johnal Body Composed of Manui-facturers of Automobiles.
De suscession that a national body, be corned to frame a set of rules abuding tours, races and other com-les events has evidently taken root.
Interview E. H. Culler, generation that the present rules for worker were inadequate to get the results, both for the industry and als essental public. When present for acting the various events throughout worker in adequate to get the results, both for the industry and als essental public. When present for acting the various events throughout with set of rules that would meet all requirements necessary for a thor-and honesi tour or trace.
Culler was of the cpinion that the fon of universal horsepower rating the remedy for the existing evils and atted that the engineers of the as-tion of Licensed Automobile Ka-w and American Motor Car Manui-res the Boelety of Automobile Ka-was desting of the created Automobile Ka-was desting of the created Automobile Ka-was desting of the engineers of the astation of Licensed Automobile Ka-was desting of the create the trace step toward de he he basis for all classification of the second. Automobile Ka-was the stualion not standa, its carsepower, selling for Sk000 Under carsepower, selling for Sk000 Under resent rules there is no provision for classification and many in-

No woman's happi-Woman's ness can be complete without children; it is her nature to love lightmare and want them as much so as it is to love the beautiful and

pure. The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of Mother's Friend so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful

remedy is always of women through

At the meeting of the committee on permanent organization. Hon. Frank C. Goudy was the only one nominated for president. George E. Barstow of Arizona was named for first vice pres-ident, Judge J. E. Baker of Modoc county, Cal., second vice president, and Herbert E. Strainof Montana. third vice president. The election of officers is scheduled for Saturday morning. Congressman Smith of California sought the adop-tion of a resolution declaring the price charged for timber cut from govern-ment forest reserves too high, and the excess should be refunded. An amend-ed resolution. Intrdouced by Frank Goudy on the subject was adopted de-claring that there should be no thought of making a profit for the government through the sale of timber or granting of grazing privileges. Bona fide min-ers, stockmen and farmers should be only charged a rate for such privil-eges as would meet the government expenses. Other resolutions adopted provided

eges as would meet the government expenses. Other resolutions adopted provided for the establishment of bureaus of hydrology and drainage in connection with irrigation work. A resolution calling on Congress to aid irrigation in any way possible was also passed. A feature of the day was the address of Merle B. Vincent of Colorado, di-rector of the American National Live-stock association, advocating support of the government grazing policy.

CHEERFULLY RECOMMENDED FOR RHEUMATISM.

O. G. Higber, Danville, Illa, writes, Dec. 2, 1201. "About two years ago I was laid up for four meeths with Theumatism. I tried Ballard's Snow Liniment; one bottle cured me. I can cheerfully recommend it to all euffering from like affliction. 35c, 50c and 31.00. Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main St. B

OFFICIALS ACCUSED OF CONNIVING AT MURDER.

NORVIR BAY NOT LEASED. Washington, Bept. 5.—Acting Secy, Newberry, of the navy department to-day said there was no truth in the Shanghai report that the United States has leased for five years a coaling station in Norvik bay. Regarding a report from the same source that the United States had leased for next win-ter the floating dry dock at Vladivo-stok, Mr. Newberry said "that would be just as much use to the navy as a canal or. Mars."

sation is most liberal. Why not qualify for such a position?

make the man" nor yet the woman-still there is no reason why every one should not wear well cut and well made

clothes. It is our duty to look as well as we can, which means that dresses or suits should fit well, which also means

for such a position? Recognizing the demand for a thor-ough practical knowledge of the dress-maker's art, Keister's Ladles' Tailoring College has been founded on lines to

The Keister schools in Logan and in The Keister system of measurements and cutting followed by a method of practical instruction in making has greatly simplified ladies' talloring. The Keister schools in Logan and in this dite are entering upon their fourth

The Kelster schools in Logan and in this city are entering upon their fourth year's work. They have had a steady growth and prospects are favorable for a larger attendance than ever. Prepa-rations are being made accordingly. Better facilities are being provided that the work may be more effective. The public may bring their goods and for a nominal fee have them cut to measure, or if they desire, the articles can be made up for a reasonable price in a workmanilke manner. In this way students who have become skilful may gain an extended experience which will be most valuable. Pattern making for the public will be a feature. Mrs. Lerona A. Wison, the principal, is an expert in cutting and ladies' tail-oring, and is becoming recognized as authority in that line.

oring, and is becoming recognized as authority in that line. Mr. Joseph E. Wilson, the manager, will supervise the drafting. Added by a special set of patterns from the St. Louis school, he has prepared a corre-spondence course in drafting patterns for the convenience of those who cannot come to the school for personal instrucme to the school for personal instruc
