

EXCHANGES SIGN THE PROTOCOL.

Institutions Agree Upon a Harmonious Plan of Action.

EACH TO HAVE ONE CALL.

Afternoon Will be Open for Curbing—Stocks Active in the PM.

The stock exchanges of this city have entered the historic agreement having reached an agreement looking to a peaceful harmony, and consequently better business from this time on. Notwithstanding Saturday's action declaring it the sense of the Salt Lake Exchange that the two daily calls be continued indefinitely, the announcement was made this morning that at a meeting of the governing board, held a few minutes before, it had been decided to discontinue the afternoon call, this in the fact of an agreement with the new exchange that its evening call would likewise be done away with, and that its daily session would begin not later than 12:15, the old hour to be called to order at 10:30.

The agreement was made by President Jackson who, in answer to a question, stated that it was necessary for resolutions of the governing board to be ratified by the exchange as a body. Exchange members, interrupted with groans of disapproval, granted the proposition. In consequence of this action, it was decided to have two daily calls hereafter, and those at an hour before the afternoon for early business.
