

## CITY TREASURY SHOT TO PIECES

Heads of Departments Would  
Make Fine Understudies  
For Oliver Twist.

ALL ARE CRYING FOR MORE.

Nearly Two-Thirds of Year's Budget  
Spent—Council of War to be  
Held Monday.

With nearly two-thirds of the year's budget already spent, the city board of estimates and apportionment will meet Monday in Mayor John S. Bransford's office to devise some cunning way to re-adjust the deplorable financial condition of the various departments. The heads of departments

have submitted the expenditures in their departments for the first six months of the year. There are one or two departments which have not spent half of their appropriations and from these will be taken any excess and transferred to other departments which have been extravagant with the funds. The total departmental appropriation provided for in the budget this year was \$765,027.50, which is \$102,000 more than the taxes amounted to. Besides this the general expense in the special funds was estimated at \$268,134.83 and unpaid bills at \$194,718.67 on improvements. This gave a total of \$1,167,881.00 to cover the expenses of the year.

**SPLENDID SPENDERS.**  
Of the departmental apportionment about \$400,000 has been spent. In the street department the expenses amounted to \$64,009.96, leaving a balance of \$48,220.64 on which to run the department for the next six months. Jake Raleigh, street supervisor, will ask for about \$8,000 additional to cover the extra expense caused by the high water. This will bring the expense of the street department up to about \$120,000 for the year. The board allowed \$112,330.

**YELLING FOR HELP.**  
In the department of the land and water commissioner, more than half of the funds have been spent. Frank Mathews, the land and water commissioner, will ask for \$1,700 additional to cover the extra expense of controlling the high water. The engineering department has spent more than half of

its appropriation. George Chaney, the assistant city engineer, was unable to supply the figures yesterday, however. He stated that City Engineer Kelsey had taken them with him on his trip to Los Angeles. Kelsey is attempting to figure out some way to make ends meet while on his vacation without asking the board to give him more money.

**LIFE LINE IN SIGHT.**  
Auditor Rudolph A. Alf received a letter from the county auditor yesterday afternoon showing the city's valuation to be \$52,104,220, which is an increase of \$3,000,000 over last year's assessment. This will increase the taxes about \$40,000. With this increase the board of estimates and apportionment will make an effort to figure out some way in which the taxes will not have to be raised again this year. The board consists of J. S. Bransford, chairman; A. J. Davis, T. R. Black, L. J. Wood, L. D. Martin and P. S. Fernstrom, councilmen. The "advisory" board, composed of Frank L. Seft, C. J. Crabtree, and J. E. Durmer, will be associated. The result of this meeting will decide whether the city can approve any more public improvements this year.

## RAISE IN WAGES FOR TEAMSTERS OF CITY

Sprinkling Committee Recommends  
Increase to \$5 a Day for  
Eight Hours' Work.

When the petition of Davis & Hauser, contractors for the North Temple street aqueduct, came before the engineering committee last night which asks for an extension of time to complete the work, it was passed up to the board of public works. There were a number of residents who live on North Temple street, present to oppose the extension of time or any change in the plans and specifications. The consideration of the petition was passed because the city attorney notified the councilmen that it was the duty of the board of public works to deal with the contractors in regard to work. The board will take the matter up at its meeting tonight.

The sprinkling committee recommended the increase in wages paid to teamsters so that the street department can secure teams to operate the sprinkling wagons. The city will now offer men with teams \$5 a day instead of \$4.50 for eight hours work.

W. H. Glor, chief of the fire department, presented an ordinance to the police and fire committee which he had drawn to prohibit the sale of fireworks and explosives in Salt Lake. It was turned over to the city attorney to put into form and then it will be recommended to the council for passage.

The claims committee with the city attorney associated met last night to consider the damage claims from the high water. There were about 40 claims and it was decided to go over the ground first to see just what damage had been done before any action is taken.

Mrs. Ora M. Brashere, owner of about 200 coin trade machines, appeared before the license committee last night asking that no license be charged her. In her petition which she presented was the statement of a number of merchants that the machines were selling their goods on which they paid license. The matter was not acted upon definitely.

## DELEGATES BACK TO THE DRUG STORE

Ninth Annual Convention of Utah  
Pharmaceutical Association  
Comes to Close.

NEXT YEAR LOGAN GETS IT.

Wynn L. Eddy of Brigham City Is  
Elected President for the  
Ensuing Year.

The ninth annual convention of the Utah Pharmaceutical Association was brought to a close yesterday afternoon, after a series of interesting sessions covering two days. At the final session, the officers of the association for the ensuing year were elected, the following being the successful candidates:

President—Wynn L. Eddy, Brigham City.  
First Vice President—James L. Franken, Salt Lake City.  
Second Vice President—B. F. Riter, Logan.

Treasurer—George W. Driver, Ogden.  
Secretary—Harry Coombs, Salt Lake City.

Executive Committee—Charles Van Dyke, Salt Lake City; Roy McAllister, First judicial district; John Culley, Second judicial district; John Alexander Hedquist, Fourth judicial district; Mark Hewlett, Fifth judicial district; H. H. Peterson, Sixth judicial district.

Logan was selected as the place for holding the next meeting of the association in 1910. This decision was largely influenced by the receipt of the following telegram from E. P. Bacon, president of the Logan Commercial club, reading as follows:

"The Commercial Boosters' club extends a cordial invitation to State Druggists' association to hold its annual convention in Logan for 1910." When the matter of holding the next annual convention of the association in Logan was put to a vote, it was carried without a dissenting voice.

**PAPERS READ.**  
During the afternoon papers were delivered as follows:

"The National Formulary, Making it a Greater Asset to the Retail Pharmacist and to the Physician," by Harry Coombs.  
"How Far is the Druggist Justified in Exploiting His Own Preparations in Preference to Patent Medicines," by A. A. Robinson of Salt Lake City.

"Necessity and Application of Commercial Training in the Drug Business," by A. R. McIntyre of Ogden.  
"Crude Drugs in the Western Market; Their Identification and Authentication," by Ralph Nelden of Salt Lake City.

"The Dispensing Doctor," by T. R. Kelley of Springville.  
"The State and Local Associations; Their Value to the Individual and the Benefits Derived from Their Meetings," by A. H. Malben of Mt. Pleasant.

"The Necessity of the Druggist in Politics," by H. H. Peterson of Elsinore.  
"The Responsibility of the Employer in His Relationship to the Employee," by John H. Bishop of Logan.

"In the Estimation of the Public, Is the Legitimate Sale of Wines and Liquors by the Retail Pharmacist a Detriment?" by D. B. Hoover of Salt Lake City.

**BANQUET IN EVENING.**  
In the evening a banquet was held in the diningroom of the Commercial club. The druggists were in a happy mood and the dinner speeches rang with wit and good will. Joy H. Johnson, president of the association, acted as toastmaster, and talks were delivered as follows:

"Drugs vs. Groceries," by John H. Bishop of Logan.  
"Will the Association Be Invited to Lay the Cornerstone of the New Capitol Building at Ogden?" by John Culley of Ogden.

"What Makes the Chalk in Chalk Creek?" by John L. Boyden of Coalville.  
"What Effect Do the Smelter Fumes Have on a Drug Stock in Tooele?" by Archibald of Tooele.

"Laws and Liquors, or Why I Shall Leave Utah County Jan. 1, 1910," by J. W. N. Whitecotton.  
Addresses were also made by F. A. Druehl, J. E. Bradley, F. C. Schramm, R. R. Brownfield, C. C. Daily, Fred Schaff of Chicago, Rev. S. H. Goodwin, chaplain of the association, M. I. Kitchen, Frank Whitworth and others.

## RAWLINS RETAINS SEAT ON THE BOARD

Judge G. G. Armstrong Decides That  
He May Participate in Jordan  
School Affairs.

James R. Rawlins, of Draper, is entitled to a seat in the board of education of the Jordan school district, according to the decision of Judge George G. Armstrong yesterday afternoon in his suit against the board for a writ of mandamus. He will be allowed to participate in the business transacted by the board. It is probable, however, that the board will appeal the case.

Mr. Rawlins was elected a member of the board after a spirited fight last December. During his absence from the county, the board ousted him and chose Heber A. Smith to succeed him because it was charged that he was not a resident of Draper when he was elected.

The board introduced evidence at the hearing to show that Rawlins had taken up a homestead in Uintah county and was therefore disqualified. It appears, however, that the land which was taken up was afterwards abandoned, and there was no evidence that he was not a resident of Draper at the time of the election.

**R. H. CARLQUIST CALLED.**  
Patient Young Sufferer Succumbs to  
Organic Troubles of the Heart.

After a long and patient illness from heart troubles, Robert H. Carlquist died at an early hour this morning at the home of his parents, Mr. and Mrs. C. A. Carlquist at No. 621 south Fourth West street. He was just round-

ing into manhood, being eighteen years old. Among his friends and companions he was known as a very cheerful fellow having been afflicted for a long time with organic troubles of the heart. Because of the absence of a brother in Arizona the funeral arrangements have not been completed but he will probably be buried from the Fifth ward meetinghouse next Sunday.

**MRS. GILMAN HERE.**  
Authoress and Lecturer a Guest of  
Mrs. Susan Young Gates.

Mrs. Charlotte P. Gilman, the noted writer and lecturer, arrived in the city last night, and is the guest of Mrs. Susan Y. Gates. Mrs. Gilman has won world-wide reputation with her books on social economics, and has lectured in the chief cities of America and England. She is to lecture here Sunday afternoon at the tabernacle, and on Monday night at either Barratt or Unity hall.

Mrs. Susan Y. Gates has received a letter from Miss Sadie American, executive head of the Jewish Council of Women, stating that she will arrive in the city tomorrow at noon from Glenwood Springs, for a few hours' stay in the city. Another notable addition to the many distinguished visitors in the city this week.

## ADDITIONAL TAX LEVY FOR SCHOOL PURPOSES

Increase of Two-Tenths of a Mill De-  
cided Upon by the County  
Auditor.

An additional tax levy of two-tenths of a mill for school purposes, making the total school levy 2.2 mills, will be made this year to cover the interest on school bonds in Salt Lake which is due. This increase was decided upon yesterday by Frank Hegginbotham, county auditor, who completed the making up of the levies in the various school districts.

Murray will pay the same levy of 10 mills. There is a slight increase in the

valuation of Murray which this year amounts to \$1,914,724.  
The Granite school district will have a levy of 12 mills this year, which is an increase of 2 mills over last year. The valuation is \$5,430,724.  
The levy in the Jordan school district will be increased 2 mills, making a total of 11 mills. The valuation is \$6,216,587.  
Forest Dale and Sandy make up their own levies. The valuation of the former place this year is \$349,384 and the latter \$188,760.

## FIRST SENT TO PROVO.

Two young children were examined yesterday afternoon by the state board of insanity in Governor Spry's office and sent to the State Mental hospital at Provo to be placed in the department for the feeble minded. They are the first inmates who have been sent to that department since the institution established in connection with the mental hospital has been completed.

### The Successful Round-Up Sale in the Men's Section will draw to a close Saturday Evening.

There has never been a time in the history of the department when so much interest was aroused in accessories to men's dress as during the present Round-Up. The values are surprising—so many features—so many surprising reductions.

As an example we are selling American Silk and Sea Island cotton underwear, regular \$2.00 a garment, the country over, at \$1.00 a garment. There's nothing nicer on the market. This underwear feels right when it is worn—Made to fit the body. It is splendid wearing underwear.

Our entire stock of shirts at \$1.17. You can't grasp the importance of this striking reduction unless the line is examined. Plain and plaited bosoms. Values to \$2.50. Union suits. ONT THIRD reduction. Fancy half-hose, 19c. You pay 35c and 50c for this hosiery right along.

These are but a few of the features.

### Last day, Mr. Man for you to buy a pair of fine, regular \$5.00 Oxfords at \$3.95.

Regular \$5.00 at this store. Elsewhere, oxfords of the same high-class make, sell at \$5.50 and \$6.00. We carry just one line at one price, \$5.00. But they are worth it—Worth more. The Oxfords are made with a view to comfort. They fit the feet—in many cases as you know by experience, the feet are forced to fit the shoe. We include these fine oxfords in the Round-Up simply to impress upon men that the department has added shoes and oxfords for their wear. Come in and look the line over. Note the graceful styles, the splendid workmanship, the excellent leathers—believe us when we tell you the oxfords will wear.

## Saturday's Best Suit Bargains

Where value counts and style, fit and Tailoring are considered our offerings today will stand in a class by themselves. But style and fit and price do not concern us now as much as it concerns you. We have to move and the orders are to clean up the entire stock.
