Papers sent to subscribers by mail have the names stamped upon them with figures opposite to indicate when the subscriptions will expire. For instance, *John Smith, 4-11-8*, means that John Smith's subscription will expire on the 4th day of the 11th month of this year, or November 4th, 1888. Subscribers will please notice the figures on their papers, to see that they have their proper credits, also to know when to renew their subscriptions, the rule being to stop the paper when the subscription expires.

LAST NIGHT'S NEWS.

Grand Council of the Crow Creek Indians—Dissatisfaction Among Them.

The Brotherhood and Brakemen Hold a Picnic at Pittsburgh, Pa.

Big Movement of Silver Dollars for Storage at Washington.

Representative Joseph Brings the Maxwell Land Grant Before Congress.

By Telegraph to the NEWS.

Political Notes.

INDIANAPOLIS, Aug. 27.—Ex-Senator McDonald delivered a speech on the tariff question to a large audience this evening.

GEORGE AND GARRISON.

NEW YORK, Aug. 27.—Henry George had his first Cleveland and Thurman ratification meeting tonight, and besides himself William Lloyd Garrison was a speaker. Mr. Garrison said the republican party was content to dwell in the issues of the past. Mr. Garrison, among other utterances, said: "We have no desire to conceal that our attitude is one of absolute free trade."

Henry George said: "I stand here to ratify the nomination of Cleveland and Thurman. Grover Cleveland is the true labor candidate of today. I am a free trader and the man who is afraid to be branded a free trader does not know the power in the word free. The protectionists have had their way for years, and it is time we tried freedom."

HUNGARIAN DEMOCRACY.

The platform used for the mass meeting of the Hungarian democratic club collapsed tonight, and fifty persons dropped to the street. One boy was crushed to death and several were slightly injured. Previous to the accident there were 5000 spectators present. They pelted the reporters with stones and other missiles.

Crow Creek Indians

ST. PAUL, Aug. 27.—A special from the Crow Creek agency says: The first grand council was called to order this afternoon. The Indians have selected their spokesmen, all of whom are chiefs. The younger and more intelligent element objects to this arrangement, and insist that each one should be permitted to speak his own opinions. They say that the interest of one Indian on the reservation is equal to another and that it would be impossible for any one or half a dozen men to express the wishes of the entire tribe. There will be strong objections raised to this plan.

Edmunds' Amendment.

WASHINGTON, Aug. 27.—Edmunds today proposed the following as an amendment to be added to the resolution of Senator Hoar calling on the President to communicate to Congress all remonstrances, if any, which he has addressed to Canada in regard to discriminations against vessels passing through Canada canals, and also that there be communicated to the Senate copies of all papers, correspondence and information touching the matter of the refusal of the British government of that of any of her North American dominions to allow entrance at the Dominion seaports of American fish or other carroes for transportation in bond to the United States since the first day of July, 1886; also that he communicate to the Senate what instances have occurred since the third of March, 1887, of wrong to American fishing vessels or other American vessels in the ports or waters of British North America and what steps, if any, have been taken in respect thereto.

Washington Notes.

WASHINGTON, Aug. 27.—The President sent to the Senate today a message vetoing the bill for a public building at Sioux City, Iowa.

The movement of silver dollars from the different mints and sub-treasuries to Washington for storage in the large new silver vault will begin tomorrow. Shipments will be made in lots of $500,000 a day and will continue until the vault is filled. The vault has a capacity of $100,000,000 in silver dollars. It will take six months to fill it at the rate of shipment decided upon. The shipment will be confined to the coin now stored at Philadelphia, New York, New Orleans and San Francisco. It is estimated that about $30,000,000 will be brought from each of the cities named.

Protection Democrats.

SARATOGA, Aug. 27. — Ex-Sheriff James O'Brien and about twenty New York democrats last night met here and decided for an organization in New York City of all democrats who are opposed to free trade. They passed resolutions denouncing free trade and the present administration's action on the tariff, and will seek to draw in more democrats into their organization. All democrats who are in favor of protecting American industries will be eligible to membership.

Mistaken or Crazy.

CHICAGO, Aug. 27.—Robert Herman, a barber, this afternoon entered the office of Dr. C. C. Higgins, a well known physician, and without warning fired two shots from a revolver at him at close range. Both bullets went wild, and the third, which was fired just as the doctor had grappled with his assailant, buried itself in the ceiling. At the police station Herman declared he had attempted to kill Dr. Higgins because the latter had insulted a young lady who had visited him professionally a short time ago. Herman declines to give the name of the lady. The doctor declares the charges utterly groundless, and says Herman is either mistaken or crazy.

Grainger's Exhibition.

WILLIAM'S GROVE, Pa., Aug. 27.—The fifteenth annual inter-state exhibition of grangers was opened today. Two hundred car loads of machinery of all descriptions have been placed in position.

Three Arrests in Ireland.

DUBLIN, Aug. 27.—The police at Wexford, today arrested John Redmond, his brother Wm. Redmond, members of Parliament, and Edward Walsh, editor of the *Wexford People*, charged with offences under the crimes act.

Railroad Men's Picnic.

PITTSBURG, Aug. 27.—A union picnic and meeting of the Brotherhood of Locomotive Engineers and Brakemen is in progress here. Tomorrow will be engineers day and the assemblage will be addressed by Grand Chief Arthur, who will present the Burlington case and endeavor to excite renewed interest in the strikers.

FIFTIETH CONGRESS.

SENATE.

WASHINGTON, Aug. 27.—After a long discussion in which Teller referred to the bill reported by him this morning on the subject, and which, he said, proposed to allow millers to cut wood under the license, the amendment was agreed to and the resolution adopted.

The Senate then proceeded to the consideration of the report of the judiciary committee on the Jackson, Miss., election, and Wilson of Iowa continued his remarks, began on Thursday last. When Wilson concluded his remarks Wetherell made a reply. At the close of his speech the report went over without action, and the Senate adjourned.

HOUSE.

WASHINGTON, Aug. 27.—Under the call of states, a number of bills were introduced, among them the following:

By Mason of Illinois, to investigate certain national banks that hold and use government money without interest, and to ascertain how much if anything is contributed by such banks for the use of such government money to the Democratic National Campaign Committee.

By Joseph of New Mexico a resolution directing the Secretary of the Interior to examine into the occupancy of the Maxwell land grant by those who hold adversely to the party or parties to whom the title thereto has been decided to belong by the Supreme Court, and to report to Congress during the pendency of such investigation and report thereon; all writs of ejectment to be temporarily suspended. Referred to the committee on private land claims.

By Vandever of California to provide means of exterminating the cottony cushion scale now threatening the citrus fruit culture in California.

The Speaker laid before the House the request of Messrs. Hovey and Matson, rival candidates for governorship of Indiana, for leave of absence for fifteen days on account of "important business." Granted.

The House then went into committee of the whole on the deficiency appropriation bill, the pending question to be an appeal from the decision of the chair ruling the French spoliation claims section out of the bill. After an hour or more the vote of a quorum was secured, the decision of the chair was sustained and the provision was eliminated from the bill. By unanimous consent the floor was accorded to Yost of Virginia, who made an exhaustive speech in favor of the Blair educational bill. At the conclusion of his speech Wise of Virginia, took the floor and made a reply.

Burns moved that the committee rise and report the deficiency bill to the House. The motion was agreed to and the chairman reported to the speaker that the committee had agreed to the bill with certain amendments. The deficiency bill (without the spoliation section) was then passed and the House adjourned.

BRIEF TELEGRAMS.

Williams Grove, Pa., Aug. 27.—The fifteenth annual inter-State exhibition of Grangers was opened today. Two hundred carloads of machinery of all description have been placed in position.

New York, Aug. 27.—The international swimming match between Johnson, of England, and Levy, of Pittsburg, over a five mile course was won by Johnson today at Coney Island in one hour, twenty minutes and thirty seconds.

Vienna, Aug. 27.—The official report of the world's harvest shows that the wheat crop in Italy, France, Great Britain and Russia is from 20 to 25 per cent. below the average, and in Austro-Hungary, Southeastern Europe and Egypt, from 7 to 30 per cent. above the average.

St. Paul, Aug. 27.—E. M. Young, of New York, a wealthy owner of mines in Arizona and Miss Mildred Niedringhaus, the daughter of the St. Louis millionaire who owns 120,000 head of cattle on Western ranges, were married in this city Friday. It was a runaway match, the couple having met only two weeks ago.

Burlington, Iowa, Aug. 27.—In a collision between a passenger and a construction train of the Burlington road near Krum, Iowa, this afternoon, the engine and ten cars were totally wrecked. The roadmaster, Rose, Dennis Griffin and Patrick Ready and a number of others were injured.

Detroit, Aug. 17.—A special from Pittsdale, Michigan, says: Charles W. Waldren, one of the owners and manager of the Waldren bank, of this city, has absconded, taking with him money and securities variously estimated at from $60,000 to $80,000.

More Kicks.

We extract the following from the last issue of the Arizona *Kicker*:

"Our Policy.—Heretofore, as our readers know, *The Kicker* has almost entirely abstained from publicly criticising the evils which all know to exist under our noses. We have become tired and disgusted with ourselves for this lack of spunk, and next week we shall open a red hot campaign on

"The mayor,
"The common council,
"The fire department,
"All secret societies,
"The saloons,
"The gambling dens,
"And on various other organizations and institutions reeking with corruption.

"It will be a spicy issue. It will make more than a ton of human hair stand on end. It will make a thousand hearts thump like pile drivers. Chicanery, deceit, hypocrisy, theft, robbery, arson and murder will be properly tagged off and the tags pinned to the right coat tails.

"Order your extra copies at an early date. Advertisers should send in their copy by Saturday. Don't neglect this golden opportunity. Another may never come."

THE BARKEEPER'S GRATITUDE.—"That dog, sir," said the barkeeper with emotion, "saved my life."

"How?"

"You remember when Grizzly Pete and Montana Jim had that little scrape last summer?"

"Yes."

"Well, I was standing right behind this counter. The dog bit me on the leg, I stooped down to paralyze him, and a bullet from Pete's pistol broke the mirror right behind where I stood. If I had been standing up at the time it would have gone through me."

"It was a lucky bite."

"That's what it was. I can feel it now, though, every time it's going to rain, and it's going to rain in less than twenty-four hours, darn him!" said the barkeeper, with sudden indignation, as he kicked the animal clear up over the bar.—*Chicago Tribune.*

SLANG AND MEANINGLESS EXCLAMATIONS.—Avoid the use of slang lest you fall into a disagreeable habit that will prove difficult to correct. It is true that Thackeray said, "There is some slang that is gentlemanly slang;" it is equally true that there is slang that is vulgar. If one does not know the difference, let him avoid slang altogether, and then he will be safe.

Don't use profane language. Don't multiply epithets and adjectives; don't show an overfondness for superlatives. Moderate your transports. Avoid the use of meaningless exclamations such as "Oh, my!" "Oh, crachy!" etc.

THE STATEMENT ITS OWN COMMENT.—The little miss who wrote the following will develop into a brilliant satirist one of these days:

"Dear Pape—Mamma wrote me to get my washing done, to get my shoes mended and to buy some buttons for my dress and a new ribbon for my hat—an I she sent me 10 cents."—Philadelphia *Times.*

Willie—What makes you come to our house so often, Mr. Haukinson? Do you want to marry our Irene?

Miss Irene (taken by surprise, but realizing with rare presence of mind that Mr. Haukinson has got to say something now)—Willie, you impertinent boy, leave the room.

He Was Harmless.

There was a young man at the Central depot the other day who wore a large hat, a very blue woolen shirt and a very new pair of buckskin leggings ornamented with bells. He walked about in a restless way, as if hankering for scalps, but this was a mistake. Officer Button finally approached him and inquired:

"Did any get away?"

"Who?"

"Indians."

"See here, mister," said the stranger, as a shade of sorrow climbed his face, "I am not that kind of a man. If you expect to hear me announce that I was from the headwaters of Fighting Creek, and that my father was a tarantula and by mother a wild cat, you will be disappointed."

"But the toggery?"

"I'm wearing it because it's the only suit I've got. I'm on my way to Canada to work on a farm."

"Yes, but at some time or other you——"

"Yes; three months ago, in this very town, I went into a saloon and announced that I was hungry for meat. I went from the saloon to the hospital. I have not hungered since. All I want is to be let alone. You needn't pay me any further attention, for I am harmless."—*Detroit Free Press.*

CARESSES OF THE SEA.—To me the ocean is at once the most fascinating and the most horrible sight in the world—this incoming of each smiling blue, white crested wave, that, almost with a purr, creeps up to you and seems to absorb you in its greatness, or else makes you wonderfully conscious of your extreme littleness.

The foliage type as represented by a great, beautiful tiger, or this wonderful sea that seizes you with a caress and drags you to destruction in a whirl of its kisses, is so intensely feminine! I think that is the reason that men are passionately fond of it; women decidedly afraid. The one rushes in not knowing the duplicity of the eternal feminine as shown by the ocean. The other, knowing her kind, bewares of it. It is the old story of fools rushing in where angels fear to tread.—"Bab" in New York *Star.*

A Sound Legal Opinion.

E. Bainbridge Munday, Esq., County Atty., Clay Co., Tex., says: "Have used Electric Bitters with most happy results. My brother also was very low with Malarial Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: He positively believes he would have died, had it not been for Electric Bitters.

This great remedy will ward off, as well as cure all Malarial Diseases, and for all Kidney, Liver and Stomach Disorders stands unequaled. Price 50c. and $1, at A. C. Smith & Co's Drug store. (6)

Don't Experiment.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems, at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottles free at A. C. Smith & Co's Drug Store.
Large Bottles $1. (6)

THE CYCLORAMA.

Everybody should visit the Battle of Gettysburg in the circular building, erected especially for it on West Temple Street, south of the Temple Block, between South and First South Street. Descending the steps you pass through a dark hall and ascend inside to the center of the building and appear to be on the summit of a hill with a vast expanse of country before you. Dead and dying are all around as well as guns and equipments; canteens, gun-carriage wheels and munitions of war; bodies of troops, artillery duels, bayonet charges, movements of divisions, brigades and regiments are portrayed with wonderful accuracy. At intervals a descriptive lecture is given, and you can spend an hour here to good advantage. d

AMUSEMENTS.

IDEAL BROILING.
Broiling can be done in the oven of the Charter Oak Range or Stove with the Wire Gauze Oven Door, more perfectly than over the live coals.
Lay the steak, chops, ham or fish on a wire broiler or meat rack, placing it in an ordinary bake pan to catch the dripping.
Allow it to remain in the oven with the door closed 15 or 20 minutes. No turning is required. At the end of this time it will be found nicely cooked ready to serve.
THIS IS THE IDEAL WAY TO BROIL MEATS.
There is no taint of coal gas or smoke and the meats are more tender and better in flavor than those broiled over the coals. The convenience of broiling in the oven will be appreciated by every housekeeper, and adds another to the many reasons why the Charter Oak Range or Stove with the Wire Gauze Oven Door should be preferred to all others now in the market.

Revolutionize the Present Methods of Cooking
ITS THEORY
Is that all Food Baked or Cooked, should be cooked in fresh air freely admitted to the oven. This is done by discarding the close oven door heretofore used, and substituting for it a door containing a sheet of Wire Gauze nearly as large as the door itself.
Through this Gauze Pass the air currents freely and unimpeded, facilitating the process of cooking, and producing food that is unequalled in flavor and nutrition, and actually cooked with less consumption of fuel than in an oven with a closed door.
It makes an enormous saving in the weight of meat.
It also produces larger Loaves of Bread, requires less attention from the cook, and promotes the health of the family by the SUPERIOR QUALITY OF THE FOOD COOKED IN IT.
OPINION OF AN EXPERT.
MRS. MARY B. WELCH, Teacher Domestic Economy, Iowa State University, says: "My deliberate judgment is that the OAK Range, as compared with other stoves in my family, more equally heated in every part—front and rear—but as a result of its superior ventilation the food placed therein is better cooked, while requiring less fuel to bake, and a larger proportion of its heat utilized. I find, also the consumption of coal in this Range is much less than any other for same work."
