Early Bathers-Bathing has begun already at Saltair, and a dozen people were in the water this morning. They said it was just a trifle disagreeable undressing in the cold, but after entering the water, and becoming "ac-climated," it wasn't so bad.

Soldiers Fined-Private S. Leon of the Signal Corps was "on the carpet" last evening, before the summary court, on charge of cutting drills. He was fined \$5; and Private S. Eastman of the same command was order-ed fined \$5 for contempt of court in failing to respond to summons to appear to answer charges. The two de-linquents have 20 days in which to pay their fines. If not paid then, the sheriff is made sergeant of the guard and he will proceed to lock the two militiamen up to serve out their fines.

Courses of Study-At yesterday rnoon's meeting of the public ool principals, Col. William Igleafternoon's heart spoke on courses of study in general, and with special reference to eliminating from the school curriculum such branches of study as are not absolutely essential to foundation STATEHOOD BILL QUITE DOUBTFUL services. Elder cated the grave. Speaker Cannon Said to be Unalterably Opposed to Senate Measure. GOVERNMENT OWNERSHIP.

Without Dissenting Voice Provision is Made for Cable to be Constructed And Owned by United States,

Special Correspondence

Washington, May 13 .- There are some optimistic individuals about Washington who seem to think that there is yet a chance for the statehood bill in some form, but these men have not talked with the speaker lately or they would not be so sure. The senate will not accept joint statehood for New Mexico and Arizona, and as long as the speaker can control the house there will not be a division of the question. Speaker Cannon would prefer to see four states --Oklahoma, Indian Territory, New Mexico and Arizona-rather than three states, as would possibly be the ultimate outcome if joint statehood is de-feated. "Better four senators from Oklahoma and Indian Territory if there must be four from the other two.' 110 has said to friends, "for they have peo-ple behind them and will have more."

SEE NO FUTURE DEVELOPMENT. It is the belief of Speaker Cannon and those who stand with him on the joint statehood matter that Arizona and New Mexico will never develop into great states; that they will always be sparsely settled, and yet if they are admitted the two will always be equal to the states of New York and Illinois in the senate. With these two terd-tories admitted a block of states having eight representatives in the house would be equal to a block of states having 150 representatives, and this inequality would exist for the next 50 years. Speaker Cannon had a ma-jority of 30 behind him in the statehood fight. Should the bill come before the house with an opportunity to vote for Oklahoma separately there will be the prettlest kind of a fight. Should there be an attempt to put Oklahoma

on the sundry eivil appropriation bill the contest would be still more bitter. Those who stand with the speaker would be willing to let the bill faft be-fore they would allow the statehood fore they would allow the statehood bill to pass as a rider. In a contest of this kind the senate would finally be compelled to yield, that is if the majority should remain true to the speaker.

GOVERNMENT OWNERSHIP

Without a dissenting voice the senate provided for a cable to be constructed and owned by the general government between the United States and Pana-ma. In Panama we are building and will own a canal and now own and operate a railroad. A few years ago objection was made to the construction of a portage railroad around the Dalles of the Columbia river because it meant government ownership. The same objection was urged to the construction of a Pacific ocean cable. We have been making rapid strides in the way of government ownership of public utilities. In fact, this government takes control when it is necessary. And therein is a pointer regarding control of transportation lines

Butterfield of Herriman. The Littley fam-ily of Nephl, of whom a number ac-companied the remains to this city, de-serve great credit for the interest they took in the matter, and Mrs. Emma H. Jenson made a special trip to Nephl to help arrange the removal of the body to her home, which the deceased "loved so well." At the funeral services Elder Aimon Butterfield offered the openlog prayer and Elder Aimon-Thomas But-terfield the benediction. A large number, of the Saints from Herriman, relatives and friends of the deceased, attended the services. Elder Andrew Jenson dedi-cated the grave.

SCIATICA CURED AFTER TWENTY

YEARS OF TORTURE. For more than twenty years Mr. J. B. Massey, of 3322 Clinton St., Minneapolls, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possi-ble, and less than one bottle has effected a permanent cure. Mr. Massey relates his experience for the benefit of others who may be similarly afflicted. If trou-bled with sciatica or rheumatism why not try a Z-cent bottle of Pain Balm and see for yourself how quickly it re-lieves the pain. For sale by all drug-gists.

Beggar Gets 50 Days—In the crim-inal division of the city court, Robert Chadwick, a cripple, was yesterday afternoon sentenced to serve 50 days the city jail. Chadwick, on Tuesday afternoon, solicited alms of Willlam Short, a State street butcher. Not receiving a favorable response, the beggar became very abusive, and when being led to the door by the proprietor of the place, the latter was struck a vicious blow by Chadwick, the weap-on used being a heavy cane. Mr. Short's arm was severely hurt, and it was feared for a time that the member was broken. He swore to a complaint against his assailant, and when the case was called in court Chad-wick made no defense, being apparently willing to go to jall.

ABOUT A "STARTER."

During the consideration of the army appropriation bill Senator Carter of Montana introduced an amendment to reconstruct some of the old buildings at Fort Keogh, in his state. He had read a letter from Quartermaster Gen-eral Humphrey, in which the officer said the proposed appropriation "would be a good and proper starter." "I should like to ask," said said Senator

Aldrich, "what is meant by a 'start-

"That is a technical phrase," replied Carter, "well understood in the army, I believe." 'I suppose it must be," replied Ald-

"If this is a mere 'starter,'" asked Senator Lodge, "how much does the senator think it will cost hereafteer?" Then Carter explained at length the the importance of Keogh as one of the oldest permanent posts in the western country.

He will not be a candidate again, although the Democrats of that again, although the Democrats of that district will no doubt try to force him to make the race. Uncle Tom Davis is the brother of Henry Gassaway Davis, who was the candidate for vice presi-dent two years ago. He is not so old as Henry G., being only 73 years old, but it is not because of his age that he retires from public life. He does not enjoy it and feels that he ought not to spend his • maining years working for constituents.
