

## SLOAN WILL STAY IN ENGLAND.

Feeling Has Been Stirred Up Against American Jockeys.

### TOD'S TEMPER IS RUFFLED.

Prince of Wales Could Not Stand Against the Sentiment and Discharged the Little Jockey.

New York, Nov. 1.—Tod Sloan's temper is seriously ruffled by the loss of his engagement with the Prince of Wales, says a London dispatch to the World.

"Have you been notified that you will not be retained by the Prince of Wales," the jockey was asked.

"No, but I guess it's true all the same," was Sloan's reply. "The feeling that has been stirred up against American jockeys here by some of the news and sporting papers is the worst I ever knew. The prince could not stand against it, I suppose, and I say nothing against him."

"Do you intend to give up racing here?"

"I don't intend to do anything of the kind. I have still as many offers to ride from the best owners as I want. I ride fast, to my best every time and am not beaten yet. You can tell them that in New York."

Marsh, the Prince of Wales's trainer, furnished information before it was communicated to Sloan and the prince, it is said, has rebuked him in it. Despite Sloan's confidence in himself, the cancelling of the Prince of Wales' engagement is considered the worst blow he has received, as other owners will surely follow suit.

### SOMETHING ABOUT PUNTING.

"Who is the Best?"—It is an Annual Question.

"Who is the best punter on the gridiron this fall?" asks the New York Sun. This is an annual question. Last year it was McBride of Yale, who led all others, with plenty to spare. With McBride out of the field has been left open, with many competitors for first honors. So far, the most sensational punter is Grayson, the Pennsylvania quarterback. In all of the games played by the Quakers this season, this young man has shown remarkable proficiency.

Grayson, who is a freshman, is only twenty years old, and has been punting for a long time. He has been punting for a long time. He has been punting for a long time.

### SAILOR SHARKEY MAD.

Tom O'Rourke Said that Tom Was a Quitter.

Thomas Sharkey, the sailor pugilist, is very much wrought up over the accusations made by his former manager, Tom O'Rourke, to the effect that he was a quitter and would not agree to meet Walcott because he was afraid to face the colored man in the ring.

Sharkey emphatically denies the statement issued by O'Rourke, and says the latter is only trying to get even with him because he was afraid to renew his contract, which expired last September, and be a party to crooked deals which O'Rourke contemplated.

"When O'Rourke says I quit with Fitzsimmons," he said, "I said, 'I never quit in my life. All my battles have been on the level, but if O'Rourke had his way I might have been a good fighter for a time.'"

After I was defeated by Jeffries O'Rourke agreed to get on another match for me with the champion, providing I would quit in the third round. That's the kind of a manager he is. I would not consent to any such proposition, and he said I was a 'good thing,' because I refused to fool the public. He showed me where we could make plenty of money by the money, but I told him that I had too much honor to resort to such methods.

I was glad to get away from O'Rourke's management, and no one knows it better than he does. Since my contract expired he has been after me repeatedly.

As to Walcott, I will never meet him in the ring. He is not in my class, and I have no respect for him. They have the reputation of quitters."

Sharkey said that he had received an offer of \$50,000 from Lou Houseman of Chicago to fight Peter Maize on November 15th. Sharkey will not accept the offer, as he wants 75 per cent of the receipts and the time extended to the middle of December.

### Thrashed in the Fifth.

London, Nov. 1.—At the New Goodwin club, London, last night, Billy Gordon of Boston beat Charlie Tille of London in the fifth round.

### LOCAL EVENTS.

#### LEAGUE GAME YESTERDAY.

Lowells Defeated All Hallows Juniors on University Campus.

Quite a large crowd attended the football game played on the University campus yesterday afternoon between the All Hallows Jr. and the Lowell school teams. It was the most one-sided game played in the present series and the Lowell team had the better of it throughout. The All Hallows were unable to make a touchdown, but four of them were scooped up by the speedy Lowells. The result was twenty to nothing, which couldn't have been much less for the All Hallows, for they were out of the game when they were scooped up by the speedy Lowells.

### ANXIOUS FOR A GAME.

Local Footballists Eager to See Christians and High School Teams Meet.

Considerable interest is being stirred up in football circles over the attitude taken by the High School and the Y. M. C. A. teams. Ever since the football season opened there has been a longing among supporters of the game to witness a contest between the two teams.

The challenge issued yesterday by Captain Neils Margretz and the reply of Coach Callahan, Manager McFadden and Prof. Eaton of the High School, has only intensified the desire.

In speaking of the present difficulty, a man prominent in local sporting circles, said today: "It is to be regretted that any ill feeling whatever should have arisen between the two organizations and it is hoped that it will soon be settled amicably and for all time, for the good of the sport in this city. It seems to me that some arrangements could be made to pull off a game between the two teams. It would certainly draw a larger crowd than a contest between any of the other local teams, or a local team, and one from any of the adjacent States."

"Neither team is any too well equipped for the contest," he said, "but made out of one game to furnish the necessary articles and leave a good surplus to assist in entertaining visiting teams. It is true that the Y. M. C. A. team has the advantage in weight, but the High School are not so slow, and would certainly put up a warm game. The Y. M. C. A. is willing to accept any offer of a game, and the High School may select so that there would be absolutely no chance for unfair playing."

### Sporting Notes.

The Y. M. C. A. has not closed with any team for a game for next Saturday. The team will very likely line up with the University on the exhibition gridiron on that day for a practice game.

Coach Callahan of the High School team left last night for a two weeks' trip to the East. While away, Mr. Callahan will look into football matters and when he returns will doubtless have many new plays for the boys.

The Y. M. C. A. team will have a two hours' practice in the gymnasium this evening and go through important electrical work. It is expected that quite a large crowd will be present to watch the close of the season.

J. B. Dunn, formerly of the D. W. C. football team, who has been working with the Y. M. C. A. eleven, left today for the East on important business. Dunn was one of the strongest players of timber the Christians had in their team and they feel their loss keenly. Mr. Dunn may not return before the close of the season.

Just now the eye of football enthusiasts is focused upon the big game scheduled for next Saturday between the University of Wyoming and the Y. M. C. A. heavyweights. The local team is working hard realizing that it will have to play some of the best football in the country. The game is expected to be a very close one.

"That 'Kid' McCoy is certainly in Ireland," was said in the Evening Journal a week ago was confirmed last evening when his brother, Homer Selby, informed an Evening Journal man that he had heard from Norman, the "Kid." The latter wrote while still on the steamer Tonic, and was unable to say what he would do when he reached the other side. The possible trip to South Africa for mining purposes, which has since been mentioned, was not referred to. Selby said he could not say what his brother would do, but that he would not be surprised if the "Kid" came back to New York in a short time. McCoy has not yet sold his property in New York, but Homer Selby said last night that he expected to have the control of his brother's establishment at Broadway and Fortieth street on May 1st next.

### THE SMALL BOY ABROAD.

Celebrates Halloween With Due Solemnity—Little Boys Restore Gates.

It was distinctly remembered by hundreds of boys in this city last night that it was Halloween and knowing what the occasion demanded of them they lived up to their obligations admirably. That is the view the small boy takes of it. The man whose front gates and one section of fence are gone looks at it in another way, and incidentally speaks of it in other language. From time immemorial the small boy has flourished on Halloween and all the expletives of the irate old gentleman with the missing gate have never and will perhaps never suppress him. But out of the many bands of little marauders that stalked abroad last night seizing upon anything that was portable, there was another band of five young gentlemen between the ages of 8 and 10, whose names deserve mention here. Instead of being out for mischief they were engaged in restoring gates and other property which had been transported into another part of the town. The captain of this little band of Trojans was Walter Runcil, and his brave confederates were Stephen Silburn, Grover Howe, Chauncey White and Harold Howe. Upon restoring a gate or a section of fence they would go to the door and knock. When the house came they would salute him, inform

him in terse businesslike style, that they had rescued his gate from the top of a telephone pole, and without giving the man time to get it clear in his head whether he was being made fun of or not they would scamper away after another gate. These little fellows live in the seventeenth ward, and they walked direct into the hearts of many an old person's heart last night, who was too feeble to go after stolen property that an impetuous custom has licensed.

### TO REMOVE GREENWALD.

Chairman Wilson Charges Registrar With Unfairness—Cites Instances.

Chairman Wilson, of the Democratic county committee, has forwarded the following letter to the board of county commissioners, petitioning for the removal of J. J. Greenwald as registration agent in the Fifty-second district:

"Gentlemen—The undersigned respectfully represents that he is chairman of the county committee of the Democratic party, and as such chairman is conducting a campaign in said county; that J. J. Greenwald, the registration officer for the Fifty-second election district therein; that since he was appointed as such registration officer and within the last few days, he has made several wrongs on the result of the election in this county; that in one case he has put the sum of \$100 against the sum of \$75 that William McKinley will carry Salt Lake County, and that the said money was placed in the hands of Ezra Thompson of this city as stakeholder. Petitioner further represents that during the registration of voters on this, the 31st day of October 1900, the said Greenwald has been partial, unfair and unjust in the performance of his duties, and that he refused registration to Democrats upon unreasonable and unjust conditions. The said J. J. Greenwald being financially interested in the outcome of the election, is no longer a fit person to act as the said registrar. Your petitioner therefore prays that J. J. Greenwald be removed from the office of registration agent of said Fifty-second district at once, and that some one else be appointed in his place."

The commissioners will pass upon the matter next Friday morning.

### A Night of Terror.

"A awful anxiety was felt for the widow of the brave General Burnside, of Machias, Me., when the doctors said she would die from pneumonia before morning," writes Mrs. S. H. Further use entirely cured her. This marvelous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50c and \$1.00. Trial bottles free at Z. C. M. I. Drug Dept.

### THE HUNGARIAN THRONE.

Stormy Scene in the Parliament Over Ferdinand's Morgantic Wife.

Budapest, Oct. 31.—A stormy debate is proceeding in the lower house of the Hungarian parliament on Archduke Ferdinand renouncing claim to the Hungarian throne in behalf of the issue of his morganatic marriage.

Emperor Francis Joseph has insisted upon the right of Countess Cholek to become queen of Hungary, and the premier Koloman de Szell, had declared that this was impossible.

Immediately there rose a tremendous tumult with deafening cries of "She shall be queen!"

When quiet was restored the premier expressed the greatest respect for the wife of Archduke Ferdinand, but explained that it was impossible to alter the decision of the emperor. This explanation he followed with a strong appeal to the chamber to pass the bill confirming the renunciation.

### Young Man After Pullman Millions.

New York, Oct. 31.—The young man who for several years annoyed the Pullmans in Chicago by demanding money of them and calling himself Gustave Pullman, was arrested here today.

This afternoon he was taken to the hotel where young George and Sanger Pullman are living and sent his card up to the former.

Pullman had him ejected, and he returned and demanded \$50,000. He was again put out, and on his third visit was arrested. After being arraigned in police court he was taken to the insane pavilion at Bellevue hospital for observation.

### No Hostile Words About England.

Marseilles, Oct. 31.—The Kruger reception committee has issued an invitation to the population to participate in the reception to resident Kruger, but to abstain from hostile action, towards a nation friendly to France.

### Gold from Transvaal Seized.

Hamburg, Oct. 31.—The provincial court has laid an embargo upon bar gold to the value of 2,500,000 marks, which arrived at Cuxhaven today on the Imperial mail steamer Bunderstorf from Delagoa bay. This step was taken it is alleged, for the purpose of reimbursing insurance companies here for gold withheld by the Transvaal government during the war. The Hamburgische Boersen Halle, however, denies a rumor that the gold was shipped by Mr. Kruger.

Dr. and Mrs. A. R. Pike and Mr. and Mrs. Alex. Hedquist, Jr., will leave for St. George next week to spend the winter months with a view to improve the health of Dr. Pike and Mrs. Hedquist, who have been indisposed for some time. Dr. Pike is of the opinion that when better railway facilities are afforded for reaching our "Dixie" it will become famous as a winter resort, and be visited by many health seekers from the northern part of the State and other parts of the country where the climate in the winter is unfavorable to persons in delicate health.

Tuesday evening about twenty prominent local politicians of both sexes took an excursion to Provo bench and held a meeting at Sharem. After their return they spent a pleasant social time at the residence of Senator Smoot (ill) early in the morning.

### VANDALISM MUST CEASE.

Police Warn Offenders that They Will be Severely Dealt With Unless They Reform.

Mallicious Mischief Becoming too Common to Put Up With Longer—Curfew Ordinance Will be Enforced.

Vandalism among boys ranging from 10 to 16 years of age seems to be getting very prevalent. For some time past electric lights along the streets have been broken, the glass in front of fire alarm boxes broken, petty stealing and such malicious mischief has been going on and the perpetrators have escaped punishment either from the city officials or from their parents or guardians, but the complaints have been coming to the police station too often of late, and the officers are determined to punish such boys if apprehended unless their parents will take them under control. The parents of such children are notified of their actions, and if they cannot control their children the police officers have determined the best place for such unruly boys will be in the State reform school, where they will go unless such malicious conduct stops, and the police desire to give the parents a warning that if their boys are out after the curfew they will be arrested and sent to the Reform school. At the present time Chief Conlath has the names of over a dozen boys who have been receiving such bad names, and unless the parents take their sons and punish them, and break them of such habits, the city official will do this duty for them.

Last evening Hon. William Glassman delivered his illustrated lecture on "Expansion and the Philippines" to a good audience at the Grand opera house.

In police court this morning two drunks were fined \$2 each and one was discharged.
