The Government Defeated.

By Telegraph to the NEWS.]

LONDON, July 5.—In the Commons to-night Campbell Bannerman, formerly chief secretary for Ireland, gave notice he would introduce on its second reading the Irish land bill. A motion was made that no land measure would be satisfactory which lacked such a revision of judicial rents as would meet the fall in prices. An animated discussion took place over the conduct of the police in arresting a young woman named Cass, who is of pure repute, as an improper character. The debate resulted in the defeat of the government by a vote of 353 to 148. The criticism of the members was directed less against the police authorities than against Matthews, home secretary, who was accused of shielding the officials. A number of liberal-unionists voted with the majority. It is expected the defeat of the government will lead to the resignation of Matthews.

Chapter of Casualties.

ERIE, Pa., July 5.—About 9:30 last night two fires broke out almost simultaneously in a hotel and a saw mill, in Clarendon, seven miles east of Warren, and a brisk wind swept the flames over the frame buildings of the village like a whirlwind. Aid was procured from Warren as soon as possible but it was too late to stay the progress of the fire, and about all that was saved of the town was the railroad depot. The area burned over is about twenty acres and the value of the buildings is roughly estimated at $350,000, exclusive of the contents. The insurance is insignificant. Eleven hundred people

ARE HOMELESS

to-night and are camping out in the woods. Timber in large quantities is being shipped in, and preparations are being made as rapidly as possible to provide shelter for the unfortunate inhabitants who have lost all. It is believed the fire was of incendiary origin, and the trouble is alleged to have grown out of the refusal of the county authorities to give liquor licenses. The proprietor of the hotel, where the fire was first discovered, is charged with having uttered threats to burn the town, and this morning he fled to the woods. He was soon captured, however, and placed in jail. Threats of lynching are freely made.

PORTLAND, Me., July 5.—Professor Charles H. Grinnelly, accompanied by a newspaper representative made a

BALLOON ASCENSION

from Lincoln Park, yesterday. At a height of 3,000 feet the balloon struck a westerly current and was carried out to sea. An attempt was made to land on one of the islands in the harbor, but without avail, and the balloon descended three miles from shore in a bay. The men were dragged through the water at a rapid rate, when they were rescued in an exhausted condition by the crew of a yacht.

NEW YORK, July 5.—The British ship *Nuskota*, it is feared, has been lost at sea with all on board. She left Sawabaya, Java, December 15, 1886, and called at Banjoeuanjie on New Year's day. Her destination was Queenstown. She has not reached that port, and is posted as

A MISSING VESSEL.

She was in command of Captain Cutter, and had a crew of twenty-five men, the majority of whom were natives of this city. Their names cannot be ascertained. The *Nuskota* hailed from St. John, N. S. With her cargo she was valued at $100,000; only partly insured.

Criminal Cases.

SAN FRANCISCO, July 5.—Private Thomas N. Bateman, Troop A, Second United States Cavalry, shot and killed First Sergeant Samuel M. Sopher, of the same troop, at the Presidio barracks in this city. Both men paraded in this city with their troop yesterday, and the sergeant reprimanded Bateman, whom he found intoxicated in a liquor store at night. When the sergeant went into the soldiers' barracks to waken some delinquents who failed to report for reveille roll call, Bateman stood behind him and deliberately

SHOT HIM

in the head. Sopher fell and Bateman coolly reloaded his carbine and shot the sergeant a second time. Sopher enlisted at Chicago in May, 1884, but served five years with the Second Cavalry in Montana prior to that time. The murderer enlisted in Arizona two years ago, and gave his place of birth as Flemmingsburg, Kentucky. He will be turned over to the civil authorities.

CINCINNATI, July 5.—The *Times-Star* prints a talk this afternoon with Mr. E. L. Harper late of the Fidelity National Bank, and now in jail awaiting trial. He says he had no idea of disaster to the bank and he bought stock the day before the closing and only two days before had $30,000 on deposit. If the

BANK EXAMINER

had not come there would have been no trouble. He denies that he kept his actions secret and says all the directors were responsible. He also went back into the past history and said at the time of the Handy wheat deal at Cincinnati the bank vault was literally emptied. He then put in $200,000 and the deal was carried through successfully. Harper says some of the men engaged in that transaction are now foremost in condemning him.

LINCOLN, Neb., July 5.—A serious riot was threatened here this afternoon between gangs of men employed in laying the track for rival street car companies on Tenth Street. Both companies were fighting for the possession of the street, and as fast as the rails were laid by one gang the other would

TEAR THEM UP

and replace them by their own. The leaders finally drew revolvers and guarded their men with loud threats, until the police stepped in and put three of them under arrest. Among those arrested were John Fitzgerald, president of the Irish National League of America, and a stockholder in a rival company. He was fined $10 and costs.

SUMMERSIDE, Prince Edwards Island, July 5.—A week ago Miss Taplin, of this place, left home for the purpose of seeing her seducer, Wm. Millman. To-day her body was found in the river with two bullet holes in her head and neck, and a rope around her neck to which a stone was attached. Millman and a man named Pyrenstone have been arrested.

INDIANAPOLIS WINS.

INDIANAPOLIS, July 5.—There was almost errorless fielding. Glasscock's daring base running and Denny's timely three bagger won the game for the Indianapolis to-day. The weather was fine and the attendance good. Healey pitched for the home team and Whitney for the visitors. Score: Indianapolis 5, Washington 4. The catchers were Brunell for Indianapolis, Dealey for Washington.

CHICAGO, July 5.—The White Stockings simply amused themselves with the New York nine to-day. In the second inning they batted Keefe for five runs, and then Tiernan was put into pitch. This resulted in the Chicagos making nine runs in the fifth. So Keefe was put back. For the New Yorks life was a

DREARY BLANK

until the eighth inning when Williamson's error let in two runs, to which was added in the ninth a safe hit and three bases on balls. Van Haltern pitched the game throughout for the Chicagos, and was voted by the crowd to be "a dandy." Ten hits were made off him. Daly caught for the Chicagos, and O'Rouke for the New Yorks until he got hurt in the middle of the game, when Brown relieved him. This is Van Haltern's old catcher, but he don't impress the enthusiasts here very favorably, and no startling encomiums of his work were heard. To-day's work puts the home team in the second place in the league race. Score, Chicago 15, New York 3.

The Railroads.

WASHINGTON, July 5.—Donhney and Warnum, of Walla Walla, W. T., complain to the Inter-State Commerce Commission that the freight per hundred on cotton piece goods from Chicago to Walla Walla is $4.70, while to Portland, Oregon, 250 miles further, it is only $1.20 per hundred.

CHICAGO, July 5. — A special from Montreal, Canada, says: The tender of the Canadian Pacific Railway for the English mail service on the Pacific is as follows:

It has offered to contract for ocean service at a speed of fifteen instead of eleven knots, and to build its boats under admiralty supervision, so that they may be readily converted into

ARMED CRUISERS,

for a subsidy of £10,000 per annum. In addition to this it also offers to carry the China and Japan mails for 3,500 miles across the continent of America free of charge. Also, to carry troops and government stores over the same distance of land and ocean at cost price, thus making the route an imperial highway. The subsidy is calculated on the price per mile which the British Government pays the Peninsular and Oriental Company for the carriage of the India and China mails via the Suez canal, and by this estimate the amount of the subsidy for fortnightly mail service each way between Vancouver and Hong Kong would be £165,000 per annum.

The other tender, that of the Morgan Company, ask for the

PACIFIC SERVICE

alone, to be performed at a speed of eleven knots. There are, of course, in this latter tender none of the advantages offered in addition by the Canadian Pacific Railroad with regard to land carriage.

ATCHISON, Kansas, July 5.—The Pacific Railway Investigating Committee to-day examined Ex-Governor Glick. Prior to the state convention in 1883 there had been much complaint against all the railroads for discrimination, but since then the complaints had been less frequent. Prior to 1882 the railroad companies in Kansas

MANAGED POLITICS,

and it was believed controlled the legislature, but the complaints regarding this had almost entirely ceased. Witness did not believe the Central branch of the Union Pacific could pay its share of the debt. He thought the country had received sufficient benefit from the Pacific roads by reason of their development of the region through which they passed to warrant the cancellation of the debt.

Washington Points.

WASHINGTON, July 5.—The issue of standard silver dollars during the week ending July 2d, was $509,020; the same time last year it was $487,588. The shipments of fractional silver coin during the month of June amounted to $688,446.

The 149th call for $19,716,000 three per cent. bonds matured on the 1st instant. Since then $15,512,600 of the bonds have been redeemed by the Treasury Department, leaving $4,204,900 of the call still outstanding. Of the bonds redeemed $11,000,000 have been deposited with the United States treasurer to secure national bank circulation. The three per cent. loan amounted to $502 259,000, all of which has been called. The amount redeemed to date is $294,019,950. So there is still outstanding $8,239,050.

PENSION PAYMENTS.

The payment from the treasury on account of pensions since the first instant, amounts to nearly $12,000,000.

The expenditures so far this month exceed the receipts by over $9,000,000, and there is every indication that this excess will be maintained, if not increased throughout the month. It is still maintained at the Treasury Department that the large expenditures to be made between now and the first of September will reduce the treasury surplus to about $36,800,000 by the last named date.

Three hundred and thirty-five new money order offices were established to-day by the Postmaster-General. The following are

AMONG THEM:

In Arizona—Morenci.
In California—Brooklyn Station, Oakland, Escondido, Lugoma, Mayfield, Michigan, Bluff, Newhall, San Jacinto, South Pasadena, Tipton.
In Colorado — Akron, Brighton, Julesburg, Lamar, Littleton, Meeker, New Windsor, Portland, Rockvale.
In Idaho—Grangeville, Montpelier, Murray.
In Montana—Anaconda, Big Timber, Cooke, Gorham, Granite, Lewiston.
In New Mexico—Chloride, Magdalena.
In Oregon—Gardiner, Newport, Toledo, Vale.
In Utah—Fillmore, Price.
In Washington Territory—Endicott, New Dungeness.
In Wyoming—Buffalo, Lusk.
One hundred and ninety additional postal note offices were also established to-day.

COMPTROLLER TRENHOLM

to-day received a statement from Bank Examiner Sydney in regard to the affairs of the Fidelity Bank on June 30th to the date of its suspension. He declined to make it public to-day as he desired to have it carefully considered before doing so. It was subsequently stated that the books of the bank were kept so loosely that it was likely the examination now being made would show them nearly $500,000 out of the way.

Secretary Fairchild has issued a circular to the custom officers in regard to the operations of through mails from Mexico. He instructed them to treat the unsealed packages of merchandise contained in the mail received from Mexico in accordance with the provisions of the postal convention with that country and the regulations of the Postal Department,

Bad Bonds.

CHICAGO, July 5.—Judge Blodgett in the United States district court to-day, decided the cases of the Ætna Life Insurance Company against the town of Middleport and others. In June, 1863, the town voted $15,000 in aid of the construction of the Chicago, Danville & Vincennes Railroad. In 1876 the town being unable to pay voted to issue interest-bearing bonds in payment. The insurance company bought the bonds, but the supreme court of Illinois decided they were void, "because the law only authorizes an appropriation of money." The insurance company filed a bill in the federal court to compel the towns to levy a tax to pay. Judge Blodgett holds the money was payable when the road was completed in 1871, and that the debt was barred by the statute of limitation, the action not having been brought within the five years from the time the right of action occurred. Similar decisions were rendered in the cases of the towns of Belmont and Milford.

Prize Fight.

WILKSBARRE, Pa., July 5.—One of the most brutal prize fights that ever occurred in this country took place yesterday near Nanticoke. The contestants were Thomas Hoar of this place and Thomas Hurley of Nanticoke. The fight was to a finish. Seventy-one desperate rounds were fought, both men being badly punished. When time was called for the seventy-second round Hoar could not see and said he had enough, and the fight was awarded to Hurley.

Abandoned by Its Friends.

NEW YORK, July 5.—The *Catholic Herald*, which supported Dr. McGlynn since his suspension, did not appear as usual on Sunday. It was said to-day that since the paper began to support Dr. McGlynn many Catholics have refused to buy it. Archbishop Corrigan warned the editor against his course and as the warning was not heeded the advertising of the Catholic schools was withdrawn. Another Catholic paper, the *Examiner*, of Brooklyn, which took sides with Dr. McGlynn, also changed hands recently in order, it is said, to avoid a fate similar to that of the *Herald*.

The Treason Trial.

LEIPSIC, July 5.—In the trial yesterday of Klein and others for complicity in the Schnaebele affair, Grebert, one of the prisoners, denied he had anything to do with the affair. He accused Klein and Laufenberger, the latter a government witness, of being actuated by a desire for revenge against him and of seeking to compromise him. He accounts for the possession of certain papers found upon him, by saying he found them among a lot of old books and papers which he had bought in a box at a second hand shop.

In the trial at Leipsic of the German officials who are accused of furnishing the French goverament with information regarding the military situation in Germany, the prosecution has closed its case. The evidence is strong against both Klein and Grevert. According to the sworn statements of the war office authorities the prisoners divulged to the French government information, the character of which greatly endangered the military position of Germany. Counsel on both sides will begin their arguments to-morrow.

The National Opera Co.

NEW YORK, July 5.—A committee representing the directors of the National Opera Company and the unpaid members of the company conferred to-day. The directors determined to ask further contributions from the company's patrons and held out the hope that an installment will be ready for their employes by next Saturday. The directors announce that they hope to eventually be able to pay the company's debts in full.

A Bomb.

PARIS, July 5.—A bomb which had been secretly placed outside the premises of a property owner at Montmartre exploded to-day, doing considerable damage. All the windows in the vicinity were smashed, and a great hole was made in the wall of the surrounding property. An Italian tenant was sentenced to four months' imprisonment lately for assaulting a landlord. Suspicion rests upon the man's comrades. Three members of the anarchist Anti-Landlord League have been arrested.

AN OCEAN VOYAGE.

"E. S." Goes from New York to Liverpool.

MID OCEAN, 1,500 MILES OUT
from New York, June 15th, 1887.

Editor Deseret News:

At 12 m. to-day our log showed us just 1,500 miles out on the broad blue ocean from New York. We have seen two large steamers westward bound, two or three sailing vessels, and a few porpoise to-day.

It is now evening and the saloon is enlivened with music and singing. Every state room in the saloon is occupied and some intermediate passengers were unable to exchange for a saloon state room.

About 50 Utah

EXCURSIONISTS AND MISSIONARIES

are on board this steamer, the *Nevada*. The intermediate is full and a large number of steerage passengers were on deck to-day, for it was a lovely day.

Our last day's log shows 307 miles, our best day's work on the voyage. We left New York on Tuesday, June 7th, at 5:30 p. m. Out on Sandy Hook we were compelled to cast anchor on account of a heavy fog. It is seriously dangerous to trifle with so many lives on this bar. At 7 o'clock a. m. on the 8th we raised anchor and were off again. But not without a continuation of the fog which grew much heavier after our pilot left us and we were obliged to hear the fog horn, so lovely at sea, for the best part of two days. Every few minutes the fog horn could be heard with its shrill sound warning others not to come in collision in the midst of the dense fog. After a time the curtain raised and things looked more cheerful, and on the 9th a chart was put up showing 342 miles.

At least two thirds of the passengers were

SEA SICK,

some of whom have not fully recovered as yet. Yesterday being the Sabbath, the saloon was crowded to its utmost capacity. English services occupied fifty minutes. A tall reverend closed with a short exhortation to love one another, with a full stock of charity extended to save and enlighten. This minister was a passenger. Groups were gathered discussing here and there, all in quiet. Some Latter Day Saint tracts were distributed; our captain was presented with one, and we presented one to the minister and joined in a religious conversation with him very pleasantly, but we thought rather suspiciously on his part.

WHILE IN ALLEGHENY CITY,

Pa., we met a Mr. C. T. Russell who publishes 10,000 copies of *Zion's Watch Tower*, in the interest of the "Millennial Dawn." He is liberal and much of a gentleman. We were engaged with him nearly all of one day. He remarked that he had a very easy way of getting rid of his company when he desired to do so, but he expressed a delight in the investigation of our doctrines, and took Elder I. W. Pierce and myself to supper. It was nine o'clock when we parted, very friendly. He said the sectarian world could do nothing with us scriptorially, for he himself could swamp them with Bible in hand. He acknowledged being enlightened and pleased with our visit. He made us each a present of a book entitled "Millennial Dawn." We have exchanged correspondence since.

To-day, June 17th, at noon, our log says 307 miles, yesterday 325 miles and the day before 331, the day before 304 miles; total up to date of 2,767 miles. It is 98 miles to Queenstown and in a few hours we will see land. As there are many in Utah who will be pleased to learn that their friends, the excursionists, are well, I presume this note will meet a response of thankfulness with them. The trip has been pleasant. There are 381 passengers on board, two of whom are stowaways, and are in chains.

This is the 147th trip for this ship over the ocean, or the 294th time she has crossed the ocean safely. Will mail this at Queenstown this evening, Friday, June 17th, where we will arrive at 7 or 8 o'clock. E. S.

NOTICE

Is hereby given that Sam Levy, manufacturer of fine Hand Made Cigars, can compete with the east or west. Having been established for the past fifteen years in this city, I am in a position to know what the public want, and I claim my Home Made Cigars are made of a finer and purer quality of tobacco than any of my competitors', and dealers that want a good article should not fail to patronize Home Industry when it can be bought at home for the same price, and thereby you will give employment to men and boys, and the money remains here, instead of sending it away.

Dealers should try and build up their own city, and all I ask is a fair trial on any of my brands, such as "The Famous," "My Own," "Old Crow," "La Crema," "La Calidad," etc., etc., and then you will be convinced.

Saved His Life.

Mr. D. L. Wilcoxson, of Horse Cave, Ky., says he was, for many years, badly afflicted with Phthisic, also Diabetes; the pains were almost unendurable and would sometimes almost throw him into convulsions. He tried Electric Bitters and got relief from the first bottle and after taking six bottles, was entirely cured, and had gained in flesh eighteen pounds. Says he positively believes he would have died, had it not been for the relief afforded by Electric Bitters. Sold at fifty cents a bottle at Z. C. M. I. Drug Store.

Don't Experiment.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial Bottles Free at Z. C. M. I. Drug Store.

Old and reliable Medicines are the best to depend upon. Acker's Blood Elixir has been prescribed for years for all Impurities of the Blood. In every form of Scrofulous, Syphilitic or Mercurial Diseases it is invaluable. For Rheumatism, has no equal.

WARNING.

How many people contract diseases by drinking our polluted water when they could avoid all danger by adding 10 to 20 drops Angostura Bitters, the world renowned Tonic of exquisite flavor.

Delicate persons, and all whose systems have become debilitated, should bear in mind that Simmons Liver Regulator is not a drastic, purging medicine, does not weaken or deplete the system as other purgatives do, but acts gently. It will invigorate like a glass of wine, but is no intoxicating beverage to lead to intemperance; will promote digestion, dissipate headache, and generally tone up the system.

Hon. Alex. H. Stephens, of Ga., says: "Simmons Liver Regulator is mild and suits me better than more active remedies."

PILES! PILES! PILES!

A SURE CURE FOUND AT LAST. NO ONE NEED SUFFER. A sure cure for the blind, bleeding, itching and ulcerated piles has been discovered by Dr. William (an Indian remedy,) called Dr. William's Indian Pile Ointment. A single box has cured the worst old chronic cases of twenty-five and thirty years' standing. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions, instruments and electuaries do more harm than good. William's Indian Pile Ointment absorbs the tumors, allays the intense itching, acts as poultice, gives instant and painless relief and is prepared for Piles and nothing else. Thousands of cured patients attest its virtues, and physicians of all schools pronounce it the greatest contribution to medicine of the age. It matters not how long or severely you have been suffering, you can be cured.

Judge Coons, Maysville, Ky., says: "Dr. William's Indian Pile Ointment cured me after years of suffering."

Judge Comingo, Cleveland, O., says: "I have found by experience that Dr. William's Indian Pile Ointment gives immediate and permanent relief."

We have hundreds of such testimonials. Do not suffer an instant longer. Sold by druggists. dood & e
