BLAINE AND PARTY.

They are Cheered on Their Travels in Indiana.

BEDFORD, Ind., Oct. 16.—A large crowd greeted the party here. In response to calls Blaine said:

"It is a difficult effort for the democratic party to persuade the western states that a protective tariff is all for the benefit of the east. I know this town and county is very largely interested in building stone. Heretofore you have had a protective duty against stone in Canada. They have very various stones in the Dominion, and the Mills bill strikes down all protection which the tariff has hitherto given building stones in the United States. If that bill which has passed becomes a law, all building stones in Canada along the St. Lawrence and along the great lakes, will have cheap transportation to all the cities of the great northwest states, and they can reach these points cheaper than you can who have to transport your building stones by rail. They will have cheaper transportation, and therefore, instead of putting you on an equality with the building stone of the Dominion of Canada, the Mills bill goes clear over and gives preference to Dominion stones, and puts you at a disadvantage."

GREENCASTLE, Ind., Oct. 16.—Blaine and party have arrived here. Blaine was received by several thousand and said a few words of merely local significance. Brief halts were made at Stinesville, at Gasport and Cloverdale, arriving here at 1:15 p.m.

LAFAYETTE, Oct. 16.—At Green Castle the crowd numbered a couple of thousand and was one of the most enthusiastic of the day. Col. Snowden spoke briefly.

Mr. Blaine and party were at dinner when Rochdale was reached at 1:30, but he appeared on the platform in response to calls from about two hundred, who declared with emphasis, when asked by Col. Snowden, that Rochdale was not democratic always.

At Ladoga, the next town, about 400 were present, including many school children, who cheered repeatedly for Harrison. Mr. Blaine said:

"I have no word to say except in congratulation. The republicans everywhere are zealous and at work and confident, and we intend to elect Benjamin Harrison President of the United States." (Prolonged cheering.)

Half past two brought the party to Crawfordsville Junction, where a stop of ten minutes was made, and 500 people demanded to hear from the Maine man, who appeared and said:

My Friends:—I have only to say "Hurrah for Harrison."

In the crowd was a gentleman, John Wingate, wearing the ancient, broad-brimmed white beaver, which he handed to Blaine for inspection, stating that his grandfather had worn it in the 1840 campaign. Blaine held the hat out, saying as he did so, "Hurrah for Harrison," and the crowd responded with vigor. Then Blaine returned the venerable hat to its owner, remarking, 'It helped to elect one Harrison, and will help to elect another."

This sentiment elicited cheers.

At Crawfordsville another large crowd gathered and cheered.

The Blaine party arrived in this city at 3:40 p. m. About three thousand people greeted the distinguished visitors at the station, although the weather was disagreeable and the streets muddy. It was Blaine's desire that there be no demonstration on his arrival, and in charge of the committee, he was driven direct to the residence of Mr. Brown Brockenbrough. Sixteen stops were made on the trip from New Alsany to Lafayette, a distance of 200 miles. A conservative estimate of the number of people gathered at the stations en route and terminal, places the figures at 30,000. Extensive preparations have been made for tomorrow's demonstration and if the weather is pleasant it is calculated from 20,000 to 30,000 people will be present. The historic battlefield of Tippecanoe, where the demonstration occurs, is seven miles north of the city. General Alger, ex-secretary of the Navy H. W. Thompson, General Hovey, General Gibson, Corporal Tanner and other distinguished speakers will arrive in the morning. Blaine will reach the battle ground about 2 o'clock, and speak shortly after his arrival. This will close his canvass in Indiana. The celebration lasts two days. Governor Foraker of Ohio and others will speak there Thursday.

Mayor Hewitt's Letter.

NEW YORK, Oct. 16.—Mayor Hewitt has made public his letter addressed to the committee of citizens at the mass meeting which recently nominated him to the mayoralty. He accepts the nomination, but will be glad to withdraw if Tammany consents to let the citizen's committee choose a clean democrat other than himself or the Tammany nominee. Mayor Hewitt denounces Tammany Hall as a secret oligarchy, a political trust and an organization that seeks irresponsible control of the city affairs for its political purposes. Regarding the criticism of his views upon immigration and citizenship, he states he was the author of that plank in the democratic national platform of 1884, which opposed the "importation of foreign labor for the admission of servile races unfitted by habits, training or religion or kindred, for absorption with the great body of our people or for the citizenship which our laws confer." As to the allegation of his being a know nothing, Hewitt says in conclusion:

"I have not and never have had any sympathy with the Know Nothing movement which sought to deny office to the citizens of foreign birth and toleration to religious belief but on the general question of preserving the purity of the suffrage and the dignity of citizenship I stand where I always have stood on the declaration of the democratic platform. Just as I am a warm advocate of reverent reform and intend to support and vote for the democratic candidates for President and vice President, I stand in this struggle for law and order first, and then for individual liberty in all respects where it has not been restricted by law. To all unnecessary restrictions of individual liberty I am unalterably opposed."

The Clerks Pairing.

WASHINGTON, Oct. 16.—The clerks in the departments here are putting the practice of pairing employed in Congress to a novel use. It is said that many clerks of the republican persuasion who feel that they cannot afford to go home to vote are pairing off with the democratic clerks of their state who are likewise pecuniarily embarrassed. By this arrangement the relative standing of the two parties is left unchanged and the clerks save money.

The Traders' Bank.

CHICAGO, Oct. 16.—The receiver of the Traders' Bank made a partial report to the court this morning. The assets are shown to be $901,650 and the liabilities $896,888. This is exclusive of $886,000 bills receivable and $45,000 checks which bear the endorsement of the bank and which should go into its liabilities. Rutter's indebtedness to the bank is $153,903. Among the assets is a note for $15,000 made by Cashier Fallman and an overdraft for $18,000 in the name of a man acting as agent for an unknown principal. A number of strange discrepancies are found in the accounts.

WASHINGTON NEWS.

Territorial Governors' Reports—The Treasury, etc.

WASHINGTON, Oct. 16.—Senator Allison contemplates offering a resolution providing for a recess until November 19th. It will not take effect until the Senators present have finished speaking on the tariff bill which will probably be day after tomorrow.

DAKOTA.

Governor Church of Dakota in his annual report says:

There has been a gain in the population of the Territory during the year of 73,346, making a total population of 640,423. The quantity of new land filed on and purchased for settlement during the year was two and a half million acres. There is an awakened interest in all that pertains to education, an increased number of pupils in the higher and special schools, with a marked tendency towards one general system of schools for the Territory.

The Governor incloses the report of F. H. Carpenter of the School of Mines, which states that the mining industry in the Black Hills is taking on new life. As to the discovery of tin in the Black Hills, the Governor remarks that there is not today a pound of tin mine nor a pound of Dakota tin in the markets.

The Governor renews his recommendation that the law preventing aliens from acquiring extensive tracts of land be amended so that capitalists or money corporations can be allowed a certain time in which to dispose of it. In conclusion he again urges that Dakota be admitted as a State into the Union.

NEW MEXICO.

E. Gross, governor of New Mexico, in his annual report, says of the land grants:

Compared with the aggregate acreage of the territory, the area of these grants is not large, but are composed of several thousand holdings. The greater portion of the land grants are but ill defined as to exterior or boundaries, and in the increasing pressure of settlements, the unoccupied portions are liable to be settled upon and endless and serious friction ensue, which will become more serious from year to year so long as legislation for settlement is delayed.

The governor devoted considerable space to the discussion of the subject of irrigation. He says that of the 79,000,000 acres in the territory, 60,000,000 may be classed as tillable with irrigation. The bill now pending before Congress for the admission of New Mexico provides that 250,000 of state lands shall be devoted to the establishment of reservoirs for irrigating purposes. This, the governor thinks, would be ample for the purpose and entirely satisfactory.

The population of the territory has increased during the year about 10,000.

The aggregate value of taxable property is $47,151,920. The progress made in agriculture during the year is very marked and substantial. Progress has also been made in educational interests.

IDAHO.

Edward A. Stevenson, Governor of Idaho, estimates the population of that territory at about 100,000, and the value of taxable property is given at $21,288,392, which, his report says, is less than half its actual value in cash. About 460,000 acres of public land have been entered during the year. The agricultural and grazing statistics are given. The reports from the United States assay office at Boise City shows the gold, silver and lead production of the Territory for the year $8,095,136 of which gold was $2 522 209, silver $3,422,957 and lead $2,980,270. The governor recommends that the Indians be given their lands in severalty and that the balance of their reservations be open to settlement; that the people of the territory be given the right to lease school lands and apply the proceeds to the school funds; that the mail facilities of Idaho be increased, and that all crimes committed by the Indians on the reservation be tried in the United States courts at the expense of the United States.

CHINESE FROM ALASKA.

The collector of customs at Port Townsend, W. T., yesterday telegraphed to the Treasury Department as follows:

"The American steamship *Ancon*, from Alaska, with thirty Chinese laborers, has just arrived at this port. The *Ancon* did not touch at any foreign port, but passed through foreign water. Can Chinese laborers be permitted to land?"

Assistant Secretary Maynard telegraphed:

The Department cannot answer until advised how the Chinamen came to be in Alaska.

CONFIRMATIONS.

H. F. Shields, receiver of public moneys at Seattle, W. T.

J. A. Moore, United States Marshal for Nevada.

VENEZUELAN CONSUL-GENERAL.

Carlos A. Soteldo has been appointed consul-general of Venezuela to the United States, with headquarters at Washington.

THE TREASURY.

Acting Secretary Thompson, of the treasury, in speaking this afternoon in regard to the probable condition of the treasury at the end of the present fiscal year, said:

"The appropriation bills having all been passed by the present Congress, some estimate can now be made of the probable surplus of revenue for the fiscal year ending June 30th, 1889. The expenditures for the same year, estimating one or two minor items, will amount in the aggregate to $305,000,000, with estimated expenditures from permanent annual appropriations, which are put at $115,640,798, making a total of $421,640,798. The total estimated revenues are $440,000,000, making the excess of revenues over the total of appropriations of about $19,000,000. But this by no means represents the actual surplus of revenue for the current fiscal year. A careful estimate shows that of these appropriations and continuing appropriations, there will be at least $37,000,000 which will not and cannot be properly expended during this fiscal year, which makes an actual surplus of $56,000,000, which is substantially the same amount estimated by the secretary in his annual report. But even this does not fairly represent the surplus revenues for the fiscal year 1889, for in the appropriations above stated, there is included in the sum about $18,000,000 for deficiencies in the appropriations of 1888 and prior years which should have been appropriated for at prior sessions of Congress and paid out of the surplus revenues of former years. This added to the above sum of $56,000,000 increases the surplus revenues of 1889 to $74,000,000. This does not include the balance which will be covered into the Treasury on the 30th day of June 1888, of the unexpended appropriations of 1887 and prior years, which, according to careful estimates, will not be less than $6,000,000. In the expenditures there is included nearly $48,000,000 for sinking fund, which is really part of the surplus revenue, and if added will make a total of $122,000,000 of revenue in excess of the actual and necessary expenditures of the government for the fiscal year 1889, which would make an actual increase of the surplus at the end of this year of $104,000,000. The estimate of the unexpended balance at the close of this fiscal year given above, is extremely low compared with the actual balances which have remained unexpended in prior years. For instance, on June 30, 1888, the unexpended balance of the appropriations for that year was $75,514,000. On the 30th of June, 1887 $84,371,895. For the fiscal year which ended on that day for each of the years 1886 and 1885 it was over $33,000,000. The above statement has reference to the excess of revenues for the present fiscal year over the expenditures for the same time, and is entirely independent of the surplus now in the Treasury, amounting to $97,364,305, including $24,347,548 of fractional coin. Any portion of the present surplus not expended within this fiscal year for the purchase of bonds must be added to the $104,000,000, to arrive at the actual surplus which will remain in the Treasury on the 30th of June next. With respect to the probable revenues for the fiscal year 1889, the books of the Treasury show that during the present fiscal year, up to and including October 15th, the daily receipts have aggregated $113,996,566, as against $115,868,473 for the same period last year. The falling off is only $1,881,907, which may be more than made by increased receipts during the remainder of the year, which decrease is not more than is usual during the few months immediately preceding a Presidential election. There is, therefore, no reason to believe that the receipts for the fiscal year 1889 will fall below the estimated receipts. In view of the increased activity in all branches of business, it is believed that they will fully equal if not exceed the estimate."

Boston Wool Market.

BOSTON, Oct. 16.—There is still a very firm market for wool. The demand continues good. The manufacturers are free buyers of all good wool offered at reasonable prices, but are not inclined to pay higher prices than now quoted. Territory wools are in demand in range of 45@55c. Pulled wools are steady. Foreign wool is firm and in light supply.

Temperance Women Arrested.

GRAND FORKS, Dakota, Oct. 16.—About a dozen women were brought here under arrest from Thompson today. All attempts at closing the saloons there having failed, the ladies took a hand themselves, gutting a saloon and spilling the liquor on the ground, for which they were arrested. All wear white badges. They spent the time on the train singing temperance songs. Great interest is felt in the trial and there is much bitter feeling.

Nearly Stoned to Death.

CHICAGO, Oct. 16.—The inexperience of the new gripmen resulted in the cables being broken in several places. Twenty cars were stalled this evening in the La Salle Street tunnel, and just when traffic is usually the busiest.

A riot occurred at North Avenue and Halstead Street. Two horse cars driven by new men were showered with rocks and nearly demolished by the angry crowds on the sidewalks. Only the timely arrival of the patrol wagons saved the new car men from being stoned to death. Within the cars where they had taken refuge quite a number of passengers were hurt by flying missiles before escaping from proximity to the new men.

Remarks by Cartwright.

INGERSOLL, Ont., Oct. 16.—Sir Richard Cartwright addressed his constituents here tonight. In reference to the difficulties now existing between Canada and the United States he said:

The conservatives pointed out the federation of the colonies as a solution of the difficulty. So far as Canada is concerned if federation was to be considered at all, we must be assured in some way or other of the firm and lasting friendship of the United States who ought to be and he hoped they would be at no distant date the true and staunch allies of the mother country. The reform party proposed to recognize the position frankly. If the people of the United States were convinced that Canada entertained friendly feelings toward them there would be not the least difficulty. The reformers proposed to break down the barriers between them like two fortunes and thus give the people what some of the most rabid of his opponents were forced to admit was their natural market.

Railway Notes.

The Northern Pacific has purchased the entire system of the Cœur d'Alene Railway and Navigation Company, Idaho.

On Oct. 20th the freight rate for the shipment of wheat from Utah to Missouri River points will be increased 20 cents per hundred pounds.

Governor Adams, of Colorado, has offered a reward of $250 for the murderer of the three Mexicans in a box car at Pueblo, a short time since.

The Oregon Short Line seems to be playing in hard luck lately. The latest is the report of a wreck about two miles east of Crater, which occurred Wednesday morning about 11 o'clock. The engine and five cars went in the ditch. A brakeman by the name of Chamberlain jumped from the train, breaking his leg. The wreck was caused by the section men taking up a rail and placing out no signal. It was a freight train running on special orders.—*Eagle Rock Register.*

Several thousand sheep are in the vicinity of Park City, awaiting shipment east, where they will be converted into mutton. A scarcity of railway cars has caused their detention. A special train of eleven cars will be started to Chicago probably today in charge of Charles Hasband, of Rasband Bros., who, with White & Sons, are making this shipment, consisting of 2,200 head of mutton. As soon as more cars come, Hall & Smith will make a very large shipment. Agent Nichols says that sheep and cattle men are beginning to realize the advantage of shipping over the Echo and Park City and Union Pacific and that Park City is destined to become a regular shipping point of no little importance, it being tributary to a large stock raising country.—*Record.*

The Burlington will build to Utah. Within six months the company expects to have a line to some of the large coal fields in the western part of the state, and then later to push on to Salt Lake City. This is no rumor, but comes from good authority. The Burlington has several surveys in western Colorado, and at the present time it is hardly known which route they will build, but it is supposed it will be into the White River country. A gentleman claiming to know what the intention of the company is, says that within a very short time work will begin on the new line. It is the intention of the company to build on to the Pacific Coast, but it is positively stated that the main line will not be through Salt Lake City, but about 100 miles south of that place. The trans-Mississippi lines centering in Denver will be compelled to build on to the Pacific Coast, and the Burlington seems determined to take the initiative. The road now claims to be doing a fine business, shipping on some days 200 cars of coal, and the other day shipped 100 cars of cattle. It is now running through free chair cars to Chicago.—*Denver Republican.*

The Burlington company has posted notices in its Denver offices announcing a restoration of the original Missouri River rate on and after the 22nd inst. The required ten days' notice of advance has been forwarded to the Inter-state Commission, and at the expiration of the designated time the Burlington will sell tickets to Omaha, St. Joseph, Kansas City and other Missouri River points at $18 15. In view of the declaration of the Missouri Pacific, Rio Grande and Pan handle routes that they do not intend acting with the Burlington, the existing rate of $12 is likely to remain in force much longer than the latter company expects, since it will be manifestly impossible for a single line to restore the old figures while competitors are carrying passengers to common points for one third less fare. The Union Pacific, whose revenue suffers to a greater extent than any of the other roads on account of having two distinct lines to the Missouri river, is not averse to joining the Burlington in getting back to old rates, but is prohibited from making a decisive move because of the reluctance of competitors to give their adhesion to the scheme.—*Denver News.*

PERSONAL.

Mr. N. H. Frohlichstein, of Mobile, Ala., writes: I take great pleasure in recommending Dr. King's New Discovery for Consumption, having used it for a severe attack of Bronchitis and Catarrh. It gave me instant relief and entirely cured me and I have not been afflicted since. I also beg to state that I had tried other remedies with no good result. Have also used Electric Bitters and Dr. King's New Life Pills, both of which I can recommend.

Dr. King's New Discovery for Consumption, Coughs and Colds, is sold on a positive guarantee.

Trial bottles free at A. C. Smith & Co's Drug Store. (1)

WONDERFUL CURES.

W. B. Hoyt & Co., Wholesale and Retail Druggists of Rome, Ga. say: We have been selling Dr. King's New Discovery, Electric Bitters and Bucklen's Arnica Salve for four years. Have never handled remedies that sell as well, or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced Consumption have been entirely cured by use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bitters. We guarantee them always.

Sold by A. C. Smith & Co. (1)

DOCTORS' BILLS.

Nearly all diseases originate from inaction of the liver, and this is especially the case with chills and fever, intermittent fevers and malarial diseases. To save doctors' bills and ward off disease take Simmons Liver Regulator, a medicine that increases in popularity every year, and has become the most popular and best endorsed medicine in the market for the cure of liver or bowel diseases.—*Telegraph*, Dubuque, Iowa.

TO THE LADIES AND HOUSEHOLDERS

Of Salt Lake City and Utah:

PLEASE LOOK AT THIS!

— THE —

PERSIAN CARPET RENOVATING

— AND —

Color Restoring Co.,

Of Philadelphia, Pa.,

HAVE COME TO CLEAN YOUR CARpets, without taking them up from the floor or removing the furniture. They will restore their original colors, raise the nap again, and make them look like new.

We call special attention to the fact that if you have, unfortunately, had sickness in your house, such as scarlet fever or diphtheria, etc., our process will thoroughly disinfect your carpets.

We call the attention of those in charge of churches, theatres, halls banks and offices to this new enterprise, as your carpets, after they have been cleaned by this process, will last as long again.

Please send your address to 29 COMMERCIAL STREET, Salt Lake City, Utah, and we will call and show you samples and give estimates of cost, which you will find to be very reasonable.

A. VAN HAAGEN, Manager.

All work warranted.

By special permission we refer to Major G. L. Erb, Proprietor of the Walker House, H. Brisacher, Proprietor of the St. Elmo, Mr. H. C. Jarcs, of David James & Co., of Main St., Mrs. E. M. Murphy, 457 First South St., for all of whom we have done work to their entire satisfaction. dlm

MR. T. C. GRIGGS,

Assistant Leader of Music at the Tabernacle and Manager of the Fifteenth Ward Co-op., Salt Lake City, says:

While camping at City Creek Cañon, my wife discovered that our youngest child had become deaf, and notified me to come immediately, so as to take them home. It seemed to me almost improbable, for when they left home her hearing was perfect; but all our endeavors to make her hear seemed fruitless.

We brought the child home to this city, thinking the deafness only transitory, but the general health of the little one became impaired and a rash covered her head, face and neck.

Seeing that time would not help the case, as she was rapidly growing worse, about the 15th of September we were recommended by Mr. Sears to Drs. Wheeler & Hasbrouck, as he thought they would give us an honest diagnosis and that their treatment would cure the child. Acting upon his advice, we consulted the doctors; they gave us hopes of restoring the child's health and hearing.

After three weeks she is restored to hearing, the rash has disappeared, and her general health is better than for many weeks.

Drs. Wheeler & Hasbrouck are located at 269 S. Main Street, Raybould's Block. Catarrh and chronic diseases.

CONSULTATION FREE.

NATIONAL BOARD OF HEALTH.

Prof. Kedzie, of the Michigan University, who personally superintended the examinations of various brands of baking powders on the market, and made an official government report to the National Board of Health, Washington, D. C., says: "In some brands we found excrementitious ammonia, in still others we found alum and other foreign ingredients, leaving on our hands, as the results of our labors —Dr. Price's Cream Baking Powder, upon which to fix the seal of purity and wholesomeness. 9

D. L. DAVIS.

Having succeeded to the business of Barnes & Davis, and opened at the old stand a new and desirable Stock of Merchandise, I take the liberty to thank my old patrons for their support in the past, and hope by close attention to business, Low Prices and courteous treatment to merit their future patronage.

New goods are daily arriving, and prices will be as low as any house in the city.

If you want to invest your money where it will bring you the greatest returns, remember

D. L. DAVIS,

Successor to Barnes & Davis.
