Laundry was burglarized some time Saturday night, but just what was taken is not yet known, as the proprietor, Mr. Parmenter, was out of the city. One of the employees discovered yesterday morning that the east window to the laundry had been pried open and the lock on the front door broken.

The burglars had thoroughly ransacked the place and broken open the cash register, also the combination from the safe and then pried open the safe door. It is believed they secured quite a sum of money from the safe, as the collection of the drivers had been brought in during the evening from Saturday's deliveries. The matter is now being investigated by the police.

ARRESTED FOR FORGERY.

A young man named John Larson was arrested yesterday by Sergeant Robert Chambers on the charge of forgery. Saturday he forged the name of Everett A. Weeks to a check for \$45, which he cashed at a saloon. During the night he caroused around town, spending money without reserve. The forgery was discovered by the party who cashed the check, and the police were notified, but they could not locate Larson until yesterday, when he was searched at the police station; he had but \$1.75 left, having squandered the balance during the night. He will have to answer to the court on the charge of forgery.

BARBERS AT WAR.

The union barbers of Ogden are now mixed up in what promises to be a lively controversy, brought about by one of the shops issuing 1,000 "good for one shave" cards which they mailed out to citizens of Ogden as a medium of advertising the shop. This method was very distasteful to the other union barbers, who made a strong complaint to the Trades and Labor assembly, which held one meeting to effect a settlement of the controversy, but was unsuccessful and continued final action until this week.

Father Ryan preached an impressive sermon on the uncertainty of life and the great necessity of mankind preparing to meet God, no matter when He calls. A large funeral cortege followed the remains to their resting place in the Mountain View cemetery. There was a wealth of beautiful floral offerings.

Special Correspondence. Morgan, Morgan Co., Feb. 23.—Last night while the people were celebrating Washington's birthday in a character ball given at the opera house, fire destroyed the new livery stable owned by Bramwell & Pugmire. The fire broke out at about 11 o'clock. At the time the fire there were 16 horses in the barn, all of which were saved from the flames. A number of vehicles were also taken out in time to save them. Several sets of harness, five sleighs and cutters, together with numerous other articles were destroyed. The total loss partially covered by insurance, is estimated at \$1,500. The cause of the fire is unknown.

BABY'S DREADFUL CASE OF ECZEMA.

Extended Over Entire Body—Mouth Covered With Crusts as Thick as Finger Which Would Bleed and Suppurate—Disease Ate Large Holes in Cheeks—Hands Pinned Down to Stop Agonized Scratching—Three Doctors' Best Efforts Failed to Give Relief.

BUT CUTICURA WORKS A MIRACULOUS CURE.

"When my little boy was six months old he had eczema. The sores extended so quickly over the whole body that we at once called in the doctor. We then went to another doctor, but he could not help him, and in our despair we went to a third one. Matters became so bad that he had regular holes in his cheeks, large enough to put a finger into. The food had to be given with a spoon, for his mouth was covered with crusts as thick as a finger, and whenever he opened the mouth they began to bleed and suppurate, as did also his eyes. Hands, arms, chest, and back in short the whole body was covered over and over. We had no rest by day or night. Whenever he was laid in his bed, we had to pin his hands down, otherwise he would scratch his face and make an open sore. I think his face must have itched most fearfully. We finally thought nothing could help, and I had made up my mind to send my wife with the child to Europe, hoping that the sea air might cure him, otherwise he was to be put under good medical care there. But, Lord be blessed, matters came differently, and we soon saw a miracle. A friend of ours spoke about Cuticura. We made a trial with Cuticura Soap, Ointment, and Resolvent, and within ten days or two weeks we noticed a decided improvement. Just as quickly as the sickness had appeared it also began to disappear, and within ten weeks the child was absolutely well, and his skin was smooth and white as never before. F. Hohnath, President of the C. L. Hohnath Company, Manufacturers of Cuticura, 4 to 20 Bank Alley, South Bethlehem, Pa., June 8, 1905."

and was buried on the 9th. He and his wife embraced the gospel in Denmark and came to Utah in the noted handcart company in 1836, enduring untold sufferings from cold and hunger. They located at Brigham City, and after he was well fixed there he was called to the Dixie mission and lived in St. George for some time, moving to Pine Valley in 1868, where he has resided ever since.

He buried the partner of his youth many years ago, but some 15 years ago he married again. His wife and four grown children, and many grandchildren, survive him. He was an honest, industrious and upright man, a good husband, a kind father and a faithful Latter-day Saint.

FAREWELL SOCIAL.

Given to Families Leaving for Snake River Country.

Special Correspondence. Plain City, Weber Co., Feb. 20.—Last evening a farewell social was given at Plain City to make their homes in the Snake River country. Counselor P. B. only the married people of the ward were invited. Dancing, speeches, songs and recitations, with a grand picnic, were the features of the evening, making it one long to be remembered by the departing families.

On Monday afternoon Job Pingree of the Amalgamated Sugar company of Ogden met with the beetgrowers of Plain City for the purpose of signing contracts for the raising of beets for the coming year. The meeting was well attended and a large number of contracts signed. The matter of building a railroad into Plain City this year was also discussed, and a committee appointed to place it before the proper authorities.
