to Hom. The story of each painting is first given, and then the obgraphy of the artist. The method of telling is sim-ple, direct, and interesting. While this is essentially a "story back," yet it will stimulate the child's appreciation of art, and his comprohension of the close relationship of beauty and goodness. The book is divided him two parts Part one describes pictures of "Some Children of Long Ago" part two, "Paintings of the Christ Child." Each picture is reproduced as a full-page H-lustration.

Justration. "Choper's Adventures of Describing," adapted by Margarel N. Halght, cloth iteno. The latest issue in the wolf known socies of Echelic Roudings. It is intended for supplementary reading in the fifth or sixth goale, and is a very thorough abridgment of Cooper's tamous story, in which all lengthy de-scriptions, tedions convertations, men-al influentions and other unnecessary de-tails have been carefully sumstrued Cooper's own words, the atmasphere of the original, have been retained wher-twore possible, the story mover right along the interest continues from bo-ginning to end, and there are no ap-parent breaks in the marative. The present form is admirative adapted to use one of children in spoals.

use of children in schools.

"Foote and Skinner's Explorers and "Foote and Skinner's Explorers and Founders of America," by Anne Elliga-beth Foote, department of history, training school for leachers, Jamina, N.Y. and Avery Warner Skinner, m-perintendent of schools, Oneda, N.Y.-This is one of the sorth known and peo-ular sector of the sorth known and the intended for use in the fourth and lift years. It gives attractive bougaraphical skatches of H prominent characters in the history of America, from the days of the carliest advect areas down to the Newthintonary ward. Each character intended a activity or a phase of our country. Each sketch gives doubte that we spire to interest children, while the book as a whole presents all the most ing a which. ortant events of our early hi material has been put in the short sentences, expression to con-locally style, and each statch is fol-red by suggestive topics for eral s MUTIN detures illustrate the narratives.
