GIVEN A GREAT SENDOFF

First Time in History of Utah Institution That She Mas Sent Her Boys Out of the State.

The debaters and track team of the University of Utah, left for Nevada at \$:45 this morning to meet the university of Nevada at Reno in athletics and oratory.

If the boys keep in their memories, the scene of the sendoff they received at the Oregon Short Line depot this morning, it will give them such impetus and boyancy that they will sweep over the Nevada institution like a hurricane over Kansas.

This is the first time in the history of the Utah University that that institution has sent any of her boys out of the state to uphold her name in the arena of debate or athletics. It was there-fore a momentous event that called out over 300 of the students and most of the professors to say good-bye and

the professors to say good-bye and good luck to the boys. The party that went to Reno is com-posed of Prof. W. G. Roylance, who is in charge; Arthur Welling, Mark Brown and LeRoy Sanders the de-baters, and the members of the track team who are H. W. Sheley, manager Harvey Holmes, trainer: Roy K. Pat-terson, Abrain Hateh, John Hume James Sadler, U. L Rideout and Ras Milne. The last named is a student of the branch normal at Cedar City. The boys looked strong, confident and fresh, and expressed themselves as feeling such.

There is no doubt that the enthusiasm displayed at the depot this morning was greater than has been $e{\boldsymbol{x}}\cdot$ hibited by the staid institution on the hill for a long time. There were over 300 animated students on the platform and a number of the professors including Dr. Kingsbury, Profs. Coray Marshall, Roylance, Cunimings, Mc-Ghie, Toronto, Stewart, Seward and Instructor Lee Young. The body of students fairly vibrated with excite-ment, and the college yells and differ-ent class cheers were given with such absorber to be body out two bins to vehemence that people went rushing to the depot to see what was the cause

of all the excitement. The students that attracted particular attention was the class of 1901, two of whose members have the honor of being on the debating team. This explains the cause of their proud airs and haughty demeanor. And this is why they yelled louder than anybody cise. They were led by Miss Della Bitner and Lou Lewis, two bright young ladies of the class who saw that large rents were constantly being made in the atmosphere

The boys boarded the train after shaking hands with all the students, and when the cars began to move off

The train will reach Reno tomorrow morning at 5:80. The boys will be received with open arms by the Nevada students who will entertain them throughout the day. The debate will be held tomorrow evening. The sublect is,"Resolved that the promotion of industry by subsidy, bonus or bounty is bad policy for the United States." The Utah boys have the affirmative side to discuss. The party will reach Salt Lake on its

turn either Sunday night or early Monday morning.

The students who went to see the boys off, returned to the University in a body. They attracted considerable attention on the streets this morning with their yells, and college colors.

THE FERRY ESTATE. How the Interested Parties View the Agitation Regarding It.

A "News" reporter called on Mr. Joseph T. Richards, one of the attorneys for W. Mont. Ferry and Edward S. Ferry, as guardians of Edward P. Ferry, in the important suit brought by them against David D. Erwin and others, and who also represents them in the legal matters connected with said estate.

When asked what he had to give the "News" in regard to the articles published in the morning papers, with reference to the affairs of the Ferry es-tate, Mr. Richards said: "I think tate, Mr. Richards said: "I think there is a great deal of newspaper notoriety regarding affairs, which are of a purely private nature and which can-not be of any possible concern to the public, particularly after an earnest effort on the part of those directly interested to avoid this disagreeable fea-ture connected with the transaction of their business. With reference to the newspaper matter purporting to detail that which appears of record in the Third district court, and as to its correctness or fallibility, I have nothing whatever to say.

The record itself certainly discloses, the court proceedings and all the de-tails connected therewith, with sufficlent fullness to satisfy even the most curious public. For any deductions which may have been drawn from those proceedings or statements of extrateous matter, we are in no manner re-sponsible, and have no knowledge o the source from which they all derive. If there are any differences between the gentlemen whom I represent, and either Mr. Erwin or Mr. Rice, or I may say any other person, it occure to me that it is eminently proper, and it is our purpose, to try those differences in the courte and not through the news papers, if they are not susceptible of amicable adjustment; and I have every reason to believe that my clients en-tertain the same view in regard to the

UTE PERKINS DEAD. Passed Away Quietly at the Home of His Daughter.

On Tuesday last, about midnight, at the home of his daughter. Mrs. L. D. Perkins, 226 south Third West street. Ute Perkins, a Utah pleneer, died after an illness of nine weeks. Besides the wife, four children are left to mourn the leparture of Bishop Perkins. They are Mrs. L. D. Perkins, Mrs. A. E. Griffin, Richmond, Cache Co., Ute W. Perkins ind William A. Perkins, Overton, Nev. The wife of Bishop Perkins was a des-sendant of Gen, Joseph Warren, of Revolutionary fame. Her maiden name was Anna Warren, being the daughter of Thomas Warren, who was killed in the Revolutionary war. At the ad-ranced age of 89 years Mrs. Perkins MRS. YOUNG'S FUNERAL.

Last Rites Performed at the Eighteenth Ward Chapel Yesterday.

The Eighteenth ward chapel was crowded to suffocation yesterday afternoon at 4 o'clock on the occasion of the funeral services of the late Mrs. B. S. Young. Many people who desired to pay their respects to the departed were unable to obtain entrance to the building. The services were very feeling and impressive, remarks of a consolatory nature being offered by Coun-selor Robert Patrick, Bishop O. F. Whitney and Apostles Grant, Teasdale and Clawson. Bishop Whitney spoke par-ticularly of the bright and vivacious qualities of Mrs. Young and dwelt in-terestingly upon her early correct as qualities of Mrs. Young and dwelt in-terestingly upon her early career as a student at the University, as a school teacher, and as a member of the Home Dramatic club. The music of the oc-casion was furnished by a quartet con-sisting of Messrs, Pyper. Whitney, En-sign and Spencer with Prof. McClellan of the argue. Partners was propugated at the organ. Prayers were pronounced by Elders Seymour B. Young and Rulon Wells, State Strate Wells. Simple ceremonies were performed at the grave, consisting of a hymn, a dedicatory prayer, by Coun-selor William B. Barton, and a brief return of thanks to all friends in behalf

of the mourning family from Bishop Whitney. The grave was literally cov-ered with the floral offerings which were so profuse that many had to be left at the home. The pallbearers were Governor Wells,

J. D. Spencer, H. G. Whitney, L. H. Young, J. A. Young and Howard Young.

Utah "The wool is much cleaner this year than last, better grown and as a general thing the sheep are in much better condition than last year. The prices paid for Utah wools are 9 to 11% cents per pound, according to con-dition and grade. Most of the woolgrowers are selling and very few con-

signing wools. Charles R. McBride writes from Tooele City, Utah: "The wool clip in this section of the country is in very good condition, possibly a little cleaner and better grown than last season, and is moving quite freely at 10 to 11 cents. There will be more wool for sale this season than last, as quite a number of growers that didn't have their wool readv in time to get the big prices paid

last season held on until this. A correspondent from Salt Lake City writes us: "The condition of Utah wool is better than last year, shrinking from writes us: 2 to 3 per cent less, but if any difference the staple is not quite so long. Nearly from 10½ to 11 cents. About two mil-lion pounds have been forwarded East to date, but the growers have increased

their asking price about 1/2 cent and things are moving slowly." Messrs. Skinner and Farrer of Beaver City, Utah, write the Bulletin "The outlook for wool is very discour aging. The clip is of very good aver-age, fully up to last year's, but prices are way down, ranging from 7 cents to 9% cents: 9% cents is the highest that we know of being paid in this section. Wool has been offered at 7 cents, with no buyers. Our wool sold for 9% cents, the best sales made here. Sheep are in good condition. The range is good, having had plenty of rain so far this spring. Prospects for the coming year are very good for sheep, but not so good for prices on wool. Shearing is all over for this spring. Sheepmen are moving their herds to lambing grounds. There is no sale for mutton sheep; there used to be a big demand for fat sheep

for mutton. Several clips are on hand awaiting buyers, but the buyers have all left. Losses the past winter have been about the average or a little

Grand Valley Times: "Several hundred thousand pounds of wool lays at Thompson's awaiting a buyer. Quite an amount of it has lain there a year, the owners refusing the prices offered last season, and it is no higher now. Carter, formera captain in the United States army, to defraud the government in connec-tion with the work on harbor improvements at Savannah and other points in the South. Judge Brown granted the defendants five days in which to file bonds for their appearance for trial at the United States circuit court in Sav annah, in August next. Capt. Greene an John F. Caynor were held in \$25,000 ball each, and Edward H. and William T. Gaynor in \$10,000 each.

MAY CORN DOWN.

Chicago, May 23 .- After many weeks of inflation of value May corn today sold at 43 cents a bushel, 5 cents lower than yesterday's closing price, and 17 cents under the highest price of the Phillips manipulation. At 43 cents May corn is said to be cheap enough to at-tract shippers. The opening price was 48½. The decline ensued under liquidation by Phillips, who, during the fore-noon, disposed of 3,500,000 bushels in the pit. The corner was practically closed a fortnight ago when it developed that shorts were generally safe, either through having settled with Phillips or bought corn in the country Receipts since then have been increas ing and during the past few days have been very heavy and it became evident that there would be little difficulty in getting corn enough to deliver on out-standing contracts. Phillips' sales today are believed to represent the last of his holdings and it is doubtful if there was any profit in them, consider-ing the heavy expense he was under in retaining control of the market up to the day he began to unload.
