

# STRIKEBREAKERS CAUSE OF RIOT

As Soon as They Landed in Pensacola and Started for Car Sheds, Trouble Began.

## BRICKS HURLED AT THEM.

Were Attacked by Union Sympathizers—Many Wounded Before Detention Reached.

Pensacola, Fla., April 10.—The bringing of a carload of strikebreakers from St. Louis this afternoon by the Pensacola Electric company was the signal for rioting and disorder, which resulted in the injury of 15 of the imported men. No sooner had the strike breakers arrived and started for the car sheds than a fight occurred between them and the sympathizers of the union men. Bricks, bottles and shells were hurled at the strikebreakers, and in turn the latter fired shots and used heavy sticks and bricks. For over an hour the riot continued, the strikebreakers gradually getting nearer to the car sheds, but before they reached there 15 had been wounded.

When near the car sheds, so fierce was the onslaught on the imported men that they separated and fled, 30 running into a negro house, while the remainder reached the car sheds and barricaded the doors. The 20 men who gained the negro house barricaded the doors and it took the police over an hour to disperse the mob and remove them to places of safety.

The mayor has issued a proclamation closing all saloons, and the board of public safety has ordered the marshal to swear in a sufficient number of deputies to quell the disturbance.

Seventy strikebreakers were marched to the city jail, where they will be kept in safety tonight.

Benjamin Commons, vice president of the International Association of Street Railway Employees, tonight made an address urging the strikers to disperse and go to their homes quietly.

## LAWYER COMMITS SUICIDE.

New York, April 10.—Charles A. Murphy, a prominent lawyer and real estate dealer, committed suicide in a room in the

Astor House some time last night by shooting through the head. A note which Murphy left for his wife showed that he had planned to kill himself. He was president of the Brooklyn Heights Improvement company and secretary and treasurer of the Key West (Fla.) Electric company.

His suicide is attributed to financial troubles. Through an unfortunate syndicate operation he is said to have lost control of the Florida property and all of his assets were swept away.

## AMERICAN AUTOMOBILE LEAVES FOR SEATTLE.

Seattle, Wash., April 11.—A special cable to the Post Intelligencer from Valdez, Alaska, says:

The American automobile and crew has left on the steamer Bertha for Seattle. A public reception was given them on Wednesday by the chamber of commerce at midnight, and the crew started to inspect the trail. They went 10 miles. Schuster, when interviewed, said the Alaskans had his sympathy as the depth of the snow and the chuck holes absolutely prohibit any chance of the automobiles running a mile.

He says he will return to Seattle and ship for Vladivostok to make up the time lost on the Alaskan trip. He will attempt to charter the sea-going tug Walcott at Orca or take the car and crew across to Siberia. It is doubtful if this can be done.

## ASQUITH RETURNS TO LONDON.

London, April 10.—Herbert Henry Asquith, the newly appointed premier, returned today from Biarritz, where he has been in conference with King Edward. He was welcomed by large crowds at the railroad station. The premier will have several conferences with his colleagues before announcing his ministerial appointments.

## THE ROYAL BAKING COMPANY STANDS BACK OF ROYAL-NUT BREAD.

We desire to announce to our patrons, in view of a lawsuit started by a competitor, that we do and will stand back of and protect against litigation every dealer and customer who uses our Royal-nut Bread.

We are advised by our counsel that the suit of our competitor cannot be sustained and that the fact that our well-known Bread Crown Label, which fact was suppressed in the complaint filed by our competitor, is ample protection against an injunction or other relief being granted by the court to a competitor who must be envious of our success.

Meanwhile we are expending \$20,000 on our plant in the way of new equipment and enlargement, and we will be in position better than ever to serve the public.

ROYAL BAKING CO.  
Geo. Mueller, President.

# CAUSE OF RECENT FINANCIAL PANIC

Gompers Says if Fifty Men Tried To Assign It, They Could Not Agree.

## FUTURE FULL OF PROMISE.

Commissioner Neill Said Conditions of Unrestricted Competition Could Never be Brought Back.

Philadelphia, April 10.—Industrial sociological and political problems of the times were discussed at length here today at the annual session of the American Academy of Political and Social Science, by men prominent in various walks of life. "The Present Business Situation and Anti-Trust Legislation" was the topic for discussion at the afternoon meeting. The speakers were Samuel Gompers, president of the American Federation of Labor; Charles P. Neill, commissioner of labor, Washington, D. C.; William J. Schieffelin, vice president of the National Association of Wholesale Druggists, New York; Isidor Straus of New York and Theodore Marburg of Baltimore.

All of the speakers were optimistic as to the financial and business outlook.

Mr. Gompers said that if 50 business men were to go before a just judge and give their opinion as to the cause of the recent financial and industrial disturbance, he was of the opinion that they could not agree, but he desired to make it plain that whatever the cause, the working people were not to blame. The fact that such conditions existed, he declared, should be taken as a lamentable commentary on the methods of the princes of finance and capitalists of industry. The workers, Mr. Gompers said, were not in favor of a species of governmental action that denies the right to a business man to conduct modern business within the law.

Commissioner Neill said that the Sherman law was trying to restore absolute free and unrestricted competition, but the government could never

bring back such a condition. While we are led to believe the consumer is the only honest person, Mr. Neill said, he was just as selfish as the trust magnate or the labor leader. When it comes down to the effects of competition, the speaker pointed out that every sweatshop was the legitimate product of competition and the reduction of wages was also the result of competition. The association or combination, he held, was the only intelligent means of preventing destruction by competition.

## HUSBAND AND WIFE FIGHT FOR CHILDREN

Chicago, April 11.—Free love figures in the fight before Judge Tuthill between James White, 45 years old, of San Jose, Cal., and his wife, Winifred E. White, 32 years old, for possession of their two children, Edith, 6 years old, and William, 4 years old.

White filed a petition for a writ of habeas corpus, and Mrs. White replied yesterday with a petition for separate maintenance. White charges that his wife is not a fit custodian for the children, and she accuses him of cruelty and non-support. White alleges that his wife believes in free love.

## TEN EYCK PRIZE.

New Haven, Conn., April 11.—The annual junior exhibition for the Henry James Ten Eyck prize for speaking in the Lampoon program, last evening, was won by Maxwell Oswald Parry of Indianapolis, whose subject was "Walt Whitman."

## HARVARD WINS DEBATE.

New Haven, Conn., April 11.—The annual Yale-Harvard freshman debate held here last evening in College hall, was won by Harvard. The subject was, "Resolved, that a national divorce law is desirable."

Yale supported the affirmative and Harvard the negative.

## PERSONALS.

Manager Bauer of the Salt Lake Hardware company is in the east on a business trip.

Seey C. H. Goddard of the American Druggist syndicate arrived from California last evening, and is at the Kenyon. He speaks hopefully of the trade which had not been affected much by the financial stringency.

# RUNNING CHINESE ACROSS BOUNDARY

Scheme Divulged Through Bitter Rivalry of Three Canadian Organizations.

## SEVERAL FORTUNES MADE.

Freight Car Hired Ostensibly for Shipment of Horse, Chinamen Being Hidden Under Straw.

Detroit, April 10.—The Free Press tomorrow will say:

Through the bitter rivalry of three Canadian organizations for smuggling Chinese into the United States, a wholesale scheme of bringing the orientals illegally across the international border at Detroit was discovered yesterday. It is said that some nights as many as 25 Chinese have been smuggled across the line and that several fortunes have been made at the business during the past two years by enterprising young men, who have made Windsor, Ontario, their headquarters. The immigration authorities here have scant hope of reaching the principals in the three competing agencies, but a man who gives his name as A. McMann is held at the Wayne county jail in connection with the capture last Tuesday of three Chinese at Adrian, Mich. The Chinamen and McMann were found in a Wabash boxcar bound for Chicago. There was a dead horse in the car, and the four men were concealed under the straw.

The plan was to engage a freight car at Detroit for the shipment of a horse, some worthless animal being placed in the car for a blind. The Chinese, it is said, have been freely brought across the Detroit river on the railroad car ferries, being hidden with the convalescence of employees on the boats until the immigration inspectors had made their rounds, and then being hurriedly directed to empty freight cars. The following day they would be transferred to freight cars especially engaged, and usually started west on Wabash train No. 51, which makes only one regular stop between Detroit and Chicago.

## LATE LOCALS.

Fire at Murray.—The home of C. Burg was almost destroyed by fire at an early hour this morning. The Murray fire department extinguished the blaze after the damage had reached \$500.

Overheated Range.—An overheated range caused a small blaze at the Colorado House on Fourth West and Second South streets this morning. The loss was only nominal. The apparatus from No. 2 responded to the alarm.

Seven Cars of Wool.—Despite the unsettled condition of the wool market, seven cars of wool left Cope during the past few days for Denver. This wool goes to the Denver Wool company for scouring and can hardly be regarded as a barometer of conditions. Buyers and raisers continue to be some cents apart on offer and asking price, putting the market in peculiar condition.

New Manager Arrives.—Manager Joseph S. Wells has been supplanted in authority, not at the office of the Utah Light & Railway company, but in his home. The occasion of the change of management was the coming of a very young daughter at the Wells' home. The smile usually given to the manager in his office was broader in extent this morning and the employees of the traction forces were advised of the event when the manager passed about them with candy and soda water tickets.

## CHURCH NOTICES.

The high priests' quorum of the Ensign stake will hold their regular monthly meeting in room 21, Brigham Young Memorial building, at 10 o'clock next Sunday morning, April 12, 1908. A full attendance is desired. Primary conference will be held in the Seventh ward meetinghouse tomorrow evening, commencing at 8 p. m.

The stake and ward officers of the Granite stake Y. M. M. I. association will meet in the Granite hall Monday evening at 8 o'clock. A full attendance is desired as matters of importance concerning athletics and summer work are to be discussed.

Twenty-seventh ward.—The renovation of the Twenty-seventh ward meetinghouse has reached such a stage of completion that Sunday school and evening meeting will be held as usual tomorrow.
