Last Night's Dispatches.

EASTERN.

Monstrous Outrage.

NEW YORK, 5.—This p.m., preparatory to the performance of the Black Crook at Niblo's, loud screams were heard to proceed from the dressing room of the ballet girls. On examination it was discovered that a girl named Rosa Finlay was lying in a fit, her person, as shown in evidence, having been grossly outraged. The physicians at the theatre states that it is evident that morphine had been administered. Two men, who were seen leaving the room, were arrested and locked up. The girl continues insensible, passing from one fit to another.

Missing—Killed—Burned.

John Brodick, brother to James Brodick, murdered by his father, has dissappeared from Bellevue Hospital and cannot be found. He was held as a witness against his father, who is now under indictment for murder.

G. Joseph Ranche, one of the appraisers at the stores in Greenwich and New Church streets, while leaning over the hole of one of the elevators yesterday p.m., was struck on the head by a descending car, and his skull frightfully crushed. He cannot recover.

It is learned that Williamson, the principal in the recent heavy forgeries, is not in Canada, as was supposed, but that he left New York on Saturday, on the way for Canada. He has shaved off his whiskers. Detectives are in close pursuit.

A slight fire occurred last night in 199th street, Williamsburg. When the flames were extinguished the body of Margaret Hammil was found burned, with a piece of bed cord tied round her neck. The occupants of the apartment have been arrested.

Testimonial to Thiers.

At a meeting of French men this p.m., it was decided to send M. Thiers an address in an album, valued at $1,000, and also a gold medal, as a mark of appreciation of his services on behalf of France.

Fatal Accident.

DETROIT, Mch., 5.—A horrible accident occurred at the mill of the Rochester Salt and Lumber Co., opposite Saginaw city, about ten o'clock this a.m. John Butler, in stepping over the belt, was caught and carried to the top of the drum, and the space between the drum and the floor not being sufficient for his body to pass through, he was crushed to death. Butler was about fifty years of age, and had a large family dependent on him.

Deaths from Cholera.

CINCINNATI, 5.—The cholera is at Millersburg, there were two deaths yesterday. Provisions having given out there, the citizens here are sending them cooked food, and the city council has made appropriations for their benefit.

WHEELING, W. Va., 5.—There were three deaths from cholera in this city yesterday and last night, and two new cases are reported this a.m.

A Tornado.

SPRINGFIELD, Mass., 5.—A tornado swept through Grandby, Hampshire county, yesterday, entirely demolishing the house and barn of E. Slater, unroofing other buildings, uprooting trees and destroying crops, &c. Northampton had a similar visit in the p.m.

Arrested.

ST. LOUIS, 5.—J. H. Vorde, late deputy U. S. Collector at Kansas City, Mo., has been indicted by the grand jury at Jefferson City, as a defaulter, in the sum of $4,000, and he is under arrest.

Shocking Accident.

RICHMOND, Va., 5.—During a storm in Nansemond Co., the house of Charles E. Sumner was struck by lightning and two of his children were killed and his wife and another child probably fatally injured.

Fatal Boiler Explosion.

PROVIDENCE 5.—The explosion of a boiler at Harris's new mill, at Woonsocket, this morning killed two men, seriously injured two others, demolished the boiler house and did a great deal of damage to the mill.

Fire.

TROY, N. Y., 5.—A fire on Hero Street, West Troy, this morning burned twelve houses; loss $40,000, insurance $25,000.

Arrested and Destroyed.

WASHINGTON, 5. — Thirty-seven arrests have been made and a large number of illicit distilleries have been destroyed in North Carolina.

Another $100,000 Stolen.

SPRINGFIELD, Ills., 5.—The defalcation of Col. J. T. Harper, U. S. Collector in this district, will probably reach $100,000. Harper has fled from the country. Gen. Sweet, deputy U. S. Collector of Internal Revenue, is expected here this a.m. from Washington, but the office is now running without a head. Harper's official bond is for $210,000.

Serves them Right.

CHICAGO, 5.—The grand jury, before adjourning last evening, found bills of indictment against Beane the conductor, and Puffenberger, the engineer of the coal train, in the late collision on the Chicago, Alton and St. Louis R.R., in which so many lives were sacrificed. Both are now at large under heavy bail, and unless they go back on their bondsmen and leave the country, they will be tried during the present term of the criminal court.

Excitement in the Ring.

BROOKLYN, 6. — The discovery made yesterday that the charter legislated out of office a large number of office holders interested in banks in which the city moneys were deposited, created no little excitement among lawyers and politicians; it is claimed, however, by the friends of the officials, that the clause in the charter cannot effect any change in the city government.

The Nathan Murder.

NEW YORK, 5.—The Long Branch and Fall River steamboats *Providence, Bristol, Plymouth Rock, Metropolitan* and others of those lines, were threatened with seizure yesterday, for the payment of a debt by two contractors who furnished the vessels with provisions. The complaint was made and seizure ordered, but bonds were given immediately for the liquidation of the sum claimed, and the vessels were allowed to make their regular trips.

It is believed that the authorities have now obtained a clue which will ultimately lead to the solution of the Nathan mystery.

Sold for $4,000—Beating his Brains Out—Gold Excitement—Judicial Decision.

The young stallion, "Smuggler," owned by Capt. Tough, of Kansas, was purchased on Tuesday last, by Col. H. C. Russell, of Milton, Massachusetts, for $1,000. Smuggler trotted a mile at Prospect Park, a week ago, in 2:18¾.

Considerable excitement was occasioned this morning by a man, giving the name of Price, attempting to beat his brains out with a paving stone. The police finally overpowered him and he was locked up. He inflicted several deep cuts on his head before being arrested.

The decline in gold, to-day, caused great alarm among the bulls of Broadway and Wall streets, and there were rumors on the street that nearly every house that has been connected with the leaders in the bull market will be hopelessly ruined. The banks who have been the backers of the bulls are said to have deserted them, and are now trying to secure themselves.

Wm. F. Claussen, one of the seconds in the Gray-Hicksbire duel, was brought before the court of Oyer and Terminer, to-day, to answer for contempt, in refusing to reply to questions of the Grand Jury, regarding the duel. Claussen stated, in court, to-day, that he declined to answer on the ground that it would criminate himself. The judge held that he was protected under the statues, but as he still refused to answer the judge sent him to jail until he shall answer, and pay costs.

A few days ago a motion was made before Judge Fancher, by ex-Mayor Hall, for a mandamus decreeing comptiroller Bryan to pay Alderman Monahan his salary, as one of the board of supervisors for this country. Fancher to-day delivered a lengthy decision, and decides that the motion for the mandamus must be granted. This decision affects the whole board of Alderman, as the comptroller has refused to pay them for their services as supervisors under the provisions of the new charter, which provides that no officer shall receive pay for two offices.

"Polaris" History.

WASHINGTON, 5.—The secretary of the navy has received from Dr. Peterson, of Gotha, a most complete history of the voyage of the *Polaris*, from the time she left the navy yard at Washington, down to the hour when she parted company with Captain Tyson's party. It will be given to the press for publication soon.

Indians of Southern Utah.

G. W. Ingalls, Indian agent, telegraphs that he has held a successful council with the chiefs of seven tribes, at St. George, in Southern Utah; they have agreed to go to the Muddy Valley reserve.

Arrested.

TRENTON, N. J., 5.—Morris Peerpil, lately employed at the Fashion stud farm, was arrested this p.m., on suspicion of setting fire to the stable yesterday.

Butler Ahead.

BOSTON, 5.—The latest count gives Butler, 275, Washburn 269.

Resigned.

BROOKLYN. —The resignation of City treasurer Sprague, is now in the hands of the mayor.

Explosion.

YELLOWSPRINGS, O., 5.—Late last night the boilers of the Clifton Paper Mill exploded, and the building took fire, but the fire was put out.

Alarm at Cholera.

INDIANOPOLIS, Ind., 5.—Twelve cases of cholera are reported at Elizabethtown. The people there are much frightened, and have sent to this city for aid.

CANADA.

Resumed—Storm.

OTTAWA, Ont. 5.—The royal commission resumed its investigations to-day.

A heavy storm passed over this city last night, up-rooting trees, and one house in Ridan street had its roof taken off.

FOREIGN.

GREAT BRITAIN.

They mean Business.

LONDON, 5.—A special dispatch from Bayonne says the Spanish government forces in Bilboa have sufficient provisions on hand to last through the winter. All commercial traffic between the city and the port has been prohibited, in order to allow full play for the guns of the Spanish war shipping.

Speech from Mr. Lowe—Generosity.

The annual dinner of the master cutlers of Sheffield tood place in that city on the 4th. The Right Hon. Robert Lowe, who was one of the guests, in response to a toast, defended the policy of Mr. Gladstone's government, and expressed confidence in the future liberals.

The installation of the Right Hon. B. Disraeli, as rector of the University of Glasgow, which was postponed on account of the death of his wife, will take place November 9.

Andrew Carnagie, a wealthy resident of New York, has given $200,000 for the erection of public baths at Dunfermline, Scotland, the place of his birth.

Pope III.

It is reported here that the Pope is again ill, and that his physicians are in attendance on him at the Vatican.

SPAIN.

In a State of Siege.

MADRID, 5.—The successor of President Salmeron has not yet been appointed. Senor Castellar requires, as a condition of accepting the office, that the Cortes take no recess until all important and pressing measures are disposed of, and then that they adjourn, which they should be able to do about the first of December. He also demands absolute power in dealing with the insurgents. The Cortes will meet in secret session to-morrow to settle the crisis. When the new ministry is organized Senor Salmeron will probably be chosen President of the Cortes.

Valencia has been declared in a state of siege.

Captured.

A dispatch from Pampeluna states that the Carlists have taken the town of Viana, in Navarre, near the Ebro.

Separate Government Wanted.

The insurgent Junta in Carthagena is sending emissaries, who are plentifully provided with money, to Barcelona, to organize a movement in favor of a separate government for Catalonia.

Peace Commission.

The members of the Cortes, in order to hasten the cessation of hostilities in Cuba, and to prevent insurrection in that island, propose sending out a commission to make peace with the insurgents.

FRANCE.

Snubbed.

PARIS.—The American citizens in Paris, yesterday, proposed to display the U. S. flag in honor of the proclamation of Republicanism in France, but the subject was strongly objected to, and it was abandoned.

The minister of the interior has issued an order prohibiting the publication of the Radical Republican Journal "*Le Peuple*," because of the appearance in its columns of articles inciting to disturbance, and contempt for the government.

VICTORY! VICTORY!!

THE

WILSON

Sewing

MACHINE

TAKES

Five Medals

AT THE

WORLD'S FAIR at VIENNA.

Three separate dispatches from Vienna combine to dispel all doubt as to what sewing machine has won the first honors of the great Exposition. The first was a special to the New York press on Monday, and was as follows:

VIENNA, August 18, 1873.

The Wilson shuttle sewing machine was awarded the grand prize at the Vienna Exposition for being the best sewing machine.

MAYOR.

The second was the regular Associated Press report, compiled from a long special to the New York *Herald*, in which the "Wilson Sewing Machine of Cleveland, Ohio," was named as among the exhibitors which received "gold medals for merit," the highest class of premiums awarded at the Exposition.

The third was a private cable telegram received yesterday from Vienna by Mr. Wilson himself, which was as follows:

VIENNA, August 19.

You Agent received *five medals—two for merit and three co-operative.*

The meaning of this is then explained to be that the Wilson Machine has received the gold medal *as the best sewing machine*, and a second gold medal as the machine best manufactured—that is, embodying the best mechanical workmanship. Besides these, a special medal was given for excellence of workmanship on the machine, another for the best sewing on leather, done by the Wilson, and the other medal for best samples of family sewing and embroidery, done on the Wilson machine.

This sweeps the entire board. Not only has the Wilson Sewing Machine been pronounced the most capable and efficient sewing machine in the world, but its work, on both dry goods and leather, is pronounced superior to that of all other machines. This verdict at a World's Fair, where all the leading sewing machines of both continents have competed before a thoroughly competent committee for more than three months, is the most complete triumph ever won by a sewing machine.

The above is taken from the Cleveland *Leader*, of August 20.
