Scartatina Claims Little Child-Working For Telephone Connection.

Special Correspondence.

For relephone connection. Special Correspondence. Loa, Wayne Co., March 4.—The un-usually heavy snow that fell in this val-ley about the 16th of last month has now mostly melted away, and farmers are preparing for spring work; stock has wintered well, and with a good de-posit of snow in the mountains, we are looking forward for a prosperous year. For some time past there has been an eruptive sikin disease breaking out among the people, that has been des-granted as chickenpux, Manila itch, etc., and as it made no one very sick, but little attention was paid to it. Our old friend and townsman, Jacob S. Bastian, is selling out his property here, with a view of locating in the Big Horn, where he has already pur-chased a place. Stringam Brothers from Idaho, but

Stringam Brothers from Idaho, but formerly residents of this valley, are here buying work horses for some rati-road construction company in Nevada. Good average horses, weighing from 1,000 to 1,300 pounds each, are rated at from \$100 to \$125 aplece. For about a year an effort has been made by the citizens of this place, in connection with the Bell Telephone company of Sait Lake City, to estab-ish a branch line from either Riohfleit or Salina to this place, but up to date the effort has been an unsuccessful one, owing to the fact that the government would not permit us to cut the neces.
