

TRACK TEAMS THIS AFTERNOON

Colorado and Utah to Engage in
Postponed Contests.

RECORDS OF CONTESTANTS.

Program of Events to be Run Off by
5 o'clock—Deep Laid Conspiracy
Against Baseball.

When the announcement is made that the Colorado and Utah university track teams are engaged in a contest at the University of Utah campus, of course it is qualified with: "If it does not rain." The events are to be run off as rapidly as possible as the visiting team must catch the 2:45 train this evening for home. The fun was billed to begin promptly at 2:30 o'clock and there are to be no long and unnecessary waits. It is believed, in view of the records of the two aggregations, that the contest will be a warm one from start to finish and that the winning team will have to hurry pretty fast. The members of both teams are said to be in the very best condition for the big meet and each team is confident of victory.

In addition to the regular events, the visitors will give an exhibition of discus throwing, something the Utah boys are not used to. They will also give an exhibition of rapid work with a fire extinguisher. Coach Holmes of the local team, says the field is in fine shape for the meet and in all probability some state records will be lowered. The records of the two teams follow:

100-yard	U. of U. Colorado	200-yard	U. of U. Colorado
220-yard	2:28	440-yard	5:45
800-yard	2:09	1 mile	4:40

CONSPIRACY AGAINST BALL.

Dark and Deep Laid Scheme of Police Against National Game.

A dark and deep laid conspiracy against the national game in this city was discovered yesterday, and the directors of the local club learned that the police were in league with the weather man to kill the game at any cost. It is known that for several days a youth has been driving a cart around town, and cart covered with big streamers advertising ball games to take place at Walker's field. But the games did not take place for the reason that the weather man simply flooded the field with water and damped the order of the fans. A day or so ago the directors "killed" things and the weather man and it began to look like baseball and good weather. But at this stage of the game the fine Italian hand of the police is shown. Yesterday afternoon Eddington approached the youth who drives the cart and informed him that if he did not get off the earth he would be hauled to the hotel de Kimball, cart, horse and all. The youth at once communicated the matter to the directors and there was an immediate and warm conference between the fans and the mayor's men. He is now engaged in that elevating profession, and it is hoped that everything will now run smoothly along.

DECORATION DAY GAME.

Jack O'Brien's Lagoon to be Ready On Saturday.

Jack O'Brien, who is organizing the new team for Lagoon, states that the club will be in working order by Saturday afternoon and will then engage in its first game. The contest will be with the soldiers' team of Fort Douglas, and will take place at the popular resort. O'Brien says that by that time all the members of his team will be on hand ready for business, and he declares that it will be a rattling good aggregation. He announces the line-up as follows:

Agan and Riedy, c.; Fox and Curtis, p.; Snadling, b.; O'Brien, 2b.; Roe, 3b.; Dray, s.; Fuller, Dwyer and Pease, outfielders. Riedy and Curtis are both deaf mutes.

OLD AND NEW WAY.

Hymel the Latest Scientific Discovery for the Cure of Cataract.

The discovery of Hymel has wrought a wonderful change in the treatment of cataract. Prior to three years ago the medicines ordinarily employed in the cure of this disease were nauseating drugs and worthless tonics. In some instances they benefited, but the improvement was not lasting.

With Hymel you take into the air passages of the throat and head a balsamic air that goes to the minutest cells, effectually killing all germs and microbes of cataract. It enters the blood with the oxygen, killing the germs in the blood, and restores health to the whole system. Many astonishing testimonials have been received from those who have been cured by Hymel.

N. G. Durham, 23 Wellington St., Boston, Mass., writes: "I have suffered from cataract for a number of years. I tried Hymel and found it the only cure for this disease I ever used."

Perhaps the strongest evidence that can be given to doubters, is the fact that all druggists have no such faith in Hymel that they will sell every package under a positive guarantee to refund the money if it does not cure.

Now is the time to begin the use of Hymel.

ARE YOU AGEING?

Dr. Holmes used to say he was "seventy years young."

Some men are old at half that figure.

Age is not in years. It is in the blood. Scott's Emulsion helps to keep you young by keeping your blood young by supplying it with an abundance of rich, pure, vital nourishment; carrying constant life and renewal to every fibre of your body. It will help you to rob advancing years of half their sting.

time to studying the methods of sanitation in Europe, more specially in southern Italy. On this subject he wrote many papers. He was associated with Dr. Geo. P. Shady as an editor of the Medical Journal. After going to Europe, Dr. Wendt continued to contribute to medical publications in this country. Ten years ago Dr. Wendt wrote a book on cholera that was accepted as an authority at the time of the scare in New York. He was 45 years old.

China Grateful to United States.

Pekin, May 25.—Apparently the United States and Great Britain are about to make the payment of the debt owing to China, the other governments consulted having disapproved of the indemnity scheme proposed by Great Britain.

Chang Chi Tung, viceroy of Wu China, has been in Pekin for several days, conferring with the danger-empress regarding the indemnity and Manchuria. He visited Minister Conger and the British charge d'affaires in the last. Several shots were fired in support against Russian encroachments.

The foreign office has been informed that the outbreak in Yun Nan province is a local trouble and not a general one, and that the regular officials will be able to handle the disturbances.

A Riot in Austria.

Laibach, Austria, May 25.—A turbulent mob broke out last night, yelling "Down with the ban" and cheering for Croatia. A crowd in front of the German club sang the Slav anthem and hoisted the Slav flag. Several shots were fired in support against Russian encroachments.

Thinks Uncle Sam Should Interfere.

Springfield, Ill., May 25.—Bishop Seymour, of the diocese of Springfield of the Episcopal church, in a communication published by the State Register, strongly takes the ground that the United States government should interpose in behalf of the persecuted Jews of Russia, and demand that the Russian government take speedy measures to protect the outraged Jews and punish the persecutors. Bishop Seymour says that of course, the United States should not interfere in the domestic affairs of other nations, but that this is a case where humanity is outraged and the United States, in the interest of humanity should say, and it seems to him that this nation is strong enough to make its word quasi-command, and one which must be obeyed, that these massacres must instantly cease.

St. Petersburg Jews in Fear.

Berlin, May 25.—A special dispatch from St. Petersburg to the Lokal Anzeiger confirms the news that the Jews in that city are in fear that similar outrages to those which occurred at Kishineff may occur in the Russian capital during the celebration of the 20th anniversary of the foundation of St. Petersburg, which will be held on May 29. All the Jews who are possessed of means are preparing to go to Finland, while the poor Jews are panic-stricken. The authorities hope to avoid rioting by diverting the attention of the masses with free shows at the theaters and other entertainments.

Mayor Harrison's Traction Position.

Chicago, May 25.—Mayor Harrison, in his annual message, presented to the city council last night, stated his position on the traction franchise question. He declared that the existing companies have been exceedingly unbusinesslike in making any franchise extension is granted, and that no value on these claims shall be allowed.

The mayor also demands that provision for "early public ownership" shall be made by any extension ordinance; and that any ordinance shall be submitted to final ratification by the people under the "public opinion act."

Beggar's Heirs Seek a Fortune.

Oakland, Cal., May 25.—The heirs of Mrs. Leah Stein, an aged and destitute match peddler, have filed a petition for letters of administration on her estate which consists of an imaginary interest in an estate of a Jew in New York, supposed to be valued at \$300,000. Emil Stein, a son, and Mrs. Bertha Lubine, a daughter, both of San Francisco, and Mrs. Carrie Tarbell, a daughter, of Portland made the petition.

Smuggled Chinamen Captured.

Buffalo, N. Y., May 25.—Five Chinamen have been captured just after they landed on this side of the Niagara river. A closed carriage supposed to have been on the way to the river front for the Chinamen hastily moved away when the drivers saw the Chinamen under arrest. A shot fired to stop the driver was answered by shots from the carriage and a general shooting followed. A window of the carriage was broken. So far as known no person was injured. The Chinamen were locked up pending a hearing.

Arrested for Stealing Letters.

Chicago, May 25.—Frank Blake and Henry Hoekema, who, during the last month, were said to have stolen thousands of letters from the mail boxes in all parts of the city have been arrested by Postoffice Inspectors Gernard and Ketchum. It is believed that the pair has stolen at least 25,000 letters and probably secured thousands of dollars.

The men were caught in a room while engaged in opening letters. In their possession were found two keys that had opened a large mail box in the city. When surprised by the inspectors they had over 500 letters in a satchel, all mailed on Sunday. Many of them contained money and checks.

When taken before Commissioner Humphrey Hoekema, waived examination and was held to the federal grand jury in \$5,000 bonds. The case against Blake was continued until May 29.

Elephant Kills Alies Kaldy.

Cheyenne, Wyo., May 25.—Alies Kaldy, who was taking two camels and an elephant to Minneapolis to join the Jubour circus, was attacked by the elephant in a car at Medicine Bow station on the Union Pacific railroad and was crushed to death under the animal's feet.

FIRST DISMISSED,

THEN ARRESTED

D. V. Miller, Asst. Atty-Gen. for The P. O. Department.

IT IS SAID HE TOOK A BRIBE

The Amount is Understood to be Several Thousand Dollars—He is a Hoosier by Birth.

Washington, May 25.—Postmaster General Payne today summarily dismissed Daniel V. Miller, assistant attorney-general for the postoffice department, for accepting a bribe in connection with the case of John J. Ryan & Co., charged with fraudulent use of the mails. A warrant has been issued for Miller's arrest.

Miller was taken to the city hall tonight and placed under arrest by a deputy marshal. He waived examination and was released on \$1,500 bonds for appearance in court at Cincinnati next autumn. The warrant, it was learned last tonight, charges conspiracy instead of bribery as first reported. A warrant on the same charge has been issued for the arrest of Joseph M. Johns, a lawyer, of Rockville, Park county, Ind.

Miller came here from Terre Haute, Ind., about two years ago. He was appointed by former Assistant Atty-Gen. James N. Tynes. The charge against Miller has been under investigation for three months. The Ryan company was a turf investment concern which operated at St. Louis and Covington, Ky. Its methods and working operations are said to be similar to those of the Arnold company, which has figured so conspicuously in the postoffice inspection case.

The postoffice inspector in charge at Cincinnati, W. F. Wyckoff, and Postoffice Inspector R. M. Felton at St. Louis, recently were given full charge of the case. Complaint was made by Inspector Fulton before a United States commissioner in Cincinnati on Saturday and then a warrant was issued for Miller and Johns. Inspector Fulton immediately came to Washington and another inspector went west from Cincinnati to make the arrest.

Inspector Fulton today exhibited the papers in the case of United States Dist. Atty. Beach. Miller was at his desk all day today. He was called into the office of Atty-Gen. Robb shortly after 3 o'clock this afternoon and notified of his dismissal and of the steps that had been taken. He was allowed to draw his salary and then return to the private office of the assistant attorney general, where inspectors were in waiting.

The Ryan company was the beneficiary under a decision of the assistant attorney-general of the postoffice department, made several months ago subsequent to the decision in the Arnold case, and couched in practically the same terms as that decision.

The decision declared the concerns named to be free to use the mails. The Arnold decision, it is stated, was signed by Asst. Atty-Gen. Tynes and the Ryan decision by George A. Christy, who was then acting assistant attorney-general on account of Mr. Tynes' protracted illness. Mr. Christy was at the postoffice department on a summer leave from the postoffice inspection service and was closely examined regarding the case.

It is stated that the amount offered Miller as a bribe aggregated several thousand dollars and was in the form of a cash payment. He was given a check for \$1,500. The amount was taken from the Ryan company, so the case will be tried there, probably in the October term of the court. Mr. Miller probably will give bail for his appearance at that time.

The penalty for the offense is a fine of not more than three times the bribe asked or accepted and imprisonment of not more than three years.

Mr. Payne said that this statement was all that could be said at this time. In view of the fact that the case is now before the judicial authorities. He said that the case had been under investigation ever since the general investigation began. He declined to say what explanatory statement had been made by Miller.

T. W. Gilmer, the former expert of the office of the comptroller of the treasury, whose examination of the accounts in the Washington postoffice and whose subsequent transfer to another bureau of the treasury was reported in the Commercial Traveler's report to the postmaster-general regarding the Tulloch charges, refused to talk about the subject. Controller Tracewell alleged that Mr. Gilmer himself, at his own suggestion, wrote the letter which Mr. Tracewell signed, exempting the Washington and New York postoffices from his examination of accounts.

Mr. Gilmer, it is understood, admits that he did so, but says that his reason was to have some written authority on record for the action he took under the verbal orders of that effect.

A Man's Terrible Experience.

Pueblo, Colo., May 25.—Shot through the groin, and lying by the railroad track for 12 hours without medical attention, with his blind wife and four-year-old son unable to assist him, was the night's experience of Richard, a man who was found on the Missouri Pacific, 16 miles east of Pueblo, near the agricultural village of Avondale. The bullet was fired by F. L. Stevenson, who is now in jail in Pueblo on the charge of assault on Richard. Stevenson says he mistook Richard for a robber. Richardson is not expected to recover. Both men are farmers.

Negro Stabs a Soldier to Death.

Sault Ste Marie, Mich., May 25.—Geo. Rogers, private in Company A, First United States infantry, stationed at Sault Ste Marie, Mich., was killed by a negro soldier, who was found on the railroad track for 12 hours without medical attention, with his blind wife and four-year-old son unable to assist him, was the night's experience of Richard, a man who was found on the Missouri Pacific, 16 miles east of Pueblo, near the agricultural village of Avondale. Brotherhood Votes to Increase Its Protection Fund.

Denver, Colo., May 25.—The Brotherhood of Railway Trainmen, which is in national convention in this city, has voted to increase its protection fund from \$100,000 to \$300,000. This fund is used when strikes are called by that body. The provision of the constitution limiting the payment of committee by local and grand lodges has been changed so as to give the power to increase the pay and also settle with the committees in less time than formerly required. The convention is considering the adoption of a rule making it compulsory upon the order to pay insurance claims, based upon death or to tal disability, within 30 days instead of 60 days as at present. A number of delegates are ill. O. A. Hayes of Windsor, Ont. is reported in serious condition at St. Joseph's hospital. He is suffering from pneumonia.

Others afflicted with pneumonia, but whose condition is causing no alarm at present, are: W. J. Lewis of Springfield, Mass.; Thomas Kregan of Susquehanna, Pa.; and Joe Page of Farnham, Quebec; T. E. Lewis of Ashland, Wis.; and W. N. Smith of Guilford, Mass.

P. T. Cowles of Charlottesville, Va., and John Matthews of Columbus, Ga., are laid up from attacks of heart failure.
