WILLIAM NELSON HAS CLOSE CALL

Struck by a Trolley Pole and Knocked from Car Coming From Race Track.

BUILDING CANYON BRIDGES.

Line to Hermitage Will Probably Open June 1—Real Troubles of Herbert Preston Just Begun.

OGDEN, May 7.—William Nelson, a street car conductor, running on the race track line, narrowly escaped serious injury if not death last night by being struck by a trolley pole and knocked from the car. Other than an ugly wound in the back of the head and a severe shaking up, Nelson escaped serious injury. It is little short of marvelous that he was not killed.

RAILROAD LOSES SUIT.

OGDEN, May 7.—In the case of Robert G. Agee, administrator of the estate of D. B. Alexander against the Southern Pacific company, judgment has been rendered for \$225. Alexander was a mail clerk who was killed in the wreck at Garney, Nev., in January, 1907. The railroad company contended that he was not on a regular run when he was killed.

FUNERAL OF DANIEL MURRAY.

OGDEN, May 7.—The funeral services over the remains of Daniel Murray were held yesterday afternoon at 2:30 from the family residence on Twenty-sixth street. The services were under the auspices of the local lodges of Elks and Eagles, who attended in a body. The remains of the deceased were observed at the home and at the grave. A very long cortege followed the remains to their last resting place in the city cemetery. The floral offerings were profuse and beautiful.

HUSBAND DIDN'T PROVIDE.

OGDEN, May 7.—Alleging that since the day they were married her husband failed to provide her with the necessities of life, Rhoda Head has filed a suit for a divorce in the district court against Cecil E. Head. The couple were married in Ogden on the first day of

Constipation

Should not be neglected. It leads to more serious troubles. It shows that the important functions of the liver are imperfectly performed. The best medicine to take for it is the mild, gentle and purely vegetable cathartic, Hood's Pills, which act on the liver and bowels, cure biliousness, constipation, morning sickness, headache, break up colds, relieve uncomfortable fullness after dinner.

Hood's Pills

Are prepared by C. I. HOOD CO., Lowell, Mass. Sold by all druggists and sent by mail. Price, 25c.

CURED ITCHING PAINFUL HUMOR

Which had Spread Over Face, Body and Arms—Swellings were as Large as a Dollar—When they Broke, Sores would Not Heal—Suffered 3 Years.

MADE SOUND AND WELL BY 3 SETS OF CUTICURA

"My trouble began about three years ago with little black swellings scattered over my face and neck. They would disappear but they would leave little black scars that would itch at times so I couldn't keep from scratching them. The swellings would appear in the same place and they were so painful I could hardly bear it and my clothes would stick to the sores. The first doctor I went to said the disease was scrofula, but the trouble only got worse and spread. By this time it was all over my arms and the upper part of my body in big swellings as large as a dollar. It was so painful that I could not bear to lie on my back at night. The second doctor pronounced my disease inflammation of the lymphatic glands. He stopped the swellings, but when they would break the places would not heal. He tried everything that he could but to no effect. He said I might be cured but it would take a long time. I bought a set of the Cuticura Remedies and used them according to directions and in less than a week some of the places were nearly well. I continued with the Cuticura Remedies until I had used three sets, and now I am sound and well. The disease lasted three years from the time it commenced until I was cured. Before Christmas something broke out on my seven year old brother's hands in the form of large sores. I tried everything I could think of but to no effect until I happened to think of Cuticura and one application cured him. Also, not long ago, my sister, a year and a half old, had a similar trouble. I have been using Cuticura on that and it gave her scarcely any trouble."—L. Wilson, Puryear, Tenn., Feb. 8, 1908.

Warm baths with Cuticura Soap, gentle anointments with Cuticura Ointment and mild doses of Cuticura Pills, afford immediate relief and point to a speedy cure of torturing, disgusting humors of the skin, scalp and blood of infants, children and adults, when all else fails.

Caution—(25c.) To Cleanse the Skin, Cuticura Ointment (50c.) To Heal the Skin, Cuticura Ointment (50c.), for in the form of Cuticura Soap, 25c. per box of 50 to 100 bars of soap, throughout the world. —Potter Drug & Chem. Corp., Boston, Mass.

REAL TROUBLE JUST BEGUN.

Ogden, May 7.—When Herbert Preston, who had been held by the Weber county sheriff pending an investigation as to his supposed connection with the murder of Deputy Sheriff Seymour Clark near Uintah last November, was released from jail on Wednesday, he found his real troubles just begun. On reaching the outside, he was handed a letter informing him that his wife is claimed by another man, and ordering him to relinquish all claims, or suffer the consequences. Preston admits that he is not the father of three children who call him papa, and that he is in a quandary as to whether he is the husband of his wife or simply an interloper, although he was married to her six months ago. John Joseph, against whom Preston lays much of his troubles of months past, has asserted his rights to the affections of Mrs. Preston, and Mrs. Preston admits she was married to Preston solely to John Joseph, six years ago. The woman protests against resuming her old relationship on the ground that her marriage with Joseph was without record and is now null and void. Preston had intended to leave Utah and forget his past, but these new perplexities have changed his mind, and now he will remain long enough to settle his matrimonial tangles.

BUILDING CANYON BRIDGES.

OGDEN, May 7.—Yesterday afternoon Contractor E. H. Dundas, who had charge of the steel erection of the Twenty-fourth street viaduct, moved his base on the ground and with the machinery to the Ogden canyon, where he has a contract to erect the steel bridges on the line of the Ogden Rapid Transit company through the canyon. The steel is on the ground and with the competent force of structural steel workers that Dundas has, it is expected

ed that the bridges will be completed within 15 days. The rails and ties for the track through the canyon have been received and are being distributed along the new road with teams. The track laying gang is making excellent headway in the laying of the steel and it is stated that the wishes of the company to have the line in operation as far as the Hermitage by the first of June will be realized. The copper wire for the trolley line and the poles are due to reach Ogden during the coming week. The interurban cars that have been ordered are expected before the line is completed.

JUNCTION CITY BRIEFS.

The electric light men who have been installing the arc lamps for the viaduct will complete their labors this evening or tomorrow forenoon, so that Saturday evening the residents of the west part of the county who are in the city and are late in going home will find their way lighted by electricity for a great distance. Since Wednesday afternoon the viaduct has been in use by the public.

A man giving the name of George Sutherland was arrested at the Fair grounds on the charge of picking pockets. Officer Tom Conney took the man to the city jail. Bob Tobin and James Foley were given sentences of 60 days each in the police court yesterday for resisting the officers at the station when they were being placed in their cells. Staggering under a load much larger than he could possibly carry, Frank Connor, who had been given 20 days suspended sentence by Judge Murphy for the police court yesterday, and in the afternoon he was arrested at the depot by Patrolman Chambers. When the officer arrived upon the scene, Connor was creating a general disturbance. The officer, after a struggle with him, after some difficulty and the charges of drunkenness, disturbing the peace and resisting an officer were placed against him.

PROVO LIGHT AND WATER BOND ISSUE

Question of Its Legality to be Passed Upon by State Supreme Court.

(Special Correspondence.)

PROVO, May 7.—Provo is in a quandary for money to establish an electric light plant and extend the waterworks system, and is endeavoring to raise the amount necessary by bond for 8 per cent of Provo City's assessed valuation. The law permits bond issues for public improvements and 4 per cent for general maintenance expenses. The city fathers want to go the full limit of 8 per cent on bonding and use all for improvement purposes, as dirt taxes cover all other expenses, but eastern moneyed interests will not lend for this purpose unless the state supreme court passes upon the legality of the 8 per cent bonds.

At a special session of the city council last night the matter was taken up and City Atty. D. H. Thomas was instructed to appear before the supreme court with an attorney from Heber, which city is also in the same dilemma, and secure an opinion as to the legality of the full 8 per cent bonds. The matter comes up next Monday.

REPUBLICANS MEET TONIGHT.

PROVO, May 7.—J. F. Turner, assistant national organizer of Republican leagues, will meet with the Republicans of Provo at the courthouse tonight and organize a local branch of the league. Gov. Spry and other prominent Republicans will be present and make addresses.

NEW CORPORATIONS.

PROVO, May 7.—Articles of incorporation of the Farmers Co-operative association have been filed with the county clerk. Spanish Fork is the principal place of business, and the capital stock is \$45,000, in \$1 shares. The company is formed to do a general merchandise business and for the production and sale of farm products. A. T. Money is president; Loyel Mendenhall, vice president; Fred Lewis, secretary and treasurer, and these, with Alma Swenson, W. A. Croser, Lars F. Larson, Martinus Boedsgaard, A. G. Lundell, Frank Argyle and Parley Cloward, form the directorate. The H. G. Blumenthal company has filed articles of incorporation with the county clerk. The company will manufacture and sell sheet metal, tin, galvanized iron and building supplies. The headquarters is in Provo and the capital stock is \$25,000, in shares of \$1 each; H. G. Blumenthal is president; Samuel H. Adams, vice president; Ar-

WANT B. Y. COLLEGE COURSE RETAINED

Enthusiastic Meeting Held by Boosters' Club to Keep Logan Church College Intact.

(Special Correspondence.)

LOGAN, May 6.—In Nibley hall this afternoon a very largely attended meeting was held in response to a call from the Boosters' club to hear the report of a committee appointed to interview the Mormon church authorities relative to the elimination of the college courses of the B. Y. college.

Those who spoke earnestly in favor of asking for a reconsideration of the action eliminating the college courses were Bishop Owen of Wellsville, C. Z. Harris of Richmond, George V. Smith of Smithfield, C. M. Harris of Logan and L. R. Martinson of Salt Lake.

Stake President Isaac Smith strongly opposed the efforts being made to have the church authorities reconsider their

Chambers and Chief Deputy Madsen are here today looking for a suitable site for an auxiliary state fish hatchery. Spring Creek in Springville, and the forks in Provo Canyon are possible sites.

PICTURE PRESENTED.

PROVO, May 7.—"The Cycamore Tree," one of Hafen's masterpieces, was formally unveiled and presented to the Brigham Young University at chapel exercises this morning. There was a fine musical program, and speeches by President Brimhall, Prof. Easton and Artist John Hafen. The picture is the gift of J. Will Knight and is valued at \$1,000.

WANT B. Y. COLLEGE COURSE RETAINED

Enthusiastic Meeting Held by Boosters' Club to Keep Logan Church College Intact.

(Special Correspondence.)

LOGAN, May 6.—In Nibley hall this afternoon a very largely attended meeting was held in response to a call from the Boosters' club to hear the report of a committee appointed to interview the Mormon church authorities relative to the elimination of the college courses of the B. Y. college.

Those who spoke earnestly in favor of asking for a reconsideration of the action eliminating the college courses were Bishop Owen of Wellsville, C. Z. Harris of Richmond, George V. Smith of Smithfield, C. M. Harris of Logan and L. R. Martinson of Salt Lake.

Stake President Isaac Smith strongly opposed the efforts being made to have the church authorities reconsider their

action in cutting out college course at the B. Y.

After considerable discussion the following resolution was adopted with practically no opposition:

"Whereas, It has been reported that the general church board of education has recently taken action to the effect that the college work is to be eliminated from the Brigham Young college; and

"Whereas, The Boosters' club of Logan has appointed a committee to confer with the church authorities and has been referred by said authorities to the general church board of education; therefore, be it

"Resolved, By this assembly, that we do hereby endorse and approve the action of the said Boosters' club, and we urge that it take immediate steps to appear before the church board of education, and do all in its power to get the reported action reconsidered. And be it further

"Resolved, That this assembly petition the said Boosters' club their united support in this matter."

LOGAN BRIEFS.

The Att murder case will open in the district court on Friday. It is expected that several days will be taken up in jury work.

Justice Bringham imposed a light fine upon J. F. Grace of Wheeler today for drawing a revolver on Samuel Evans. The latter, it appears, had been greatly to blame in the affair, which brought about the quarrel.

The Ballard Orchard & Produce company has been incorporated for \$25,000. Officers: President, H. W. Ballard; vice president, M. J. Ballard, Jr.; and treasurer, H. W. Ballard, Jr.; additional directors, Elvira and Matia J. Ballard.

Deputy Sheriff Smith received a call to Blacksmith river today to help in the rescue of a team owned by Joseph Jepperson of Millville that had slid into the river by the caving in of the bank.

After a good deal of hard work the animals were finally rescued.

Investigation into the amount of the loss suffered by the Howell-Cardon company in its fire of last Sunday brings it to a much higher figure than was at first supposed. The total loss will exceed \$10,000. Insurance adjusters were at work today.

RECENT DEATHS

Evans, Gwenfred.—At Malad, Oneida Co., Idaho, Mrs. Gwenfred Evans, died at her home at the age of 80 years, closing a long and honored career of usefulness, beloved and respected by a wide circle of friends. Mrs. Evans was born in North Wales, November 13, 1828, embraced the Mormon faith in early days and came to America with her first husband, Daniel Roberts, and four small children. In 1850, her husband and one child died of cholera on the Mississippi river, and with the three remaining children she spent the winter of 1851 at St. Louis, going from there to council Bluffs, Ia., where they lived until the following spring, when she fitted out an ox team and crossed the plains to Utah. In 1853 she married Capt. David R. Evans at Brigham City, in which city Captain Evans died in 1881, leaving her with a family of eight children. Four years later the two youngest of these children died and were buried in the same grave. She came to Malad in 1871 and had resided here continuously, the succeeding 33 years. Mrs. Evans is survived by the following children, all prominent residents of this state: D. L. Evans, C. R. Evans and Mrs. Edna Jones of this city; Mrs. Catherine Wright of Bear Lake, Lorenzo L. Evans of American Falls, and John Roberts of Idaho Falls, together with numerous grandchildren, great-grandchildren, and six great-great-grandchildren. Interment took place Wednesday afternoon at the Brigham City cemetery.
