### THE VERY BEST MUSH.

TWIN BEOS. HAS NO EQUAL.

There is no breakfast food so nour fshing and beneficial as Twin Brethers' Much. It is manufactured by H. R. Robbins, 12 Halbeck street, San Franisco, Cal., and distributed in Utah by Zion's Co-operative Mercantile Insti-tution. During the fruit season the best way to eat much is with a little mush to be eaten is Twin Brothers, the kind with the pictures of the twin brothers on each package. It is the grown folks, sets well on the stomach, is easily digested and very strengthening. The purest of all pure foods. Try it. Watch the advertising.

Level of the Centennial-Eureka.

Grand Central Stronger - Sacramento | Peter | Held Talks of Mine-At the Eagle & Blue Bell Supt Swindler Returns to De Lamar.

> Another strike is added to chapter of Important ere disclosures made in the the latest one was telephoned to tawn today by Superintendent Brown. It was made last night on the 1,000-foot level. When seen in reference to the matter today Managing Director A. F. Holden said it may or may not prove important. He was inclined to take a very conservative view of the matter, active, but stated that Superintendent Brown believed the strike to be a good one and the ore to be of paying quality. As-says will be out tomorrow, but in the meantime it is presumed that Superin-tendent Brown's experience with the res of the mine enables him to pass on the 800-level. Manager Holden said that it has been found 250 feet from

the place where it was expected that the chute on the \$800-level would be tap-Daly-West continued firm, while ped. This strike proves that the ore-Grand Central was held at \$5.90, with extends at least 200 fest deeper than o the resources of this wonderful bo-

THE GALENA MINE.

Small Streak of Ore Encountered 200 Feet North of Porphyry Dyke. Peter Reid of the Galena mios at Fish Springs, is in town to the published of getting repairs for the engine which recently broke down, and expects to leave for the mine on Thursday. In speaking of the property today Mr. Reid said the drift on the 600 toyel has been run north a distance of 200 feet beyond the bits property when a which told within the next thirty-five days. up in the mine and about five tons have been extracted. The condition of the 100 fest, or to Galena is said to be better than it has tunnel now is.

#### been for some months past. THE UTAH MINE,

Condition is Better Than it Has Been

for Some Time-Value of Shipments. The Utah mine of Fish Springs mar-The Utah mine of Fish Springs marketed another car of ore yesterday afternoon on controls showing 183 cunces silver, 47.5 per cent lead and 40 cents in gold per ten. "The mine is in better condition than it has been for sometime," said Joseph C. Crismon yesterday. Mr. Crismon has just come up from the district, and reports the new strike on the 400-foot level looking well. This one chure lies east of the chute. This ore chute lies east of the chut which has been followed to the 500 leve which has been followed to the society and gives good values in the 60 feet of stoping which has been done from the 400 level. So far, Mr. Crismon says, the ore has not been proved to extend below the 400 level, though it is probable that it may go further fown like the old chuts. At the 500 level a winge is being rin down in ore towards the 600 fays level, where a drift is bethe 600-foot level, where a drift is being run to connect with the ore body.

RETURNS TO DE LAMAR. Supt. Swindler Says the Mine Will

be Closed this Fall. Superintendent Frank P. Swindler expected to leave for De Lamar, Nev., this evening to resume his labors at the mine. Preparations are now going forward for the handling of the mill tall-ings at Capt. De Lamar's benanza, of which there are 400,000 tens. In order to handle them Mr. Swindler says the mine will likely be closed in the fall. Although the cream of the ore has been extracted Mr. Swindler says there are This has been considered and it only a question of time in Mr. indier's opinion before that system aking of the mill dust he said that

ny men were injured in the begin-g, before the deadly effects of the ill dust became known. Afterwards hen respirators were furnished a simber of the men were not careful cough to use them, and so were acceed by the dust. Five dust consectors
