## PRECINCT CONVENTIONS.

**Republicans Nominate Candidates For the City Council.**

The Republicans held precinct conventions last night and nominated the following municipal Council ticket:

First Precinct—George Buehle, J. E. Wherritt and John H. Lawson.

Second Precinct—E. H. Callister, M. J. Cheesman and E. M. Lefler.

Third Precinct—Arthur Parsons, Rhoda Anderson and M. ... Yates.

Fourth Precinct—R. S. Wilson, George Ramney Sr. and J. J. Stewart.

Fifth Precinct—W. F. O'Meara, Lewis Cohn and Chris Diehl.

To all the precincts except the First and Fourth the conventions were measurably harmonious, but in the two precincts named matters did not run so smoothly. However, the ticket is nominated and of course every Republican will put his best foot forward to its interest.

## Small Blaze.

The fire department was called out to a fire that had started in the basement of McDonald's grocery at 203 South East Temple street. The operations did short work with the blaze. The usual small boy with a match was the cause of all the trouble.

## Shelley Items.

SHELLEY, Idaho, October 8, 1895.—An ... affair, many of the boys seem ... in launching our ferry boat, which was a complete success. The boat is 16x40, and will carry a heavy load of team, wagons and rigs over Snake river. The wire rope will be here soon. Then the boat will be put into working order for freight and passengers.

The debate on Tuesday last ended in a victory for protection.

The grain in this valley has turned out very well.

Sunday evening our manuscript paper, the Advocate, was read by the editor, E. J. Farnes, to a well filled house.

Last evening there were three candidates for the office of justice of the peace to fill the vacancy caused by the removal from this place of W. H. Crandall, who left here some time ago. The names of the three are Dewey Stephens, Joseph Crawford and M. Melhorn. The latter gentleman secured the majority of votes. Mr. Melhorn is a man of good sound sense and well educated and, viewed in law, a good neighbor, and I think he is the right man in the right place.

The weather is delightful.

Had ... for J. F. Shelley's well, ... feet deep, the pump and ... have been put to great ... all the water was about ...

Complete Recovery by the Use of
**Ayer's Sarsaparilla**

"Some years ago, as a result of too close attention to business, my health failed. I became weak, nervous, was unable to look after my interests, manifested all the symptoms of a run-down. I took three bottles of Ayer's Sarsaparilla, began to improve at once,

and gradually increased my weight from one hundred and twenty-five to two hundred pounds. Since then, I and my family have used this medicine when needed, and we are all in the best of health, a fact which we attribute to Ayer's Sarsaparilla. I believe my children would have been laid low to-day had it not been for Ayer's Sarsaparilla, of which preparation I cannot say too much."—H. G. Hixson, Postmaster and Planter, Rinard's, S. C.

Pure Blood

To the secret of the restoration to health which Hood's Sarsaparilla gives.

"It gives me pleasure to recommend Hood's Sarsaparilla. It has cured me of many complaints, and purified my blood. I was troubled with my liver, had big disease and other troubles, with swelling of my ankles. For a long time I had to walk with a cane. For several years I was practically breaking down. I had the grip in a severe form. I procured six bottles of Hood's Sarsaparilla and it built me up. My recovery I owe to Hood's Sarsaparilla. All say its large gone and I feel like a new person. I shall ever speak highly of it."—MRS. CHARLOTTE KELLEY, Hayward, Cal.

"The presence of the Great Encyclopedia Britannica with its wealth of information makes a University of the humblest cottage."

The highest tribute to the great practical value of the Ninth Edition of the Encyclopedia Britannica and one which attests its unrivalled excellence is the fact that many of its articles have been adopted as text books in our leading institutions of learning.

Harvard University, Yale University, Northwestern University, Cornell University, Johns Hopkins University, Columbia College, Michigan University and others have thus honored the great Britannica.

Here are some of the articles adopted as text books by such institutions:

| | | |
|---|---|---|
| Algebra | Botany | Electrolysis |
| Anatomy | Capillary Action | Electrometer |
| Annuities | Clock | Energy |
| Architecture | Comet | Equation |
| Astronomy | Constitution of Bodies | Emer |
| Atom | Curve | Figure of the Earth |
| Attraction | Diagram | Ferns |
| Biology | Diffusion | Fungus |
| Breeds | Dynamics | France |
| Bridges | Elasticity | England |
| Buildings | Electricity | Political Economy |

These are thirty-three only of the 25,000 articles to be found within 25 volumes THE DESERET NEWS' Edition of the Encyclopedia Britannica.

The average cost of a text-book is $1.50. These thirty-three subjects bought separately would cost you more than the entire twenty-five volumes offered by THE DESERET NEWS.

Heretofore this work could be obtained only at a great cost—from $195 to $200. It is now for the first time placed within the reach of the masses. A saving of only
