Editors Deseret News:

As an appropriate day for a Sunday school jubilee, the 33rd anniversary of the entrance of the Pioneers into Salt Lake Valley was chosen.

By request of our Stake superintendent, Peter Nielsen, the pupils, teachers and officers of the Sunday schools of Brigham City and Sunset were invited to participate and meet at Sunset. At early dawn, the firing of guns and the raising of the national banner announced the approach of the day of jubilee.

At 9:30 the assembly was called to order and the exercises commenced, consisting of some excellent singing by the choirs of the two settlements, as well as by members of the two schools. Questions and answers, chapters two and five of Jacques' Catechism, by two classes of Brigham City S.S., and questions and answers from "Motto catechism cards," on "Wisdom," and "The Kingdom of God," by two classes of Sunset S.S., were especially praiseworthy in their rendition. Songs, dialogues, orations, appropriate for the occasion, were spiritedly and cheerfully contributed; all calculated to impress upon the mind the importance of the great latter-day work. During the afternoon and evening, dancing and innocent gymnastics were freely engaged in thus happily closing a Sunday School celebration which will long be remembered with pleasure and thanksgiving.

Respectfully,
L. M. SAVAGE, Secy.

Editors Deseret News:

Sister Sarah A. Church, who left her home in St. George, June 2d, to visit her relatives and friends in the South, was accompanied by Elders Scott and Bean as far as Nashville.

The Elders continued their journey to Rome, Ga., where they were assigned to their fields of labor.

Sister Church visited her friends and relations in Hickman, with whom she stayed for two weeks.

I accompanied her to this place, where she met her brother, sister and many other relations whom she had not seen for over 35 years, and who were overpowered with joy when they met each other with a brotherly and sisterly greeting.

She has enjoyed excellent health and a pleasant trip, and has been enabled to get the genealogies of many of her relatives. If all be well, she will leave for her home, in company with her sister, about the 1st of August.

The health of the people is generally good, and the weather mild and pleasant for this time of the year.

Your brother in the Gospel,
G. H. CARVER.

Tha President has ordered, that in addition to his duties as General Commanding the Department of the East, General Hancock shall assume temporarily, command of the Department of the South.

This action has, of course, no bearing upon the candidacy of the General, but as it forcibly presents the fact that the necessities of the service may at any time require that he be assigned to duties in the performance of which he might be compelled to increase or decrease his political prospects, it will probably strengthen his determination to resign from the army.

At the Treasury it is said, there will be a very slight reduction of the debt for the month of July, if any. This is not because of less receipts, but of larger payments of interest and other expenses.

Cabinet meetings now-a-days are not meetings of members of the cabinet. Two only were present yesterday, and one of them postponed his departure from the city in order to be present. It has been suggested lately that, as the stated meetings generally are of no consequence whatever, they be dispensed with, at least during the hot weather, the President summoning his advisers only when there is need of advice.

The sad case of the Ponca Indians is now attracting the attention of many, who desire to see justice and humanity exercised in the treatment of the "nation's wards."
