

UNIVERSITY OF UTAH.

Salt Lake City.—In compliance with the request from the county superintendents, through state Supt. Nelson, the officials of the state university have arranged for a state normal summer institute to be held in the university buildings at the close of the present school year. The institute will begin June 6 and remain in session two weeks. During this time the training school will be in session giving the teachers of the state an opportunity to receive professional training from the professors, supervisors and critic teachers of the state normal school. Special lectures will be delivered by some of the best educators of the United States. The bulletin announcing this institute will be issued next week. At the conclusion of the two weeks' summer institute the regular university summer school will begin and continue in session for six weeks. It will commence on June 20 and close on July 23. More advanced studies will be given this year than in previous sessions. All the laboratory and library equipment will be in use. The university summer school committee consists of Prof. Marshall, Cummings, Roylance, Benion and Ebeugha.

William T. Taylor of Lehi, a college junior of last year who has been traveling as a salesman in central Utah, returned to the university and registered on Monday.

J. F. Tolton, a merchant of Beaver, and a member of the school board of that place, visited the university on Thursday.

There was an important meeting of the athletic council of the university on Wednesday afternoon. The council decided to employ an eastern coach to succeed Prof. Holmes who has tendered his resignation, and President Kingsbury was authorized to communicate with Coach York of Michigan, Coach Camp of Yale and Coach Warner of the Carlisle Indians asking each to name a competent man. From among these and others who may be mentioned the new coach will be selected. Prof. Cummings who is treasurer of the athletic association stated that the association had paid all its expenses and was in good condition financially. The council decided not to put a baseball team in the field but will direct its attention to developing a good track team for contests in the spring. Messrs. Callahan, Anderson and Redden and Dr. Plummer visited the council at the close of the meeting and offered to assist in the promotion of varsity athletics. The athletic council consists of President Kingsbury, Prof. Holmes, Prof. Cummings, George C. Riser and Atty. P. P. Christensen.

Capt. Ridout of the track team has notified all candidates for positions on the team to report for work at the gym on Mondays and Wednesdays at 3.30.

Mrs. Rebecca E. Little and Mrs. Emma J. McVicker of the board of regents were visitors on Monday.

The Hon. H. C. Williams delivered an illustrated lecture on "The Sun and Solar Physics" before the engineers Tuesday. He will address them again next Tuesday. For a number of years Mr. Williams has made a study of astronomy. He has at his home two large telescopes of his own make for use in studying the movements of the planets.

On Thursday the debating club discussed the "New Problem." The speakers were Carlson, Rees, Holman and Alexander.

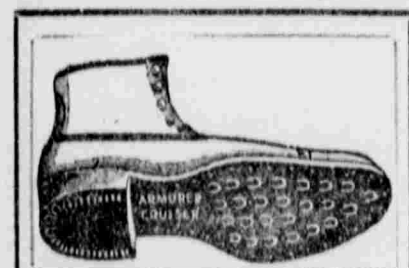

The chapel exercises on Wednesday were conducted by Atty. M. Thomas. His subject was "Live for Others."

Last night the Junior college girls gave a leap year party in the museum building.

The University Dramatic club are rehearsing "A Scrap of Paper." The play will be presented in the Salt Lake theatre on Feb. 12. Miss Adelaide Boller is directing the work in the absence of Miss Babcock.

SALT LAKE CITY SCHOOLS.

Salt Lake.—Principals' meeting was held at usual time and place this week. The opening exercise was a lesson in reading given by 15 students of Miss Lawson's class of beginners, Fremont school. Following this, a very able talk was given by County Supt. Ashton on "Geography." The most important points brought out by the speaker were: The pupil should be led to understand local conditions and their special effects; a respect for occupa-

tions should be inculcated; the new facts should be linked with facts already known by the pupil—an evidence of a strong geography teacher; in the sixth grade and upward, the habit of reading extensively should be encouraged; in the eighth grade, especially, class room discussions should be of frequent occurrence; and the pupil should be led to deduce facts. It was held that power to discriminate results from a proper course in geography, and that self-thinkers are produced through a careful study of that branch. In conclusion, the gentleman stated that the teachers intended to make those who have a practical knowledge of geography—a condition, which prevents any possibility of one-sidedness.

Dr. Kingsbury of the U. of U. is scheduled to present a paper at the next regular meeting of the city principals.

An optional meeting was held by Mr. Parratt last week for teachers of the second, third and fourth grades.

The eighth number of the High School's "Red and Black" has made its appearance. As usual its "editor" is good; society notes, taking, gossips, very amusing; and the general make up of the little journal, creditable.

Ask the eighth grader what he thinks of the High School and he is willing to say that his impressions from his visit there last Thursday are so favorable to that institution that he will be found there next Monday morning as a "Freshie."

It was a happy day for the '04 boys and girls, who were invited to see the work of the High school. Principals Wallace and Corbin, respectively of the Union and Lincoln, personally presented the graduating classes to their future educational home. Hearty rounds of applause and loud cheers greeted the visitors. Principal Easton extended them cordial welcome and bade them avail themselves freely of the privilege of seeing the class work. Pupils and instructors of the High school spared no pains to make the day a pleasant as well as profitable day to their new friends. Principal Wallace predicts that this actual contact with the school has increased the list of his graduates, who will enter this half year.

The neat folder gotten out by the Lincoln school contains the program which was so successfully carried out last Friday morning at the West Side High school, and also gives the list of names of the graduates from that school.

Mr. Antonio Esterillo and Miss Pilar Zamora, instructors in the schools of Manila, are accompanying Mr. Ralph Hagar on his American trip. They spent last Thursday at the High school. This is their first visit to America.

Monday begins the second half year in all the schools.

Miss McDonald of the Franklin and Miss Lewis of the Wasatch retire this week from the profession.

Miss Ellis Shipp, who has been absent from school for several months past, owing to a severe attack of typhoid, is expected at her old post, the Wasatch, next Monday.

Two French plays will be put on the boards at the High school in the very near future.

Supt. Christensen was a visitor at the High school last Wednesday.

Principal Bradford reports having broken all previous records at the Longfellow for clearing the rooms of pupils during fire drills.

Three of the members of the board of education visited the Summer school last week and made some very complimentary remarks on the general management of the school.

L. D. S. UNIVERSITY.

Salt Lake City.—At the first state league game of the series to be played for the championship of Utah for 1904, the Latter-day Saints' team defeated the Brigham Young team at Provo by a score of 22 to 17.

New classes for all beginning students will be organized on Feb. 1. A bulletin describing the courses that begin on that date has just been issued and will be sent free to any address upon application.

The lecture to be given next Monday evening by Prof. Mills in Barrett hall will cover the subject of "The Early Middle Ages and the early settlement and beginnings of Nephite history. The lecture will begin at 8 o'clock and last one hour. The public is invited.

Word comes to us that Elias Ashton, a graduate of the high school of this institution, who created the Chicago record of Chicago last October, is doing good work. It is a pleasing feature to note that our graduates are accepted in the large institutions, both in the east and the west, to take college work without condition.

Prof. Goldard addressed the young men this week upon the necessity of moral, intellectual and spiritual growth, referring to the degraded or stunted condition of many young men in consequence of their intemperate habits. Referring to the beneficial rules adopted by the institution, and the speaker commended them to the earnest attention of all students.

Presidents Seymour H. Young and George Reynolds of the First Council of Seventies visited the evening missionary class on Wednesday evening. The class was well attended and the presence of the brethren caused the students to realize the importance of this course of study. About 15 members were notified to prepare for missionary work abroad, and how cheerfully expect early calls from box B. Addresses were delivered by Elder Young and Elder Reynolds, which were much appreciated by all present.

A clock has recently been placed in the typewriting room and adjusted by the telegraphers so that all the buildings are connected with a system of bells. All classes are thus signalled and uniform time maintained.

By invitation, Madame Valentine Heintz, a French resident of this city, visited the class of French A on Monday and gave the students some special work in reading and dictation.

On Thursday one of Prof. Stephen's choristers, John Nelson, led the school in singing "If There's Sunshine in Your Heart Today." Walter Spencer delighted the school at general assembly on Wednesday by singing "Not a Sparrow Fulleth," by Abt. In response to an enthusiastic encore, he sang "Come to Me, My Love." The congregational singing was "America."

President Paul was the recipient of some exquisite roses and dainty confectionery on the 20th, some of the students having discovered that the date was his first birthday. The cook, Miss Paul, planned a pretty surprise for

the president in the shape of a citron cake with his name in raised letters across the top, a transparent jelly with a rose in the center, and an appetizing menu for all the guests.

BRIGHAM YOUNG UNIVERSITY.

Provo.—Five of the missionary students have received their calls, and expect to leave in a few days for their fields of labor.

The High school '05's cleared out room F and G last Friday and gave a class social which lasted till midnight. The decorations on the blackboard next morning betokened a rather live reunion.

The Rialto club is the name of a new for-profit organization which meets once a week to get practice in parliamentary procedure, and to discuss current issues in politics and economics.

The first session of the Speech Improvement club since its reorganization.

WILL BUILD SKYSCRAPERS.

In Paris, Miss Fay Kellogg, who is a New York architect, succeeded in securing equal rights for female students, at the School of Fine Arts, as the males enjoyed. As an architect Miss Kellogg is considered highly by her brother professionals and has been interested in the plans of several of Manhattan's monster buildings.

tion occurred last Wednesday evening of education visited the Summer school last week and made some very complimentary remarks on the general management of the school.

The school of music is working hard on Priscilla, the opera of Puritan life, which is to be presented in two or three weeks. Miss Hazel Taylor will sing the title role.

An election took place at the last session of the literary society. Miss Georgia Hargland is the new president and Mr. Donald Forsyth the new vice president. A Lowell program was then rendered.

A long list of names of fourth year students from the High school and Normal school was presented at the last faculty and favorably voted upon as candidates for graduation at the close of the present semester.

Mr. Mosher Pack, a '03 college graduate, and now in the employment of the state as assistant civil engineer, is with the school again to pursue post-graduate courses during a few months in the winter when work in the field has ceased.

It is with sorrow that we record the death, last Saturday afternoon, of Curtis Colvin, an exemplary young man from Payson, and a third year student of the High school. He took impetuous rheumatism, and died of heart failure, when it was hoped he was on the highway of recovery.

Letters from the party headed for Mexico under Prof. Cliff, state that they were prevented from having a lay day at El Paso as per program, because of the unlooked for limitations of their tickets.

Previous to Friday the halls and blackboards were decorated with rather clever cartoons advertising the "Senior Leap-year Hop," a function which took place Friday night in the gymnasium with a very select and well-entertained company of students and visitors from Provo in attendance.

There was never a jollier crowd—over 40 in all—than that which left the home of Mrs. Ida Snoot Dusenberry last Thursday evening for a hayrack on bob sleds, and the crowd was made up principally of the kindergarten girls and a lot of interesting young fellows on whom they have begun the practice of leap year charms. There was method in this escapade; for by 11 o'clock the half-frozen party drew up at the starting point and partook of a warm banquet of hash and potatoes. What better way of ingratiating themselves as candidates for domestic kindergartens? Trust the "Mysheer" girls for getting up profitable surprises.

BRIGHAM YOUNG COLLEGE.

Logan, Utah, Jan. 21.—Prof. D. C. Jensen was the speaker in chapel last Friday morning. He gave an excellent talk to the students, urging a lay exercise and energy in their studies.

He showed by practical examples what an individual can accomplish if he has ambition and an aim in life, and makes use of the advantages and opportunities which surround him.

The missionary class took the seats of the choir on Wednesday morning in devotion and rendered the opening hymn.

The Philomathe Literary society will

meet tomorrow evening in the assembly hall, where a program will be rendered consisting of a violin solo by Prof. C. M. Harris, an address by Bishop Evan R. Owen, and a piano solo by Miss Lillian Oliver.

The third and fourth year students played a match game of basketball on Tuesday evening. The fourth year was victorious. A similar game was played sometime ago, but the sides tied, and it became necessary to play the game over again.

The missionary class will give a party in the gymnasium on Friday night, to which all students are invited.

The January number of "Crimson" is out, and it is well filled with good information and interesting notes.

Brother William Blood of Kayaville, Utah, is visiting in Logan, as the guest of his daughter, Mrs. James H. Linford.

A number of meetings of the Book of Mormon society were held last week in the college faculty room.

The Seventies' quorum of Cache stake held the regular bi-weekly meeting on Tuesday night in the college.

The basketball team scored a victory in Ogden last Friday in a match game with the team of the Weber Stake academy. We noticed from last Saturday's "News" that the W. S. A. boys intended to report a victory in this paper. We suppose, however, that they will report the defeat.

Material is now in preparation for Bulletin number three which will be printed in the near future.

Professor Mowah had lectured to a large audience in Paradise last Sunday night. Prof. W. H. Chamberlain met with a similar experience in Wellsille.

Demands are constantly being made for a class in conducting ward associa-

No services were held here Sunday, 10th, except M. L. A. in the evening. The reason for this was that the students might attend the quarterly conference in Beaver.

Apostle A. C. Woodruff visited us Monday morning, Jan. 11, and spoke to us at our devotional exercises. Instead of having "roll call" in our different departments as before, we have it after assembling for devotional exercises.

Prof. Macer conducts a class in arithmetic and grammar for those students who have not had the privilege of attending school for some time and are therefore somewhat backward. The work taken up in these classes will consist principally of the "fundamental principles" and will be a great help especially to the preparatory department.

Last Friday morning the teachers and students of all classes met together in a testimony meeting at which we had a good time.

At our Polycephal last Friday night, Attorney O. A. Murdoch of Beaver delivered a lecture on "The Whys and Hows of Mormonism." The music was furnished by Bros. George and A. M. Durham.

The teachers and some of the students attended Sunday school in Beaver Sunday.

AGRICULTURAL COLLEGE.

Logan.—The A. C. Woman's club met with Mrs. Aquila Nebeker last Tuesday, Mrs. Martineau was leader of the discussion.

Supt. Jas. A. Langton of the city schools gave an excellent address at chapel last Wednesday. After chapel he with his wife visited the college and took lunch in the college dining room.

Last Monday afternoon at the residence of President Kerr, the ladies of the faculty gave a very enjoyable reception to the lady students of the college. The rooms were tastefully decorated with cut flowers and potted plants.

Girls are still entering for the winter course in domestic science.

The domestic science department has shown an enterprising spirit in that they have lettuce, radishes and parsley grown in the greenhouse, ready for use and are serving it at their noonday lunches.

Prof. Langton addressed the city teachers last Tuesday on methods in arithmetic. His words were highly appreciated.

Hon. Geo. Austin, field superintendent of the Utah Sugar Co. will speak before the agricultural students next week.

The 10th annual report of the bureau of animal industry at Washington contains a complete summary of Prof. Merrill's bulletin on horse feeding.

Prof. Ostien addressed the Y. M. M. L. A. at the Fifth ward last Wednesday evening.

Judge Chas. H. Hart conducted chapel yesterday and in company with

his wife, took lunch with the domestic science department.

An outdoor track is being put down by the college under the supervision of Prof. Jensen. The boys from the shops are doing the work. Prof. Campbell expects to have a large number in training in a short time.

The Farmers' Institute committee met last Tuesday and arranged for a number of district institutes to be held in the spring.

The Farmers' Institute annual has been planned and members of the faculty may expect to receive notices for articles desired for its pages.

The mechanic arts department are preparing models of sluice gates, measuring weirs, and division apparatus for the St. Louis Exposition. Some of the features of this apparatus are novel.

Mr. Anderson, representing the J. Jepherson Co. of Salt Lake, was here during the week studying the farm, flumes, weirs, and other features preparatory to making a model of the farm and its irrigation system for the World's Fair at St. Louis.

Prof. Jensen is arranging catalogues from leading manufacturing concerns, and construction companies in the engineering library; he is also filling photographs and drawings of railroad structural work furnished by the roads entering the state, and specifications for paving, sewer systems, and other public works from the chief cities of the west. The object is to put students in touch with up-to-date engineering methods.

Mr. A. D. Sly from Plymouth, Michigan, has entered Prof. Peterson's department for work in mineralogy and assaying.

Mr. Turner, a man who has extensive stock interests in Montana and who is this winter feeding 500 steers there, is registered for the winter course work in stock and agriculture.

The agricultural club presented an excellent program in the chapel last Saturday evening, after which the club entertained in the gymnasium. They certainly set a high mark in the way of entertaining, and any organization that attempt to outdo them will have to aim at the stars.

During his visit to California, Prof. Dryden addressed the California Poultry association. He says he was royally entertained and they must have appreciated him as we find a full page synopsis of his address in a California poultry journal of recent date.

Mr. McLaughlin went to Salt Lake Tuesday to confer with Mr. Newell, the irrigation expert.

Rev. Clemenson, talked to the Commercial club of the A. C. of U. last Saturday afternoon, taking as a text "The Minister as a Business Man." Mr. Clemenson showed how necessary it is for the average minister to be a first class business man in order to make his own accounts come out on the right side of the ledger. He pointed out also that the minister must frequently be

the financier for a large number of his congregation as an organization. According to Prof. Bexell the club appreciated Mr. Clemenson's treatment of the subject and enjoyed his talk very much.

The time and place for the meetings of the Commercial club will be changed to accommodate all of its members in the near future.

BRANCH NORMAL.

Cedar City.—At student's chapel last Friday Stella Spilsbury sang, "Glory to God in the Highest." Mina Grey gave a talk on "Habit Formation," an instrumental selection was also rendered.

Principal Porter has recovered from his illness and is again in school.

About eight inches of the "beautiful" fell Tuesday night.

The program for Student's society Friday next is "Just for Fun."

Number 5 of the series of public lectures is "An Evening with American Writers," to be given by Miss Spencer, Saturday, Jan. 23.

The preliminary hearing of the case of the Branch Normal School City vs. Ernest Fife, on the charge of neglecting studies, was heard before Justice Taylor Wednesday.

The classes in bookkeeping and business practice will commence on the second Monday in February in the new session building.

Instructor Burgess, under the supervision of the M. L. A. gave a talk on "Faith" in the ward tabernacle Sunday last.

An opening ball will be given in the new building Feb. 22. Preparations are being made also for a musical and an athletic exhibition.

LYON & CO., 143 Main St.

START 1904 RIGHT

The best way to start a New Year is NOT to sit bawling the blunders of days gone by. Instead it is to rise up with fresh energy, with eyes to the front, resolved to profit by past experience.

What is experience?
It is knowledge gained from past deeds.
That is the point where the **ENCYCLOPAEDIA BRITANNICA** makes its great appeal. It sums up for a man all the experience of all the other men since the world began.
Do you think you are strong enough to ignore all this past experience in beginning another year?

The Desire to Improve

Is the one element which has uplifted whole races and made entire civilizations. Kingdoms have passed away and new states have arisen simply because individual men have resolved to better themselves.

The story of their struggles and the results of their labors are printed for your benefit in the **ENCYCLOPAEDIA BRITANNICA**.

The New Year's Resolution

should include the procuring of this splendid set of books. It is the finest single equipment for success ever prepared. Its thirty-six volumes were a century in the making, and represent an outlay of three millions of dollars. The New Twentieth Century Edition will give you the latest facts in history and biography, the most recent researches in chemistry, mechanics and engineering, the latest word in surgery and theology, the present status of the Roentgen ray and wireless telegraphy.

If you start 1904 with **BRITANNICA**, you can turn over 12,000 new leaves instead of one!

In Whatever Line

Of trade or professional work you may be engaged you cannot afford to begin the New Year without this price of reference works—partially when it is now within your grasp at LESS THAN HALF PRICE, and payable a little at a time.

The fact that more **BRITANNICAS** were sold in 1903 than all other encyclopaedias combined bespeaks its merit and popularity.

New Twentieth Century Edition

This new edition which we offer for TEN CENTS per day has been thoroughly revised and contains full and accurate accounts of all the latest developments in every branch of human endeavor. **RIVAL PUBLISHERS** are now offering, under a similar name to Britannica, an abridged edition of the great and only Britannica. **DON'T BE DECEIVED.** Get the complete work. The great Twentieth Century Edition costs the same as the abridged edition and it is vastly superior in every respect. You cannot abridge the Britannica without spoiling it. **GET THE COMPLETE WORK.**

What the Coupon Does.

The Free Inquiry Coupon, if used promptly, will bring you handsome specimen pages and full particulars, and will entitle you to the special price and to a bookcase made for the Encyclopaedia. But it should be sent at once.

What is Said of It.

"It is without a peer in the whole noble army of encyclopaedias."—Lyman Abbott, D. D.
"The Encyclopaedia Britannica is king of its tribe."—Prof. David Swing.
"If all other books were destroyed, the Bible excepted, the world would lose but little of its information."—Spurgeon.
