LOCAL AND OTHER MATTERS.

FROM FRIDAY'S DAILY, SEPT. 2

Hymeneal.—The marriage of Mr. James H. Anderson, foreman of the DESERET NEWS job department, and Miss Mary A. Abbott, a young lady employe in the bindery, took place yesterday, Counselor D. H. Wells performing the ceremony. The newly wedded couple are a very worthy pair, are well known and highly respected, and a host of sincere friends will rejoice at their happy union. The NEWS congratulates them upon the auspicious event, and wishes them a long life of peace, happiness and prosperity.

President's Party Returned.—The First Presidency and party, with the exception of President Joseph F. Smith, who came home yesterday, returned this morning at 10 a. m. After holding meeting at Salem, on Tuesday, as stated in our last item respecting their tour, the party proceeded to Payson, where meeting was held at four p. m. The speakers were Presidents John Taylor, George Q. Cannon, Joseph F. Smith and Wilford Woodruff. The company remained there over night and next morning a meeting at Spring Lake Villa at 10 o'clock was attended by Presidents Cannon and Smith, while Presidents Taylor and Woodruff went on to Santaquin, where services were held at 1 p. m., and the congregation addressed by Presidents Woodruff, Taylor, Cannon and Smith, the latter two having rejoined the party. President Smith returned to Salt Lake from this point. The others drove over to Glendale, where they were afterwards joined by Apostles F. M. Lyman and John H. Smith from this city. The next day at 10 a. m., meeting was called and the Ward was reorganized, Wm. Price, the former Bishop, being reinstated, with Geo. Gurley and Peter Okleberry Counselors. After this business was transacted, the assembly was addressed in turn by Presidents Taylor, Cannon and Woodruff, and Apostles Lyman and Smith. In the afternoon the party returned to Payson. A meeting of the Mutual Improvement Associations convened in the evening and was presided over by Apostle Woodruff, who with President Cannon and Apostles Lyman and Smith successively addressed the congregation. The party remained at Payson over night, and took the morning train for Salt Lake.

Returned Missionary.—We have had a call from Elder William C. Hanks, of Charleston, Wasatch County, who returned on Tuesday from a mission to the Southern States. Brother Hanks left this city on the 22d day of November last, and proceeded at once to Montgomery County, Mississippi, thence to Panola County, where he commenced his missionary labors. From this point he visited and preached in nine other counties in the State; also in two counties in Alabama. He met with a great deal of opposition, especially from the ministers of the various religious sects, who used their influence to the utmost to prevent him from preaching, etc., but were only partially successful in this, as some of the people were determined the "Mormons" should have a chance as well as others. In one instance he secured a "Free-Will Baptist" meeting-house, in which he held four meetings to a crowded house each time. This resulted in invitations to preach in other neighborhoods in the same county. Elder Hanks has walked 1,513 miles to fill appointments; he had very few opportunities to ride. On the 7th of June last he was prostrated with chills and fever and rendered altogether unfit for missionary labor. President Morgan released him to return home considering it unsafe for him to remain longer in that country. He speaks in the highest terms of his companion Elder John Price of Mill Creek Ward in this County, who traveled and labored with him all the time he was absent. Bro. Price is now laboring in Tennessee. Bro. Hanks while bearing the evidences of a severe sickness states that he is gaining every day, and expects ere long to be as strong

as ever. He will return to his home in Wasatch Lake on Saturday.

Two magnificent steel plate engravings of Joseph and Hyrum Smith will illustrate the October number.

The Ogden Depot Question.—It is probable that the long-talked of question of permanent buildings for the various railroads running through Ogden, will soon be settled. We learn from the Herald of that city that on Thursday afternoon a special train of the C. P. R. R. brought the following leading officials of that road to Ogden: J. A. Fillmore, Asst. Gen. Superintendent; S. S. Montague, Chief Engineer; A. D. Wilder, Div. Supt. of the Oakland Wharf; Arthur Brown, W. G. Curtis, Supt. of Tracks; Chalmers Scott, Engineer. After their arrival the party were busy most of the time, inspecting the grounds as to their suitability for new depot buildings, etc., and the same inspection and investigation were pursued during the forenoon of yesterday.

At one o'clock in the afternoon the party of the U. P. officials who left for the north a few days ago, returned on a special car of the U. & N., accompanied by Supt. Geo. W. Thatcher, of the latter road, and the afternoon was occupied by the two parties in a conference, the result of which has not yet been made public.

NOTICE.

To the Stake and Ward Presidents of the Seventies' organization.

The Presidents of the Seventies of their respective Stake organizations will please take notice that their Statistical and Financial Reports were due, and should have been forwarded to me by the first day of September.

I would respectfully request the Ward Presidents to prepare these reports, who have not done so, and forward them to their Stake Presidents for compilation, that I may obtain them with as little delay as possible.

Your brother,
ROBERT CAMPBELL,
Clerk of First Council of Seventies.
Salt Lake City, Sept. 3, 1881.

Apostles' Visit — Railroad Survey.—Brother N. W. Anderson, of Bear River City, writes that Apostles F. M. Lyman, and John H. Smith visited and held a meeting there on the 25th inst., and gave the people much good instruction on the subject of the proper training of the young.

The C. P. R. R. Company have recently run a survey through the town, en route for Soda Springs and thence eastward. Their men are now at work in the canyon where the Bear River runs through the divide from Cache Valley into Bear River Valley.

A Handsome Safe.—A mammoth iron safe, manufactured by the Hall Safe and Lock Company, of Cincinnati and St Louis, arrived on Saturday from Chicago, and was put in place at the President's office to-day. It is 6 feet 6 inches in height, 5 feet in width, 3 feet 3 inches in thickness, and weighs 7,200 pounds. It has massive double door, beautifully ornamented, and secured by the patent combination lock. In order to put it in position, in the clerks' department of the office, it was found necessary to remove the front door and a portion of the frame, also the ceiling gas fixtures and the iron railing on the east side of the room. The ornamentation on the safe doors consists of the firm name of the manufacturers, some nicely executed Japanese work, and the emblematic beehive of Deseret. The safe was brought from the depot this morning, under the direction of Supt. O. P. Arnold. It is one of the largest and handsomest in the Territory.

"The Cry Is," &c.—Still the special premiums, to be awarded at the coming Fair, keep pouring in. In addition to those already published are the following:

Gen. H. B. Clawson offers a \$45 fanning mill for the best 100 pounds lucerne.

Barnes & Davis offer a special premium of \$25 for the best 50 lbs. of cheese.

Capt. W. H. Hooper offers \$30 for the best sample of not less than 200 pounds of coke, made from Utah coal.

"Multum in Parvo" offers \$25 for the best concise "multum in parvo" grouping of ready reference facts for the use of the people.

Wm. Hill, Esq., principal of the Philadelphia Coffee House, offers \$10 for the best one gallon of tomato catsup, in glass jars.

Messrs. Godbe Pitts & Co. offer \$15.00 for the best seven bushels of winter apples, and \$10.00 for the best ten bushels of Neshannock potatoes.

George Arbogast of the Oyster

Grotto, offers \$10.00; object to be specified hereafter.

This looks like business, and that's just what it is. The Fair will be made one of the most important events of the season. Keep the ball rolling.

Fair Matters.—The Board of Directors of the D. A. and M. Society, at their meeting on Saturday night, decided upon the following regulations for the coming Territorial Fair.

The Fair will be opened to the public at noon Monday, October 3d, 1881.

All exhibits, except live stock and flowers, should be on the Fair grounds by 6 o'clock p. m., Saturday, Oct. 1st.

The society will retain 25 per cent. on all premiums paid to competitors by the society.

Rules and regulations to be observed by competitors for the special premium of fifty dollars offered by George A. Meears for the best essay on "Utah, her Resources and Attractions:—"

Each essay entered for competition must be forwarded to the Board of Directors of the D. A. and M. Society on or before the 1st day of October next. Two initials will be selected and used by each contestant, so that the real name may not be known to the awarding committee until after the award is made, and that unsuccessful contestants need not be known to the public unless so desired by them.

In the appointment of a special awarding committee, the board will select gentlemen of known ability in the several branches most likely to be presented by competitors.

No Remedy of the Age is achieving more successful and widely appreciated results than Glenn's Sulphur Soap. It is confessedly the best specific for diseases of the skin, and by the feminine portion of the community it is recognized as an incomparable beautifier of the complexion. Those who have neither experienced or witnessed its effects have been convinced in the most practical way that it is genuinely efficacious. It has largely superseded the use of Sulphur Baths, which are among the best known of medicinal agencies, simply for the reason that it is quite as fruitful of curative results in cases of skin disease, gout and rheumatism, and does its work at far lighter cost. The cuticle through its influence acquires unwonted purity and smoothness, a consideration of no small importance to ladies troubled with complexional defects. Scalds, burns, cuts, sores, bruises and sprains are cured by it, and the pain which they cause speedily alleviated. Dandruff is dispelled by its use; a fact of moment to persons whose hair is prematurely falling out in consequence of the proper want of moisture in the scalp, a deficiency amply compensated for by Glenn's Sulphur Soap, which opens the pores and so keeps the scalp cool and moist. When clothing or linen becomes infected it may be easily disimpregnated by thoroughly washing and rinsing with the Soap, which for bleaching purposes is unrivaled, imparting to woolen, cotton and linen fabrics the whiteness of snow. Of obnoxious diseases caused by contact with the person it is an infallible preventive as well as an excellent remedy. Those diseases of the skin for which "Sulphur Ointments," were long and erroneously regarded as the only efficient remedy, are now eradicated with far greater certainty by Glenn's Sulphur Soap, which instead of soiling the linen like the compounds alluded to is eminently conservative of cleanliness as well as health. It is an article without a drawback, and with many and unmistakable points of superiority.
