BRIGHAM CITY.

Public Gatherings at Willard Discontinued on Account of Smallpox. Special Correspondence.

Brigham City, Boxelder Co., Aug. 1 -Willard, about seven miles south of here, has two serious cases of smallpox. County Physician C. L. Olsen has been down and quarantined them. So many have been exposed already that it has been decided by the city authorities to dispense with all public gatherings of every kind in hopes of preventing any

The acid poison in the blood that causes Eczema, Tetter and other diseases of this type seem warmed into life and renewed activity by the Summer's heat. The action of these acids upon the blood soon destroys all of its life-preserving qualities, and it becomes hardly more than water. The skin, instead of receiving a supply of pure and cooling blood, is blistered and burned by the fiery fluids that are carried to the surface, and the pores are soon so swollen and inflamed that perspiration is checked, and the whole body feels like an overheated furnace. Night and day, almost without intermission, the burning and itching continues. No sleep or rest for the tired body. At last the nerves grow weak and the constitution breaks down under the terrible strain. The almost distracted sufferer finds some solace in scratching, and temporary relief from bathing and the application of soothing lotions and salves, but the

The doctors said I had Pustular Eczema, which was confined mostly to my face and hands. Crusts would form and scale off, leaving the places in-flamed and raw. constitutional treatment can do this. A trial of S. S. S. will soon convince you of its wonderful curative qualities and its virtue as a remedy for all skin affections, no matter in what form the disease appears, whether as sores, pimples, watery blisters or the dry and scaly kind. At this season, when the blood and skin are endeavoring to throw off the poison, is a much more favorable time to begin treatment and help nature to do the work. S. S. S., being a purely vegetable remedy, is best suited for this purpose; it neutralizes the acids, purifies and cools the blood, and leaves no vestige of the poison to re-ferment and bring on a fresh outbreak of the disease. There is no Arsenic, Potash or other harmful ingredient in S. S. S. It is a safe and pleasant purifier and tonic that completely and permanently eradicates all impurities from the system, and makes a lasting cure of blood and skin troubles. HANDSOME TESTIMONIAL

Tendered to Sunday School Superintendent John Thomas.

Special Correspondence. Logan, Cache County, Aug. 21.-The people of the Third ward, headed by the Sunday school yesterday tendered very pleasant farewell testimonial

party to Elder John Thomas, who is re-moving from the ward. Elder Thomas has for ten years been the active and efficient superintendent of the Third ward Sunday school, and Tuesday being the 64th anniversary of his birth, it was thought fitting to commemorate the two events together. A pleas-ing program was rendered by local talent, also addresses by ward and Stake officials. The officers and teachers of the school, through Miss Florence Tarbet, presented Supt. Thomas with a beautiful silver mounted cane. A dance for the children was given in the afternoon, and a ball for the elder peo-

ple in the evening. A baseball contest between the married and single men was had, and in fact the whole ward took a holiday and devoted it to honoring Superintendent Thomas who is universally beloved by his good people. Elder Thomas and family will henceforth reside in the second ward.

SANDY. EDUCATIONAL MATTERS.

Ninth Grade Added to School - List of Teachers-New O. S. L. Depot.

Special Correspondence. Sandy, Salt Lake Co., Aug. 22 .- B. F. Heaton, an eminent professor from

Washington, D. C., has been employed as principal of the Sandy schools at a salary of \$90 per month. The trustees have decided to put in a ninth grade in connection with their school charging a fee of \$10 for the season and inviting pupils from other dis-tricts. The following are the teachers employed: B. F. Heaton, of Washing-ton, D. C.; Della Pendleton, of Salina,

Utah: Ruth B. Copp. of Salt Lake City; Mabel E. Jensen, Minnetta Dobbs. of Sandy: Bernice Driggs, of West Jor-dan: Rhoda L. Christensen and Minnie L. Malin, of Salt Lake City. School will commence on September

, and continue for nine months. penters and plasterers are busy repair-ing the building and puting it in good shape for the opening. Two new floors are being laid in the lower rooms.

NEW O. S. L. DEPOT.

The city council met last night with Mayor Robertson in the chair. A peti-tion was received from the Oregon Short Line company, representing that it was about to put up a new depot in Sandy and wished the co-operation of the mayor and council in selecting the site. Their engineer reported that the old Mingo site would be the proper one but from the sentiment of the mayor and council they are in favor of building the new depot close to the old one as it will be more in the center of town, the railroad people represented that they wanted ground enough so

they could have a nice lawn surr ing it. A committee was appointed, consisting of the mayor and three mem-bers of the council to help the rail-road people to select the site.

SALARY ORDINANCE.

An ordinance was passed fixing the rate of salaries for the incoming city ficials

Kanosh, Millard Co., Aug. 20 .- Noah Stowe came into Kanosh Sunday evening and reported he had seen a man John laying by the roadside about five miles south of Antelope Springs or some 25 miles southwest of Kanosh. The precinct justice and constable accompanied Stowe next morning to the spot and found the man, brought him in to the George hotel where Sheriff Kelly William Kelly and Commissioner Watts have done what they could to fathom the mysteri-ous find. The man appears to be in a partially dazed condition and very weak from exposure and is able to speak but little English and says he is a Finn, He is known to have been out in the neighborhood where found about three days and nights. Sheriff Kelly got him o pencil his name which he gave as John Lunquist and he claims to have been working at the mines at Frisco and started out to go home, with a railroad ticket and \$52; he doubtless recently got a new suit of clothing and A clean shave but a few days since. His hat was found a short distance from where he lay, and he was minus one of his shoes and his coat. He is about twenty years of age. Sherin Kally is computation with Education David Watson. Kelly is communicating with Frisco and trying to clear up the mystery and in the meantime Dr. George will Dr. E. H. Moss. every good thing possible to put the

young fellow on his feet again. MYSTERY CLEARED UP.

Kanosh, Millard Co., Aug. 21.-Lundquist, the man brought in here sick from near Antelope, was taken away today by his friend John Thors, who was taking the sick man to a Salt Lake hospital. There dozed near Black Rock Lundquist jumped from the train and came near perishing on the desert. A meeting was called here yesterday with a view to the bonding of this school district, but the notices being informal, they will try it over again. The hills are daily being brought down in the shape of rolling mud from thunder storms, and gardeners have too much of a good thing.

A few of our boys treated their best girls to Mr. Ed Mortensen's watermelons, eight of the lads paid \$16 for the luscious lesson.
