

JUDGE HORN MAY UMPIRE THE GAME

Hoffer Said to be Indisposed, but
Denies It.

TRouble IS LOOKED FOR.

Judge Horn Said to Be Associated
With the Ogden Team—Webster
May Rejoin.

Unless rain interferes there may be what is termed a "rough house" down at the ball grounds this afternoon. Judge A. G. Horn of Ogden has kindly offered himself as a sacrifice upon the altar. In other words, he has agreed to umpire today's game. It is said his position will be behind the batter and that he will have a balloon staked just behind him so that at the first sign of danger, he can hop into the basket, cut the rope and depart.

President Boardley announced last evening that "owing to the indisposition of Mr. Hoffer, Judge A. G. Horn of Ogden has kindly consented to act as umpire at tomorrow's game." It was further stated that the arrangement was only temporary and it was thought Mr. Hoffer would be well by tomorrow. When this became known about there was a great deal of anguish. Big Billy Hoffer hotly resents the idea that he is on the point of death and will prove that he is feeling pretty good if he will turn the wild animals loose down at the midway. But so far as umpiring goes, Bill don't care a button. He says if they want Judge Horn, it's all right with him.

Mr. Boardley says he appointed Judge Horn in order to satisfy Ogden, and if the Judge is anxious to court death on the Salt Lake diamond that's his business. Some of the Salt Lake baseballists, however, don't relish the idea in the least. They think the Judge has a natural prejudice against the Salt Lake team. Then, too, they argue, he is associated with the Ogden team and is the official scorer as well.

Captain Webster of the Salt Lakes said: "If Horn umpires the game, they will have to appoint a new captain on the spot." One gentleman who enjoys a game of baseball occasionally, said: "Well, that's mighty funny business." "Well, Meredith is booked for the slab for the locals and George of the House of Borchers, for the 'ex-champs'."

LIGHTWEIGHT DEFEATED.

"Rube" Ferns Knocks Out Frank Erne in Ninth Round.

Buffalo, Sept. 23.—Frank Erne, the lightweight champion, was defeated by Jim ("Rube") Ferns, the welter weight champion, at the club house of the International Athletic club at Fort Erie, tonight. Erne was knocked out in the ninth round. The fight was witnessed by 4,500 persons.

Ferns started right after his man in the first round, putting him down with a right plump in the mouth. Erne was up in a second, seemingly unharmed. Erne jolted left to jaw, bringing blood to Ferns' mouth. As the bell rang Ferns put a left low into Erne's stomach.

In the second Ferns struck a left into Erne's stomach. Erne began a series of feints that drew Ferns out. Erne jabbed hard left to face, straightening Ferns up and Rube was swinging as the bell rang.

In the third Erne ripped Ferns' face with a glancing blow across the left cheek. Jim sent a straight left over the solar plexus and Erne clinched. Both came up strong for the fourth. Erne was very elusive and Ferns aggressive. A left swing from Rube at the end of the round drew the blood to Erne's nose.

In the fifth round blood flew from

Ferns' mouth and nose. Ferns dazed Erne with a couple of right hand swings on the head.

Ferns kept trying for the jaw in the sixth without success. Ferns' face was bleeding badly in the seventh and eighth, but his strength seemingly was unimpaired and he chased Erne about the ring.

In the ninth Ferns smashed right on the jaw and dazed the Buffalo boy and Erne followed him up, swinging a hard left full on the jaw. Erne slowly toppled over backward and was counted out.

WAGERS ON CUP RACES.

Five to Four With Columbia at Big End.

New York, Sept. 24.—Betting on the cup races, while it has not reached any magnitude as yet, is nevertheless giving evidence of interest and confidence on the part of those who believe Columbia is the better bet. Shamrock money at five to four with the Columbia at the big end is around in plenty though the actual amounts so far recorded as having been wagered are small. One firm of brokers is offering \$10,000 to \$5,000 that Columbia will hold the cup, and up to last night none of the Shamrock people had appeared to take up the offer. A number of minor bets, at the same odds, have been placed on the stock exchange.

Races in New York.

New York, Sept. 24.—Fast bicycle riders in the professional class will meet at Madison Square Garden tonight in a fifteen mile race. Champion Frank Kramer, McFarland, Geo. Leander, Nat Butler, Jim Bowler, Johnny Fisher, Howard Freeman, Owen Kimble, Hadfield, Krebs, Maya, Jed Newkirk, and other fast riders will compete.

HORSES FOR RUSSIA.

American Horses to be Entered in Stake Races.

Chicago, Sept. 24.—American race horses with speed records are being taken to Russia, where they are entered in stake races as native animals, to the dismay of the Russian track officials and the Russian backers of other horses.

The discovery of American "ringers" among the entries and prize winners at the Russian tracks recently came to light. Thus far evidence has been secured going to prove that two horses, one from Indiana and one from Minnesota, have been raced as Russian animals and have won about \$12,000 in purses besides a sum many times that in bets for their owners and their friends.

Baron A. A. Schlippenbach, the Russian consul in Chicago, is gathering evidence for the prosecution of the owners of the two American animals who are now under arrest in Moscow. He has just returned from Indiana and will go to Minneapolis in a few days to take depositions in that city.

Baron Schlippenbach, in speaking about the matter said:

The discovery was made by a horse shoer from Indianapolis now employed in the Royal stables in Moscow. Before

the discovery the horses were under suspicion owing to their remarkable performances. It is rather a new thing in Russia, and as far as I know few people over there know what "ringers" are. It was a unique scheme. I am in doubt whether or not there is a specific law covering the case, but those in the scheme can be prosecuted on the general charge of conspiring to defraud."

MICHAEL WON AGAIN.

Scores His Third Consecutive Victory Over Walthour.

New York, Sept. 23.—For the third consecutive time Jimmy Michael defeated Bobby Walthour in their motor-paced race at Madison Square Garden tonight. The races were at distances of three, five and seven miles, best two in three heats. Time of first heat at three miles, 4:08.5; second heat at five miles, 8:12.45. Albert, champion of France, in an exhibition against time on a motorcycle, covered a mile in 1:26.35, breaking the world's indoor record.

Harvard on the Gridiron.

Cambridge, Mass., Sept. 24.—The Harvard football squad has started practice. Captain Campbell is playing at left half-back, but this is only a temporary position for him. Stone, a promising candidate for quarter-back, strained his ankle badly and thus contributed the first accident of the year. Graydon, Baldwin, Devan, Rastaford, and Greer of last year's squad have reported. The squad numbers 63.

Fighters Are Happy.

Chicago, Sept. 23.—Fight promoters are jubilant owing to the failure of Mayor Harrison to veto an ordinance authorizing the appointment of a committee to supervise "wrestling and other boxing exhibitions." Last night was the date for the expiration of the time in which the mayor might veto the ordinance and his failure to do so is taken as a sign that pugilistic events may be reviewed in Chicago.

The ordinance provides for a committee of five to regulate athletic contests and imposed a tax of ten per cent of the gross receipts on all shows where an admission is charged.

"LA QUESTION SOCIALE."

Paterson Anarchist Paper Has Trouble in Publishing.

New York, Sept. 24.—Pedro Esteve, the editor of the Paterson, N. J., anarchist paper, "La Question Sociale," has met his first serious obstacle in getting out his paper, and it looks as though its publication might be stopped altogether. For nearly a year the paper has been printed in Passaic by Frederick Clough, a job printer. Chief of Police Hendry of Passaic heard of the paper being printed there, and sent word to Clough that the paper could no longer be printed in Passaic. Clough said that he had signed a contract to print the paper, and that he could not back out of it. Chief Hendry replied, that contract or no contract, the paper could not be printed in Passaic. After consulting his lawyer Clough printed the papers and delivered them in Paterson.

Chief Hendry declares that this will not be allowed again. He says he will have a policeman watch the printing office and that he will take the responsibility of breaking a contract for such work.

SPAIN AND MOROCCO.

Former Country Proposes to Make the Latter Come to Time.

London, Sept. 24.—A dispatch to the Times from Tangier says the dragoman of the Spanish legation, leaves there today for Marrakech (City of Morocco) in order to impress on the sultan the necessity of obtaining the release of the captive Spanish boy and girl, if they are alive.

Despite the statement of the Moroccan minister of foreign affairs, it is said to be probable that the captives have not been killed.

The correspondent says it is difficult to understand the object of the Spanish

government in giving more time to the sultan when it is well known that he has not treated the affair seriously from the beginning. It is an open secret that no real endeavor has been made to obtain the release of the boy and girl except by the Spanish legation and local Tangier officials. However, the correspondent goes on to say, the Spanish government has the support of the European powers and it is to be hoped that it will obtain satisfaction.

El Menchibis position is said to be stronger since his return from Europe than at any time before, but he shows great want of tact by his arrogance to the sultan's entourage. He is attempting, with commendable energy, to reform the tribal governments.

AFGHAN DISTURBANCES.

Chief Cause Was Plan to Draft Every Eighth Man for Military Service.

London, Sept. 24.—Mail advices to the Times from Simla throw light on the Afghan disturbances. Amir Abdul Rahman celebrated the anniversary of his succession in August at Kabul, and the celebration was attended by the officials and chiefs. The Amir exhorted the chiefs to be loyal to his authority, saying that only by obedience could they maintain the strength of the country, their legacy from the Almighty. He then explained a plan of taking one man in eight from each tribe for military service.

The Jajis resented this plan hence the recent disturbances and the Afghan invasion of British territory in pursuit of the rebellious tribe.

It is said that the Amir seemed to bust and spoke vigorously in spite of the reports of his ill health. He walks with difficulty, however.

The death of the senior widow of Amir Sher Ali is announced. She played a prominent part in the politics of her country before and after her husband's death.

"Mormon" Missionaries Returning.

Kansas City, Mo., Sept. 23.—A party of forty Mormon missionaries for the Mormon Church passed through Kansas City today, bound for Salt Lake. The party is taking the body of Christian W. Christopherson, former Elder of the "Mormon" Church, one of its foreign missionaries who died in Denmark last August. Christopherson lived at Richmond, Utah.

Soto Declined to be a Candidate.

New York, Sept. 24.—The Herald's correspondent in Costa Rica reports that since Senor Bernardo Soto declined to be a candidate for the presidency, there have been no other candidates in the field until recently when former President Equivel was proclaimed the Liberal nominee. The elections will not take place until November.

No Anarchists Will be Naturalized.

Seattle, Wash., Sept. 24.—"Any foreigner or alien applying to my court for citizenship papers who in any way acknowledges that he favors anarchism, is friendly to anarchists, or has any leaning towards anarchistic beliefs, will be denied citizenship by me."

Judge Boyd J. Tallman of King county superior court yesterday made the above statement, explanatory of the new attitude he has assumed towards foreigners applying for citizenship papers through his court.

Three foreigners were being examined on application for citizenship. Judge Tallman rigidly questioned them as to their attitude towards anarchists.

CONFIDENCE IN KITCHENER.

Botha's Invasion of Natal Considered a Hopeless Expedition.

New York, Sept. 24.—Commenting upon the South African situation the Tribune's London correspondent says: While there is no marked change in the situation in South Africa, there is a return of confidence either that the war office is flurried or that reinforcements will be dispatched on a larger scale from England even if Natal be invaded and the raiders succeeded in making a dash toward Ladysmith and Colenso. Gen. Kitchener's command of the railways has already enabled him to concentrate forces in northern Natal, where they are required, and Gen. French is not in need of more troops. Army men are now charitable
