

UNIVERSITY OF UTAH.

Hon. L. Holbrook, ex-mayor of Provo, and president of the Grand Central Mining company, spent Monday at the university. He was particularly interested in the training school and school of mines.

Instructor Evans addressed the teachers of Ogden today on the subject of drawing.

The freshmen have received their classpins. The design in double diamond background containing the class colors, red and green. On the upper half of the face appear the letters, "O. U.," below are the figures, "05."

On Washington's birthday the senate will hold memorial exercises. Washington's farewell address will be read by one of the professors.

Professor Byron Cummings lectured before the normal society yesterday on "Grecian Art."

This year there are seven candidates for degrees from the university. Last week they presented their subjects of graduation thesis to President Kingsbury. The following are the names of candidates and their subjects: Will W. Ray, "Trade Routes"; Elias Hansen, "Theology and Religion"; Edna Coray, "Greek Architecture and its Influence on Modern Civilization"; J. B. Spier, "Political Parties in America"; George S. Gibbs, "Standards of Conduct"; T. McDonald, "Criticism of the American Smelting and Refining Company"; Jay Crow, "Description and Construction of a Rotary Converter." The last two theses are for the degrees of bachelor of science in mining engineering.

All the furniture has been taken out of the faculty room and the painters are giving it a coat of rose color. Miss Maud Briggs and Miss Ellen Clark went to Murray last night where they recited before an audience in the opera house under the supervision of the L. D. S. amusement committee of that place.

Miss Lulu Trane, of the University, recited in Lehi last night.

On Feb. 23, Prof. Allen and Stewart will deliver their illustrated lecture at Lehi.

Resolved, That the United States should not abolish the tariff on Cuban products, was debated at Zeta Gamma last night.

Prof. Stewart has received from the department of education in the University of Chicago, 20 fine sets of questions on "Images of childhood," to be answered by the normal students doing practical work in the training school. The questions have been distributed and when answered will be returned with the answers to Chicago.

At the faculty meeting on Monday the summer school committee of which Dr. Merrill is chairman, recommend the term of the school be six weeks; that the minimum credit be raised to six hours and that in the future, the administration assume the responsibility of managing the summer school.

The normal committee recommended that students who are preparing to teach along special lines, may, with the approval of the committee substitute for subjects in the normal course, such other subjects offered, as will meet their needs, provided they are prepared to pursue such other subjects.

Both of these recommendations were adopted by the faculty.

Mr. A. C. Matheson, N. 85, secretary of State Sup. Nelson, will conduct the chapel exercises next week.

UNIVERSITY TRAINING SCHOOL.
Supt. Christensen visited the training school on Monday. He made particular inquiries in regard to the work of normal training.

Last night the teachers of the training school gave a reception to the patrons of the school, in the normal building.

Yesterday the following visitors were shown through the training school by Professor Stewart, State Sup. A. C. Nelson, A. C. Matheson, Atty. Thomas, Mrs. Byron Cummings, and Mrs. David Evans.

SALT LAKE CITY SCHOOLS.

J. H. Coombs assumed the duties of principal of the Lincoln school on Monday.

Miss Emma R. Tibbets, who formerly taught in the schools of this city, takes charge of the business of the Rocky Mountain Bell Telephone company at Milford.

Dr. Whitney was a visitor at the Fremont on Wednesday.

Supervisor Wetzel held a meeting of teachers of second grade on Wednesday, and of the third grade on Thursday.

Supervisor Pollock met teachers of beginners and first grades on Wednesday. Through the recommendations of Superintendent Christensen, fifty-five copies of Gilpin's arithmetic have been distributed to the various schools of the city for desk use.

The status of "Winger Victory," at the Grant, which was recently broken, will be at once replaced with a new one, the money having been raised through the insistence of the pupils for the purpose.

Supervisor Wetzel will meet teachers of the fourth grade on Wednesday, and of the fifth grade on Thursday.

Principal Wm. Bradford of the Jackson, was a visitor at the Grant on Tuesday.

The friends of Principal Barton of the Sumner, are glad to learn that that gentleman expects to resume his duties on Monday.

Superintendent Christensen is in earnest relative to the enforcement of the compulsory school law. He has required the addresses of parents not complying with the provision, and names and ages of children. He requires that all children between the ages of eight and 14 must attend school 20 weeks, 10 of which must be consecutive. The superintendent will have certificates issued to such as are exempt, but none have as yet applied.

Written work will be exhibited in room 24 of city and county building from Feb. 15 to Feb. 22. Week beginning Feb. 15, Webster school; week beginning Feb. 22, Emerson school; week beginning March 2, Jackson school; week beginning March 9, Jordan, Bonneville and Uintah schools.

Upon recommendation of Superintendent Christensen, each pupil between the fourth and eighth grades will be expected to provide himself with a dictionary.

At a meeting under the direction of Supervisor Pollock, on Wednesday afternoon, Miss Stanchfield of the Longfellow, and Miss Patrice of the Twelfth each presented the subject of reading. Both did exceedingly well. Miss Pollock visited the Longfellow, Twelfth, Irving and Ogilvie this week.

On Thursday a principal of one of

the schools of the city found a valentine on his desk gaily decorated with doughnuts. The valentine follows:
"In days of old
When knights were bold
And barons held their sway,
It was the proper way
To make valentines of paper,
But now we don't do it that way.
But such times have changed,
The way is arranged
Through the stomach to reach a man's
Heart."

So I send you these cakes,
You'll find them no fakes,
But a product of Brazil's fine art.
There is not a word of truth here,
It was the proper way
To make valentines of paper,
But now we don't do it that way.
But such times have changed,
The way is arranged
Through the stomach to reach a man's
Heart."

HIGH SCHOOL.

The ninety-third anniversary of the birth of Abraham Lincoln was fittingly observed at the High school Feb. 12. An extensive literary and musical program was given, which was thoroughly appreciated by the students. Judge Zane delivered an address to the three upper classes assembled in the senior room, which was an able eulogy of the life and character of the martyred president. Judge Zane was personally acquainted with Lincoln, having been for one term a student in his office in Springfield, and he gave many interesting reminiscences of the political life of the president, closing with an eloquent tribute to his memory. Preceding the address, Miss Mary Olive Gray played a cascade and responded to the hearty applause with an encore. The male quartet composed of Messrs. Piper, Whitney, Spencer and Morton sang "The Flag without a Stain," and as encores "The Owl and the Pussy Cat," and a medley, Lincoln's Gettysburg oration was delivered by Will Bateman of the Junior class and Irene Eckels of the Sophomore class recited, "Captain, my Captain."

The same musical program was given in the freshmen room and in the absence of Judge Andrews, who was to have given an address on Lincoln, Assistant Principal Gilligan gave a short talk.

L. D. S. UNIVERSITY.

This is examination week at the university. Generally, the students are passing with good averages.

Miss Adah Roberts visited some of our classes Tuesday, spending most of her time in the English department.

The class in general history has just finished the study of Rome, and will now begin medieval history. The work of this class is very creditable.

The first-year classes are in high spirits over their prospective removal to the Barratt building, the basement of which will be finished next week. The preparatory class, it is thought, will accompany them.

The university gave a ball at Christensen's Friday night, under the auspices of the business class. There was a large crowd of students and friends, and the affair was, as usual, a success.

Prof. Peterson has been ill during the past week from a severe attack of la grippe. He has been absent, however, from only two or three classes.

Prof. Osborne Whitsoe left the city on Wednesday for Logan, to attend the funeral of his brother's little child. Prof. and Mrs. J. P. Whitsoe are the bereaved parents.

The Columbia society, composed exclusively of university girls, furnished a very entertaining program on Wednesday morning before the whole school.

The class in the history of education has completed its subject, and is now entering upon the philosophy of education. This work gives a broad course in educational literature and ideas.

The girls' basketball team won the third game of the league championship series by defeating the High school team on Thursday by a score of 13 to 6. This gives our girls the championship.

The class in psychology has completed its subject, and is now studying James' Psychology for the next half year. Prest. Paul states that this is the most successful class he has yet conducted in this institution, practically all the class having passed the examination.

BRANCH NORMAL.

Cedar City, Feb. 12.—Chapel exercises will be conducted next week by Mr. Tipton.

Principal N. T. Porter conducted chapel last week, his text being the invitation from Mr. Churchill's poem: "Free and large, ye knights, right their wild courses roam, if all, alas, if all were well at home."

Mr. Porter stated that our chief difficulty in life arises with ourselves. He also spoke strongly against drifters in school work and in life work.

On account of the beginning of the second half of the school year, a number of new classes were formed last week.

At Students' society Friday night the following program was carried out:
Selection—Mandolin and Guitar Club
Recitation—Miss Blanche Parker
Reading of the Students' paper.

The principal article in the paper was written by Menzies Macfarlane on the subject: "The young man with nothing but brains." The young man with nothing but brains was compared very favorably with the young man with nothing but money.

In the chapel exercises Thursday morning Miss Thomas read a selection from S. Weir Mitchell's "Hugh Wynne."

The past week has been an exciting one for the students of the normal, who have been thrown in the heat of a political campaign. The young ladies took up sides against the young men, and much goodnatured run was the result. The nominees of the young men were: Mayor, Sylvester Jones, attorney; Ernest Burgess, recorder; Henry Jones, the young ladies nominated: Mayor, Tillie Gardner; attorney, Minnie Hansen; recorder, Boss Angel, Miss Gardner, Mr. Burgess and Miss Angel were elected.

Tuesday night the girls held a very interesting rally. Appropriate speeches, songs and toasts were given, merriment which ensued was enjoyed as much by the young men as it was by the young ladies.

Saturday evening the public were

OUR BUSIEST MEN.

Photo by Harry Shipley.

W. H. DALE, COUNTY TREASURER.

When a man is successful in both business and politics it is a foregone conclusion that he has to be busy. William H. Dale has overcome many obstacles in the broad field of affairs as well as having scored individual and other triumphs in the uncertain arena of politics. True, he has not always been successful in the latter, as instance his defeat in the triangular mayoralty contest a few years ago. But the outcome of that, considering the odds, was such—as so close—that it was a victory in itself. For several years Mr. Dale has been prominently before the public. He is now serving in the capacity of county treasurer, having succeeded Stephen H. Lynch in that capacity. In politics he is a Democrat, who will never go away back and sit down when a Republican is in sight. The above picture shows him at his desk in the city and county building.

again entertained by Instructors Spencer and Thomas. This time, in the role of Shakespearean artist, they surpassed what many had declared could not be exceeded—their previous efforts. The students and Cedarites presented their compliments in a very positive and simple manner. They packed the large assembly room and adjacent hallway at least a half hour before the time for the rendition of the following program:

1. Piano Solo..... O. C. Anderson
2. From the Merchant of Venice.
(a) Act I, Scene 2.
Portia..... Annie E. Spencer
Nerissa..... Blanche Sylvia Thomas
(b) Act II, Scene 5.
Jessica..... Blanche Sylvia Thomas
Lorenzo..... Annie E. Spencer
(c) Act IV, Scene 2.
Reading of Court Scenes.....

3. Solo, "A Whispered Vow," Ada Wood
4. Selection.....
Normal Mandolin and Guitar Club
5. Solo..... Harry Bennett
6. From Romeo and Juliet.
(a) Act I, Scene 5.
Juliet..... Blanche Sylvia Thomas
Nurse..... Annie E. Spencer
(b) Act II, Scene 2.
Romeo..... Annie E. Spencer
Juliet..... Blanche Sylvia Thomas

BRIGHAM YOUNG ACADEMY

Provo, Feb. 13.—Prof. Wolf lectured in Payson last Sunday night before a large and attentive audience.

Francis Childs, '04, has been engaged to assist in the subfreshman department.

A number of the college boys debated on the Cuban sugar question before the Literary society Saturday night.

Prof. Nelson has been engaged to give a course of theological lectures before the Elders' quorum of the Fourth Ward.

The expedition party has brought many boxes of valuable relics from the southern countries, among them 300 specimens of birds.

The pleasure of the ball last Friday night was increased by the arrival of President Cliff and his party. Hearty applause greeted them as they entered the ballroom.

The '02s give a valentine party in the gymnasium hall on Friday night. The invitations are very unique and pretty and lead one to expect a good time.

Apostle Reed Smoot lectured before the parents' class on Wednesday night. The subject "Street Education" interested his hearers very much.

Prof. Hickman's class in psychology has completed the first volume of James' higher psychology and will now aim to finish the second volume before the end of the semester.

The opening ball in the gymnasium was given last Friday evening. Many prominent townspeople were present and joined with the faculty in having one of the best of social times.

Rev. Dr. Goodwin of Provo and Dr. Tolton of Chicago visited the academy on Tuesday. They were especially interested in the choice collection of books in the library.

The Utah County Teachers' association will meet in the academy on Saturday. Hon. S. R. Thurman is one of the prominent lecturers for the occasion.

An examination in English grammar was given in pedagogy last Thursday afternoon, but the results have not yet been announced. Geography will be the next subject studied.

President Cliff and the expedition party will be in Provo on Monday night to make report at the academy branch school. They are expected to return in time to join in celebrating fund day.

Prof. Walter Mills of Girard, Kansas, gave a most interesting lecture on the "Coming Brotherhood," on Monday night. The fact that he held his audience for an hour and a half shows that his lecture was enjoyed and appreciated.

Students are much interested in the concert to be given in college hall on Thursday night. The program will be furnished by the academy choir, Prof. Anderson and Miss Emily Grimard of Salt Lake and Mr. Forrest Huff, the

noted baritone formerly of the Wilbur-Kerwin Opera company.

While in Provo for the purpose of lecturing before the Teachers' association, Prof. Evans of the Utah Art Institution, visited the normal drawing department of the academy. He left several specimens of amateur art with Miss Young, the instructor and the students are now very much interested in the sketches.

President Cliff and members of the expedition party made their report to the school on Monday morning during theology hour. They told many amusing stories besides giving valuable instruction concerning the countries through which they passed. All expressed themselves as being satisfied with their trip and expressed a hope that the work would some day be resumed.

Loud and hearty applause greeted the flag that accompanied the expedition on its journey from Provo to Bogota, when it was returned to the school on Monday morning. Heber Magley, the flagman, told of the dangers through which they had passed and how Uncle Sam's flag had commanded respect in all countries. The flag is soiled with dust and rain and shows that the journey has been a hard one, but its associations has increased its value. Prest. Brimhall amid the cheers of the students took it again into the possession of the school and very appropriately compared it to a flag returning from victory.

B. Y. A. TRAINING SCHOOL.

During the practice hour the children of the First grade are very much interested in Whittier's poem, "Barbara Frietchie."

A very pleasant office has been fitted up on the second floor for Mrs. Cannon,

the principal of the training school.

All departments in the training school are full. Especially is this true of the Seventh grades, which is conducted by college professors.

The practice teachers have finished their first month's teaching and will change sections and subjects for the coming month.

The teachers of the training school comprised the decoration committee for the ball last Friday evening. They were highly successful in making the ballroom most attractive.

The Stars and Stripes which the training school presented to the expedition party as it left the academy in April '98 has been returned. It will be given a place of honor in the academy museum.

BEAVER BRANCH B. Y. A.

Beaver, Utah, Feb. 13.—President Cliff accompanied by Walter S. Talton and Asa Klenke of the South American exploring expedition were given a hearty welcome here by the members of the school on Tuesday night, being met by the faculty and students just east of Beaver and escorted to the academy grounds. On Wednesday morning at devotional exercises each of the brethren spoke very interestingly, relating their various experiences while away, and withal bearing a strong testimony as to the blessings of the Lord to them during their absence. They have been invited to speak tonight in Beaver on their travels in the land of the Book of Mormon.

O. F. McShane of Beaver read a very valuable and instructive paper before the Polytechnical society last Friday

evening on "Hints to prospective teachers."

Mrs. Mickelsen and son Edward were called to Parowan Wednesday to attend the funeral of Mrs. J. P. Dalton of that place.

The class of 1904 entertained the school on Saturday evening in a delightful social, the program consisting of literary and musical numbers by members of the class interspersed with games in which all present participated.

BRIGHAM YOUNG COLLEGE

Logan, Feb. 13.—Mr. Pike, who is a particular friend to the college, has just made the institution a valuable gift. Mr. Carnegie has made some very generous gifts to different institutions throughout the country, and some wealthy men and women of Utah have made very valuable gifts to different institutions; we think Mr. Pike's generous gift to the college is just as valuable in proportion to the amount of his wealth as any of them. The college authorities very much appreciate this gift, as well as others, and hope to have the privilege of listing many more on the roll of free givers to the institution. Who will be the next to have his name added to this roll?

A game of basketball was contested on Monday evening between the team of the college and the Young Men's Christian association team of Salt Lake City. The game was extremely easy for our team. The score was 29 to nine in favor of B. Y. C. The game was much more one-sided even than the score would indicate, the visitors being entirely outplayed from start to finish. The college team did real scientific work. They handled the ball nearly all the time, and most of their baskets were made from the field. They played a very close guard and made it almost impossible for a Salt Lake Laker to safely pass the ball, while they passed the ball themselves with perfect ease. The Christians made only one basket from the field. This game demonstrates the fact that the college team is in the front rank if not foremost in the state. Manager Allen of the team is awaiting other challenges and hopes to have the pleasure of demonstrating state championship in the near future.

Classes in art, in cutting and fitting, and in household economics, have lately been organized in the domestic arts department. Notwithstanding the fact that this year is the first for a domestic arts department in this institution, some excellent results have already been accomplished, and the work of the department throughout is eminently successful.

Tomorrow evening the Philomathean society meets in the assembly hall, and those who will be present will listen to the best debate that has come before the society this year. Those who take part are the most advanced students, and the prize for the winners will be a chance to debate for college championship.

Professor J. F. Miller lectured to the people of the First ward on Sunday night.

Professor Hall's family will soon be free from quarantine, and Miss Rosabel and Mr. Ernest will again be at school. Attorney Frank Evans of Salt Lake City conducted chapel exercises one morning this week. His address was very interesting and instructive.

Land Commissioner H. Bullen, Sr., father of Professor Bullen of the college, was a visitor this week.

AGRICULTURAL COLLEGE.

Logan, Feb. 13.—Attorney Evans of Salt Lake City addressed the students Tuesday morning. His address was some elements of law. He presented a student of law entering Daniel Webster's office and learning what element of character gave the great statesman, his influence and renown. The address was listened to with perfect attention.

Director Whitsoe's infant son died Monday morning and was buried from the director's cottage on Wednesday. The services were participated in by Judge Hart, President Morrell and Elders Caine, Martineau and Larsen, and President Kerr.

Mr. Batt, who is the patriarch among employees of the college is rejoicing in the advent of a new son. This is the ninth child.

Miss Baker of the English department has for several days been confined to her room with a sort of nervous attack.

England is no longer our enemy. The British are coming our way. The Utah hen is making herself heard, and her gentle voice, an excellent think in the pulpit is to re-echo in seductive cooings from the realm of Edward VII. Mr. Dryden has orders from London for an egg, from which to rear one of those noble, productive, and incomparable birds, feathered and winged, that for many moons have lustre to A. C. U. He will try to send an egg.

An athletic association was formed at a student's meeting in the chapel Thursday afternoon. About 75 were present and most of these signed the constitution. It is expected that next week more than a hundred names will

be affixed to this document. Membership fee was made one dollar.

John P. Meakin the well known lecturer, will attend chapel exercises on Saturday morning with Trustees, students, and employees of the college community with speech and recitation.

The station has just received two more purchased short horn cattle, from the herd of Mr. Ellison of Layton, the other from Mr. J. H. White's herd in Salt Lake.

The station is now distributing bulletin 73.

An Agricultural club has been recently organized among the students with a good number of members. The program for its next meeting is introductory address.

Address..... Professor Linde
Humorous Reading..... J. E. Taylor

The next program for the Progressive Literary society is:
Song..... Misses Sprague and Thomas
Lecture..... Mr. Brown
Recitation..... Miss Wright
Reading..... Mr. Jones
Music..... Misses Nobles
Society Paper.....

GRAVEL CURED.

Mrs. Benjamin Hulise's Story.

MILL CREEK, UTAH.

Mrs. Hiram Yeager, of Arcadia, Salt Lake City, in writing of the great benefit her little boy had derived from the use of DR. DAVID KENNEDY'S FAVORITE REMEDY tells of a similar result obtained by the son of Mrs. Benjamin Hulise of Mill Creek, Utah, by the same means: "Mrs. Hulise's little boy of six years was very sick, lingering along under the doctor's care with no apparent improvement. He was suffering from gravel in the bladder. Dr. David Kennedy's Favorite Remedy was then given him and before he had taken a whole bottle he was up and about the house, the disease had been conquered and cured by Favorite Remedy; today he is as healthy a child as you would wish to see."

The best proof of the value of an article is the good it has done. If you suffer from kidney, liver or bladder trouble in any form, dysuria, Bright's disease, rheumatism, dyspepsia, eczema or any form of blood disease, or if a woman, from the weaknesses peculiar to your sex, and are not already convinced of the value of Dr. David Kennedy's Favorite Remedy is the medicine you need, you may have a trial bottle, absolutely free, with a valuable medical pamphlet by sending your name, with postoffice address, to Dr. David Kennedy Corporation, Rondout, N. Y., mentioning this paper.

Dr. David Kennedy's Favorite Remedy is for sale at all drug stores at \$1 a bottle; six bottles for \$5. Less than 1 cent a dose.

WHEATINE

The cleanest, purest and sweetest of breakfast foods. Absolutely free from pasty raw starch and irritating outer husk or fibre.

All reliable grocers. Cook as directed.

SEND FOR "WHEATINE DAINTIES," DEPT. 4, EMPIRE MILLING CO., SAN FRANCISCO.

Stomach Trouble

All kinds, called Dyspepsia, Indigestion, Gastritis, Heartburn, Waterbrash, Catarrh, Ulceration of Stomach, etc.

NAU'S DYSPEPSIA CURE

Cleanses the inner lining of the stomach. We know it will make a complete cure. Try it!

Send for Booklet, FREE, to Frank Nau, 324 W. 4th St., N. Y.

\$1.00 a bottle; six bottles for \$5.00, express prepaid; at F. C. Schramm, Druehl & Frank, and Hill & Drug Store, or Frank Nau, Portland, Ore., or 303 B'way, New York.

Right or Wrong.

Some people adopt glasses for their looks; that's foolish. Most people use glasses because they need them; that's wise. When you need them, you want them to look well and feel right.

You'll appreciate that we mean by perfect fitting glasses if you come here.

R-U-S-H-M-E-R.

MFG. OPTICIAN.

73 W. 1st St., Salt Lake. 2432 Washington, Ogden.

We wish we could promise you

a little respite from coal buying for the rest of the year. It's been a hard season on all of you, especially those who have been using our coal. Make the best of the remainder. "That good coal" will help you.

BAMBERGER,
