Serious Rioting In Valparaiso

Ten Persons Are Killed and Two Hundred Wounded—Troops Dispatched to Maintain Order—Government Refuses to Compromise With Strikers—Quays Are Set Fire To.

Santiago de Chile, May 13.—The strike of dock laborers at Valparaiso is becoming more serious. The strikers, after setting fire to the quays as well as to the offices of the South American Steamship company, have a number of encounters with the police, during which 10 persons were killed and 200 injured. A detachment of 3,000 troops has been dispatched to Valparaiso to quell the disorder. The government has refused all offers to compromise the difficulties and is determined to adopt the sternest measures to restore order.

PRESIDENT GOES SIGHT-SEEING.

San Francisco, May 13.—President Roosevelt arrived early this morning and from his windows in the Palace hotel saw the sun break from a threatening bank of fog before the hour marked for the first event on the program prepared for the day. At 9 o'clock he was in his carriage, accompanied by Mayor Schmitz and a few moments later, escorted by a squadron of cavalry and members of the executive committee, proceeded to Native Sons' hall on Market street. As yesterday the streets were thronged with people and the president's approach was the signal for hearty cheers. At the hall a hearty "Columbia welcome" was given the nation's chief executive by the assembled Sons and Daughters of the Golden West, aided by a big delegation of Placeros. Some of these old timers came to the state before the date of Roosevelt's birth, but all united in doing him honor. The president's reception was not marked by much formality and he was evidently impressed by the sincerity of his greeting. He was presented with a souvenir of solid gold, which he accepted with a few words of thanks. Meanwhile the school children of the city had assembled by thousands on the broad sidewalks of Van Ness avenue. Each boy and girl carried an American flag and they lined the thorough-

ATTEMPT TO FREE ALLEGED MURDERER.

(Special to the "News.") Beaver City, Utah, May 13.—In the district court today Patrick Brennan, charged with murder in the first degree, appeared by his counsel, W. F. Know, and asked that the complaint be dismissed owing to certain irregularities. The court took the matter under advisement. Court will adjourn today until the 18th.

William Brookfield, Politician, Dead

New York, May 13.—William Brookfield, at one time a leader in the Republican party in this state, died today.

Therapeutic Society Officers.

Washington, May 13.—The American Therapeutic society adjourned today to meet in New York city May 9, 10 and 11, 1904. Officers were elected as follows:

President, Dr. Howard H. Barker, Washington, D. C.; first president, Dr. J. N. Hall, Denver; second vice president, Dr. Oliver Osborne, Conn.; third vice president, Dr. Carl Beck, New York; secretary, Dr. N. P. Barnes, Washington; recorder, Dr. William H. Sprigg, Washington; and treasurer, Dr. John S. McLaughlin, Washington.

Dermatological Society Officers.

Washington, May 13.—The Dermatological association at its session today elected officers as follows:

President, Dr. Joseph E. Elder, Chicago; vice president, Dr. M. B. Hartwell, Philadelphia; secretary-treasurer, Dr. J. C. White, Boston. The next place of meeting will be Niagara Falls the last Tuesday in May, 1904.

Pope Makes Mr. Maloney a Marquis

Rome, May 13.—Cardinal Satolli recently applied to the pope to confer a title of nobility on Martin Maloney, of Philadelphia, because of his long and successful career in the church and his efforts to further Catholicism, especially in constructing a parochial church at Trenton, and the pontiff has issued a brief creating Mr. Maloney a marquis.

Destructive Fires.

Washington, Pa., May 13.—Fire last night almost totally consumed the large plant of the Atlas Glass & Metal company, entailing a loss of \$125,000.

Little Rock, Ark., May 13.—Half the business district of Austin, Ark., burned this morning. Loss, \$50,000.

Child Labor Bill Signed.

Harrisburg, Pa., May 13.—Gov. Pennypacker today signed the child labor bill, because of his long and successful career in the church and his efforts to further Catholicism, especially in constructing a parochial church at Trenton, and the pontiff has issued a brief creating Mr. Maloney a marquis.

A Genuine Guernsey Found.

New York, May 13.—What experts say is probably a genuine Guernsey violin was pawned in a shop in this city for \$25. The pawnbroker says it is the instrument of a Guernsey. It is worth \$5,000.

It was played by a Hungarian violinist. The following inscription is discernible inside the instrument:

"Joseph Guernsey, Fecit, Cremona, Anno 1745, I. H. S."

DESERET EVENING NEWS.

TRUTH AND LIBERTY
WEDNESDAY, MAY 13, 1903. SALT LAKE CITY, UTAH.

HAPPY END OF A ROMANCE

Ethel Clark, Kidnapped Twenty-Three Years Ago, Returns Home.

WAS STOLEN BY A TRAMP.

He Took Her Away Because He Was Refused a Breakfast-Pot in an Orphan Asylum in Washington.

Buenos Ayres, May 13.—Advice received here from Valparaiso says martial law has been proclaimed there, as a result of the rioting at that place. Forty men are said to have been killed and many have been injured. When the officers of the Mercurio were attacked by the rioting dock laborers, the staff of that paper defended themselves with firearms. The rioters have set fire to a number of warehouses, in addition to burning the premises of the South American Steamship company. Troops are patrolling the streets of Valparaiso.

On the last anniversary of her disappearance one of the local newspapers published a story of Ethel Clark's kidnapping. A few days later a handsome young woman called upon Mrs. Clark.

"My name is Ethel Clark and I believe I am your daughter," said the visitor. Then she told that she remembered being taken away when very young by a rough man and carried to an orphan asylum in Washington, where she remained 12 years. She was transferred to other institutions, where she remained until she was 15 years of age, since which time she has been earning her living in a silk factory.

The fullest investigation has been made resulting in the positive identification of the young woman as the daughter of Mr. and Mrs. Clark.

Westfield Victim Gets Verdict.

Elizabeth, N. J., May 13.—A verdict of \$15,000 has been rendered by the jury in the case of Frederick I. Kanen of Plainfield, against the Central railroad of New Jersey for injuries received in the Westfield disaster on Jan. 27 last.

Arrested for Swindling.

New York, May 13.—Guaranteeing investors 4 per cent a week, according to circulars seized by the police, a man giving his name as Thomas O'Connell, who said that he lived at the Rosemont hotel, and Frank Brown, who has been living at the Criterion, have been arrested on a charge of swindling. A. T. Miller, of Lebanon, Pa., out of \$1,000, says he was swindled.

O'Connell and Brown are said to constitute the Capital Commission company, the circulars of which inform its investors that it has inside information on the movements of stock markets, and can guarantee the 4 per cent a week dividends.

When complaint was made by Mr. Miller that he had been swindled, detectives called at the offices of the company, and O'Connell and Brown were placed under arrest charged with grand larceny.

RURAL FREE DELIVERY.

Washington, May 13.—Postmaster-General Payne today announced that there would be no more establishments of rural free delivery service until July 1, the beginning of the next fiscal year. This is one result of the investigation of postoffice affairs, and of the discovery that at the present rate of increase of routes there would be a depletion of the rural free delivery service by the end of the fiscal year. Instructions have been given to the fourth assistant postmaster-general to curtail expenditures. It is not intended, however, that the investigation of proposed routes shall be suspended, and the field work, therefore, will continue.

Big Fire in Buffalo.

Buffalo, N. Y., May 13.—The Diamond mill, owned by Churchill & Co., an elevator owned by the same company, the transfer house of the Lake Shore and Erie railroads and about 40 cars were destroyed by fire tonight. A score of small houses in the vicinity of the big blaze were damaged by fires started from sparks and it was only by the combined efforts of all the fire fighting apparatus and firemen in the city that a more extensive conflagration was prevented. The loss is estimated at \$250,000.

Wrecked Immigrants Arrive.

Washington, May 13.—The treasury department has received a dispatch from Newberne, announcing the arrival there of the immigrants taken from the wrecked barkentine Vera Cruz II. A telegram from Boston announces that the firm at New Bedford, to which the ship was said to be consigned, denies that it is the consignee and declines all responsibility for the vessel.

Ogden Looks Like a Winner.

In All Likelihood the Junction City Will Get Next Year's Meeting of the State Medical Association—Closing Sessions Held Today, at Which a Number of Interesting Papers Were Read and Thoroughly Discussed.

The closing sessions of the meeting of the Utah State Medical association were held in the city council chamber this morning at 10 o'clock and this afternoon at 2 o'clock. Interesting papers were read by a number of physicians and discussed in general. The selection of the next meeting place and the election of officers for the ensuing year will be held late this afternoon, being the last business transacted by the association. It is very probable that Ogden will be chosen as the meeting place, as Salt Lake has enjoyed this distinction for the past two years, and the majority will probably favor a change.

LORENZ PATIENT EXAMINED.

At the session yesterday afternoon one of Dr. Lorenz' patients was presented for examination in the person of Edward Winslow Walker, a six-year-old boy who was operated upon by Dr. Lorenz last November for double congenital dislocation of the hip. The plaster cast was removed from the boy's limbs last week by Dr. Robinson of Sandy. An examination showed that both hips are firmly imbedded in their sockets and the legs are becoming quite flexible.

At the session this morning Vice President W. T. Dalby presided, owing to the absence of Dr. Maclean. There was quite a large number of nurses and students present at the session. Following is the program for the entire day:

MORNING SESSION.

Report of correspondence. Report of special committees. Unfinished and miscellaneous business. "Treatment of Uterine Displacements." William D. Donohoe, M. D., Park City.

AFTERNOON SESSION.

"A Hypothetical Trophic Center." George W. Middleton, M. D., Silver City. Discussion opened by Dr. W. Y. Croxall and Dr. A. C. Behle.

"The Use of Shydrine in Large Doses as a Treatment for Dystonia of the Nerve Tissue, with Reference Particularly to the Optic Nerve and Its Extension in the Retina." Henry L. Motte, M. D., Salt Lake. Discussion opened by Dr. E. V. Silver and Dr. R. E. Steel.

"Cases Occurring in Practice." D. M. Lindsay, M. D., Salt Lake. Discussion opened by Dr. Henry L. Motte and Dr. J. A. E. Lyons.

"Report of Three Cases of Tubal Pregnancy." E. O. Jones, M. D., Murray. Discussion opened by Dr. H. S. Scott and Dr. E. E. Wright.

Selection of place for next meeting. Election of officers and their installation.

POWER PEOPLE'S PRESENT PLANS

Company Decides to Install an Auxiliary Steam Plant at Jordan Station to Provide Against Possible Emergency—Will Cost Nearly \$150,000.

The directors of the Utah Light & Power company met this morning and decided to install an auxiliary steam plant at Jordan station, so as to be prepared for any draft that may be made upon the company in the next five years. Manager Campbell argues that the way to be prepared is to prepare, and at the remarkable rate of increase now obtaining, there is a chance that even with the remarkable source of power soon to be within call, that power may be insufficient in the course of two or three years—particularly in a case of emergency. So it is just as well to be forehanded, and Manager Campbell and the directors of the Utah Light & Power have correctly sized up the situation.

The auxiliary plant proposed will be of 1,500 kilowatt, or 2,000-horsepower, and its installation will necessitate an outlay of \$100,000 to \$120,000. As this is in addition to the money being expended on the main great plant, the total outlay will be several hundred thousand dollars. It will be 15 months before the new machinery can be delivered.

BIG BLAZE THIS AFTERNOON.

Edison Moving Picture Show on East Temple Street Wiped Out of Existence by Fire—Place a Seething Mass of Flames.

The Edison moving picture show at 176 south East Temple street, was wiped out of existence by fire at 2:45 o'clock this afternoon. The place was operated by James McConahay, and he had just received a new reel for his kinetoscope machine and was giving his first exhibition when the fire started. The blaze was caused by a carbon tip on the machine dropping into the celluloid sash. Instantly the place was in flames. McConahay rushed to the rear of the building and began carrying things out, and succeeded in saving about \$2,000 worth of pictures and other articles used in his show.

NO INTOXICANTS AT SALT LAKE BEACH.

At the meeting of the board of directors of the Salt Lake & Los Angeles railroad yesterday it was unanimously decided to raise the fare to Saltair this season to 50 cents for adults, 25 cents for children under 12 years of age and to grant free transportation to those under 6. The executive committee was also authorized to construct a plank walk from bath rooms out to moderately deep water. It was also decided that no beer or intoxicants would be sold at the beach during the season.

On Trial for Killing Miners.

Madisonville, Ky., May 13.—The case of the Commonwealth against B. Lindell, Wade McIntosh and others, charged with the killing of union miners at Bortown, about two years ago, has been called for trial in the Hopkins circuit court here and both sides announce themselves ready.

Wrecked Immigrants Arrive.

Washington, May 13.—The treasury department has received a dispatch from Newberne, announcing the arrival there of the immigrants taken from the wrecked barkentine Vera Cruz II. A telegram from Boston announces that the firm at New Bedford, to which the ship was said to be consigned, denies that it is the consignee and declines all responsibility for the vessel.

E. H. HARRIMAN TO TAKE A HAND

President of S. P. to Meet McNeil Of Boiler-makers' Union.

CONFERENCE ON SPECIAL.

Endeavor to Arrive at Some Solution Of Trouble Which Going East On Union Pacific.

San Francisco, May 13.—E. H. Harriman, president of the Southern Pacific, has left for the east. He was accompanied by General Manager Kruttschnitt, who will travel with him part of the way. It was said that President Harriman will personally take a hand in the settlement of the boiler makers' strike on the Union Pacific and that a conference has been arranged between Harriman and National President McNeil of the Boiler-makers' union, to be held on Harriman's train, while he is proceeding east over the Union Pacific. It is believed in local railroad circles that Harriman and McNeil will arrive at some solution of the trouble on the Union Pacific, and thus prevent the threatened sympathetic strike of boiler-makers on the Southern Pacific lines west of Ogden and El Paso.

Conductors Wanted.

Kansas City, Mo., May 13.—The state labor bureau has an order from St. Paul for one hundred railroad conductors to run freight and passenger trains on the Great Northern railroad but there are no applicants for the positions. Experience is not necessary, the order says, but capable men are wanted. The salary offered is \$10 a month.

Of Value to shippers.

One of the most handy livestock publications has been issued in Salt Lake in the form of the Western Livestock Shipper's Guide, which has been compiled by W. E. Lawson, formerly live stock agent for the Colorado Midland here. The publication contains all the information needed by the farmer and the stock raiser, and is found at the various feeding and loading points along the routes of the lines engaged in the transportation of stock from the stock ranges states to the Chicago and Missouri River markets. In fact, all the information of interest and value to the western shipper is contained in the booklet. It is the intention to issue a revised edition every year.

MOFFAT UNDISMAYED.

Says He Does Not Intend to Abandon His Project.

From New York comes another story of a combination against the Moffat road. It is stated that the personal representatives of Harriman, Gould and Rockefeller in the west have been in consultation with the combination and now that Clark and Harriman have joined hands Moffat will be brought to terms or else bottled. In this connection David H. Moffat is quoted in Denver as saying:

"I started out to build to Salt Lake and only death or a shortage of money can keep me out. I am still alive and as I have all the money needed I can't see what there is to worry about. I will not go into Salt Lake."

"I don't see how they can keep me out of Salt Lake. A railroad, if it has the money back of it, can go anywhere and as I have all the money needed I can't see what there is to worry about. I will not go into Salt Lake."

"I believe that if I wanted to I could get into Salt Lake over the Rio Grande. It is an interstate road and a common carrier."

"I do not know of any plans of the Rio Grande and Union Pacific to build down to a connection with my road or to the same territory. They can come all right, but it is hard for them to get out. I do not see where they would offset me to any great extent."

"My original plan was to build a direct railroad from Denver to Salt Lake and I have not abandoned and do not intend to abandon this plan."

Department of Interior Approves R. G. W. Park City Map.

The location map of the Utah branch, now known as the Park City branch of the Rio Grande, has been returned from Washington bearing the approval of the secretary of interior. The map in question covers the improvements that were made on that branch between Mill Creek and Logansport over three years ago. Apparently the railroad company did not anticipate any trouble over the matter for the map was only filed last January. Several years after the new standard-gauge line had been constructed.

L. O. LEONARD HURT.

Traveling Livestock Agent For Missouri Pacific Now in Hospital.

L. O. Leonard, traveling live stock agent for the Missouri Pacific, met with a painful accident out at the stock yards at North Salt Lake last evening that necessitated the taking of him to St. Mark's hospital. Mr. Leonard, in company with Mr. Warren, was driving a pair of young goats in his rig when the pole dropped and the team ran away. He was pitched out with the result that he is now suffering from a broken right shoulder and a bad gash in the leg that necessitated eight stitches to close it. It is hoped he will be able to return to his duties.

Cooks, Waiters, Butchers, Bakers

Over a Thousand Called Out in Denver—The Restaurants Are Closed—Drivers at a Funeral Strike—Pending Arbitration of Difference, 6,000 Men in New York Return to Work.

Denver, Colo., May 13.—Two hundred cooks, 400 waiters and 200 butchers and 150 bakers were called out on strike today by the Pure Food council. Nearly all the restaurants in the city are closed. The butchers' walkout included those employed at the stockyards and many of the meat markets. The union bakers were called out from not only the houses deemed unfair, but also those against which labor has no grievance.

Tonight the retail clerks and international stationary engineers will hold a meeting to vote on the question of joining in the strike. It is feared that these movements will inaugurate a general strike of all the trades and labor unions of the city.

The cause of the trouble is the refusal of various bakeries and groceries to make contracts with the union.

G. N. THAINMEN'S GRIEVANCE.

St. Paul, Minn., May 13.—Representative business men from Minneapolis and St. Paul to the number of nearly 40, met today the Great Northern trainmen's grievance committee. The meeting had been called by J. W. Cooper, president of the St. Paul Jobbers' union, who stated that a strike would be destructive to northwestern business interests and that the business men of the northwest were vitally interested in bringing about an amicable settlement of the differences between the railroad men and employers. Messrs. Garretson and Newman, representing the brotherhood organizations, were present and had avowed themselves anxious to avoid any action that would work hardship to any interest, while at the same time determined to protect the men they represented. After a preliminary open meeting the doors were closed and the matter was further considered in executive session.

STRIKERS STOP A FUNERAL.

Toledo, O., May 15.—During the funeral services over the remains of Mrs. Mary Kamm here the drivers of hacks struck and refused to work because the hearse was driven by a non-union man. The officiating undertakers filled the strikers' places just in time to prevent a severe case of the casket was being taken to the hearse.

BLACKSMITH'S STRIKE.

Chicago, May 13.—Four hundred blacksmiths and their helpers, employed in the shops of the Chicago, Rock Island and Pacific railway and about the same number in the shops of the Chicago & Northwestern railway struck today after being refused an advance in wages.

The strike of the cable splicers of the Chicago telephone company, which has been in progress for several weeks, has spread to the underground cable pullers, the latest having refused today to continue at work.

It Elects President Roosevelt a Life Member.

San Francisco, May 13.—After an enthusiastic reception by the Press club yesterday, during which it was notified that he had been elected a life member, President Roosevelt inscribed the following on the records of the organization:

"Good luck always to the San Francisco Press club from its member, Theodore Roosevelt, May 12th, 1903."

FRENCH DESERTER ARRESTED

Paul Martin Charged with Murder Of Mme. De Brienne.

Glasgow, May 13.—Paul Martin, a deserter from the French army, was arrested here today charged with the murder of Mme. De Brienne, a well known person, who went to this city from America and who was recently found strangled in her room.

A MURDER MYSTERY.

Body of an Unknown Man Found in Monongahela River at Pittsburgh.

Pittsburgh, May 13.—The finding of the body of an unknown man floating in the Monongahela river at the foot of Short street today was the first step in a murder mystery. A handkerchief had been forced into the man's mouth and there were several wounds on the back of the head which seemed to have been inflicted by a blunt instrument. The body is that of a man about 60 years of age, well dressed. The body had been in the water not more than 14 hours. The face indicated that it had been dragged along the ground, as it was completely covered with mud, and the skin was broken.

PARIS-MADRID AUTOMOBILE RACES.

Paris, May 13.—The Paris-Madrid automobile races were inaugurated today, 25 teams starting in the first stretch. The start was made at 10 o'clock, the cars starting from the Automobile club of France between 7 a. m. and noon. Although the main speed tests are to be made later, great interest was shown in the tests of the heavier vehicles, and the opening of this year's long distance races.

The recent rains promised heavy roads, reports from Madrid stating that some of the stretches were in dangerous condition and requiring great care. The start was made in fine weather. The first day's run, which was 221 kilometers, being thronged with participants in the contest and hundreds of others intending to follow the racers over the first stretch. The run is from Paris to Puyguy, 221 kilometers. The machines will enter Spain May 25, and reach Madrid May 31.

A number of Americans viewed the start and several were among the occupants of the participating cars. "Ted" Sloan piloted one of the racers. W. K. Vanderbilt, Jr., who has entered for the speed test will start later, but he was a passenger today on Vanderbilt's car.
