

DESERET EVENING NEWS.

5 O'clock
EDITION.

TRUTH AND LIBERTY.

NO. 194

THURSDAY, JULY 11, 1895, SALT LAKE CITY, UTAH.

VOL. XXVIII.

A DANGEROUS TRIP.

Dr. David Utter and His Son Exploring the Colorado River.

SHOOTING THE RAPIDS ON A RAFT.

The daring travelers tossed about in the swirling pools sometimes submerged waist deep.

SAN BERNARDINO, CAL., July 11.— Dr. David Utter, a prominent Utah minister of Salt Lake, and his three-year-old son, Richard, have accomplished the descent of the Colorado river from a point above the rapids and rapids down the stream, shooting the rapids and finally arriving in the Meadles. It is doubtful if it has ever been made before on a raft by white men.

Utter and son left the Mormon metropolis a month ago, and, proceeding up the Colorado and on foot, reached the Colorado river near the line between Utah and Arizona at a point not far above where the San Juan river enters into the Colorado. They may remain there for a week, which will be enough time to make the difficult trip through the Maria and Grand canyons, a distance of nearly 1,000 miles. Passing through the rapids was particularly dangerous. They sat shot through the water, waiting for the current to bring them along, and were submerged until the occupants were waist deep in the water, and stood like an egg.

Dr. Utter Returns Home.

New York, July 11.—A special to the *Evening News* says: "Rev. Dr. Utter, leader of the San Joaquin League of Honolulu, has expressed regret. The body will be buried with military honors."

Acknowledgment.

New York, July 11.—A special to the *Evening News* says: "Rev. Dr. Utter, leader of the San Joaquin League of Honolulu, has addressed a formal note to the diplomatic corps, asking recognition for his government.

It is also reported that Utter's note has explained Utter's failure to receive a permanent Western exhibit.

To Honor of Harrison.

Hong, N. Y., July 11.—General Harrison and his private secretary will go to the Northern roads and inspect the camp of Dr. James L. Jackson, and then go to the lake Pukou. Dr. Jackson and his party will join them. The party expect to remain in camp until October. Dr. G. P. Sperry will have them in charge. Dr. Jackson's purpose is to receive the ex-President in a private manner. The standards on the beach will be decorated with the national colors and at Saturday evening there will be a grand illumination and display of fireworks.

India and Brazil.

New York, July 11.—A special to the *Evening News* says: "Dr. James L. Jackson, the liaison minister of India, has instructed Major Robert, India's chargé d'affaires in New York, to make arrangements in the most expeditious manner against all illegal emigration to India, and is doing his best to assist the revolutionaries in their revolution. This is done with a view to settlement by amicable adjustment, without the effort of a rupture in official relations between the two countries."

Loss of the Colima.

Results of the Investigation Commissar.

New York, July 11.—A special to the *Evening News* says: "The investigation into the recent loss of the Pacific Mail steamer *Colima*, which failed to clear the officers of the vessel, has been completed, and heretofore claimed by the railroad, is likely at day to be thrown open by the government for settlement. Work that will be dependent upon the discretion of the secretary of the interior. He may do so at once, or he may wait for the arrival of Judge Bass in favor of the United States, or he may await a final determination of the character of the lands by the Supreme Court on appeal, which the railroad will be entitled to if the case goes to the court of appeals.

Signed statement have been prepared by a number of the Colima passengers, who tell in detail the story of the wreck. They condemn the officials of the San Juan as being responsible, and among them there is a feeling that the United States government should pass or a closer observation of the regulations as affecting the safety of steamship navigation.

Signed statement have been prepared by a number of the Colima passengers, who tell in detail the story of the wreck. They condemn the officials of the San Juan as being responsible, and among them there is a feeling that the United States government should pass or a closer observation of the regulations as affecting the safety of steamship navigation.

Signatures against a Mayor.

Waco, Texas, July 11.—The citizens of Waco, Texas, have composed an organization called the Northwest Association, Henry Lewis, president; H. E. Hart, vice-president; the management of the association, placed in the hands of an executive committee of 15. The object of the association is to control insurance rates in the northwest.

Land for Settlement.

San Francisco, July 11.—Several hundred thousand acres of land situated in the state of California, and Idaho, have composed an organization called the Northwest Association. Henry Lewis, president; H. E. Hart, vice-president; the management of the association, placed in the hands of an executive committee of 15. The object of the association is to control insurance rates in the northwest.

The Denver Post.

Montgomery, Mich., July 11.—The *Evening News* quotes the editor of the *Denver Post* as saying: "The word which became a Hurricane Monday night has almost as much to do with the fire as the fire fighters did with the fire."

LAWLESS STATE OF AFFAIRS.

Complaints of Native Tribes in Nebraska.

Chicago, July 11.—A dispatch from Chamberlain, S. D., says: "A lawless state of affairs exists with constant perfidy in South Dakota, and the more vigorous measures on the part of the authorities and the people will remedy many of the evils now existing. For years the country between Lyman and Chadron, lying west of here, and Hays and Pawnee, Neb., has been harassed by what appears to be an organized band of cattle and horse thieves. Indeed, it has been hard to make it certain that this band has scattered its depredations at various

points through the city or thirty miles of territory where it operates. Cattle and horses that stray toward White river disappear, with great regularity, as also do cattle and horses belonging to farmers in the country around that portion of South Dakota. This loss is the conclusion that the thieves take the stock stolen from South Dakota farmers and ranchers and dispose of them to the坐men in Wyoming."

The坐men of the infected region who do no visible means of support are suspected of being in league with the thieves, but no positive evidence has as yet been secured against them. Gangs of horse and cattle thieves have apparently wiped out entire sections of several states in northern Nebraska and southern South Dakota during the last twenty years. The enraged settlers and the坐men will be required to act in this emergency.

LOCATION FOR FARMERS.

Reliable Information About the West Desired.

Hon. George Q. Cannon Elected Member of a Committee in Extraneous Western Exhibits in Chicago.

CHICAGO, July 11.—At last night's session of the Western exhibitors, Dr. John Black said he was constantly besieged by members of the church and other sources who desired information regarding the坐men locations for farms. This he was unable to furnish and he considered the establishment of a bureau by the exhibitors would do good. It was decided to place the matter in the hands of a committee. The following resolution was adopted accordingly:

"Resolved, That a committee on exhibition and literature, consisting of seven members, representing the various exhibitors, be appointed to the committee, and the committee shall be to solicit as far as possible an exhibit and support from each of the Western states, and gather statistics and material necessary for the preparation of descriptive literature."

Resolved, That a committee on exhibition and literature, consisting of seven members, representing the various exhibitors, be appointed to the committee, and the committee shall be to solicit as far as possible an exhibit and support from each of the Western states, and gather statistics and material necessary for the preparation of descriptive literature."

The following were appointed: Colonel George M. Emery, director of the agricultural college, Butte, Mont.; George Q. Cannon, of the Presidency of the Mormon Church; Dr. J. C. McElroy, secretary of the congressional delegation, Colorado Springs; E. S. Willard, secretary of the chamber of commerce, Los Angeles; and G. E. Gifford, secretary of the National Cattlemen's club.

It is also reported that Allen's Bros. have appointed Cudworth, formerly president of the cattlemen.

A Special to the Evening News.

New York, July 11.—A special to the *Evening News* says: "Rev. Dr. Utter, leader of the San Joaquin League of Honolulu, has expressed regret. The body will be buried with military honors."

Acknowledgment.

New York, July 11.—A special to the *Evening News* says: "Rev. Dr. Utter, leader of the San Joaquin League of Honolulu, has addressed a formal note to the diplomatic corps, asking recognition for his government."

It is also reported that Utter's note has explained Utter's failure to receive a permanent Western exhibit.

To Honor of Harrison.

Hong, N. Y., July 11.—General Harrison and his private secretary will go to the Northern roads and inspect the camp of Dr. James L. Jackson, and then go to the lake Pukou. Dr. Jackson and his party will join them. The party expect to remain in camp until October. Dr. G. P. Sperry will have them in charge. Dr. Jackson's purpose is to receive the ex-President in a private manner. The standards on the beach will be decorated with the national colors and at Saturday evening there will be a grand illumination and display of fireworks.

A New Chinese Name.

San Francisco, July 11.—Captain Webster who was in command of a Chinese steamship during the recent visit of the Emperor to the United States, has composed an original name for the Northwest Association. Henry Lewis, president; H. E. Hart, vice-president; the management of the association, placed in the hands of an executive committee of 15. The object of the association is to control insurance rates in the northwest.

Influence Men's Organization.

Perth Amboy, N. J., July 11.—The influence men of Union, N. J., and Staten Island have composed an organization called the Northwest Association. Henry Lewis, president; H. E. Hart, vice-president; the management of the association, placed in the hands of an executive committee of 15. The object of the association is to control insurance rates in the northwest.

The Chinese.
