

## PROTEST AGAINST SENATOR SMOOT.

Epworth Leaguers Are Opposed  
To His Retention of His Seat  
In the U. S. Senate.

## ANTI-POLYGAMY AMENDMENT.

Urge Congress to Submit One—Un-  
iform Divorce Law Favored—  
Strongly Anti-Canteen.

Denver, July 9.—The seventh inter-  
national convention of the Epworth  
league closed tonight with meetings in  
the downtown churches and auditor-  
iums, at which was read the report of  
the committee on resolutions, previous-  
ly adopted by the league of control,  
governing body of the board. The re-  
port refers to the Smoot case as fol-  
lows:

"Inasmuch as Reed Smoot, senator of  
the United States from the State of  
Utah, is subservient to authority that  
is antagonistic to the purity and integ-  
rity of the American home and subver-  
sive of the laws of the land, by reason  
of his official relation to the Mormon  
hierarchy, we earnestly and solemnly  
protest against his admission to a seat  
in the supreme legislative body of the  
nation, and we urge upon Congress the  
need of passing laws making it an  
impossibility for representatives of such  
a treason-working system to obtain  
seats in the legislative body of the  
United States. And we urge the Con-  
gress of the United States to submit to  
the people a constitutional amendment  
prohibiting polygamy or plural mar-  
riages within the territory of the United  
States."

The report favors a uniform divorce  
law; heartily commends the work of  
the national bureau of reform, the  
Lords day alliance of Canada, and  
similar organizations; pledges incessant  
warfare against all forms of intemper-  
ance and expresses gratification at the  
progress of the work of the Anti-  
Saloon league of the United States and  
Canada; declares uncompromising op-  
position to the sale of intoxicants in  
the army cantons, and endorses the  
Hepburn-Dolliver bill for the preven-  
tion of interstate transportation of in-  
toxicants in violation of the prohibi-  
tory laws. The resolutions express sym-  
pathy for Bishop Joyce of St. Paul,  
those during the day divine services  
were held in nearly all the churches of Den-  
ver, the sermon being preached by one  
of the visiting Methodist ministers.

Tomorrow the delegates will take  
side trips into the mountains, and on  
Tuesday they are to be the guests of  
the Colorado Springs league for a picnic  
in Cheyenne canyon. On Wednesday  
the leaguers will begin leaving the  
state, numbers going to Yellowstone  
park and the Portland exposition.

## A. C. HAYNES RESIGNS.

Was General Agent for Equitable  
Life Assurance Co.

New York, July 9.—Archibald C.  
Haynes, general agent for the Equitable  
Life Assurance society, controlling its  
largest and most important agency,  
with headquarters in Broad street, New  
York, sent his resignation today to Paul  
Morton, chairman of the board of di-  
rectors. His various offices are in the  
heart of the financial district, and he  
counts among his customers many  
noted men.

Mr. Haynes says that because of the  
uncertainty of the future of such a  
company, the public may be unwilling  
to buy insurance on the mutual plan,  
and urges agents to confine their efforts  
to selling insurance on the stock policy  
plan. The address continues:

"The premium income of the society  
last year was about \$6,000,000. In  
partly all of the same was on leased  
participating plan of insurance. It  
means that, based upon past experience,  
about \$1,000,000 of said \$6,000,000  
should be saved annually for the pur-  
pose of creating dividends."

## A HORRIBLE CRIME.

Body of Woman Who Had Been  
Terribly Mutilated Found.

Philadelphia, July 9.—With the back  
of the head crushed in, mutilated from  
head to foot, and several bones  
broken, the body of a woman known as  
"Annie," was found today buried in the  
cellar of a house in the northeastern  
part of the city. The body was found  
by Charles Blum, a German who died in  
a hospital on May 15. The police be-  
lieve that Blum murdered the woman,  
who was his housekeeper, and buried  
the body in the cellar. A hole had been

## Pain Weakens And Destroys the Nerves.

Do you know that pain is simply the  
nerves crying for help?

Has it ever occurred to you that pain  
weakens and destroys the nervous sys-  
tem?

For this reason you should act prompt-  
ly in every case of headache, backache,  
stomach ache, neuralgia, rheumatism,  
neuritis, toothache, and all other pain.

Dr. Miles' Anti-Pain Pills will relieve  
pain almost instantly, because they act  
in a natural and harmless manner upon  
the nerve tissues, and relieve the con-  
ditions which cause the pain.

While very prompt and effective in  
their action, they do not effect the  
bowels in the least, are perfectly harm-  
less, and leave no disagreeable after-  
effects.

Delicate women who suffer from  
headache, bearing-down and periodical  
pains, can use them with impunity.

You may also give them to children  
with the assurance that while they will  
relieve, they cannot possibly harm.

"Dr. Miles' Anti-Pain Pills never fail  
to cure headache, pain in back of neck,  
cold, pain, neuralgia, or in fact any  
pain. I have taken them with best re-  
sults, and have given them to others;  
they never disappoint."

To treat Pimples and Blackheads,  
Red, Rough, Oily Complexions,

Cure, but do not rub. Wash off  
the Ointment in five minutes with

bathe freely for some minutes.  
Repeat morning and evening. At  
other times use Cuticura Soap for  
bathing the face as often as agree-  
able. No other Skin Soap so pure,  
so sweet, so speedily effective.

quantity of quicklime thrown in. The  
body was then placed in the hole and  
covered with earth. After an invest-  
igation the police came to the conclu-  
sion that Blum killed the woman  
during a quarrel and in his frenzy to  
hide the crime buried the body with a  
hatchet and buried it. The quicklime  
has consumed only a small portion of  
the body.

## REPORT IN HOLMES CASE.

Mr. Price Asks Secy. Wilson to  
Withdraw the Charges.

Washington, July 9.—Theodore H.  
Price of New York arrived in Wash-  
ington today and through his attorney  
requested Secy. Wilson to withdraw  
what Mr. Price characterizes as the  
"unjust, offensive and unsustained  
charges and imputations" contained in  
the report made public yesterday in  
connection with the removal of Edwin  
K. Holmes, Jr., the assistant statistician  
of the department of agriculture. The  
secretary has Mr. Price's request under  
consideration.

## FINE ARTS LIBRARY.

Proposed to Erect One for Am.  
Academy at Rome.

New York, July 9.—Now that the  
\$1,000,000 endowment fund for the main-  
tenance of the American Academy of  
Fine Arts in Rome has practically been  
secured by the subscription of \$100,000  
by H. C. Frick, it is proposed to  
raise \$200,000 more for a library for the  
institution.

## How Strikes Affect Labor.

Albany, N. Y., July 9.—In its quar-  
terly bulletin, which is the first that ex-  
presses a period since Commissioner Sher-  
man took office, the state department  
of labor speaks of the disastrous effect  
of recent strikes upon the labor organ-  
izations that prosecuted them.

"The failure of the strike at the Rap-  
id Transit system of New York," says  
the department, "resulted in the dis-  
solution of unions embracing a mem-  
bership of more than 4,000 men; that of  
the glaziers was followed by the dis-  
solution of a union of 300 men, while the  
disputes in the Fulton county glass  
manufacturers also caused very large  
losses. In some industries trade has  
only recently recovered from the recent  
depression, which greatly weakened the  
workmen's organizations. Between Oct.  
1, 1904, and April 1, 1905, 165 organ-  
izations in this state dissolved and 29  
more amalgamated with other unions of  
the same trade. On the other hand only  
50 new unions were organized, causing a  
net decrease of 86 and leaving 1,146  
organizations in existence at the end of  
March. The aggregate number of  
members of unions was then 374,242,  
signifying a net decrease of 17,444 since  
September, 1904. New York City lost \$741,  
or 34 per cent of its membership, but  
still has 245,978 unionists."

## Stallions for Japan.

Lexington, Ky., July 9.—H. Hiosawa  
and T. Hayashi, representatives of the  
Japanese government, have purchased  
five highly bred stallions to be sent to  
the royal stud. These are thorough-  
breds, and two are registered trotters.  
The consideration in each case is pri-  
vate.

## Bodies of Flood Victims Found.

Guantanamo, Mexico, July 9.—In the  
process of cleaning streets of debris  
caused by the flood, more bodies have  
been found. Most of the corpses are  
mangled beyond recognition.  
The city is still without light or  
drinking water. Relief funds are being  
carefully distributed.

## KRUGER IN CHARGE OF THE POTEMKINE

Was Delivered to Russian Author-  
ities by Roumania Without  
Raising Difficulties.

## WAS IN A HORRIBLE CONDITION.

Officers' Cabins Had Been Stripped of  
Everything of Value and Blood-  
stains Were Everywhere.

Kustentz, Roumania, July 9.—Admiral  
Krugel this afternoon boarded and took  
possession of the Russian battleship  
Kniaz Potemkin, King Charles of  
Roumania having sent instructions to  
the commander of the Roumanian  
squadron that the vessel be delivered to  
the Russian authorities without raising  
difficulties.

The torpedoed ship, which accompanied  
the Kniaz Potemkin, however, left for  
Odessa without surrendering, declaring  
that she had not submitted, but that the  
Kniaz Potemkin had forced her to fol-  
low.

Admiral Kruger arrived with his  
squadron this morning and after ex-  
changing the customary salutes, intimat-  
ed that he had come to arrange for the  
transfer of the Kniaz Potemkin.  
Admiral Koshinsky, commander of the  
Roumanian squadron, boarded the Rus-  
sian battleship Tchesnye and informed  
Admiral Kruger that King Charles had  
ordered him to turn the vessel over to  
the Russian authorities. The formalities  
of the transfer were completed this  
afternoon and Admiral Kruger boarded  
the Kniaz Potemkin.

The Associated Press representative  
inspected the Kniaz Potemkin after the  
withdrawal of the Roumanian

guard. Despite the efforts of the Rou-  
manians to get things in ship-shape,  
everything aboard the battleship was  
still in a state of wild disorder. The  
officers' cabins were stripped of every-  
thing of any value, and bloodstains  
were everywhere. There was sufficient  
evidence aboard the Kniaz Potemkin  
to have enabled the Roumanians to  
make a desperate resistance.

It is said that during the last few  
days the vessel was visited by two  
cruisers and an officer with revolver  
at their heads.

All of the sailors wished to surren-  
der with the exception of Matuschenko,  
the leader of the mutiny, who remained  
some time and wanted to blow up the  
ship.

Seven officers were prisoners aboard  
the Kniaz Potemkin. They were in a  
pitiable condition from ill-treatment.  
They declared that Matuschenko had  
killed 10 officers of the battleship. All  
the papers and books belonging to the  
vessel were destroyed.

It appears that the decision to sur-  
render the Kniaz Potemkin was made  
when it became evident that no other  
vessels would join in the mutiny. The  
crew of the battleship seemed to be un-  
aware of the surrender of the Kniegi  
Volodouk, and expected that she also  
was coming to Kustentz to capitulate  
to Roumania.

Twenty married sailors from the  
Kniaz Potemkin have applied to the  
Russians to be sent back to Russia.

The crew of torpedoed No. 257 were  
given half an hour in which to sur-  
render or leave port.

A considerable number of the crew  
of the Kniaz Potemkin, alleging that  
they had acted under compulsion,  
tendered the Kniaz Potemkin to the  
Russians and were nearly exhausted but  
there was ample food on board. A Russian  
priest after the transfer held a service  
of purification on board the Kniaz  
Potemkin, sprinkling the vessel with  
her flag with holy water.

Admiral Kruger's squadron, which  
brought a crew for the Kniaz Potem-  
kin, sailed with her for Russia this  
evening.

WAITING FOR A REPORT.

St. Petersburg, July 9. 2 a. m.—The  
government is awaiting a report from  
Admiral Kruger before making rep-  
resentations to the Roumanian govern-  
ment for the return of the mutineers  
of the Kniaz Potemkin. It was stated  
at the foreign office yesterday that no  
official information of the attitude of  
Roumania toward the mutineers has  
been received.

A dispatch from Theodoros states that  
during a parade of the Volos regiment  
a shot was fired from the ranks at the  
colonel, but missed him. The shot was  
a signal for an outbreak, which was  
quelled after an officer and a private  
had been severely wounded. The  
trouble evidently was a reflex of the  
mutiny on the Kniaz Potemkin.

## POLICE ARREST TERRORISTS.

Riga, Russia, July 9.—The police have  
arrested 25 terrorists who are held re-  
sponsible for the preparation of bombs  
and attacks on the police. During an  
attempt at the rescue of the terrorists  
one man was arrested and two police-  
men wounded.

## STILL THROWING BOMBS.

Tiflis, Transcaucasia, July 9.—Bomb  
throwing continues daily. Two Doorn-  
icks were killed and 12 persons wounded  
by a bomb and a policeman was shot  
last night.

## CHINA WILL NOT BE REPRESENTED.

Japan Will Not Consent That She  
Participate in the Peace  
Conference.

## MANCHURIA TO BE RESTORED.

Japanese Fully Competent to Carry  
Out All Their Promises in  
This Direction.

Washington, July 9.—China's request  
to be represented in the Washington  
conference on the ground that she is  
vitaly interested in its proceedings,  
has been received by the president and  
informally transmitted to the belliger-  
ents.

Whether the president has received  
the formal reply cannot be learned,  
but it can be stated that while Rus-  
sia is inclined to favor the suggestion,  
Japan will not consent to it. Japan  
has already made public her assurance  
that Manchuria is to be restored to  
China. That is one of the principles for  
which she has been fighting. Japan  
regards herself as fully capable of exe-  
cuting the promise without the assist-  
ance of China, and in view of China's  
inability before the war to cope with  
Russia in Manchuria, the Japanese  
government is unable to see what pos-  
sible service a Chinese representative  
would be in the Washington confer-  
ence.

Moreover, the Japanese have all  
along taken the position that when  
peace negotiations were begun they  
would be conducted directly with Rus-  
sia. It is altogether unlikely that the  
claim of China, and the official view  
here fails to sympathize with the idea.  
The last week has seen two develop-

ments in the plans for the negotiations.  
Negotiations for the armistice are not  
expected to be concluded until after the  
penitentiaries meet. It is pointed  
out again that the beginning of the  
rainy season in the war zone removes  
the necessity for the immediate sign-  
ing of an armistice. Little doubt is felt,  
however, that this will be the first sub-  
ject discussed by the penitentiaries,  
and probably their initial act will be  
the signing of a protocol providing for  
the cessation of hostilities for a lim-  
ited period.

Roumania will go to New York  
within the next few days, and thence  
to Oyster Bay to be presented to the  
president. Meantime he is in daily con-  
ference with the attaches of the em-  
bassy, and has had several long talks  
with Count Cassini, who posted him on  
each step in the negotiations up to this  
moment. No place has yet been finally  
selected for the holding of the confer-  
ence, but this Bureau de Roumanie will  
discuss with the president on Tuesday  
expecting that some place in New  
England would certainly be selected.  
Baron de Rosen chose Manchester for  
the summer headquarters for his em-  
bassy. It is believed here that the  
choice lies between Portsmouth, N. H.,  
and Portland, Me., with the chances in  
favor of the former.

Mr. Takahira, the Japanese minister,  
will be an early visitor to Oyster Bay  
to discuss the arrangements for the  
conference. It is the belief here that  
instead of the president making the  
tedious trip to Washington to greet  
the plenipotentiaries, the plan which  
probably will be adopted is for the  
plenipotentiaries to go to Oyster Bay,  
the Japanese representatives bearing  
the Mayflower at the navyyard, Wash-  
ington, and the Russian envoys  
going in the Dolphin from New York  
to Oyster Bay, where they will be  
jointly received by the president and  
formally presented to each other. They  
could go by boat thence to the place  
selected for the conference, returning  
to Washington at the conclusion of  
their labors for the formal signing of  
the treaty of Washington, provided  
their labors are so successful.
