not the right to issue their bonds for this or any other purpose without the authority of an act of the Legislature, afterwards approved by vote of the people; and also, that the Legislature is not now, and will not probably be, in session until a year from next December. But, serious as the obstacle is, we believe it may easily be overcome, as we have a company organized at once, apply to Congress for a charter and right of way. This obtained, then ask of Congress a special enabling act giving the people of the several counties the right to vote upon the question of issuing their bonds in aid of the road. This we believe can be readily obtained; and we cannot doubt that when the voters shall ask themselves whether they are willing to remain here for four or six years waiting for a road to come to them, and in the meantime every interest of the Territory languishing for the want of it, or as a means of avoiding such a fate, they will issue bonds to the amount of \$1,000,000 to open up a railroad to their very doors, they would reply unanimously in favor of the latter alternative. All see and feel the absolute necessity of a road to obtain railroads to connect the Territory with the States, and we believe it is almost the only one at present left us that will do it.

The route of the road would, as we have stated, be from Salt Lake City to the Madison Valley, thence down the Madison Valley to Gallatin City, thence along the Missouri valley to the northern terminus at Helena.

If anything is to be done in this matter, no time should be lost. The company should be formed and the route of the road secured by the action of Congress to secure this right so that there be no delay in the work at Soda Springs, but it is pushed along into our valleys by the beginning of the year 1874. What say the people of the Territory? Let us hear from the Boardman and Helena papers.—The Montanan, Sept. 5th.
