MRS. FERRIS USES INSURANCE SUIT.

Jury Held Mr. Ferris Misrepresented His Age. Hence the Forfeit.

THE S. P. SUE FOR \$10,000

Three Couples Made Happy—Decorated Day Road Races—Junction City News Briefs.

The action brought by Mrs. Mary E. Ferris against the Modern Woodmen of the World was completed yesterday and submitted to the jury at noon, who after being out eight hours brought in a verdict in favor of the defendant. "No cause of action," the suit was brought by Mrs. Ferris against the lodge to recover \$2,000 alleged to be due on an insurance policy for that amount held by her husband, P. Ferris, who died in this city several months ago. The Woodmen refused to pay the insurance, claiming that Mr. Ferris when he took out the policy did not state his true age, giving the age of 35, while he was born in 1850, seven years previous, according to the death certificate, and his application to the A. O. U. W. for an insurance policy, and that he therefore misrepresented the facts in the application and was not entitled to the insurance under their by-laws.

Mrs. Ferris and other witnesses testified that the deceased was born in 1857 and that his age given in the policy is correct. The case was argued by the Southern Pacific attorneys, A. G. Horn representing the plaintiff and Maginnis and Stout the defense.

\$10,000 DAMAGE SUIT.
Thomas Wylie has instituted suit in the first district court at Boxelder county against the Southern Pacific company to recover \$10,000 alleged to be due for personal injuries sustained by plaintiff.

The allegations set forth are, that Wylie was employed by the railroad company as carpenter on their new shops at Montello station. That on May 6, 1904, while so employed he was working on a scaffold about 50 feet above the ground, when without warning a portion of the roof collapsed, falling on this plaintiff knocking him against a large beam, severely injuring him about the chest and back, from which he will always suffer. That the accident was caused by the carelessness of the defendant company to construct the roof so it would not collapse, wherefore \$10,000 damages are prayed for.

DECORATION DAY ROAD RACE.
One of the special features being arranged for Decoration day will be a bicycle road race, which will be conducted under the arrangement of T. C. Brantley. Arrangements have not been fully completed, but it is expected that the race will start from the Broome hotel corner and Washington avenue at 2 p. m., and will be from Ogden to the Utah Hot Springs, a distance of ten miles. Several shorter races will also be run and possibly an automobile race. Some of the local bicycle dealers are taking interest in the event, and it is expected that one or two bicycles and some other good prizes will be put up by the dealers for the winners. Ogden has not had any road races for a number of years, and considerable interest is being taken in the race held by the bicyclists and dealers. Some names that have been mentioned who may take part in the races are Bert Goodrich, John McGregor, Forrest Gert, Fred Shannon, George Parr, Leon Aufheimer and several others.

PROVO.
HELD FOR BURGLARY.

Writ of Habeas Corpus Denied Donaldson—Garden City News Briefs.

Special Correspondence.
Provo, Utah, May 18.—The preliminary hearing of W. C. Donaldson, charged with burglarizing a Rio Grande Western railway car, took place yesterday, resulting in defendant being held to the Fourth district court in \$300 bonds, in default of which he was committed to the custody of the sheriff.

Yesterday afternoon Mr. Donaldson's attorney, M. M. Warner, instituted habeas corpus proceedings in behalf of Mr. Donaldson, before Judge Marlowe, who happened to be in the city. A writ was issued and Sheriff Harmon appeared in court represented by County Attorney Page and Assistant County Attorney Anderson. The ground on which the discharge was sought was that the complaint did not specifically set forth that defendant entered the railroad car, from which the whiskey was taken, with the intent to commit a larceny, and that the ownership of the property was not pleaded. After hearing arguments in the case Judge Marlowe denied the application.

MANTI.
TRIAL OF BOHNE.

Review of the Noted Case as Brought Out by the Evidence.

Special Correspondence.
Manti, Utah, May 17.—All the witnesses for the state in the Bohné murder case have been on the stand and produced the evidence upon which the prosecution depends for conviction. Viewing the case now just as the defense opens, it appears that the defendant Bohné has all the better of the matter, and it will be no surprise if a verdict of not guilty is returned by the jury when that stage of the proceedings is reached. The defendant was a police officer in the town of Manti; the man he killed was engaged in the saloon business, and it appears, harbored much ill will toward Bohné on account of the latter's persistent efforts in maintaining order in the community. Sometime before the shooting of Empey, blows were passed by the two men, and a man named Day and without much ceremony emptied two chambers at this into Empey, causing instant death. It is now to be seen how the defendant will establish his justification. The case will occupy the great part of the week.

Judge Booth of Provo, occupied the bench a short time yesterday. He had the case of John R. Nielsen vs Jacob Johnson, which he took under advisement.

He is very much pleased with the progress of the new cutting station, which is progressing very nicely. They have erected a beet shed and everything is being done to advance the beet crop for Sept. 1. Thinning has started all over the county and the beet farmers are working hard to even stand. In Bear river they have a good stand also and they have started a force of men to work in the beet fields. THATCHER, ARIZONA
MISSIONARY TESTIMONIAL

In Honor of Josephine Cliff—Heavy Wind Storm and Rain.

Special Correspondence.
Thatcher, Graham Co., Arizona, May 10.—The associates and friends of Sister Josephine Cliff met in the academy chapel the other evening and expressed their kind feelings and good wishes for her, previous to her departure to the Middle States mission. Dainty refreshments were served. The program consisted of songs and recitations, missionary experiences and kind testimonials of the high regard entertained for our neighbor. Sister Cliff has been a missionary for the past several years, and she is a member of the Stake Relief society and Young Ladies' aid, and of the stake amusement committee. By her faithful service and interests of these various organizations, and her general good will towards all, she has ingratiated herself into the hearts of the people of the stake, and when she left on this morning's train the crowd that bade her good buy at the depot was sufficient evidence of the fact.

We had a heavy and destructive wind storm last night. A blinding dust storm passed over the valley about 10 o'clock, wrecking windmills, breaking down trees and otherwise doing damage. Some rain has fallen today, and the prospects are favorable for some moisture.
