MEETS DEATH WHILE PLAY

Baby Boy Drowned in a Ditch at Boise, Idaho.

SON OF MOSES CHRISTENSEN

Father Has Just Gone East, but Has Been Notified and Will Return Home Post Haste.

Little Dick Christensen, the 3-year-old son of Mr. and Mrs. Moses Christensen, was drowned at Boise, Idaho, at noon yesterday. The terrible accident occurred at Riverside park in a small ditch 18 inches wide and 10 inches deep while the babe was at play with his brother, Mrs. Christensen, at the time of the drowning, was in the park office, while the two little boys were playing about outside. Failing to hear their voices, as she usually could, Mrs. Christensen sent Lawrence Russell out to find them. He returned without the children, and the mother, now alarmed, ran out herself and found little Dick lying face downward in a ditch near the pavilion. Dr. Springer was telephoned for, but upon arrival saw that his services would be of no avail, as the little chap had been dead several minutes before the mother's fearful discovery. An employee of the park named F. Sorenson saw the boy about the same time and has this to say of the occurrence:

"The ditch is curved with stone around the west end of the pavilion, as it turns the corner, it widens out into a little pool about six feet wide and perhaps 15 inches deep in the center. The body was floating face downward in the pool with the child's feet facing the center."

"I believe the boy was dead when his mother found him. How long he had been in the water, I cannot say. His mother missed him a few minutes before and was searching for him. I did not notice what became of the child. My idea was I saw him fall into the water. His forehead was bruised, indicating that perhaps he struck the stone curbing and was dazed when he fell into the water."

Two facts which help to make Mrs. Christensen's burden the more heavy, are that her husband has just gone east, having been in Salt Lake less than two weeks ago, and that she saw the drowning, on Wednesday, of the Stephenson boy. Indeed, she was just telephoning Mrs. Stephenson, who went out to search for poor little Dick. The funeral will be deferred till the return of Mr. Christensen, who has been notified.

Mr. and Mrs. Christensen are well known here, having with his brothers conducted a dancing academy. Mrs. Christensen was formerly Miss Carrie Nichols, daughter of Mr. and Mrs. C. M. Nichols of this city. The family had only recently removed to Boise for the summer. Mrs. Christensen's mother and another character left here last night for Boise. The sympathy of their many friends in Salt Lake is extended to the stricken family.

CRUSHED TO DEATH.

Henry Jensen of Richfield Killed by Big Saw Log.

(Special to the "News.")

Richfield, June 5.—Henry Jensen, 19 years old, was killed about 7 o'clock last evening by a heavy log rolling upon him and crushing out his life. Having gone to the mountains for a load of logs he was coming down a side hill on his way home when it is supposed that his load sagged to one side and rolled over him, crushing him. In some way one of the heavy timbers rolled off the wagon and on to Jensen's body. Failing to put out the appearance time, the young man was missed and a party went out to search for him. Of this party was an older brother of Jensen, and he it was who discovered the body. Mrs. Margaret Volman, a sister with whom the two orphaned boys have been living, is completely prostrated and grave fears are entertained for her case. A sister, Mrs. Lars Christensen, who lives in a street car man, lives in Salt Lake.

HURT IN A RUNAWAY.

J. C. Abegg of Payson Has a Narrow Escape From Death.

(Special to the "News.")

Payson, June 5.—J. C. Abegg was thrown from his wagon here last night while returning from his work, sustaining injuries of a very serious nature. His team, it appears, took fright at a piece of paper floating down the ditch and the runaway caused him to become unhitched, letting the tongue down. The team then ran away, throwing Mr. Abegg out against a telephone pole. He was rendered unconscious and remained so for two hours, not being able to recognize anyone. This morning, however, he seemed to be much better, and the surgeons are hopeful for his recovery. It is believed he struck on his back and was injured internally.

CITY SCHOOLS STILL SHORT.

But Deficit Was to Be Raised Today by Senator Bamberger.

A meeting of the principals of the Salt Lake City schools was held in Senator Bamberger's office last night to report on the shortage in the teachers' fund. It was discovered that instead of there being a shortage of \$4,943, as at first reported, that that amount had been increased to \$5,617, being an increase in the shortage of \$674. This additional amount will be raised by Senator Bamberger today so that the teachers' fund will be sufficient to pay the salaries of the teachers for the month of June. He had already secured a sufficient amount to make up the deficit as first reported, but will now proceed to make up the increased shortage.

The principals state that the shortage was due to the fact that a number of the patrons had failed to pay their subscriptions, preferring to shift the burden on Senator Bamberger and his associates. Only four schools, the Lowell, Longfellow, Bryant and Twelfth, raised sufficient funds to meet their expenses, and a number which reported as having raised the full amount needed, were reported as short last night. The Fremont school was short, but Principal Nelson stated that the teachers had agreed to stand the loss among themselves as it was only a very small amount.

As the reports had been made, Supt. Keeler of the Webster school thanked Senator Bamberger in a very neat little speech for the interest he had displayed and for the great effort he had made in securing the necessary funds to keep the schools open the full

Saville, manager of the crockery department of Z. C. M. L., and several others. He leaves a host of relatives and friends to mourn his departure.

The funeral will be held from the twentieth ward assembly hall, Sunday, the 7th inst., at 12 noon. Friends are invited.

Was Wanting Away.

The following account of Robert R. Watts, of Salem, Mo., is instructive: "I have been troubled with kidney disease for the last eight years. I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now well and well-satisfied by Johnson-Treat Drug Co."
