THIRD DECREE FOR A DIVORCE.

Has Been Entered in District Court For Mrs. Crooks.

THIS ONE WILL BE FINAL

As the Attorney For the Plaintiff Filed His Findings-Now Officially On Record.

For the third time a decree of divorce has been entered in the district court in favor of plaintiff in the case of Mary A. Crooks against Elmer E. Crooks. This third decree which was rendered by Judge Morse yesterday afternoon will be final as the attorney for the plaintiff filed his findings and decree in the office of the clerk of the court and the same are now officially on rec-

On two former occasions orders were entered by former judges of the court granting Mrs. Crooks a divorce but the attorneys who appeared for Mrs. Crooks heretofore failed to have the decree signed by the court and filed in the clerk's office, hence the decrees were of no effect. The judges who heard the cases went out of office and the present judge had no authority to sign

Mrs. Crooks wrote to County Clerk Eldredge some time ago as to the sta-tus of the case and was informed that no decree had ever been filed. It was therefore necessary for her to have another hearing of the evidence which was held yesterday afternoon. The plaintiff and her witnesses reside in Scattle and their depositions were read in court and the decree granted. The attorney then filed the findling and de-cree with the clerk and the case has thus been finally concluded. The decree was made effective by Judge Morse as of date of June 30, 1899, upon which date the first decree was rendered in the case. The grounds for divorce were cruelty and desertion.

COURT NOTES.

Suit has been filed in the district court by Pierce, Critchlow & Barrette against Barton Snarr to recover \$150 alleged to be due for legal services rendered by plaintiffs for defendant in an action against the Highland Boy Min-

Judge Morse has rendered a decree of foreclosure of mortgage in favor of plaintiff in the case of Nina Wissing against Hans Christiansen and wife. The property foreclosed is lots 13 and 14, block 5, C. S. Desky's second addition to Salt Lake City, and the amount of the judgment is \$511.29.

Richard Morris appeared before Judge Armstrong in the criminal division of the district court today and withdrew his former piea of not guilty withdrew his former plea of not guilty to the charge of burglary in the first degree and pleaded guilty to the charge. He was sentenced by the court to two years in the state prison. He was charged with burglarizing the railway istation at Murray on the night of Sept. 10, 1905.

Van Dien Hendrickson filed suit in the district cout today against the Utah Light & Railway company to re-cover damages in the sum of \$890 for injuries alleged to have been received by plaintiff on April 20, 1906. It is alleged that plaintiff attempted to cross the tracks of defendant at Sixth South and State streets when a car, running at a high rate of speed, ran into his wagon and threw him out, causing painful injuries.

In the case of David C. Evans against the Utah Light & Railway company, which was tried in Judge Ritchie's court, the jury yesterday Evans was employed as a motorman and was injured in a collision between two cars at the corner of South Temple and Third West streets for which he sued to re-cover damages in the sum of \$10,000 After hearing the evidence in the case the jury found the issues in favor of the company.

JOINT DEBATE.

Thessalonian Society's and County Teachers' Teams to Meet.

A team representing the county school teachers, composed of Nephi Jensen and James Carlson, and a team from the Thessalonian society of the L. D. S. U., composed of Daniel W. Cummings and H. K. Ekle, will hold a joint debate on Monday evening, May at 8 o'clock, in Barratt hall. Subinterests of good government for every citizen to maintain national party al-legiance in municipal elections." The Thessalonian team will support the af-

On Thursday evening, April 12, a team from the Thessalonian society, of which Daniel W. Cummings was captain, defeated this same team from the county school teachers, and the set-to above announced is the return debate. It is pretty sure to be interesting, as the rivalry between the teams is keen. The public is invited. Admission free

TEACHERS' INSTITUTE.

Of Salt Lake County Held This Afternoon-Supt. Nelson Spoke.

The Salt Lake County Teachers' institute was held this afternoon in Judge Lewis' court room at the city and county building. The principal speaker was State Supt. of Schools A. C. Nelson, whose subject was "Reaction of the Teaching Profession." Some very creditable and enjoyable vocal selections were rendered by 23 eighth grade pupils from the East Jordan school. County Supt. of Schools Smith made the following announcements concern-ing the closing examinations, and the appointments of committees:

The eighth grade examination will be held May 17 and 18, 1908. Students will held May 17 and 18, 1906. Students will meet at Farmers, Draper and Bingham schoolhouses. The examination at Farmers will be in charge of C. E. Caufin; at Draper, Edwin S. Sheets, and at Bingham, A. R. Gardner. Teachers take charge of rooms as follows: Thursday, May 17, at Draper, J. R. Rawlins, John Hansen, C. I. Goff, at Farmers, C. Ray Bradford, B. W. Ashton, Preston D. Richards, Taylor Brockbank. Friday, May 18, at Draper, J. R. Rawlins, J. A. Rees, P. J. Sanders; at Farmers, C. Ray Bradford, H. E. Steffensen, Della Pendleton, B. W. Ashton.

Subjects will be given in this order Thursday morning, 9 to 11, arithmetic: 11 to 12, civil government; afternoon, 1 to 3, geography. Friday morning, 9 to 11, grammar, 11 to 12, spelling and the collecting of specimens writing and drawing; afternoon, 1 We have not said very much lately about

SWEET'S Old Fashioned Stick Candy.

It is so well known and so popular with the candy loving public that it needs but little recommendation. Thousands of users from Colorado to California speak of it in the highest

To Curb Oil Trust-Gov. John C. Cutler today received the following telegram from the New York World: "Wire us at our expense if you agree with President Roosevelt in his recom-mendations to curb the oil trust. What would you suggest along that line?"

Re-establishing G-Former members of G company, first regiment at Prove, are getting together again with a view to re-establishing the company. Whether the same letter will be assumed as before, is not yet settled. The new D company is at Mt. Pleasant.

Vocal Recital—Mrs. Martha Royle King will give a vocal recital on the evening of May 15, in Y. M. C. A. hall, for Miss Edyth Godbe, contraite, ith Mr. Flashmann to assist with his flute, and a quartet to sing consisting of Mrs. King, Miss Carol Evans, Miss Judith Evans and Miss Hallie Foster.

Harris the Director-The First Baptist choir direction has been again assumed by Col. C. O. Harris after his return from Rochester, N. Y., and the return from Rochester, N. I., and the choir will sing tomorrow morning, Gounod's anthem "Send Out Thy Light," and in the evening will sing Sudd's "How Beautiful are the Feet of Those Who Bring Glad Tidings."

Deal Finally Closed-A real estate Deal Finally Closed—A real estate deal made six months ago, was finally closed up this morning, in the disposal of 41 ½ x180 feet on Third South street, between West Temple and First West streets, for \$11,000 to the Salt Lake Security & Trust company from Thomas Quayle. The value of the property has advanced 20 per cent since the deal was made. the deal was made.

Kodaks Kept Busy-Mr. and Mrs. Fred Wey and Miss Louise Wey re-turned this morning, from San Francisco. They spent a day in viewing the ruined city, and kept their kodaks going at a lively rate. Mr. Wey brought back also a little personal safe that he had been keeping with one of the local banking establishments. The contents were uninjured. He are the contents were uninjured. tents were uninjured. He says the great industry in operation at present in San Francisco is digging out safes, for there is a great deal of destitution in the city. in the city.

No Slot Machines-City Atty. Hiles has rendered an opinion for Mayor Thompson in which he holds that the licensing of nickel-in-the-slot machines is illegal as the operation of such machines is contrary to both the city ordinances and the state statutes. committee of cigar dealers recently waited upon the mayor and requested to be allowed to use slot machines in their places of business. The mayor referred the matter to the city attorney. The latter has rendered his opinion against the machines and if the mayor follows the advice of the city attorney the machines will not be al-

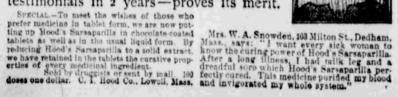

French Evening a Success-The "French Evening" was given with marked success last night, in Unity hall, with 300 High school students and their friends in attendance. The hall was decorated with the High school colors, and the French and school colors, and the French and American flags. The participants in the French plays which were given were Frances Critchlow, Douris Raybuild, Florence Culmer, Winnifred Dyer and Erma Bitner, in "La Cigale chez les Tourmis," and Monte Elliott, Clifton Lochart, Robert Ferguson,

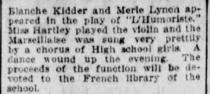

Spring Medicine

The best is Hood's Sarsaparilla. It is the best because it does the most good.

While it makes the blood pure, fresh and lively, it tones the stomach to better digestion, creates an appetite, stimulates the kidneys and liver, gives new brain, nerve and digestive strength.

An unlimited list of cures-40,366 testestimonials in 2 years-proves its merit.

FILL UP THE WATER DITCHES.

To the Editor:

For many years past the watermas-ter has kept the water ditches filled on the east bench during the time of pientiffal supply. by which means the fine trees that line the banks of the streams were kept alive when the water supply gave out. Under the new administration the ditches are dry, and millions of gallons that could be turned into lateral ditches are running to waste down North Temple street. We cannot afford to lose our beautiful trees, and would like them kept alive when the water is abundant. Will the "News" kindly draw attention to this deficiency, and use its influence to have our ditches cleaned out and the water turned into them, so as to give our trees a drink, and gladden our eyes with the sparkling streams.

FOUR ITIALIANS SHOT IN RIOT IN PASSAIC N. Y

Passaic, N. J., May 5.—In a battle between riotous Italian strikers and the police today four of the rioters shot and a number of the police One of the men shot men injured. Thirty-two men were made prisoners by the police.

PRESIDENT FAVORS THE ALLISON AMENDMENT.

Washington, May 5.—In view of the publications today regarding the pres-ident's position on the question of railroad rate legislation and the amendments propsed, an authoritative state-ment was issued at the White House today defining the president's position. The statement follows:

"The so-called Allison amendment, in the president's judgment, simply states affirmatively what was already contained in the Hepburn bill; but, if there is the slightest doubt as to its being thus aiready contained in the bill, the president would insist upon it being put in because unless it is thus con tained the bill undoubtedly would b

"Therefore, as incorporating the Allireference, as incorporating the Allson amendment under no circumstances would do anything but good, and, as there is an honest doubt on the part of some sincers adherents of the bill whether it is or is not already, by implication, contained in the bill, the president is clearly of the opinion that the ident is clearly of the opinion that the Allison amendment should be put in and this without regard to whether other amendments are or are not adopt-

'If the Hepburn bill therefore passes in this form, which is practically the exact form in which it passed the house it will be satisfactory to the president, who from the beginning has stated that the Hepburn bill itself would be satisfactory. But the president would like if, in addition to the Allison amend-ment, the so-called Long and Overman amendments were adopted. While the president regards these amendments with favor and would like to see ther adopted, he does not in the least regard them as vital, and feels that the Hep-burn bill would still be in excellent shape even without them."

MIDSHIPMEN WELCOME NEW PUNISHMENT.

Washington, May 5.—After consulta-tion between the officials of the navy department and Admiral Sands, super-intendent of the naval academy, the fate of 30 midshipmen has been settled. When the hazing investigation was at its height the special board appointed by Admiral Sands collected much evi-dence against many of the midship-men of which the latter never knew. Had the old law remained unchanged of the boys would have bee hauled before a court martial, and if convicted of hazing would have been convicted of hazing would have been dismissed from the academy. The board worked in secret and consequently none of the boys knew just how far he had been incriminated by the testimony being taken from their ranks. Meantime many of the youngsters lost ground in their studies because of secret apprehensions. cause of secret apprehension under which they suffered. Now, however, all doubt has been removed, the new law has been applied and the super-intendent has been allowed to fix the punishment to be meted out to each of the midshipmen found by the board to have been implicated in hazing. These punishments consist of the im-position of demerits, of reduction in classes, confinement to the limits of the reservation and other penalties of minor degree, all of which have been welcomed by the culprits as infinitely to be preferred to the harsh sentence of expulsion which heretofore has been the only punishment according to

TO BE NO STRIKE OF NO SCARCITY OF ANTHRACITE MINERS

is Settled Conclusion Reached on Advice of Mitchell And Wilson.

TO RAISE SUSPENSION ORDER.

Men go Back to Work on Terms of Award of Commission of

Scranton, Pa., May 5 .- There will be no strike of the miners in the anthracite coal fields providing the operators will agree to give every man his old place and reinstate those who have been dismissed because they obeyed the suspension order of John Mitchell. This was the agreement reached at today's session of the convention. President Mitchell requested that the delegates remain in Scranton until the scale committee reports the result of its meeting with the operators which will probably be held in New York on Monday, if the operators agree to meet the miners' representatives. The decision not to strike was reached after Mr. Mitchell and Secy.-Treas. Wilson had addressed the delegates, recommending that the 1903 award be continued. A resolution to this effect was ordered and unanimously adopted, after which the convention took a recess.

MITCHELL'S STATEMENT.

President Mitchell issued the following statement: For several months we have been endeavoring to negotiate a wage scale and adjustment of conditions of em-ployment with the representatives of the anthracite coal mining companies. During these negotiations we made a number of propositions, each of which materially modified our original de-mands. We did this not because we were convinced that our original propositions were unfair or wrong, but purely for the purpose of finding a common ground upon which we could reach an agreement that would secure and maintain peace in the anthracite coal industry. We still believe that our first proposition was reasonably fair and notwithstanding the modifications we have made since in the interest of peace, and now we are fact to face with the alternative of continuing at work under our former conditions, or declaring a strike. In this crisis your com-mittee recommends the following pol-

"First. That we agree to work on the basis of the award of the anthracite coal strike commission for such period of time as may be agreed upon mutually between the representatives of the anthracite coal mining companies, the anthracite coal mining companies, and our scale committee provided that all men who suspended work on April 1 or since that time or who have been dismissed because they stated they would refuse to work if a strike was declared, are reinstated in their former positions, and working places.

"Second. That the scale committee proceed at once to meet the represen-

proceed at once to meet the represen-tatives of the coal companies, with a view to securing an agreement upon "Third. That the convention remain in session until Tuesday and the scale

committee shall report to the conven-"Fourth. That the suspension of work shall continue until an agreement

has been made and its terms approved by the convention.
"This recommendation was suggested by the full scale committee and was adopted unanimously by the conven-tion. A telegram to Mr. Baer was sent. If a response is received the sub-com-mittee will proceed to New York to ar-

range the details of settlement and will report to the convention Tuesday morti-

IN THE CONVENTION. Scranton, Pa., May 5.—Eager for the recommendation of the scale committee to guide them in deciding whether there shall be peace or war in the hard coal fields, the delegates to the United Mine Workers' convention reassembled at 10 o'clock this morning in the county courthouse. The sub-scale committee, to which was referred the detail of formulating the proposal to be submitted to the convention, met again before this morning's session to put the final touches on their report. Of the two alternatives before the committee which would insure a peaceful solution of the question the acceptance of the anthractite award had a strong support. It was urged in behalf of this plan that it fields, the delegates to the United Mine was urged in behalf of this plan that it would defeat the evident intention of

would defeat the evident intention of the operators to force a strike and to arouse public sentiment against the United Mine Workers.

Those favoring the continuance of the 1903 scale refrain from asking the operators to arbitrate on the basis pro-posed by George L. Baer, and his con-ferees, on the ground that the plan is unfair and does not include all the conditions which the mine workers want adjusted.

ant adjusted. The conciliation board of the arbi-trating body for local grievances, is a part of the acceptance of the 1903 plan. The members of the scale committee who favor the returning to work under the old scale say they will be able to strengthen the union for a more decis-

lve struggle in the future.

Many of the delegates regard the acceptance of any of the operators' proposals as a defeat. They are of the radical element and were strong for a strike at any cost, when they arrived here on Thursday.

Since hearing the discussions in the convention they have not modified their opinions much, but are willing to enter-

tain the suggestions of John Mitchell and his advisors. It is difficult for them to understand why the union will not lose presback to work without gaining any conessions after keeping them idle for

In addressing the delegates after the convention met President Mitchell said he was opposed to a limited form of arbitration; that such a form of arbitration might jeopardize what the men already have; that it might take from the income of the higher paid men and add it to that of the men receiving less "I am unalterably opposed to any

scheme that will tend to reduce the wages of any class of employes," he said. "It is not right to take a cent from any of them." Seey. Wilson followed Mr. Mitchell

and the tone of his remarks was favor-able to peace. Mr. Wilson said if the men believed themselves in a position to strike he would advise them to strike and to remain away from the mines until they had gained what they were striking for. He was fearful, however, that should a strike be inaugurated the miners would find the companies in a position to stand out indefinitely and eventually wreck the

BIG FIRE IN DENVER.

Denver, May 5 .-- A general merchandise storage warehouse on Wewatta street in this city belonging to the Denver Transit & Warehouse company was destroyed by fire today. The loss is estimated at \$150,000 and is divided among a number of firms.

STRUCTURAL STEEL

Will be Furnished San Francisco Faster Than it Can be Riveted Together.

MONEY WILL NOT BE WANTING

Analysis of City Water Gives Some Indications of Sewer Pollution.

San Francisco, May 5 .- That every facility will be afforded the builders of new San Francisco by the manufacturing interests of the east is apparent by the promise of representatives of steel companies. Officials of the Santa Fe, Pacific Mail and American-Hawaiian Steamship companies have stated that no scarcity of structural steel will delay the rebuilding of the city. Struc-tural steel is to be furnished San Francisco for the next three years as fast as it is needed, faster than it can be riveted together in the frames of buildings that are already being planned. More than that, the prom-

planned. More than that, the promise is given that credits on past business will be extended and payments on new orders may be deferred to the longest limit to which individual builders can legitimately be entitled.

Money will not be wanting to back up the building operations now about to be energetically taken up and the insurance money, exceeding \$150,000,000 soon to be released in the community, will go for a long way in helping the good work along. A large amount of money is already being forwarded here by the insurance companies of the United States and Europe to meet the immense losses they will have to pay. immense losses they will have to pay.
Many of the companies have, it is said, decided to reimburse their clients with spot cash at their offices or with drafts as good as coin here and thus avoid delay that would ensue exchange were issued on eastern or exchange were issued on eastern or foreign money centers. In every sec-tion of the city the relief work is now going on without a hitch and nowhere, so far as could be learned, was there any real distress,
Some anxiety is still felt over purity

of the water supply. City Chemist Gibbs said yesterday that samples of water taken from the taps at various points about the city were found to be so full of bacteria that sewer poluton was indicated. A laboratory was lished at the state university for the analysis of the supply.

In connection with the recent boycott movement on China, it is interesting to note that the China, sailing for

from here to the orient for months.

the orient today is taking a shipment of 1,000 tons of flour. This is the first flour shipment of any note to be sent
