LYONS KATHARON.

Lyons' Katharon is an invigorating tonic vegetable preparation, positively free from any mineral or deleterious substances. It is the most delightful of all hair dressing—cooling the head, allaying irritation, curing headache and throbbing temples, making the hair strong, fragrant, glossy and obedient to control, so clearly to use that it will not soil the finest fabric, causing the hair to grow luxuriantly and beautifully, removing dandruff and itching. No man or woman can become bald who will use the Lyons' Katharon properly. d124

THERMOMETER 60 degrees F. in the shade at 1 p.m. today. Overcast.

Tabernacle Meetings.—Services will be held in the New Tabernacle on Sunday afternoon, and every Sunday until further notice. Services commence at 2 o'clock.

Provo River.—Provo River is very high just now.

Personal.—We had a call today from Col. Filkins, agent of the California or Emerson Minstrels.

President Young and Party.—President B. Young and party left Fillmore this morning, intending to stop at Cove to-night.

Scandinavian Services.—We are requested by Elder A. W. Winberg to announce that the Scandinavian meeting of next Sunday will be held in the Old Tabernacle, commencing at half-past four p.m.

Dangerous.—Recently a young man, while digging in his lot, found a number of sticks of Hercules powder, buried in the ground, where they had remained ever since the explosion. It is probable that quantities of the dangerous substance are yet strewn round. Parties finding it should be cautious about handling it.

Dansk.—Indit lste Juli har endnu indsendt navn for den danske Krigsmadde, Fulde Navnd Afdeling, underafdeling, kompagnit nummer, krigs aar og Nationalitet saa angives nøjagtigt; samt medfølg 50 cents i Inskrivningspenge, uden Aflytte. Navnet ikke vil blive optaget paa Listen. Skriv til O. F. Due, 17th Ward, Salt Lake City.

High Waters.—Springville Creek has been roaring and foaming along lately, threatening to overflow. At the point where it passes through the town the citizens had taken the precaution to bank up with logs, rocks and other materials, but as one place, in the north-east part of the town, the water broke through and swept around, leaving a portion of the extensive embankment high and dry, and cut through a portion of a city lot. The bottom lands below, in the vicinity of the railroad track, were flooded to a considerable extent.

Insane Asylum.—We are informed, by Dr. Young, that a number of youthful rowdies have been lately in the habit of visiting the Insane Asylum on Sundays, and at other times, and making themselves exceedingly obnoxious, by interfering in various ways, with the patients, and he wishes to warn these parties that if they do not desist they will be arrested and punished.

Dr. Young has leased the Asylum for one year and is prepared to negotiate for the reception and treatment of patients.

Teach Boys the Use of Tools.—The following excellent suggestion we take from an exchange:

"It is to be regretted that there are not schools to teach boys the initial principles of working hands, since the knowledge is essential to the proper understanding of how to use them. Simplicity in the form of an implement by no means implies facility in its use; indeed, it may be said that the more simple the tool the greater is the skill required to use it properly and with maximum effect. Not every expert workman has a pocket knife, axe, or saw; and, with the use of every tool, there is involved the demonstration of a definite principle."

Another Peace Disturbance.—Last evening a soldier engaged in the amusement of calling upon everybody he met on the street to "halt," and then commenced pelting them with rocks. He went after a man in this way on Commercial Street, at whom he hurled a large boulder, cutting him upon the cheek and inflicting a painful bruise on the shoulder. The injured man took refuge in a tailor shop, when the belligerent, drunken soldier smashed in pieces the glass door of the establishment, with missiles which he hurled into the store after his retreating victim.

The soldier was arrested and locked up for the night. It is high time that this conduct, which is getting, as Mark Twain has it, rather "monotonous," was stopped.

The Emerson Minstrels.—This troupe will give their first performance at the Theatre next Tuesday night. The company are on their way to San Francisco, at which place they purpose remaining for the summer; the company therefore is not fractional, but thorough, is complete, including orchestra, as when performing in the Opera House in Chicago.

The following governing troupe, appeared in the St. Louis Times:

"The Company, which is well known here in the persons of its members, is an exceptionally able one, and the performance is decidedly interesting and amusing. It is a fine piece of comedy. The performance concludes with a stupendous, sensational, unimagined and low-down, and a grand finale, entitled 'The Centennial,' the production of which is sure to cause a great gathering of spectators."

## Water Lowing.—

Owing to the coolness of the atmosphere, the volume of water from the Mountains continues low enough to be under control, south of the city.

Ocho Valley.—From Mr. J. H. Martineau, just in from Cache, we learn that the streams of that Valley are as high now as they usually are in July in other seasons. The Bear is over its banks, and the snow in the mountains has hardly commenced to melt.

Returned Missionaries.—Elder E. W. East called in our office this afternoon. He returned on Tuesday evening, with his wife, from his mission to Texas, being accompanied on his return by Elder D. H. Greer, from Wallburg, Provo Valley, who has also been on a mission in that State. Bro. East is in pretty good health, and had good health most of the time while away. He reports that he was well received generally and that he baptized several persons while on his mission.

Important Compromise.—Yesterday a compromise was effected between the Richmond and Teresa Mining Companies, between whom there had been protracted and important suit pending in the Third District Court, involving the ownership of the Richmond mine. All of the parties on each side consented to a compromise, consolidating the two mines and companies, the property to be operated by a board chosen equally by each side, excepting Mr. J. M. Richardson, who owned a three-tenths interest in conjunction with Walker Bros. and others. In consequence of this there will be a continuation of litigation between Messrs. Taylor & Cutler, Smith and others, and Mr. Richardson, for the ownership of the aforesaid three-tenths, and in the event of the plaintiffs gaining the suit it will accrue to them.

Theatre.—This evening Messrs. Baker and Farrow appear in their songs, dances, and dialogue and character sketches in their four-act play of 'New York Life,' 'Hedrahe and Hettie,' supported by Miss Walters, Messrs. Graham and Lindsay, and the company. During the play Messrs. Baker and Farrow will introduce selections from the following:

Tim Flaherty, The Flower Girl, Raw Recruits, Doo, Doo, Doo, Little Fraud, 1 2 3 Bounce, Sweet Christmas, Little Shamrock, High Heeled Feet, German Cupid, Hedrahe's Courtship, A Wally Street, Outfit for Bear Garden, Desert One of All, Just Because I'm Laid.

These will be executed in Messrs. Baker & Farrow's peculiar style.
