

THE SLAUGHTER IN CASA BLANCA

Result of Holy War Preached by
Arabs for the Extermination
of Europeans.

FRANCE SENDS ULTIMATUM.

The Pasha's Head Will Answer to Her
Government for General Security
of the City.

Tangier, Aug. 1.—Dr. Merle, who arrived here last night upon the German ship which brought a number of Jews and other refugees from Casa Blanca, is the bearer of a report to the French charge d'affaires here, showing that the slaughter of Europeans in Casa Blanca was an outcome of a holy war preached by the Arabs for the extermination of Europeans.

On Monday a number of Arab chiefs entered Casa Blanca and demanded that the harbor improvements work cease. The pasha of Casa Blanca pointed out that this work was being done with the sanction of the sultan, whereupon the chiefs replied that the sultan was no longer their ruler as he obeyed the Christians. They then began to incite the natives to exterminate all Jews and Europeans from the town.

On Tuesday morning the natives began their attack by stoning a European, and when the man tried to flee he was surrounded and hacked to pieces. This was the signal for another attack and soon as the danger became known the French and Spanish residents rushed to their respective consulates for protection. During this flight at least eight were murdered.

M. D'Evuille, the French consul, demanded that the pasha provide an escort for the recovery of bodies. The pasha pleaded at first that he had no cartridges, but upon further representation he finally supplied an escort. When this rescue party, however, reached the scene of the attacks it was charged by a number of Arab cavalrymen and forced into flight.

In the meantime, while the Jews and Europeans were taking refuge on board the German ship, the Musselmans began to attack the laborers employed in the harbor. They fired upon the shoreboats and killed several men, whose bodies later were burned. One workman who tried to swim off to a ship was shot in the water.

There was one German and one French steamer in the harbor at Casa Blanca when the German steamer pulled out.

It is expected that Casa Blanca will be invaded by 20,000 Arabs today.

The French cruiser Galilee, which left here last night for Casa Blanca, should arrive there today.

FRANCE SENDS ULTIMATUM.

Paris, Aug. 1.—The pasha of Casa Blanca will answer with his head to the French government for the general security of the city. This is the ultimatum which the French cruiser Galilee, due to reach Casa Blanca this morning, is conveying.

The French cruiser Forbin, now at the Azores, also has been ordered to proceed to Casa Blanca immediately. Action by the French government will not, for the moment, go any further than this. The Galilee has been ordered to take on board all Europeans desiring refuge.

The French newspapers generally advise that the government administration a lesson to the sultan. They de-

clare that the governing board is directly responsible for the occurrences at Casa Blanca, as it persisted in maintaining the present status quo in spite of the protests of the diplomatic corps at Tangier.

The Belair says it considers that France has been caught in a trap, and that the occupation of Oudja by France has only served to fan the Mussulman fanaticism without diminishing the power of the government.

Advices received by the foreign office here confirm the reports that five Frenchmen, two Spaniards and one Italian were killed and their bodies thrown into the sea.

KOREAN COUNTERFEITERS.

Arrested in Honolulu for Making
Bogus \$10 Gold Pieces.

Honolulu, July 23, via San Francisco, Aug. 1.—United States Marshal Hendry has arrested several Koreans charged with counterfeiting \$10 gold pieces. The bogus coins are of very good quality so far as appearance goes, but lack weight and ring. The apparatus for minting the bogus coins is quite effective and elaborate and is said to have cost \$1,000. It has not yet been located. The principal in the gang is said to have served imprisonment in Korea for counterfeiting there.

POLICE AIDED STOWAWAYS.

Honolulu, July 23, via San Francisco, Aug. 1.—The immigration officers now have conclusive proof that the Puna police authorities actively aided stowaways to get aboard the British steamship Kumeru when that vessel was in the port of Puna taking on immigrants for Hawaii. In all 74 stowaways were aboard the vessel, several of them having been brought from the jail by the police. A policeman in uniform stowed away. When found he had his official sword with him. This was taken away from him by the ship's officers. When he left the ship here he demanded the return of the sword. All of the stowaways who could qualify as immigrants were permitted to land here by orders from Washington.

JAP SOLDIERS KILL KOREANS IN DISARMING THEM.

Washington, Aug. 1.—A dispatch received at the state department from Consul Gen. Thomas Sammons at Seoul, Korea, says that 40 Koreans were killed or wounded today in an encounter between the Japanese and a punitive expedition landed from the British cruiser Cambrian, to avenge the murder of a European trader the blacks killed one blue jacket of the landing party and one was wounded. News was received from the Caroline group of the fondering of the trading schooner Charles and Ellen in a hurricane. Capt. Warner and eight of his crew being drowned.

COL. WALKER GOES TO BOSTON.

Portland, Ore., Aug. 1.—Col. L. H. Walker, artillery district commander for the department of Columbia during the past two years, leaves his headquarters at Fort Stevens this week for Boston, where he has been assigned to duty of important coast fortifications. He is succeeded in command of this district by Lieut. Col. John V. White.

WHOLE CREW DRUNK.

Captain of the Lydia Thompson Had
To Bring Steamer Into Port.

Seattle, Wash., July 31.—A special to the Post Intelligencer to the Port Townsend tonight states that the passenger steamer Lydia Thompson arrived there today with Capt. Nordquist at the throttle and the engineer and crew drunk and asleep. The discovery that the engineer was incapable of handling the vessel was made after the steamer had gotten well away from port and only prompt fire drill prevented the white-hot boilers and fire box from getting the steamer ablaze. Captain Nordquist noticed something wrong when he found no attention paid to his signals to the engine room. He went below and found the engineer and his assistant stumbling about blindly, the machinery in charge of an inexperienced fireman and the oil burning apparatus and boilers white hot. The

seams in the deck had opened and were smoking.

The engineer assaulted the captain when he attempted to relieve him at his post.

The Puget Sound Navigation company, operating the Thompson, promptly discharged the engineers and crew. Charges will be at once preferred against them to the United States marine inspectors. Officers of the revenue cutter Rush had to eject the engineer from the vessel at Port Townsend. The machinery of the vessel is badly wrecked.

THE LIQUOR TRAFFIC.

Chairman Jones Says Every State Will
Soon be Free of It.

Chicago, Aug. 1.—"Every state in the Union will, at a comparatively early date, be free from the legalized liquor traffic."

The above statement was made last night by Charles R. Jones, chairman of the national prohibition committee. Mr. Jones bases his optimistic pronouncement on the action of Georgia in enrolling itself among the "dry states" on Tuesday.

"Winning of the battle for prohibition in Georgia is the opening gun of the final assault on the liquor traffic in all America," said Mr. Jones. "It is the direct result of the persistent and intelligent educational campaign throughout the nation."

The first effect of Georgia's legislative action, Mr. Jones thinks, will be felt in other southern states. The prohibition leader is sure that the Democrats and Republicans will be fighting over the liquor question as their main issue at an early date, giving a back seat to tariff and other matters.

FIGHTING IN NEW HEBRIDES.

British Cruiser Cambrian Lands a
Punitive Expedition.

Victoria, B. C., July 31.—The steamer Manuka, which reached port this morning from Australia brought news of fighting in the New Hebrides. In an encounter between the Hebrides blacks and a punitive expedition landed from the British cruiser Cambrian, to avenge the murder of a European trader the blacks killed one blue jacket of the landing party and one was wounded.

News was received from the Caroline group of the fondering of the trading schooner Charles and Ellen in a hurricane. Capt. Warner and eight of his crew being drowned.

The steamer Manuka brought news of the most unique of strikes prevailing at Newcastle, a strike of sailing ships. Stringent port regulations have been enacted providing penalties amounting to 187 pounds daily if vessels were left at the coal wharf while no other berths were procurable. The shipmasters have struck and were refusing to load. It was probable that the objectionable clauses enacted for sailing vessels were lying in wait at Newcastle where the Manuka sailed.

CHINESE SLAVE GIRLS.

Captured in Raid Organized by U. S.
Secret Service Agent.

San Francisco, Aug. 1.—In a raid organized and conducted by United States Secret Service Agent Richard H. Taylor, 15 Chinese slave girls were captured yesterday and taken to the Alameda county jail. They will be brought before United States Commissioner Hancock and given an opportunity to show cause why they should not be deported.

Eight of the women claimed to be natives of the United States and seven said that they were married and were permitted to land as wives of Chinese domiciled in this country. All were admitted at this port. Six of them do not appear to be more than 16 years of age.

GOV. HANLEY ON TODAY'S PROBLEMS

Says They Can be Settled by
States Without Intervention
Of Federal Government.

SPEAKS FOR CONSERVATISM.

Country Cannot Afford to Follow Impulsive
Leadership, However High
Character or Pure Purpose.

Elkhart, Ind., Aug. 1.—Upholding the rights of the individual states against encroachment of these rights by federal legislation, Gov. Hanley, in a speech delivered here to the Chautauque assembly yesterday, took occasion to speak for conservatism in dealing with the problems of the country.

He thought most of them were problems that the state could solve without the intervention and help of the national government and he deprecated the reaching out of the federal arm into purely state matters.

After referring to problems resulting from trade combinations and the accumulation of large fortunes, Gov. Hanley said:

"In matters of such moment we cannot afford to thoughtlessly follow impulsive leadership, however high its character or pure its purpose."

"President Roosevelt has earned the confidence and the gratitude of his countrymen by courageous work and signal service, and I do not speak in unkindly criticism, for I believe in the purity of his purpose and in his greatness. But he is not infallible, however strong of soul and pure of heart he may be. Proposals, even from him, which are calculated to affect the interests of the federal government, to the several states should be thought upon, studied and analyzed before we adopt them. The tendencies of the times toward centralization of power in the federal government. Public necessity as he has viewed and understood the public need has fitted well with the president's peculiar temperament. And it will be surprising if these don't at times lead him into error."

A POOR ITALIAN GIRL

Persecuted by Her Sister's Slayer, She
Attempts to Commit Suicide.

Los Angeles, Aug. 1.—Importuned and persecuted because she would not agree to marry the slayer of her younger sister, Josephine San Marco, an Italian girl, 18 years of age, today attempted to commit suicide and was baffled only through the action of a drug clerk, who suspecting her purpose, substituted ipecac for carbolic acid. The girl's action was based on methods that are commonly ascribed to the Black Hand in eastern cities and the police are investigating a statement that the girl and her family had been threatened with death by members of the local Italian colony.

Three weeks ago Marie San Marco, aged 6, was shot and killed by San La-Turko, a suitor of her sister, who is alleged to have visited the house with the intention of wiping out Miss San Marco's family, whom he believed were opposing his suit. The child was shot accidentally. LaTurko was arrested and is now in jail awaiting trial. Since his arrest it is alleged Miss San Marco and members of her family have been implored, cajoled and threatened by friends and strangers who desire

that the girl shall marry LaTurko and improve the latter's chances of gaining his liberty. The attempt at suicide came yesterday, when the girl said to have been frightened and sickened into a belief that further resistance was useless.

TO DISPLACE ARMOUR CARS.

Los Angeles, Aug. 1.—The Southern Pacific and Santa Fe railroads are preparing to place in operation over their lines on Oct. 1 new refrigerator cars to displace the old Armour cars, which have done service in California for 10 years. Armour's cars will be eliminated from the field and the Pacific fruit express, said to be a subsidiary company of the railroads, will be the sole carrier for the next citrus crop. The Southern Pacific will have immediately 6,000 of these modern cars and the Santa Fe has ordered 600. This city will be the headquarters for the northern and the central headquarters will be Chicago.

Number Being Interviewed.

Swarms of Humanity Visit the
Offices of the Boy Phenomenal.
Will Remain Here and
Treat All for Just the Cost of
Medicine Required Until August
17th. Sales of Fer-Don's
Remedies Are Now Enormous.
Many Salt Lake People Cured
by the Healing Power of This
Boy Phenomenal.

In view of the many people who have been cured by the Boy Phenomenal here in Salt Lake and vicinity, and the intense interest which the Great Fer-Don and the Boy Phenomenal have stirred up since their arrival here in Salt Lake, a newspaper representative spent yesterday afternoon at the Boy Phenomenal's office, at 223 Main street, watching the swarm of humanity come and go. During the afternoon many of the callers were interviewed and many statements were given from those who desired to give them, stating their experience under treatment with this wonderful Boy Phenomenal.

Mr. J. King, living at 668 North Seventh West street, stated that he had been a sufferer with stomach trouble for several years, and was so bad the last few months he couldn't eat anything at all. He couldn't digest his food and had severe pains in his stomach most all the time. He did not sleep well and had headaches. He had tried many remedies without any benefit. Until he went and saw the Boy Phenomenal and after taking treatment and medicine one week his stomach trouble was all gone and not a trace of it is left.

Cancer of Breast.

Mrs. Nora Brown, living at 907 West Seventh South street, stated she had been suffering with a large cancer of the breast for a long time, which pained her terribly and was eating her life away day by day, until she called upon the Boy Phenomenal, who removed the cancer by his bloodless surgery method, using no knife, causing no blood or pain. This makes 40 cancers the Boy Phenomenal has removed this last month. Fer-Don said that not a day passes but what some of the many grateful patients come up to thank the Boy Phenomenal and stated that one day over one thousand people called to see this wonderful boy doctor.
