HOUSES ARE CLOSED UP Denizens of Tenderloin Badly Scared By Actions of County Authorities Preparing for Exodus.

Owing to the crowded condition of the county jail, some of the women of the town arrested by Sheriff Emery's deputies Tuesday night were taken to the Murray jail, where arrangements

had been made for them. Last evening and yesterday afternoon deputies visited the tenderloin district and warned the women that the sheriff and warned the women that the sherm proposed to keep up the good work started and rid the town of the law-less element. As a result of the kind complained of, and the parasites who hang about houses of ill fame were conspicuous by their absence. That this class is seared, and badly seared, there is no doubt whatever, and many of them are making preparations to shake the dust, or mud, of Salt Lake from their feet. The officers who went around last night went in pairs for self protection, as threats have been made by men who live from the eaznings of the women to get even with the deputies. These fellows see in the movement started, a fine chance to loose their meal tickets and they are not at all delighted with the prospect. proposed to keep up the good work

Last winter I tried many advertised remedies, but the cough continued until I bought a 50c. bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." colut of these chain letters. Milkmen on Anxious Seat—The city food inspector keeps up his end-less round of Joy in Keeping the city milkmen on the anxious seat without regard to the weather. He harvest-ed another batch of milk samples yesterday for the city chemist to con-sider, stopping milk wagons here, there and everywhere he chanced to run into one, and taking samples of their wares. The result is pure milk for Sait Lake citizens. The city chemist says that all of the canned goods now coming into this city are "straight stuff"—no more adultera-tions. tions

tions. Line Out of Commission—The West Temple car line on which a single car operates a half-hourly service, went out of commission in last night's storm, through a spreading of the rails between Ninth and Tenth South. The district was flooded at the time, and it was late this morning before service could be resumed. The line has been dubbed the "washboard ine" by its patrons, on account of the dilapicary condition of the road-bed. Orders a tabuild it with heavier steel and carried the line to Tweithh South have been on the tapis since the program of improvements and extensions was announced a year ago. Extensive repairs to the roadbed have been ordered for this fail.
